**How the Word Is Passed** Clint Smith, 2021-06-01 This important and timely Drew Faust Harvard Magazine 1 New York Times bestseller examines the legacy of slavery in America and how both history and memory continue to shape our everyday lives Beginning in his hometown of New Orleans Clint Smith leads the reader on an unforgettable tour of monuments and landmarks those that are honest about the past and those that are not that offer an intergenerational story of how slavery has been central in shaping our nation's collective history and ourselves It is the story of the Monticello Plantation in Virginia the estate where Thomas Jefferson wrote letters espousing the urgent need for liberty while enslaving more than four hundred people It is the story of the Whitney Plantation one of the only former plantations devoted to preserving the experience of the enslaved people whose lives and work sustained it It is the story of Angola a former plantation turned maximum security prison in Louisiana that is filled with Black men who work across the 18 000 acre land for virtually no pay And it is the story of Blandford Cemetery the final resting place of tens of thousands of Confederate soldiers A deeply researched and transporting exploration of the legacy of slavery and its imprint on centuries of American history How the Word Is Passed illustrates how some of our country's most essential stories are hidden in plain view whether in places we might drive by on our way to work holidays such as Juneteenth or entire neighborhoods like downtown Manhattan where the brutal history of the trade in enslaved men women and children has been deeply imprinted Informed by scholarship and brought to life by the story of people living today Smith's debut work of nonfiction is a landmark of reflection and insight that offers a new understanding of the hopeful role that memory and history can play in making sense of our country and how it has come to be Winner of the National Book Critics Circle Award for Nonfiction Winner of the Stowe Prize

A Young People's History of the United States is also a companion volume to *The People Speak*, the film adapted from *A People's History of the United States* and *Voices of a People's History of the United States*. Beginning with a look at Christopher Columbus's arrival through the eyes of the Arawak Indians, then leading the reader through the struggles for workers' rights, women's rights, and civil rights during the nineteenth and twentieth centuries, and ending with the current protests against continued American imperialism, Zinn, in the volumes of *A Young People's History of the United States*, presents a radical new way of understanding America's history. In so doing, he reminds readers that America's true greatness is shaped by our dissident voices, not our military generals. *A People's History for the Classroom* Bill Bigelow, Howard Zinn, 2008 Presents a collection of lessons and activities for teaching American history for students in middle school and high school. *Understanding Machine Learning* Shai Shalev-Shwartz, Shai Ben-David, 2014-05-19 Introduces machine learning and its algorithmic paradigms, explaining the principles behind automated learning approaches and the considerations underlying their usage. *Leap of Perception* Penney Peirce, 2016-10-11 With this effective, easy-to-follow guide, readers can develop the power of perception and imagination to live effortlessly and joyfully. *A People's History of American Empire* Howard Zinn, Mike Konopacki, Paul Buhle, 2008-04 Adapted from the critically acclaimed chronicle of U.S. history, a study of American expansionism around the world is told from a grassroots perspective and provides an analysis of important events from Wounded Knee to Iraq. *Urgent Archives* Michelle Caswell, 2021-05-19 *Urgent Archives* argues that archivists can and should do more to disrupt white supremacy and hetero patriarchy beyond the standard liberal archival solutions of more diverse collecting and more inclusive description. Grounded in the emerging field of critical archival studies, this book

uncovers how dominant western archival theories and practices are oppressive by design while looking toward the the radical politics of community archives to envision new liberatory theories and practices Based on more than a decade of ethnography at community archives sites including the South Asian American Digital Archive SAADA the book explores how members of minoritized communities activate records to build solidarities across and within communities trouble linear progress narratives and disrupt cycles of oppression Caswell explores the temporal representational and material aspects of liberatory memory work arguing that archival disruptions in time and space should be neither about the past nor the future but about the liberatory affects and effects of memory work in the present Urgent Archives extends the theoretical range of critical archival studies and provides a new framework for archivists looking to transform their practices The book should also be of interest to scholars of archival studies museum studies public history memory studies gender and ethnic studies and digital humanities
