Dreams from My Father Mar 20 2024 #1 NEW YORK TIMES BESTSELLER • ONE OF ESSENCE'S 50 MOST IMPACTFUL BLACK BOOKS OF THE PAST 50 YEARS In this iconic memoir of his early days, Barack Obama “guides us straight to the intersection of the most serious questions of identity, class, and race” (The Washington Post Book World). “Quite extraordinary.”—Toni Morrison In this lyrical, unsentimental, and compelling memoir, the son of a black African father and a white American mother searches for a workable meaning to his life as a black American. It begins in New York, where Barack Obama learns that his father—a figure he knows more as a myth than as a man—has been killed in a car accident. This sudden death inspires an emotional odyssey—first to a small town in Kansas, from which he retraces the migration of his mother’s family to Hawaii, and then to Kenya, where he meets the African side of his family, confronts the bitter truth of his father’s life, and at last reconciles his divided inheritance. Praise for *Dreams from My Father* “Beautifully crafted . . . moving and candid . . . This book belongs on the shelf beside works like James McBride’s *The Color of Water* and Gregory Howard Williams’s *Life on the Color Line* as a tale of living astride America’s racial categories.”—Scott Turow “Provocative . . . Persuasively describes the phenomenon of belonging to two different worlds, and thus belonging to neither.”—The New York Times Book Review “Obama’s writing is incisive yet forgiving. This is a book worth savoring.”—Alex Kotlowitz, author of *There Are No Children Here* “One of the most powerful books of self-discovery I’ve ever read, all the more so for

its illuminating insights into the problems not only of race, class, and color, but of culture and ethnicity. It is also beautifully written, skillfully layered, and paced like a good novel.”—Charlayne Hunter-Gault, author of *In My Place* “*Dreams from My Father* is an exquisite, sensitive study of this wonderful young author’s journey into adulthood, his search for community and his place in it, his quest for an understanding of his roots, and his discovery of the poetry of human life. Perceptive and wise, this book will tell you something about yourself whether you are black or white.”—Marian Wright Edelman

Spreading the Wealth Jun 11 2023 When Barack Obama told “Joe the Plumber” that he wanted to “spread the wealth around,” he wasn’t just using a figure of speech. Since the 2008 campaign, Stanley Kurtz has established himself as one of Barack Obama’s most effective and well-informed critics. He was the first to expose the extent of Obama’s ties to radicals such as Bill Ayers and ACORN. Now Kurtz reveals new evidence that the administration’s talk about helping the middle class is essentially a smoke screen. Behind the scenes, plans are under way for a serious push toward wealth redistribution, with the suburban middle class—not the so-called one percent—bearing the brunt of it. Why haven’t we heard more about policies that will lead to redistribution? In part, of course, because controversies over Obamacare, unemployment, and the exploding budget deficit have taken the media spotlight. But the main reason, according to Kurtz, is that Obama doesn’t want to tip his hand about his second term. He knows that his plans will alienate the moderate swing voters who hold the key to his reelection. Drawing on previously overlooked sources, Kurtz cuts through that smoke screen to reveal what’s really going on. Radicals from outside the administration—including key Obama allies from his early community organizing days—have been quietly influencing policy,

in areas ranging from education to stimulus spending. Their goal: to increase the influence of America's cities over their suburban neighbors so that eventually suburban independence will vanish. In the eyes of Obama's former mentors—followers of leftist radical Saul Alinsky—suburbs are breeding grounds for bigotry and greed. The classic American dream of a suburban house and high quality, locally controlled schools strikes them as selfishness, a waste of resources that should be redirected to the urban poor. The regulatory groundwork laid so far is just a prelude to what's to come: substantial redistribution of tax dollars. Over time, cities would effectively swallow up their surrounding municipalities, with merged school districts and forced redistribution of public spending killing the appeal of the suburbs. The result would be a profound transformation of American society. Kurtz shows the unbroken line of continuity from Obama's community organizing roots to his presidency. And he reveals why his plan to undermine the suburbs means so much to him personally. Kurtz's revelations are sure to be hotly disputed. But they are essential to helping voters make an informed choice about whether to reward the president with a second term.

Hey, America, Your Roots Are Showing: Apr 28 2022 The acclaimed genealogist and New York Times–bestselling author reveals how she solved some of the most fascinating mysteries of family lineage. Part forensic scientist, part master sleuth, Megan Smolenyak has a unique way of digging up our historical roots. She discovered Barack Obama's Irish ancestry—and his relation to Brad Pitt. She revealed the true story of Ellis Island's first immigrant, Annie Moore. And she shed light on a startling link between politicians Al Sharpton and Strom Thurmond. In *Hey America, Your Roots Are Showing*, the “Indiana Jones of genealogy” reveals how she cracked these and other news-making cases. Along the way, she shares her own story of

becoming genealogy's celebrity face. She even explains why her name is squared (Buzzy Jackson, author of *Shaking the Family Tree*). Whether she's scouring websites to uncover the surprising connections between famous figures or using cutting-edge DNA tests to locate family members of fallen soldiers dating back to the Civil War, Smolenyak's historical sleuthing is as provocative, richly layered, and exciting as America itself. "Megan is a genealogist's dream, a forensic investigator who can also tell a great story."

