Revelation and the Apocalypse in Late Medieval Literature Feb 16 2023 This interdisciplinary book breaks new ground by systematically examining ways in

which two of the most important works of late medieval English literature – Julian of Norwich’s Revelations of Love and William Langland’s Piers Plowman – arose from engagement with the biblical Apocalypse and exegetical writings. The study contends that the exegetical approach to the Apocalypse is more extensive in Julian’s Revelations and more sophisticated in Langland’s Piers Plowman than previously thought, whether through a primary textual influence or a discernible Joachite influence. The author considers the implications of areas of confluence, which both writers reapply and emphasise – such as spiritual warfare and other salient thematic elements of the Apocalypse, gender issues, and Julian’s explications of her vision of the soul as city of Christ and all believers (the fulcrum of her eschatologically-focused Aristotelian and Augustinian influenced pneumatology). The liberal soteriology implicit in Julian’s ‘Parable of the Lord and the Servant’ is specifically explored in its Johannine and Scotistic Christological emphasis, the absent vision of hell, and the eschatological ‘grete dede’, vis-à-vis a possible critique of the prevalent hermeneutic.

Revelation Feb 29 2024 The final book of the Bible, Revelation prophesies the ultimate judgement of mankind in a series of allegorical visions, grisly images and numerological predictions. According to these, empires will fall, the "Beast" will be destroyed and Christ will rule a new Jerusalem. With an introduction by Will Self.

Holy War in the Bible Aug 25 2023 The challenge of a seemingly genocidal God who commands ruthless warfare has bewildered Bible readers for generations. The theme of divine war is not limited to the Old Testament historical books, however. It is also prevalent in the prophets and wisdom literature as well. Still it doesn't stop. The New Testament book of Revelation, too, is full of such imagery. Our questions multiply. Why does God apparently tell Joshua to wipe out whole cities, tribes or nations? Is this yet another example of dogmatic religious conviction breeding violence? Did these texts help inspire or justify the Crusades? What impact do they have on Christian morality and just war theories today? How does divine warfare fit with Christ's call to "turn the other cheek"? Why does Paul employ warfare imagery in his letters? Do these texts warrant questioning the overall trustworthiness of the Bible? These controversial yet theologically vital issues call for thorough interpretation, especially given a long history of misinterpretation and misappropriation of these texts. This book does more, however. A range of expert contributors engage in a multidisciplinary approach that considers the

issue from a variety of perspectives: biblical, ethical, philosophical and theological. While the writers recognize that such a difficult and delicate topic cannot be resolved in a simplistic manner, the different threads of this book weave together a satisfying tapestry. Ultimately we find in the overarching biblical narrative a picture of divine redemption that shows the place of divine war in the salvific movement of God.

Apocalypse, Prophecy, and Pseudepigraphy Oct 03 2021 A highly regarded expert on Jewish apocalyptic texts, John J. Collins has written extensively on the subject. Nineteen of his essays written over the last fifteen years, including several previously unpublished contributions, are brought together for the first time in *Apocalypse, Prophecy, and Pseudepigraphy*. After an introductory essay that revisits the problem of defining Apocalypse as a literary genre, Collins deals with a number of different topics, including the relationship between apocalypse and prophecy and the troubling ethical issues raised by apocalyptic texts. Collins also examines several specific examples to show the themes and variation present in the genre. Organized in five sections, these thematic essays complement and enrich Collins's well-known book *The Apocalyptic Imagination*.

Prayer as Divine Experience in 4 Ezra and John ' s Apocalypse Dec 17 2022 Do humans have a special capacity designed to foster experiences of God? What role do specific bodily actions or emotions play in the cultivation of a divine experience? *Prayer as Divine Experience in 4 Ezra and John ' s Apocalypse: Emotion, Empathy, and Engagement with God* explores these questions in a systematic study of the emotions in two apocalyptic texts. The book of 4 Ezra, an ancient Jewish apocalypse, and the book of Revelation, an ancient Christian Apocalypse written by John, are examined with a focus on the emotional language of the prayers and prayer preludes contained in this literature. Both texts were composed in the first-century of the Common Era, a time when most people exposed to literature heard the content as it was recited. The emotive language in these writings could potentially arouse similar emotions in the readers or hearers of these texts, allowing the person to have access to the divine experiences, which are described by the seer in 4 Ezra and are expressed

by the angelic choir in John ' s Apocalypse. Prior to examining the prayers, Prayer as Divine Experience will describe the neurological processes that cause a person to mirror the emotions expressed by another individual, thereby prompting an imitation of the experience that is perceived.

