“A bold and passionate new collection... Intimacy is rarely conveyed as gracefully as in Bass’s lustrous poems.” —Booklist Indigo, the newest collection by Ellen Bass, merges elegy and praise poem in an exploration of life’s complexities. Whether her subject is oysters, high heels, a pork chop, a beloved dog, or a wife’s return to health, Bass pulls us in with exquisite immediacy. Her lush and precisely observed descriptions allow us to feel the sheer primal pleasure of being alive in our own “succulent skin,” the pleasure of the gifts of hunger, desire, touch. In this book, joy meets regret, devotion meets dependence, and most importantly, the poet so in love with life and living begins to look for the point where the price of aging overwhelms the rewards of staying alive. Bass is relentless in her advocacy for the little pleasures all around her. Her gaze is both expansive and hyperfocused, celebrating (and eulogizing) each gift as it is given and taken, while also taking stock of the larger arc. She draws the lines between generations, both remembering her parents’ lives and deaths and watching her own children grow into the space that she will leave behind. Indigo shows us the beauty of this cycle, while also documenting the deeply human urge to resist change and hang on to the life we have, even as it attempts to slip away. The author discusses the attraction he feels to the landscape of the Yaak Valley in extreme, northwest Montana where he has lived for twenty-one years, and meditates on what drew him to the place, the challenges he faced moving and adjusting to life in a climate very different than he had known before, and how the place has changed him. As the mental health reporter for the Boston Globe, Alison Bass's front-page reporting on conflicts of interest in medical research stunned readers, and her series on sexual misconduct among psychiatrists earned a Pulitzer Prize nomination. Now she turns her investigative skills to a controversial case that exposed the increased suicide rates among adolescents taking antidepressants such as Paxil, Prozac, and Zoloft. Side Effects tells the tale of a gutsy assistant attorney general who, along with an unlikely whistle-blower at an Ivy League university, uncovered evidence of deception behind one of the most successful drug campaigns in history. Paxil was the world's bestselling antidepressant in 2002. Pediatric prescriptions soared, even though there was no proof that the drug performed any better than sugar pills in treating children and adolescents, and the real risks the drugs posed were withheld from the public. The New York State Attorney General's office brought an unprecedented lawsuit against giant manufacturer GlaxoSmithKline, the maker of Paxil, for consumer fraud. The successful suit launched a tidal wave

of protest that changed the way drugs are tested, sold, and marketed in this country. With meticulous research, Alison Bass shows us the underbelly of the pharmaceutical industry. She lays bare the unhealthy ties between the medical establishment, big pharma, and the FDA—relationships that place vulnerable children and adults at risk every day. The black bass is not only the most popular American gamefish, fished for by millions, but is also one of the country's most iconic creatures, embodying many of the traits and virtues we like to think of as typically American. And yet, despite the hundreds of "how-to" books published on bass fishing over the years, few if any authors have stepped back to examine the bass's place in the natural world, to honor its virtues, and describe its remarkable adaptations to an ever-changing environment as it spread from its original home in the continent's middle to 49 out of the 50 states. Bass tournaments with huge cash prizes, overpowered bass boats, glitzy bass fishing programs on TV. That's what people think of when they think of bass—a heavily commercialized, over-the-top commodity involving big bucks and crowds. That the bass can also be a creature of the quiet, forgotten places, the beautiful wild places, is a story that has been drowned beneath all the bassy hype and buzz. In *Summer of the Bass; My Love Affair with America's Greatest Fish*, prizewinning novelist and dedicated fly-fisher W. D. Wetherell sets out to change our views of the smallmouth and largemouth, restoring them to their status as one of the world's truly great fishes. Part natural history, part cultural investigation, part memoir, *Summer of the Bass*, in its whole-hearted, lyrical celebration of the bass's many virtues, gives America's greatest fish the classic it has long deserved. Skyhorse Publishing is proud to publish a broad range of books for