—Sam Roberts, *The New York Times*

Summary of Hillary's America May 18 2021 Summary of Hillary's America by Dinesh D'Souza | Includes Analysis Preview: Hillary's America: The Secret History of the Democratic Party is a history of the Democratic Party, which author Dinesh D'Souza argues is the source of all evil and iniquity in American history. Hillary Clinton, the 2016 Democratic nominee for president, is a crook who entered politics for personal gain. As such, she is the natural representative of the corrupt Democratic Party. Some argue that Thomas Jefferson was the founder of the Democratic Party. In reality, the modern Democratic Party and its history of plunder began with Andrew Jackson's presidency in 1829. Jackson was a military general before taking office. During his military career, he forced Native Americans off their land and then seized it to enrich himself and his cronies. The use of government power for personal enrichment is a quintessential Democratic tactic. Jackson was also a slave owner, and the Democrats were the party of slavery. The real conflict... Race and the Obama Administration Mar 28 2022 The election of Barack Obama marked a critical point in American political and social history. Did the historic election of a black president actually change the status of blacks in the United States? Did these changes (or lack thereof) inform blacks' perceptions of the President? This book explores these questions by comparing Obama's promotion of substantive and symbolic initiatives for blacks to efforts by the two previous presidential administrations. By employing a comparative analysis, the reader can judge whether Obama did more or less to promote black interests than his predecessors. Taking a more empirical approach to judging Barack Obama, this book hopes to contribute to current debates about the significance of the first African American presidency. It takes care to make distinctions between Obama's substantive and symbolic accomplishments and to explore the significance of both.

Obama's Time Nov 04 2022 "Barack Obama came into office in the midst of one of the worst financial crises in American history and had to extract the US from two grinding foreign wars. He succeeded in enacting the most progressive legislative agenda since the Great Society years, and has pivoted American foreign policy toward East Asia. In *The Obama Presidency*, political historian Morton Keller provides the first major historical assessment of the still-unfolding Obama presidency, examining his presidential persona and governing style, his domestic and foreign policies, and his place in the larger context of modern American politics. Obama came into the presidency with a unique set of assets: the first African-American president, with a transformative, messianic view of what he hoped to accomplish as President; and the capacity to excite the hopes of large segments of the electorate. That expectation has been tempered not only by his

Republican opposition, but by larger realities: the play of interests and contingency, and the institutional weight of the presidency. The major tension in Obama's presidency has been between his strong commitment to an active federal government and the powerful counter-forces in contemporary American public life. Obama is in a sense haunted by his presidential predecessors in the twentieth century Democratic reform tradition, and constantly either looks to them or invokes them. But he has had to contend with the unique set of difficulties surrounding the active, centralized, bureaucratic state in our time. The eventual outcome of Obama's presidency, and its place in the American political tradition, has still to be determined. But this pioneering attempt at a historical assessment of the Obama presidency highlights the tensions, achievements, and failures that are sure to influence future interpretations"--

A Promised Land Oct 03 2022 A riveting, deeply personal account of history in the making—from the president who inspired us to believe in the power of democracy #1 NEW YORK TIMES BESTSELLER • NAACP IMAGE AWARD NOMINEE • NAMED ONE OF THE TEN BEST BOOKS OF THE YEAR BY THE NEW YORK TIMES BOOK REVIEW AND PEOPLE NAMED ONE OF THE BEST BOOKS OF THE YEAR BY The Washington Post • Jennifer Szalai, The New York Times • NPR • The Guardian • Slate • Vox • The Economist • Marie Claire In the stirring first volume of his presidential memoirs, Barack Obama tells the story of his improbable odyssey from young man searching for his identity to leader of the free world, describing in strikingly personal detail both his political education and the landmark moments of the first term of his historic presidency—a time of dramatic transformation and turmoil. Obama takes readers on a compelling journey from his earliest political aspirations to the pivotal Iowa caucus victory that demonstrated the power of grassroots activism

to the watershed night of November 4, 2008, when he was elected 44th president of the United States, becoming the first African American to hold the nation's highest office. Reflecting on the presidency, he offers a unique and thoughtful exploration of both the awesome reach and the limits of presidential power, as well as singular insights into the dynamics of U.S. partisan politics and international diplomacy. Obama brings readers inside the Oval Office and the White House Situation Room, and to Moscow, Cairo, Beijing, and points beyond. We are privy to his thoughts as he assembles his cabinet, wrestles with a global financial crisis, takes the measure of Vladimir Putin, overcomes seemingly insurmountable odds to secure passage of the Affordable Care Act, clashes with generals about U.S. strategy in Afghanistan, tackles Wall Street reform, responds to the devastating Deepwater Horizon blowout, and authorizes Operation Neptune's Spear, which leads to the death of Osama bin Laden. *A Promised Land* is extraordinarily intimate and introspective—the story of one man's bet with history, the faith of a community organizer tested on the world stage. Obama is candid about the balancing act of running for office as a Black American, bearing the expectations of a generation buoyed by messages of “hope and change,” and meeting the moral challenges of high-stakes decision-making. He is frank about the forces that opposed him at home and abroad, open about how living in the White House affected his wife and daughters, and unafraid to reveal self-doubt and disappointment. Yet he never wavers from his belief that inside the great, ongoing American experiment, progress is always possible. This beautifully written and powerful book captures Barack Obama's conviction that democracy is not a gift from on high but something founded on empathy and common understanding and built together, day by day.

