Robinson, 2021-05-11 A compassionate shame free guide for your darkest days A one of a kind book to read for yourself or give to a struggling friend or loved one without the fear that depression and suicidal thoughts will be minimized medicalized or over spiritualized Kay Warren cofounder of Saddleback Church What happens when loving Jesus doesn t cure you of depression anxiety or suicidal thoughts You might be crushed by shame over your mental illness only to be told by well meaning Christians to choose joy and pray more So you beg God to take away the pain but nothing eases the ache inside As darkness lingers and color drains from your world you re left wondering if God has abandoned you You just want a way out But there s hope In I Love Jesus But I Want to Die Sarah J Robinson offers a healthy practical and shame free guide for Christians struggling with mental illness With unflinching honesty Sarah shares her story of battling depression and fighting to stay alive despite toxic theology that made her afraid to seek help outside the church Pairing her own story with scriptural insights mental health research and simple practices Sarah helps you reconnect with the God who is present in our deepest anguish and discover that you are worth everything it takes to get better Beautifully written and full of hard won wisdom I Love Jesus But I Want to Die offers a path toward a rich hope filled life in Christ even when healing doesn t look like what you expect *Century Rain* Alastair Reynolds, 2006-05-30 An awe inspiring novel from the award winning author of the Revelation Space series Century Rain fuses time travel hard SF alternate history interstellar adventure and noir romance to create a novel of blistering powers and style SF Revu Three hundred years from now Earth has been rendered uninhabitable due to the technological catastrophe known as the Nanocaust Archeologist Verity Auger specializes in the exploration of its surviving landscape Now her expertise is required for a far greater purpose Something astonishing has been discovered at the far end of a wormhole mid twentieth century Earth preserved like a fly in amber Somewhere on this alternate planet is a device capable of destroying both worlds at either end of the wormhole And Verity must find the device and the man who plans to activate it before it is too late for the past and the future of two worlds *The Birth of the Anthropocene* Jeremy Davies, 2016-05-24 The world faces an environmental crisis unprecedented in human history Carbon dioxide levels have

reached heights not seen for three million years and the greatest mass extinction since the time of the dinosaurs appears to be underway Such far reaching changes suggest something remarkable the beginning of a new geological epoch It has been called the Anthropocene The Birth of the Anthropocene shows how this epochal transformation puts the deep history of the planet at the heart of contemporary environmental politics By opening a window onto geological time the idea of the Anthropocene changes our understanding of present day environmental destruction and injustice Linking new developments in earth science to the insights of world historians Jeremy Davies shows that as the Anthropocene epoch begins politics and geology have become inextricably entwined
