Lion Of Liberty The Life And Times Patrick Henry Harlow Giles Unger

Lion of Liberty Harlow Giles Unger, 2010-10-26 In this action packed history award winning author Harlow Giles Unger unfolds the epic story of Patrick Henry who roused Americans to fight government tyranny both British and American Remembered largely for his cry for liberty or death Henry was actually the first and most colorful of America's Founding Fathers first to call Americans to arms against Britain first to demand a bill of rights and first to fight the growth of big government after the Revolution As quick with a rifle as he was with his tongue Henry was America's greatest orator and courtroom lawyer who mixed histrionics and hilarity to provoke tears or laughter from judges and jurors alike Henry's passion for liberty as well as his very large family suggested to many Americans that he not Washington was the real father of his country This biography is history at its best telling a story both human and philosophical As Unger points out Henry's words continue to echo across America and inspire millions to fight government intrusion in their daily lives **Summary of Harlow Giles Unger's Lion of Liberty** Everest Media, 2022-05-25T22:59:00Z Please note This is a companion version not the original book Sample Book Insights 1 The first courtroom appearance of Patrick Henry Jr was in the Parsons Cause a case that had religious and political implications for both Virginia and England If Henry lost the case many would lose their homes and lands 2 Patrick Henry was a lawyer and he was assigned to represent the plaintiff in the trial He had three previous careers that had all ended in failure He was intelligent hard working cheerful personable learned and extremely talented in many ways But he came from a well educated and successful Scottish and Welsh stock 3 Sarah traced her lineage to two of Virginia's oldest and most accomplished families the Winstons and the Dabneys John Henry was a member of Hanover County's ruling circle and he became one of the most powerful figures in the county by maneuvering relatives into six of the twelve county judgeships 4 Patrick Henry's childhood home was a rectangular box covered with whitewashed clapboards It was the center of family life and he grew up an indolent dreamy frolicsome creature He had a mild benevolent humane personality **America's Second Revolution** Harlow Giles Unger, 2007-10-05 Every American Interested in understanding the American character and the American past should read this book There are vivid history lessons on almost every page The constitution becomes not merely a brilliant blueprint for governance It is and was also the only alternative to chaos Thomas Fleming author of The Perils of Peace Acclaim for The Unexpected George Washington It's hard to imagine George Washington as playful tender or funny But Harlow Unger searches to find these seldom seen aspects of the private man and the result is a far more complete and believable founding father James C Rees Executive Director Historic Mount Vernon An intimate view of the American hero who managed to follow his ambitions to great power without being disdained for them Publishers Weekly **"MR. PRESIDENT"** Harlow Giles Unger, 2013-10-29 Although the framers gave the president little authority George Washington knew whatever he did would set precedents for generations of future leaders To ensure their

ability to defend the nation he simply ignored the Constitution when he thought it necessary In a revealing new look at the birth of American government Mr President describes Washington s presidency in a time of continual crisis as rebellion and attacks by foreign enemies threatened to destroy this new nation Constantly weighing preservation of the Union against preservation of individual liberties and states rights Washington assumed more power with each crisis In a series of brilliant but unconstitutional maneuvers he forced Congress to cede control of the four pillars of executive power war finance foreign affairs and law enforcement Drawing on rare documents and letters Unger shows how Washington combined political cunning and sheer genius to seize ever widening powers impose law and order while ensuring individual freedom and shape the office of President of the United States *Patrick Henry* Thomas S Kidd,2011-11-22 Most Americans know Patrick Henry as a fiery speaker whose pronouncement Give me liberty or give me death rallied American defiance to the British Crown But Henry s skills as an orator sharpened in the small towns and courtrooms of colonial Virginia are only one part of his vast but largely forgotten legacy As historian Thomas S Kidd shows Henry cherished a vision of America as a virtuous republic with a clearly circumscribed central government These ideals brought him into bitter conflict with other Founders and were crystallized in his vociferous opposition to the U S Constitution In Patrick Henry Kidd pulls back the curtain on one of our most radical passionate Founders showing that until we understand Henry himself we will neglect many of the Revolution s animating values **Lafayette** Harlow Giles Unger,2007-08-03 Acclaim for Lafayette I found Mr Unger s book exceptionally well done It s an admirable account of the marquis s two revolutions one might even say his two lives the French and the American It also captures the private Lafayette and his remarkable wife Adrienne in often moving detail Thomas Fleming author *Liberty The American Revolution* Harlow Unger s Lafayette is a remarkable and dramatic account of a life as fully lived as it is possible to imagine that of Gilbert de Motier marquis de Lafayette To American readers Unger s biography will provide a stark reminder of just how near run a thing was our War of Independence and the degree to which our forefathers victory hinged on the help of our French allies marshalled for George Washington by his adopted son Lafayette But even more absorbing and much less well known to the general reader will be Unger s account of Lafayette s idealistic but naive efforts to plant the fruits of the American democracy he so admired in the unreceptive soil of his homeland His inspired oratory produced not the constitutional democracy he sought but the bloody Jacobin excesses of the French Revolution Larry Collins coauthor *Is Paris Burning* and *O Jerusalem* A lively and entertaining portrait of one of the most important supporting actors in the two revolutions that transformed the modern world Susan Dunn author *Sister Revolutions* French Lightning American Light Harlow Unger has cornered the market on muses to emerge as America s most readable historian His new biography of the marquis de Lafayette combines a thoroughgoing account of the age of revolution a probing psychological study of a complex man and a literary style that goes down like cream A worthy successor to his splendid biography of Noah Webster Florence King Contributing Editor *National Review* Enlightening The picture of