The Scandalous Presidency of Barack Obama Jun 18 2021 “I'm

proud of the fact that [...] we're probably the first administration in modern history that hasn't had a major scandal in the White House." So President Barack Obama boldly declared before leaving office, and numerous times since. But is it true? Not according to Matt Margolis, bestselling co-author of *The Worst President in History: The Legacy of Barack Obama*. Margolis lays out the details of literally dozens of Obama administration scandals that have been ignored, downplayed, or covered-up by the mainstream media. From "Fast and Furious," to the illegal IRS targeting of conservative groups, to the recent NSA spying outrage, Margolis makes a powerful case that the Obama years represented nearly a decade of lawless and abusive governance. While Obama and his allies attempt to spin the narrative that his presidency represented a time of pristine politics, it's critically important that Americans understand the truth—Barack Obama brought to Washington corrupt Chicago-machine politics of cronyism and corporate payoffs, combined with audacious Alinskyite tactics aimed at dividing Americans and destroying his opponents. Obama's legacy will be discussed and debated for decades. But in the early months after he left office, more scandals have been uncovered—most notably an illegal scheme of using the NSA to spy on his political opponents and the frightening decision to block the prosecution of Iranian-backed terrorists. Far from being a virtuous New Camelot, the Obama administration abused its power like few others.

Obama's Irish Roots Nov 16 2023 When Irish author and filmmaker, Gabriel Murray, found the lost family tomb of Bishop John Kearney, President Obama's great-uncle, in an ancient Cathedral in Ireland in March 2009, he set off an international media frenzy. The discovery was likened to the plot of Dan Brown's *Da Vinci Code* in the international press and the hundreds of sites, which appeared on Google covering the find.

Anne Dunham, Obama's mother, was the grand daughter of Mary Ann Kearney who was a direct descendant of the Bishop in the Kilkenny tomb. This widened the search for Obama's Irish roots, which originated in Shinrone, Moneygall in Ofally and Cashel in Tipparary. They went even further back to the ancient Kingdom of Thomond where Obama's roots had had links to the High Kings of Ireland, martyrs and biblical scholars.

America Aug 13 2023 #1 New York Times Bestseller Is America a source of pride, as Americans have long held, or shame, as Progressives allege? Beneath an innocent exterior, are our lives complicit in a national project of theft, expropriation, oppression, and murder, or is America still the hope of the world? Dinesh D'Souza says these questions are no mere academic exercise. It is the Progressive view that is taught in our schools, that is preached by Hollywood, and that shapes the policies of the Obama administration. If America is a force for inequality and injustice in the world, its power deserves to be diminished; if traditional America is based on oppression and theft, then traditional America must be reformed—and the federal government can do the reforming. In *America: Imagine a World without Her* D'Souza offers a passionate and sharply reasoned defense of America, knocking down every important accusation made by Progressives against our country. Provocative in its analysis, stunning in its conclusions, Dinesh D'Souza's *America* is a new classic.

And Then Life Happens Jul 12 2023 A moving account by Auma Obama about her life in Africa and Europe, and her relationship with her brother, Barack Obama. While her younger brother Barack grew up in the U.S. and Indonesia, Auma Obama's childhood played out at the other end of the world in a remote village in Kenya, the birthplace of the siblings' shared father. Barack and Auma met for the first time in the 1980s, and they built a lasting

relationship which lead to travels together in Kenya, research into their family history and finally Auma's support for her brother's political career and eventual bid for the U.S. presidency. Auma spent sixteen years studying and living in Germany, moved to England for love, and gave birth to a daughter there. The tension between her original and chosen worlds and cultures was a constant challenge, and eventually Auma returned to Africa and worked to support young men and women in shaping their futures. In *And Then Life Happens*, her candid and emotional memoir, Auma shares her own story as well as recollections of and experiences with her famous brother, who says about their first encounter: "I hugged her, we looked at each other, and laughed. I knew right then that I loved her."

Legacy Jan 26 2022 A man with aspirations of being a world leader, Barack Obama, a man with many secrets of his own, set out to destroy the strongest power by bankrupting the nation, diminishing its military, and apologizing to all other countries for its arrogance. A man that has his own army and concentration camps ready at his whim for you. A man that could and should have brought unity between black and white America but his cause was to further his own agenda to take guns away from America and destroy its Second Amendment. Barack Obama, the man that said he was a Christian when everything he did pointed to the fact that he is a Muslim. Barack Hussein Obama, the man who will go down in the annals of history known as a Muslim, a Luminati, a member of the New Black Panthers, a member of the gay community, and as the worst President the United States of America has ever elected.

The Roots of Obama's Rage Jun 23 2024 Critics of President Obama have attacked him as a socialist, an African-American radical, a big government liberal. But somehow the critics have failed to reveal what's truly driving Barack Obama. Now bestselling

author Dinesh D'Souza throws out these misplaced attacks in his new book, *The Roots of Obama's Rage*. The reason, explains D'Souza, that Obama appears to be working to destroy America from within is found, as Obama himself admits, in "The Dreams of His Father": a deeply-hostile anti-colonialism. Instilled in him by his father, this worldview has led President Obama to resent America and everything for which we stand. Viewing Obama through this anti-colonialism prism and drawing evidence from President Obama's own life and writings, D'Souza masterfully shows how Obama is working to weaken and punish America here and abroad.

