Lawyers in 21st-Century Societies Richard L Abel,Ole Hammerslev,Hilary Sommerlad,Ulrike Schultz,2020-04-02 The world s legal professions have undergone dramatic changes in the 30 years since publication of the landmark three volume *Lawyers in Society* which launched comparative sociological studies of lawyers This is the first of two volumes in which scholars from a wide range of disciplines countries and cultures document and analyse those changes The present volume presents reports on 46 countries with broad coverage of North America Western Europe Latin America Asia Australia North Africa and the Middle East sub Saharan Africa and former communist countries These national reports address the impact of globalisation and neoliberalism on national legal professions the relationship of lawyers and their professional associations to the state and tensions between state and citizenship changes in lawyer demography rapidly growing numbers and the profession s efforts to retain control the entry of women and obstacles to full gender equality ethnic diversity legal education the proliferation of institutions and pedagogic innovation the regulation of lawyers structures of production especially the growth of large firms and the impact of technology and paraprofessionals the distribution of lawyers across roles and access to justice state funded legal aid and pro bono services The juxtaposition of the reports reveals the dramatic transformations of professional rationales labour markets and working practices and the multiple contingencies of the role of lawyers in societies experiencing increasing juridification within a new geopolitical order *The Nigerian Bar Journal* ,1980

Fundamentals of Nigerian Law M. Ayo Ajomo,1989 *The Legal Profession and the Nigerian Nation* Yemi Akinseye-George,2000 *Memory and Peace* Francis Anekwe Oborji,2020-11-11 The Latin adage *Si vis pacem para bellum* if you want peace prepare for war is usually interpreted as peace through strength It expresses the idea that being armed and ready to fight in order to defend oneself is a viable way of keeping the peace However the truism of the adage is expressed by the author who argues for peace and sustainable development of Africa at large in the light of the Nigerian Biafra struggle He intellectually equips readers with memories of the past lest the mistakes of history be repeated The author

uses the power of the pen as a weapon mightier than the sword to discuss the structures of peace in the African context He weighs in a balance the need for restructuring and the right for self determination the way to freedom and collective effort towards development This volume contains articles that propose potential and functional solutions to the perennial challenges presently facing Nigeria as a country Interestingly the reflections recommend steps towards cordial reconciliation and the liberating spirit that would catalyze the restoration of an emerging nation the Republic of Biafra The volume further expands the ongoing ideas and thoughts on a variety of issues that offer roadmaps to the contextual problems of the indigenous people as well as the Christian Mission and evangelical witness Furthermore the author goes on to demonstrate that when dialogue is employed peace makes its way in the hearts of the citizens which ushers in the flourishing of good governance and economic growth Hence justice equity peace equal rights and opportunity become the bedrock upon which every nation state is supposed to be founded