The Nonviolent Apocalypse Jan 30 2024 Revelation is resistance literature, written to instruct early Christians on how to live as followers of Jesus in the Roman Empire. The Nonviolent Apocalypse uses modern examples and scholarship on nonviolence to help illuminate Revelation ' s resistance, arguing that Revelation ' s famously violent visions are actually acts of nonviolent resistance to the Empire. The visions form part of Revelation ' s proclamation of God ' s way as a just and life-giving alternative to the system constructed by Rome. Revelation urges its readers to pursue this radical form of living, engaging in nonviolent resistance to all that stands in the way of God ' s vision for the world.

Johannine Theology May 29 2021 In this magisterial synthesis, Paul A. Rainbow presents the most complete account of the theology of the Johannine corpus available today. Both critical and comprehensive, this volume includes all the books of the New Testament ascribed to John: the Gospel, the three epistles and the book of Revelation. While not proclaiming a definitive position on the question of authorship, this work seeks to shed light on the theology common to all the New Testament authors. John's root beliefs concerning God, humanity, sin, the world, and the significance of the Christ-event on eschatology unite the examined books with the rest of the New Testament canon. The Johannine

corpus also highlights the important areas of christology, soteriology and ecclesiology in a manner that is worth exploration. Organizing John's ideas by the main characters around whom they revolve, the Johannine universe consists of persons divine and human, and their relationships with each other. Father, Son, Holy Spirit, faithful believers and the rest of the world are the main cast of characters that make up the rich set of writings considered in this exhaustive analysis.

Archetype of the Apocalypse Jun 03 2024 The collective belief in Armageddon has become more powerful and widespread in the wake of recent terrorist attacks. Edward Edinger looks at the chaos predicted by the Book of Revelation and relates it to current trends including global violence, AIDS, and apocalyptic cults.

Compassionate Eschatology Apr 20 2023 Do "eschatology" and "peace" go together? Is eschatology mostly about retribution and fear--or compassion and hope? Compassionate Eschatology brings together a group of international scholars representing a wide range of Christian traditions to address these questions. Together they make the case that Christianity's teaching about the "end times" should and can center on Jesus's message of peace and reconciliation. Offering a peace-oriented reading of the Book of Revelation and other biblical materials relevant to Christian eschatology, this book breaks new ground in its consistent message that compassion not retribution stands at the heart of the doctrine of the last things. Besides its creative treatment of biblical materials, Compassionate Eschatology also makes a distinctive contribution in how several essays engage the thought of Rene Girard and his mimetic theory. Girard's project is shown to reinforce the biblical message of eschatological peace.

The Revelation to John Apr 28 2021 The Revelation to John by Stephen Smalley is a magisterial interpretation of John's Apocalypse as a grand drama, which can only be properly understood in light of John's Gospel and letters and in the context of the Johannine community. As such, it offers the reader a significantly different approach to this enigmatic text than that offered by most contemporary commentaries. Working directly from the Greek text, Smalley offers a masterful analysis of the critical and literary dimensions of the

Apocalypse for students and scholars alike. Contents include an in-depth, critical analysis of the Greek text of Revelation a wealth of scholarly interaction with other commentaries and interpretations of Revelation a canonical assessment of Revelation in light of other Johannine texts a historical understanding of Revelation in the context of the Johannine community an interpretation of Revelation as cosmic drama Here is a fresh contribution to the scholarly study of this captivating but often perplexing book of the Bible. Smalley demonstrates that the Apocalypse speaks directly to any situation in any age and offers a portrait of God's loving justice that is relevant to our own society.