The Obama Nation Jan 06 2023 In this thoroughly researched and documented book, the #1 New York Times bestselling co-author of *Unfit for Command: Swift Boat Veterans Speak Out Against John Kerry* explains why the extreme leftism of an Obama presidency would leave the United States weakened, diminished and divided, why Obama must be defeated -- and how he can be. Barack Obama stepped onto the national political stage when the then-Illinois State senator addressed the 2004 Democratic National Convention. Soon after Obama was elected to the U.S. Senate, author Jerome Corsi began researching Obama's personal and political background. Scrupulously sourced with more than 600 footnotes, *The Obama Nation* is the result of that research. By tracing Obama's career and influences from his early years in Hawaii and Indonesia, the beginnings of his political career in Chicago, his voting record in the Illinois legislature, his religious training and his adoption of Christianity through to his recent involvement in Kenyan politics, his political advisors and fundraising associates and his meteoric campaign for president, Jerome Corsi shows that an Obama presidency would, in his words, be "a repeat of the failed extremist politics that have characterized and plagued Democratic Party politics since the late

1960s." In this stunning and comprehensive new book, the reader will learn about: Obama's extensive connections with Islam and radical politics, from his father and step-father's Islamic backgrounds, to his Communist and socialist mentors in Hawaii and Chicago, to his long-term and close associations with former Weather Underground heroes William Ayers and Bernadette Dohrn -- associations much closer than heretofore revealed by the press. Barack and Michelle's 20-year-long religious affiliation with the black-liberation theology of former Trinity United Church of Christ Reverend Jeremiah Wright, whose sermons have always been steeped in a rage first expressed by Franz Fanon , Stokely Carmichael and Malcolm X, a rage that Corsi shows has deep meaning for Obama. Obama's continuing connections with Kenya, the homeland of his father, through his support for the candidacy of Raila Odinga, the radical socialist presidential contender who came to power amid Islamist violence and church burnings. Obama's involvement in the slum-landlord empire of the Chicago political fixer Tony Rezko, who helped to bankroll Obama's initial campaigns and to purchase of Barack and Michelle's dream-home property. The background and techniques of the Obama campaign's cult of personality, including the derivation of the words "hope" and change." Obama's far-left domestic policy, his controversial votes on abortion, his history of opposition to the Second Amendment, his determination to raise capital-gains taxes, his impractical plan to achieve universal health care, and his radical plan to tax Americans to fund a global-poverty-reduction program. Obama's naïve, anti-war, anti-nuclear foreign-policy, predicated on the reduction of the military, the eradication of nuclear weapons and an overconfidence in the power of his personality, as if belief in change alone could somehow transform international politics, achieve nuclear-weapons disarmament and withdrawal from Iraq without adverse consequences, for us, for the

Iraqis or for Israel. Meticulously researched and documented, *The Obama Nation* is the definitive source for information on why and how Barack Obama must be defeated -- not by invective and general attacks, but by detailed arguments that are well-researched and fact-based.

The Audacity of Hope Sep 02 2022 #1 NEW YORK TIMES BESTSELLER • Barack Obama's lucid vision of America's place in the world and call for a new kind of politics that builds upon our shared understandings as Americans, based on his years in the Senate "In our lowdown, dispiriting era, Obama's talent for proposing humane, sensible solutions with uplifting, elegant prose does fill one with hope."—Michael Kazin, *The Washington Post* In July 2004, four years before his presidency, Barack Obama electrified the Democratic National Convention with an address that spoke to Americans across the political spectrum. One phrase in particular anchored itself in listeners' minds, a reminder that for all the discord and struggle to be found in our history as a nation, we have always been guided by a dogged optimism in the future, or what Obama called "the audacity of hope." *The Audacity of Hope* is Barack Obama's call for a different brand of politics—a politics for those weary of bitter partisanship and alienated by the "endless clash of armies" we see in congress and on the campaign trail; a politics rooted in the faith, inclusiveness, and nobility of spirit at the heart of "our improbable experiment in democracy." He explores those forces—from the fear of losing to the perpetual need to raise money to the power of the media—that can stifle even the best-intentioned politician. He also writes, with surprising intimacy and self-deprecating humor, about settling in as a senator, seeking to balance the demands of public service and family life, and his own deepening religious commitment. At the heart of this book is Barack Obama's vision of how we can move beyond our divisions to tackle concrete problems. He examines the

growing economic insecurity of American families, the racial and religious tensions within the body politic, and the transnational threats—from terrorism to pandemic—that gather beyond our shores. And he grapples with the role that faith plays in a democracy—where it is vital and where it must never intrude. Underlying his stories is a vigorous search for connection: the foundation for a radically hopeful political consensus. Only by returning to the principles that gave birth to our Constitution, Obama says, can Americans repair a political process that is broken, and restore to working order a government that has fallen dangerously out of touch with millions of ordinary Americans. Those Americans are out there, he writes—“waiting for Republicans and Democrats to catch up with them.”

Barack Obama Jan 18 2024 The groundbreaking multigenerational biography, a richly textured account of President Obama and the forces that shaped him and sustain him, from Pulitzer Prize–winning reporter, political commentator, and acclaimed biographer David Maraniss. In *Barack Obama: The Story*, David Maraniss has written a deeply reported generational biography teeming with fresh insights and revealing information, a masterly narrative drawn from hundreds of interviews, including with President Obama in the Oval Office, and a trove of letters, journals, diaries, and other documents. The book unfolds in the small towns of Kansas and the remote villages of western Kenya, following the personal struggles of Obama’s white and black ancestors through the swirl of the twentieth century. It is a roots story on a global scale, a saga of constant movement, frustration and accomplishment, strong women and weak men, hopes lost and deferred, people leaving and being left. Disparate family threads converge in the climactic chapters as Obama reaches adulthood and travels from Honolulu to Los Angeles to New York to Chicago, trying to make sense of his past, establish his own

identity, and prepare for his political future. *Barack Obama: The Story* chronicles as never before the forces that shaped the first black president of the United States and explains why he thinks and acts as he does. Much like the author's classic study of Bill Clinton, *First in His Class*, this promises to become a seminal book that will redefine a president.

