This perfect notebook can be used as a journal, travel notebook, diary, business / office notebook, gift, school journal, party / wedding planner, etc.-- Perfect sized at 6" x 9" - 120 Pages- Softcover Bookbinding- Flexible Paperback Between 1965 and 1975, thousands of American migrants traded their

established lives for a new beginning in the West Kootenay region of British Columbia. Some were non-violent resisters who opposed the war in Vietnam. But a larger group was inspired by the ideals of the 1960s counterculture and the New Left and, hoping to flee the restrictive demands of their parents' world and the pressures of city life, they set out to build a peaceful, egalitarian society in the Canadian wilderness. Even today, their success is evident, as values like equality, sustainability, and creativity still define community life. This fascinating history draws on interviews and archival records to explore the root causes of this bold migration and its role in creating a region that continues to be a hotbed of social and environmental experimentation. Welcome to Resisterville is both an important look at an untold chapter in Canadian history and a compelling story of enduring idealism. Seriously, who doesn't like everything

Chronicling just one year in the struggle against racism in this country, *The Skin We're In* reveals in stark detail the injustices faced by Black Canadians on a daily basis: the

devastating effects of racist policing, the hopelessness produced by an education system that fails Black children, the heartbreak of those separated from their families by discriminatory immigration laws, and more. Cole draws on his own experiences as a Black man in Canada, and locates the deep cultural, historical, and political roots of each event. What emerges is a personal, painful, and comprehensive picture of entrenched, systemic inequality. Updated with a new foreword, postscript, and an extensive educator's guide, *The Skin We're In* is essential reading for all Canadians, and a vital tool in the fight against racism. Paperback No two nations in
the world are as integrated,
economically and socially, as
are the United States and
Canada. We share geography,
values and the largest
unprotected border in the
world. Regardless of this close
friendship, our two countries
are on a slow-motion collision
course—with each other and
with the rest of the world.
While we wrestle with internal
political gridlock and fiscal
challenges and clash over
border problems, the
economies of the larger world
change and flourish. Emerging
economies sailed through the
meltdown of 2008. The
International Monetary Fund
forecasts that by 2018, China's
economy will be bigger than
that of the United States; when
combined with India, Japan and
the four Asian Tigers—South
Korea, Taiwan, Singapore and
Hong Kong--China's economy
will be bigger than that of the
G8 (minus Japan). Rather than
continuing on this road to
mutual decline, our two nations

should chart a new course.
Bestselling author Diane
Francis proposes a simple and
obvious solution: What if the
United States and Canada
merged into one country? The
most audacious initiative since
the Louisiana Purchase would
solve the biggest problems
each country expects to face:
the U.S.'s national security
threats and declining living
standards; and Canada's
difficulty controlling and
developing its huge land mass
stemming from a lack of
capital, workers, technology
and military might. Merger of
the Century builds both a
strong political argument and a
compelling business case,
treating our two countries not
only as sovereign entities but
as merging companies. We
stand on the cusp of a new
world order. Together, by
marshalling resources and
combining efforts, Canada and
America have a greater chance
of succeeding. As separate
nations, the future is in much
greater doubt indeed.