Apocalyptic Sentimentalism Jul 24 2023 Focusing on a range of important antislavery figures, including David Walker, Nat Turner, Maria Stewart, Harriet Beecher Stowe, and John Brown, Apocalyptic Sentimentalism illustrates how antislavery discourse worked to redefine violence and vengeance as the ultimate expression (rather than denial) of love and sympathy.

The Christ of the Apocalypse: Contemplating the Faces of Jesus in the Book of Revelation Nov 15 2022 That the Apocalypse of John is a “ Revelation of Jesus Christ ” (Rev 1:1) is a fact too often overlooked by interpreters of this last book of the Bible. As Msgr. A. Robert Nusca ’ s The Christ of the Apocalypse: Contemplating the Faces of Jesus in the Book of Revelation proposes, beyond predictions of earthquakes and falling stars, St. John articulates from start to finish a multifaceted and compelling portrait of Jesus Christ. Nusca offers an exegetical reading of selected verses of the Book of Revelation, incorporating rich spiritual and pastoral reflections. The Christ of the Apocalypse above all affirms that St. John ’ s God- and Christ-centered, symbolic universe offers our contemporary world a spiritual place to stand amid the shifting sands of postmodernity. As Cardinal Thomas Collins, Archbishop of Toronto, writes in his Foreword, “ Now, as in the first century, Christians face martyrdom, and those who are not called to die for Christ are called to live for Christ in a world which in many ways rejects the Gospel. More than ever, we need the apocalyptic vision, to have our own vision of reality clarified, and to be strengthened in our evangelical witness. ”

Divine Vengeance Oct 27 2023 Divine Vengeance weaves intrigue and drama through the accurate and volatile historical events of the Cathar wars in thirteenth century France. A brutal massacre sponsored by the Pope. Brother Raimon cannot reconcile the dissonance between his faith and the violence. Nor can he rationalize his love for a Guilelma, a Cathar heretic. What starts as offering a helping hand, soon turns into organized aid for fleeing heretics. Now Raimon is captured attempting to sabotage the trebuchet Malvoisine, and he is to be burned at the stake...along with 180 heretics...and the woman he loves.

Sadly the brutality of crusade leader Simon de Montfort is not contrived. The Cathar crusade was the first pogrom aimed at a Christian region. It led to the dark years of the Inquisition and set a concerning tone that influenced Western thought for centuries. Action, intrigue, geography, an era of history rife with contradictions, and an unrequited love. Join the adventure!

The Violence of the Lamb Nov 03 2021 The act of martyrdom in the worldview of the Apocalypse has been considered to be an exemplification of non-violent resistance. Paul Middleton argues here, however, that it is in fact a representation of direct participation by Christians, through their martyrdom, in divine violence against those the author of Revelation portrays as God's enemies. Middleton shows that acceptance of martyrdom is to grasp the invitation to participate in the Revelation's divine violence. Martyrs follow the model laid down by the Lamb, who was not only slain, but resurrected, glorified, and who executes judgement. The world created by the Apocalypse encourages readers to conquer the Beast through martyrdom, but also through the experience of resurrection and being appointed judges. In this role, martyrs participate in the judgement of the wicked by sharing the Lamb's power to judge. Different from eschewing violence, the conceptual world of the Apocalypse portrays God, the Lamb, and the martyrs as possessing more power, might, and violent potential than the Emperor and his armies. Middleton believes that martyrdom and violence are necessary components of the worldview of Revelation.

Apocalypse of the Alien God Dec 05 2021 In the second century, Platonist and

Judeo-Christian thought were sufficiently friendly that a Greek philosopher could declare, "What is Plato but Moses speaking Greek?" Four hundred years later, a Christian emperor had ended the public teaching of subversive Platonic thought. When and how did this philosophical rupture occur? Dylan M. Burns argues that the fundamental break occurred in Rome, ca. 263, in the circle of the great mystic Plotinus, author of the *Enneads*. Groups of controversial Christian metaphysicians called Gnostics ("knowers") frequented his seminars, disputed his views, and then disappeared from the history of philosophy—until the 1945 discovery, at Nag Hammadi, Egypt, of codices containing Gnostic literature, including versions of the books circulated by Plotinus's Christian opponents. Blending state-of-the-art Greek metaphysics and ecstatic Jewish mysticism, these texts describe techniques for entering celestial realms, participating in the angelic liturgy, confronting the transcendent God, and even becoming a divine being oneself. They also describe the revelation of an alien God to his elect, a race of "foreigners" under the protection of the patriarch Seth, whose interventions will ultimately culminate in the end of the world.