An Obama's Journey Oct 15 2023 In this revealing and beautifully written memoir, Mark Obama Ndesandjo, recounts his complex relationship with his older half-brother, President Barack Obama, including their first meeting in Kenya over twenty years ago. The book also offers the author's inspiring personal story about identity and multiculturalism. Rare family photos add to the book's personal nature as does the intense recounting of domestic violence in the home of Barack Obama Sr.'s and his third wife, Ruth Baker, Mark's Jewish-American mother. The book also attempts to set the records straight on several points of the president's best-selling memoir *Dreams from My Father*. In its connection to President Obama, Mark's story takes on an even greater significance because it becomes all the more directly, a story of American identity and a window into the complex figure of the father they share, Barack Obama Sr., their roots in Kenya, their multicultural identities, and their relationships with America.

Barack Obama's Family Tree May 22 2024 Surveys President Obama's family background, including his American grandparents and mother and his Kenyan father and extended family.

Stealing America Aug 01 2022 WHY HILLARY, OBAMA, AND THE ENTIRE DEMOCRATIC PARTY ARE NO BETTER THAN A GANG OF THIEVES In the fall of 2014, outspoken author and filmmaker Dinesh D'Souza found himself hauled into federal court for improperly donating money to an old friend's Senate campaign. D'Souza pleaded guilty and was sentenced to eight months in a state-run confinement center. There he lived among

hardened criminals—drug dealers, thieves, gangbangers, rapists, and murderers. Now the bestselling author explains how this experience not only changed his life, but fundamentally transformed his view of his adopted country. Previously, D’Souza had seen America through the eyes of a grateful immigrant who became successful by applying and defending conservative principles. Again and again, D’Souza made the case that America is an exceptional nation, fundamentally fair and just. In book after book, he argued against liberalism as though it were a genuine movement of ideas capable of being engaged and refuted. But his prolonged exposure to the criminal underclass provided an eye-opening education in American realities. In the view of hardened criminals, D’Souza learned, America is anything but fair and just. Instead, it is a jungle in which various armed gangs face off against one another, with the biggest and most powerful gangs inhabiting the federal government. As for American liberalism, it is not a movement of ideas at all but a series of scams and cons aimed at nothing less than stealing the entire wealth of the nation, built up over more than two centuries: the total value of the homes, the lifelong savings of the people, the assets of every industry, and all the funds allocated to health and education and every other service, both public and private. “The thieves I am speaking about want all of it.” And who are the leading figures in this historically ambitious scam that has turned the federal government into a vast and unprecedented shakedown scheme? Why, none other than Barack Obama and Hillary Clinton – the current leaders of the Democratic Party. This pair of smooth-talking con artists, trained in the methods of radical activist Saul Alinsky, have taken his crude but effective political shakedown techniques to a level even he never dreamed of. As the nation approaches a crucial election in 2016, *Stealing America* is an urgent wakeup call for all Americans who want to prevent this theft from being completed by eight more

years of Democratic rule.

The Roots of Defeat: The Clintons, Obama, and the Decline of the Democrats Dec 25 2021 This book takes you behind today's headlines to reveal the enormous social and economic changes that created an opening for Donald Trump to appeal to white working class voters in the Midwest. The Roots of Defeat tells the story of the New Deal Democratic Party and how changes in the world economy brought it down in the 1970s. The book is stuffed with insights about how President Bill Clinton then created the new Third Way Democratic Party and how Barack Obama closely followed the Clinton model during his presidency. Mr. Pearson weaves an intricate tale of rapid economic change mixing with savage political competition. Mr. Pearson writes, 'Since the 1970s, the U.S. has suffered through a series of recessions that were followed by ever slower, weaker economic recoveries. The cumulative effect is enormous social change.

American Tapestry Feb 07 2023 A remarkable history of First Lady Michelle Obama's mixed ancestry, *American Tapestry* by Rachel L. Swarns is nothing less than a breathtaking and expansive portrait of America itself. In this extraordinary feat of genealogical research—in the tradition of *The Hemmingeses of Monticello* and *Slaves in the Family*—author Swarns, a respected Washington-based reporter for the New York Times, tells the fascinating and hitherto untold story of Ms. Obama's black, white, and multiracial ancestors; a history that the First Lady herself did not know. At once epic, provocative, and inspiring, *American Tapestry* is more than a true family saga; it is an illuminating mirror in which we may all see ourselves.

The Amateur Mar 08 2023 Argues the President Obama is arrogant and incompetent and discusses how his wife wields immense control over him, the real reason Rahm Emmanuel left the White House, and how Obama has forgotten and ignored

those who helped put him in power.

Not Even Past Oct 23 2021 The paradox of racial inequality in Barack Obama's America Barack Obama, in his acclaimed campaign speech discussing the troubling complexities of race in America today, quoted William Faulkner's famous remark "The past isn't dead and buried. In fact, it isn't even past." In *Not Even Past*, award-winning historian Thomas Sugrue examines the paradox of race in Obama's America and how President Obama intends to deal with it. Obama's journey to the White House undoubtedly marks a watershed in the history of race in America. Yet even in what is being hailed as the post-civil rights era, racial divisions—particularly between blacks and whites—remain deeply entrenched in American life. Sugrue traces Obama's evolving understanding of race and racial inequality throughout his career, from his early days as a community organizer in Chicago, to his time as an attorney and scholar, to his spectacular rise to power as a charismatic and savvy politician, to his dramatic presidential campaign. Sugrue looks at Obama's place in the contested history of the civil rights struggle; his views about the root causes of black poverty in America; and the incredible challenges confronting his historic presidency. Does Obama's presidency signal the end of race in American life? In *Not Even Past*, a leading historian of civil rights, race, and urban America offers a revealing and unflinchingly honest assessment of the culture and politics of race in the age of Obama, and of our prospects for a postracial America.

