740 Park Michael Gross,2006-10-10 From the author of House of Outrageous Fortune For seventy five years it s been Manhattan s richest apartment building and one of the most lusted after addresses in the world One apartment had 37 rooms 14 bathrooms 43 closets 11 working fireplaces a private elevator and his and hers saunas another at one time had a live in service staff of 16 To this day it is steeped in the purest luxury the kind most of us could only imagine until now The last great building to go up along New York s Gold Coast construction on 740 Park finished in 1930 Since then 740 has been home to an ever evolving cadre of our wealthiest and most powerful families some of America s and the world s oldest money the kind attached to names like Vanderbilt Rockefeller Bouvier Chrysler Niarchos Houghton and Harkness and some whose names evoke the excesses of today s monied elite Kravis Koch Bronfman Perelman Steinberg and Schwarzman All along the building has housed titans of industry political power brokers international royalty fabulous scam artists and even the lowest scoundrels The book begins with the tumultuous story of the building s construction Conceived in the bubbling financial artistic and social cauldron of 1920 s Manhattan 740 Park rose to its dizzying heights as the stock market plunged in 1929 the building was in dire financial straits before the first apartments were sold The builders include the architectural genius Rosario Candela the scheming businessman James T Lee Jacqueline Kennedy Onassis s
