sitting room without any introductory lobby or passage they call it here the house pre eminently It includes kitchen and parlour generally but I believe at Wuthering Heights the kitchen is forced to retreat altogether into another quarter at least I distinguished a chatter of tongues and a clatter of culinary utensils deep within and I observed no signs of roasting boiling or baking about the huge fireplace nor any glitter of copper saucepans and tin cullenders on the walls One end indeed reflected splendidly both light and heat from ranks of immense pewter dishes interspersed with silver jugs and tankards towering row after row on a vast oak dresser to the very roof The latter had never been under drawn its entire anatomy lay bare to an inquiring eye except where a frame of wood laden with oatcakes and clusters of legs of beef mutton and ham concealed it Above the chimney were sundry villainous old guns and a couple of horse pistols and by way of ornament three gaudily painted canisters disposed along its ledge The floor was of smooth white stone the chairs high backed primitive structures painted green one or two heavy black ones lurking in the shade In an arch under the dresser reposed a huge liver coloured bitch pointer surrounded by a swarm of squealing puppies and other dogs haunted other recesses