A Singular Woman May 10 2023 From the author of *The Beneficiary: Fortune, Misfortune and the Story of My Father* comes a major publishing event: an unprecedented look into the life of the woman who most singularly shaped Barack Obama—his mother. Barack Obama has written extensively about his father, but little is known about Stanley Ann Dunham, the fiercely independent woman who raised him, the person he credits for, as he says,

"what is best in me." Here is the missing piece of the story. Award-winning reporter Janny Scott interviewed nearly two hundred of Dunham's friends, colleagues, and relatives (including both her children), and combed through boxes of personal and professional papers, letters to friends, and photo albums, to uncover the full breadth of this woman's inspiring and untraditional life, and to show the remarkable extent to which she shaped the man Obama is today. Dunham's story moves from Kansas and Washington state to Hawaii and Indonesia. It begins in a time when interracial marriage was still a felony in much of the United States, and culminates in the present, with her son as our president—something she never got to see. It is a poignant look at how character is passed from parent to child, and offers insight into how Obama's destiny was created early, by his mother's extraordinary faith in his gifts, and by her unconventional mothering. Finally, it is a heartbreaking story of a woman who died at age fifty-two, before her son would go on to his greatest accomplishments and reflections of what she taught him.

Reading Obama Nov 23 2021 Looks at the origins of President Obama's ideas, influences, understanding of American history, and interest in compromise, and explains why his aversion to absolutes does not fit in contemporary partisan politics.

Dreams from My Father Jun 30 2022 #1 NEW YORK TIMES BESTSELLER • ONE OF ESSENCE'S 50 MOST IMPACTFUL BLACK BOOKS OF THE PAST 50 YEARS In this iconic memoir of his early days, Barack Obama "guides us straight to the intersection of the most serious questions of identity, class, and race" (The Washington Post Book World). "Quite extraordinary."—Toni Morrison In this lyrical, unsentimental, and compelling memoir, the son of a black African father and a white American mother searches for a workable meaning to his life as a black American. It begins in New York, where Barack Obama

learns that his father—a figure he knows more as a myth than as a man—has been killed in a car accident. This sudden death inspires an emotional odyssey—first to a small town in Kansas, from which he retraces the migration of his mother’s family to Hawaii, and then to Kenya, where he meets the African side of his family, confronts the bitter truth of his father’s life, and at last reconciles his divided inheritance. Praise for *Dreams from My Father*

“Beautifully crafted . . . moving and candid . . . This book belongs on the shelf beside works like James McBride’s *The Color of Water* and Gregory Howard Williams’s *Life on the Color Line* as a tale of living astride America’s racial categories.”—Scott Turow

“Provocative . . . Persuasively describes the phenomenon of belonging to two different worlds, and thus belonging to neither.”—The New York Times Book Review

“Obama’s writing is incisive yet forgiving. This is a book worth savoring.”—Alex Kotlowitz, author of *There Are No Children Here*

“One of the most powerful books of self-discovery I’ve ever read, all the more so for its illuminating insights into the problems not only of race, class, and color, but of culture and ethnicity. It is also beautifully written, skillfully layered, and paced like a good novel.”—Charlayne Hunter-Gault, author of *In My Place*

“*Dreams from My Father* is an exquisite, sensitive study of this wonderful young author’s journey into adulthood, his search for community and his place in it, his quest for an understanding of his roots, and his discovery of the poetry of human life. Perceptive and wise, this book will tell you something about yourself whether you are black or white.”—Marian Wright Edelman

Michelle Obama Apr 16 2021 This is the inspiring story of a modern American icon, the first comprehensive account of the life and times of Michelle Obama. With disciplined reporting and a storyteller’s eye for revealing detail, Peter Slevin follows Michelle to the White House from her working-class childhood on

Chicago's largely segregated South Side. He illuminates her tribulations at Princeton University and Harvard Law School during the racially charged 1980s and the dilemmas she faced in Chicago while building a high-powered career, raising a family, and helping a young community organizer named Barack Obama become president of the United States. From the lessons she learned in Chicago to the messages she shares as one of the most recognizable women in the world, the story of this First Lady is the story of America. *Michelle Obama: A Life* is a fresh and compelling view of a woman of unique achievement and purpose.

Obama's America Apr 21 2024 Argues that President Obama intends to weaken America so that other nations may rise in the name of global fairness, claiming that a second Obama term would bring about defense cuts and increased dependence on foreign energy.

The People Vs. Barack Obama Jul 20 2021 American conservative political commentator, Ben Shapiro presents his arguments of wrong doings by the Obama administration.

Radical-in-Chief Dec 17 2023 Journalist Stanley Kurtz examines the politics of Barack Obama, focusing on his alleged socialist convictions, and suggesting that Obama's visions for the United States and long-term strategy are influenced by connections to radical groups and the Socialist Scholars Conferences.

The New New Deal Apr 09 2023 A riveting story about change in the Obama era--and an essential handbook for voters who want the truth about the president, his record, and his enemies by "TIME" senior correspondent Grunwald.

The American Political Tradition Mar 16 2021 The American Political Tradition is one of the most influential and widely read historical volumes of our time. First published in 1948, its elegance, passion, and iconoclastic erudition laid the groundwork for a totally new understanding of the American past. By writing a

"kind of intellectual history of the assumptions behind American politics," Richard Hofstadter changed the way Americans understand the relationship between power and ideas in their national experience. Like only a handful of American historians before him—Frederick Jackson Turner and Charles A. Beard are examples—Hofstadter was able to articulate, in a single work, a historical vision that inspired and shaped an entire generation.