Lafayette's life is a window to eighteenth and nineteenth century history Michel Aubert La Fayette **Thomas Paine and the Clarion Call for American Independence** Harlow Giles Unger, 2019-09-10 From New York Times bestselling author and Founding Fathers biographer Harlow Giles Unger comes the astonishing biography of the man whose pen set America ablaze inspiring its revolution and whose ideas about reason and religion continue to try men's souls Thomas Paine's words were like no others in history they leaped off the page inspiring readers to change their lives their governments their kings and even their gods In an age when spoken and written words were the only forms of communication Paine's aroused men to action like no one else The most widely read political writer of his generation he proved to be more than a century ahead of his time conceiving and demanding unheard of social reforms that are now integral elements of modern republican societies Among them were government subsidies for the poor universal housing and education pre and post natal care for women and universal social security An Englishman who emigrated to the American colonies he formed close friendships with Benjamin Franklin Thomas Jefferson and James Madison and his ideas helped shape the Declaration of Independence and the Bill of Rights However the world turned against Paine in his later years While his earlier works *Common Sense* and *Rights of Man* attacked the political and social status quo here on earth The Age of Reason attacked the status quo of the hereafter Former friends shunned him and the man America had hailed as the muse of the American Revolution died alone and forgotten Packed with action and intrigue soldiers and spies politics and perfidy Unger's *Thomas Paine* is a much needed new look at a defining figure John Marshall Harlow Giles Unger, 2014-09-30 A hero in America's war against British tyranny John Marshall with his heroics as Chief Justice turned the Supreme Court into a bulwark against presidential and congressional tyranny and saved American democracy In this startling biography award winning author Harlow Giles Unger reveals how Virginia born John Marshall emerged from the Revolutionary War's bloodiest battlefields to become one of the nation's most important Founding Fathers America's greatest Chief Justice Marshall served his country as an officer Congressman diplomat and Secretary of State before President John Adams named him the nation's fourth Chief Justice the longest serving in American history Marshall transformed the Supreme Court from an irrelevant appeals court into a powerful branch of government and provoked the ire of thousands of Americans who like millions today accused him and the court of issuing decisions that were tantamount to new laws and Constitutional amendments And the Court's critics were right Marshall admitted as much With nine decisions that shocked the nation John Marshall and his court assumed powers to strike down laws it deemed unconstitutional In doing so Marshall's court acted without Constitutional authority but its decisions saved American liberty by protecting individual rights and the rights of private business against tyranny by federal state and local government **Patrick Henry** Jason Glaser, 2006 A biography telling the life story of Patrick Henry who is known as the Voice of the American Revolution Written in graphic novel format *The Last Founding Father* Harlow Giles Unger, 2009-09-29 From the New York Times bestselling author the larger than life story of America's fifth president who

