The puzzle plays and solves exactly the same way as a normal crossword, the only difference is that, as opposed to quick crosswords that tend to have shorter, definition based clues and answers, general knowledge puzzles - as the name implies - test your knowledge, and therefore the clues can be a little longer. For instance, whereas a quick crossword might test your knowledge of synonyms, a general knowledge puzzle is more likely to test knowledge of subjects such as history, entertainment, art and literature, sport, science and more besides. Therefore you can expect clues based around the words of Shakespeare, particles in physics, the date of famous historical battles and much more besides in the general knowledge crosswords. As a result not only are general knowledge crosswords very satisfying to solve, they are also a fantastic and fun way of learning new information, as from time to time unless you have superb general knowledge you'll need to look up or research an answer or two in order to complete some of the puzzles.