Alter Egos Feb 24 2022 "An inside account of Hillary Clinton's relationship with Barack Obama that brims with insight and high-level intrigue."—Jane Mayer, bestselling author of *Dark Money* The deeply reported story of two trailblazers who share a common sense of their historic destiny but hold very different beliefs about how to project American power—from veteran New York Times White House correspondent Mark Landler In the annals of American statecraft, theirs was a most unlikely alliance. Clinton, daughter of an anticommunist father, was raised in the Republican suburbs of Chicago in the aftermath of World War II, nourishing an unshakable belief in the United States as a force for good in distant lands. Obama, an itinerant child of the 1970s, was raised by a single mother in Indonesia and Hawaii, suspended between worlds and a witness to the less savory side of Uncle Sam's influence abroad. Clinton and Obama would later come to embody competing visions of America's role in the world: his, restrained, inward-looking, painfully aware of limits; hers, hard-edged, pragmatic, unabashedly old-fashioned. Spanning the arc of Obama's two terms, *Alter Egos* goes beyond the speeches and press conferences to the Oval Office huddles and South Lawn strolls, where Obama and Clinton pressed their views. It follows their evolution from bitter rivals to wary partners, and then to something resembling rivals again, as Clinton defined herself anew and distanced herself from her old boss. In the process, it counters the narrative that, during her years as secretary of state, there was

no daylight between them, that the wounds of the 2008 campaign had been entirely healed. The president and his chief diplomat parted company over some of the biggest issues of the day: how quickly to wind down the wars in Iraq and Afghanistan; whether to arm the rebels in Syria; how to respond to the upheaval in Egypt; and whether to trust the Russians. In Landler's gripping account, we venture inside the Situation Room during the raid on Osama bin Laden's compound, watch Obama and Clinton work in tandem to salvage a conference on climate change in Copenhagen, and uncover the secret history of their nuclear diplomacy with Iran—a story with a host of fresh disclosures. With the grand sweep of history and the pointillist detail of an account based on insider access—the book draws on exclusive interviews with more than one hundred senior administration officials, foreign diplomats, and friends of Obama and Clinton—Mark Landler offers the definitive account of a complex, profoundly important relationship.

The Faith of Barack Obama Feb 12 2021 Explores the religious background of Barack Obama, examines his relationship with the Reverend Jeremiah Wright at Trinity United Church of Christ in Chicago, and discusses how his beliefs shape his personal and political life.

The Worst President in History Dec 05 2022 An Amazon Bestseller! The Most Comprehensive Takedown of the Obama Presidency! “If you want to know why the history books will have a dim view of Barack Obama, this is the book to read.”—John Hawkins, Right Wing News and Townhall.com The presumption of Barack Obama's presidential greatness began before he even won the presidency. Now that he's out of office, presidential “experts” and historians are ranking Obama as one of our nation's greatest presidents, placing him amongst Washington, Lincoln, Jefferson, and Truman. Obama's presidency was certainly consequential, but it was by no means great. Did Barack

Obama really save America from another Great Depression? Did he really unite America or improve America's global image? Did he really usher in a new era of post-partisanship and government transparency? Did he really expand health coverage while lowering costs and cutting taxes? Did he really make America safer and stronger than it was when he first took office? According to his supporters in the media, Hollywood, and academia, he did. But they are wrong. And they're working aggressively to ensure their version of Obama's legacy is written into the history books. How can you discover and protect the truth? Matt Margolis and Mark Noonan have compiled everything you need to know about the presidency of Barack Obama into a single source. First published in 2016, this book has now been updated to include the entirety of Obama's presidency, and the shocking details that have come to light since he left office. *The Worst President in History: The Legacy of Barack Obama* compiles two hundred inconvenient truths about Obama's presidency—the facts that define his legacy: his real impact on the economy; the disaster that is Obamacare; his shocking abuses of taxpayer dollars; his bitterly divisive style of governing; his shameless usurping of the Constitution; his many scandals and cover-ups; his policy failures at home and abroad; the unprecedented expansion of government power...and more. In his farewell address to supporters on January 11, 2017, Barack Obama declared, "By almost every measure, America is a better, stronger place than it was when we started." This book destroys that narrative, putting Obama's presidency into historical context and offering an avalanche of facts that simply cannot be ignored. All of these facts are now at your fingertips in a single source. *The Worst President in History: The Legacy of Barack Obama* is your ultimate guide to Obama's real presidential record—the record he'd like history to forget.

[Reading Obama](#) Aug 21 2021 A leading intellectual historian

traces the origins of Barack Obama's ideas Derided by the Right as dangerous and by the Left as spineless, Barack Obama puzzles observers. In *Reading Obama*, James T. Kloppenberg reveals the sources of Obama's ideas and explains why his principled aversion to absolutes does not fit contemporary partisan categories.