*Apocalypse of the Alien God* proposes a radical interpretation of these long-lost apocalypses, placing them firmly in the context of Judeo-Christian authorship rather than ascribing them to a pagan offshoot of Gnosticism. According to Burns, this Sethian literature emerged along the fault lines between Judaism and Christianity, drew on traditions known to scholars from the Dead Sea Scrolls and Enochic texts, and ultimately catalyzed the rivalry of Platonism with Christianity. Plunging the reader into the culture wars and classrooms of the high Empire, *Apocalypse of the Alien God* offers the most concrete social and historical description available of any group of Gnostic Christians as it explores the intersections of ancient Judaism, Christianity, Hellenism, myth, and philosophy.

*Things that Make for Peace* Jan 23 2021 In a world that increasingly sees religion as a source of violence, this book explores resources from within religious traditions that might help build peace. Drawing from the rich textual histories of Christianity and Islam, the contributors mine their faith traditions for ways of thinking and ways of being that help shift perceptions about religion, and actively contribute to the growth of peace in our troubled times. Not content with retreat into religious exclusivism, these essays are an act of

sharing something held dear. In sharing, the thing offered no longer remains the possession of the one who offers, and so these essays are an act of vulnerability and trust-building. In sharing precious things together, in giving and receiving, peace becomes not only a matter of dialogue, but also shared commitments to ways of being.

The Apocalyptic Complex May 10 2022 The attack on the World Trade Center in 2001, followed by similarly dreadful acts of terror, prompted a new interest in the field of the apocalyptic. There is a steady output of literature on the subject (also referred to as "the End Times.") This book analyzes this continuously published literature and opens up a new perspective on these views of the apocalypse. The thirteen essays in this volume focus on the dimensions, consequences and transformations of Apocalypticism. The authors explore the everyday relevance of the apocalyptic in contemporary society, culture, and politics, side by side with the various histories of apocalyptic ideas and movements. In particular, they seek to better understand the ways in which perceptions of the apocalypse diverge in the American, European, and Arab worlds. Leading experts in the field re-evaluate some of the traditional views on the apocalypse in light of recent political and cultural events, and, go beyond empirical facts to reconsider the potential of the apocalyptic. This last point is the focal point of the book.

The Gospel of Peace in a Violent World Aug 13 2022 "Blessed are the peacemakers." The gospel of Jesus Christ is the good news of peace: peace between God and humanity, peace among humans. And yet it can be difficult to see that peace in our broken, violent world. In this volume, Shawn Graves and Marlena Graves have gathered contributions from theologians, pastors, and practitioners on the importance and implementation of Christian nonviolence in today's world. The vision they cast not only responds to the realities of war and conflict but also offers a broader, deeper understanding of peace that addresses topics such as race, gender, disability, immigration, the environment, food scarcity, and more—a holistic shalom that is evidence of God's presence. May it be so.

Apocalypse Against Empire Jul 12 2022 The year 167 B.C.E. marked the beginning of a period of intense persecution for the people of Judea, as Seleucid emperor Antiochus IV Epiphanes attempted -- forcibly and brutally -- to eradicate traditional Jewish religious practices. In Apocalypse against Empire Anthea Portier-Young reconstructs the historical events and key players in this traumatic episode in Jewish history and provides a sophisticated treatment of resistance in early Judaism. Building on a solid contextual foundation, Portier-Young argues that the first Jewish apocalypses emerged as a literature of resistance to Hellenistic imperial rule. In particular, Portier-Young contends, the book of Daniel, the Apocalypse of Weeks, and the Book of Dreams were written to supply an oppressed people with a potent antidote to the destructive propaganda of the empire -- renewing their faith in the God of the covenant and answering state terror with radical visions of hope.
