West,2023-12-05 Call of Duty Modern Warfare 3 concluded the monumental first person shooter trilogy in 2011 capping off pivotal storylines for series icons Captain Price Soap and villain Makarov with globe spanning missions in New York Paris and beyond Over a decade later rumors of enhanced remasters recreating these explosive campaign events for modern PlayStation 5 consoles remain unfulfilled Activision is focused on rebooted continuations like 2019 s Modern Warfare and 2022 s sequel rather than revisiting the past generation peak that defined PS3 era Call of Duty prestige Current timeframe also makes a from the ground up MW3 remake project unlikely as an immediate next gen launch title So for now PS5 owners have no means of re enjoying the dramatic tear jerking finale to Price and Soap s saga and quest for vengeance against Makarov in stunning 4K resolution The door isn t fully closed on a return down the road as nostalgia builds But 2011 s most impactful shooter conclusion firmly resides in the shadows of gaming memory rather than PlayStation s latest hardware ray tracing present Reliving MW3 likely remains years away even if smoke continues billowing out from Price s eternal cigar

Playing with the Past Matthew Wilhelm Kapell,Andrew B.R. Elliott,2013-10-24 Game Studies is a rapidly growing area of contemporary scholarship yet volumes in the area have tended to focus on more general issues With *Playing with the Past* game studies is taken to the next level by offering a specific and detailed analysis of one area of digital game play the representation of history The collection focuses on the ways in which gamers engage with play with recreate subvert reverse and direct the historical past and what effect this has on the ways in which we go about constructing the present or imagining a future What can World War Two strategy games teach us about the reality of this complex and multifaceted period Do the possibilities of playing with the past change the way we understand history If we embody a colonialist s perspective to conquer primitive tribes in Colonization does this privilege a distinct way of viewing history as benevolent intervention over imperialist expansion The fusion of these two fields allows the editors to pose new questions about the ways in which gamers interact with their game worlds Drawing these threads together the collection concludes by asking whether digital games which represent history or historical change alter the way we today understand history itself