transformed a small fragile nation into a powerful empire In this compelling biography award winning author Harlow Giles Unger reveals the epic story of James Monroe 1758 1831 the last of America s Founding Fathers who transformed a small fragile nation beset by enemies into a powerful empire stretching from sea to shining sea Like David McCullough s John Adams and Jon Meacham s American Lion The Last Founding Father is both a superb read and stellar scholarship action filled history in the grand tradition John Quincy Adams Harlow G. Unger,2012-09-04 From a leading Founding Fathers historian a masterful biography of a towering figure in the American nation s formative years **Improbable Patriot** Harlow G. Unger,2011 The outrageous true story of the French plot to supply arms and ammunition to Washington s Continental Army and the bold French spy inventor playwright and rogue behind it all **American Tempest** Harlow Giles Unger,2011-03-08 On Thursday December 16 1773 an estimated seven dozen men many dressed as Indians dumped roughly 10 000 worth of tea in Boston Harbor Whatever their motives at the time they unleashed a social political and economic firestorm that would culminate in the Declaration of Independence two and a half years later The Boston Tea Party provoked a reign of terror in Boston and other American cities as tea parties erupted up and down the colonies The turmoil stripped tens of thousands of their homes and property and nearly 100 000 left forever in what was history s largest exodus of Americans from America Nonetheless John Adams called the Boston Tea Party nothing short of magnificent saying that it must have important consequences Combining stellar scholarship with action packed history Harlow Giles Unger reveals the truth behind the legendary event and examines its lasting consequence the spawning of a new independent nation

Patrick Henry Jon Kukla,2017-07-04 An authoritative biography of founding father Patrick Henry that restores him to his important place in our history and explains the formative influence on his thought and character of Virginia where he lived all his life Provided by publisher **Our Lives, Our Fortunes and Our Sacred Honor** Richard R. Beeman,2013-05-07 Describes the political diplomatic and military challenges faced by the delegates from the 13 colonies at the Continental Congress and how they came together to agree to free themselves from British rule and forge independence for America **Henry Clay** Harlow Giles Unger,2015-09-29 In a critical and little known chapter of early American history author Harlow Giles Unger tells how a fearless young Kentucky lawyer threw open the doors of Congress during the nation s formative years and prevented dissolution of the infant American republic The only freshman congressman ever elected Speaker of the House Henry Clay brought an arsenal of rhetorical weapons to subdue feuding members of the House of Representatives and established the Speaker as the most powerful elected official after the President During fifty years in public service as congressman senator secretary of state and four time presidential candidate Clay constantly battled to save the Union summoning uncanny negotiating skills to force bitter foes from North and South to compromise on slavery and forego secession His famous Missouri Compromise and four other compromises thwarted civil war by a power and influence Lincoln said which belonged to no other statesman of his age and times Explosive revealing and richly illustrated Henry Clay

is the story of one of the most courageous and powerful political leaders in American History **First Founding Father** Harlow Giles Unger, 2017-11-07 Before Washington before Jefferson before Franklin or John Adams there was Lee Richard Henry Lee the First Founding Father Richard Henry Lee was first to call for independence first to call for union and first to call for a bill of rights to protect Americans against government tyranny A towering figure in America s Revolutionary War Lee was as much the father of our country as George Washington for it was Lee who secured the political and diplomatic victories that ensured Washington s military victories Lee was critical in holding Congress together at a time when many members sought to surrender or flee the approach of British troops Risking death on the gallows for defying British rule Lee charged into battle himself to prevent British landings along the Virginia coast despite losing most of his left hand in an explosion A stirring action packed biography First Founding Father will startle most Americans with the revelation that many historians have ignored for more than two centuries Richard Henry Lee not Thomas Jefferson was the author of America s original Declaration of Independence **John Hancock** Harlow Giles Unger, 2000-09-01 PRAISE FOR HARLOW GILES UNGER S NOAH WEBSTER THE LIFE AND TIMES OF AN AMERICAN PATRIOT Noah Webster was a truly remarkable man shrewd passionate learned and energetic God fearing and patriotic Mr Unger has done a fine job reintroducing him to a new generation of Americans Washington Times Superb biography Don t miss this stirring book Florence King The American Spectator **Samuel Adams** Ira Stoll, 2008-11-04 A biography of one of the most influential patriots during the Revolutionary War **Founding Brothers** Joseph J. Ellis, 2002-02-05 PULITZER PRIZE WINNER NATIONAL BESTSELLER A landmark work of history explores how a group of greatly gifted but deeply flawed individuals Hamilton Burr Jefferson Franklin Washington Adams and Madison confronted the overwhelming challenges before them to set the course for our nation A splendid book humane learned written with flair and radiant with a calm intelligence and wit The New York Times Book Review The United States was more a fragile hope than a reality in 1790 During the decade that followed the Founding Fathers re examined here as Founding Brothers combined the ideals of the Declaration of Independence with the content of the Constitution to create the practical workings of our government Through an analysis of six fascinating episodes Hamilton and Burr s deadly duel Washington s precedent setting Farewell Address Adams administration and political partnership with his wife the debate about where to place the capital Franklin s attempt to force Congress to confront the issue of slavery and Madison s attempts to block him and Jefferson and Adams famous correspondence Founding Brothers brings to life the vital issues and personalities from the most important decade in our nation s history