Obama's commitments to deliberation and experimentation derive from sustained engagement with American democratic thought. In a new preface, Kloppenberg explains why Obama has stuck with his commitment to compromise in the first three years of his presidency, despite the criticism it has provoked. *Reading Obama* traces the origins of his ideas and establishes him as the most penetrating political thinker elected to the presidency in the past century. Kloppenberg demonstrates the influences that have shaped Obama's distinctive worldview, including Nietzsche and Niebuhr, Ellison and Rawls, and recent theorists engaged in debates about feminism, critical race theory, and cultural norms. Examining Obama's views on the Constitution, slavery and the Civil War, the New Deal, and the civil rights movement, Kloppenberg shows Obama's sophisticated understanding of American history. Obama's interest in compromise, reasoned public debate, and the patient nurturing of civility is a sign of strength, not weakness, Kloppenberg argues. He locates its roots in Madison, Lincoln, and especially in the philosophical pragmatism of William James and John Dewey, which nourished generations of American progressives, black and white, female and male, through much of the twentieth century, albeit with mixed results. *Reading Obama* reveals the sources of Obama's commitment to democratic deliberation: the books he has read, the visionaries who have inspired him, the social movements and personal struggles that have shaped his thinking. Kloppenberg shows that Obama's positions on social justice, religion, race, family, and America's role in the world do not stem from a desire to

please everyone but from deeply rooted—although currently unfashionable—convictions about how a democracy must deal with difference and conflict.

Barack Obama: Vision of Hope Sep 21 2021 ? New Release: "Barack Obama: Vision of Hope" ?? Dive into the inspiring journey of one of the most influential figures of our time in "Barack Obama: Vision of Hope." Add it to your library and embark on an extraordinary journey through the life of a man who changed the course of history. ?

They Said This Day Would Never Come May 30 2022 The thrilling, unlikely story of Barack Obama's first presidential campaign, as told by the volunteers and staff who propelled the longshot candidate to the presidency In the year leading up to the Iowa caucuses, few thought a freshman senator named Barack Hussein Obama would be able to win the Democratic nomination--not to mention become the most popular leader in the world. But something was stirring. Hundreds of young people from all over the country began assembling first in Iowa. These "kids" became the foundation of one of the most improbable presidential campaigns of the modern era. Chris Liddell-Westefeld was one of those kids. He and thousands of other staff and volunteers dedicated every minute of their time, intelligence, and resources to help elect Barack Obama, as what started in the midwest spread nationwide. Drawn from more than 200 interviews with alumni including David Axelrod, David Plouffe, Alyssa Mastromonaco, Dan Pfeiffer, Valerie Jarrett, Josh Earnest, Tommy Vietor, Jon Favreau, and President Obama himself, *They Said This Day Would Never Come* takes readers deep inside the most inspirational presidential campaign in recent history.

The Obamas Feb 19 2024 "Fascinating...adds many interesting details to what we know of the President's heritage." --David Remnick, *TheNewYorker.com* On January 20, 2009, a few hundred men, women, and children gathered under trees in the twilight at K'obama, a village on the shores of Lake Victoria in

western Kenya. Barack Obama's rise to the American presidency had captivated people around the world, but members of this gathering took a special pride in the swearing in of America's first black president, for they were all Obamas, all the president's direct African family. In the first in-depth history of the Obama family, Peter Firstbrook recounts a journey that starts in a mud hut by the White Nile and ends seven centuries later in the White House. Interweaving oral history and tribal lore, interviews with Obama family members and other Kenyans, the writings of Kenyan historians, and original genealogical research, Firstbrook sets the fascinating story of the president's family against the background of Kenya's rich culture and complex history. He tells the story of farmers and fishermen, of healers and hunters, of families lost and found, establishing for the first time the early ancestry of the Obamas. From the tribe's cradleland in southern Sudan, he follows the family generation by generation, tracing the paths of the famous Luo warriors—Obama's direct ancestors—and vividly illuminating Luo politics, society, and traditions. Firstbrook also brings to life the impact of English colonization in Africa through the eyes of President Obama's grandfather Onyango. An ambitious and disciplined man who fought in two world wars, witnessed the bloody Mau Mau insurrection, and saw his country gain independence from white rule, Onyango was also hot-tempered and autocratic: family lore has it that President Obama's grandmother abandoned the family after Onyango attempted to murder her. And Firstbrook delves into the troubled life of Obama's father, a promising young man whose aspirations were stymied by post-independence tribal politics and a rash tendency toward self-destruction—two factors that his family believes contributed to his death in 1982. They say it was no accident, as described in the president's memoirs, but rather a politically motivated hit job. More than a tale of love and war, hardship and

hard-won success, *The Obamas* reveals a family history—epic in scope yet intimate in feel—that is truly without precedent.

Dreams from My Father (Adapted for Young Adults) Sep 14 2023 Now adapted for young adults—the #1 New York Times bestselling memoir, which Toni Morrison called “quite extraordinary,” offers an intimate look at Barack Obama’s early days. This is a compelling journey tracing the future 44th president's odyssey through family, race, and identity. A revealing portrait of a young Black man asking questions about self-discovery and belonging—long before he became one of the most important voices in America. This unique edition includes a new introduction from the author, full-color photo insert, and family tree. The son of a white American mother and a Black Kenyan father, Obama was born in Hawaii, where he lived until he was six years old, when he moved with his mother and stepfather to Indonesia. At twelve, he returned to Hawaii to live with his grandparents. Obama brings readers along as he faces the challenges of high school and college, living in New York, becoming a community organizer in Chicago, and traveling to Kenya. Through these experiences, he forms an enduring commitment to leadership and justice. Told through the lens of his relationships with his family—the mother and grandparents who raised him, the father he knows more as a myth than as a man, and the extended family in Kenya he meets for the first time—Obama confronts the complicated truth of his father’s life and legacy and comes to embrace his divided heritage. On his journey to adulthood from a humble background, he forges his own path through trial and error while staying connected to his roots. Barack Obama is determined to lead a life of purpose, service, and authenticity. This powerful memoir will inspire readers to examine both where they come from and where they are capable of going.