fishermen. Our books for anglers include titles that focus on fly fishing, bait fishing, fly-casting, spin casting, deep sea fishing, and surf fishing. Our books offer both practical advice on tackle, techniques, knots, and more, as well as lyrical prose on fishing for bass, trout, salmon, crappie, baitfish, catfish, and more. While not every title we publish becomes a New York Times bestseller or a national bestseller, we are committed to publishing books on subjects that are sometimes overlooked by other publishers and to authors whose work might not otherwise find a home. I can confirm that should you ever find yourself on stage playing the bass guitar with three left hands, it is usually the one in the middle that is the real one. The other two are probably phantoms. *Playing the Bass with Three Left Hands* tells the story of one of the most influential, revered and ultimately demented British bands of the 1980s, Spacemen 3. In classic rock n roll style they split up on the brink of their major breakthrough. As the decade turned sour and acid house hit the news, Rugby's finest imploded spectacularly, with Jason Pierce (aka Jason Spaceman) and Pete Kember (aka Sonic Boom) going their separate ways. Here, Will Carruthers tells the whole sorry story and the segue into *Spiritualised* in one of the funniest and most memorable memoirs committed to the page. This superbly illustrated book celebrates bass fishing from its wildly popular nostalgic past to today's primetime pro-tour events. Includes shrewd advice on hardware, environmental factors on fishing times and over 250 photos. Must reading for trophy bass hunters. After 20 years of research, Hannon reveals his secrets for catching huge largemouth bass. *Merry Christmas and Happy Ice Queen!* Fourteen-year-old Josey and her ten-year-old, video-game-obsessed brother, Mason, live in Baudette, Minnesota, the Walleye Capital of the World. Their family owns and operates Baxter's Bait Shop, a town landmark. Every year before Christmas, Baudette hosts an ice-fishing tournament called the Ice Queen that draws thousands of anglers and generates a lot of money for local businesses. First place prize for catching the largest fish is \$10,000, but it's the \$20,000 grand prize that consumes everyone. To win the title of Ice Queen, the walleye must beat the Minnesota record of 18.6 pounds. The current Ice Queen was caught 61 years ago by resident Augustus Moss. No one has been able to break the state record and claim the grand prize since then. Moss passed away several years ago, but his only granddaughter, recluse Winnie Moss, still lives just outside town. The week of the Ice Queen contest, Josey and Mason learn heartbreaking news. Their family owes a large debt and will lose the bait shop at the end of the week unless they can repay it. The two seem to have no other option but to catch the new Ice Queen and win the money. But first they have to find the Lost City, a mysterious hidden spot where Augustus caught his record walleye. Gigantic walleyes

and a search for the legendary Lost City await the pair. The only person that can help them is a loner who hates everything about the Ice Queen. Can the two kids catch the Ice Queen and save the family bait shop? Sitting tall in the saddle, with a wide-brimmed black hat and twin Colt pistols on his belt, Bass Reeves seemed bigger than life. Outlaws feared him. Law-abiding citizens respected him. As a peace officer, he was cunning and fearless. When a lawbreaker he The years 1967-2017 recorded a shift in the pecking order of sport fishing in America. The coveted Lordly Trout was pushed off the angling throne by redneck, hairy-legged fishermen dedicated to pursuing the black bass. (Book). When Leo Fender added a bass to his growing family of instruments 50 years ago, he created a new world for musicians and revolutionized an industry in the process. Using hundreds of photographs, this exciting release chronicles the evolution of that instrument from 1951 to 2001, providing background, history and highly researched facts vital to understanding everything about this remarkable member of the Fender family. A must for all music fans! In 2015 conceptual artist Chloë Bass began a chronicle of one-on-one social interactions, beginning with the question "How do we know when we're really together?" Through performance, interactive experience, text installation, interview and photography, Bass explores the pair relationship, expanding ideas of place, history, activity, and distance Featured on NPR's The Writer's Almanac "Ellen Bass's new poetry collection, Like a Beggar, pulses with sex, humor and compassion."—The New York Times "Bass tries to convey everyday wonder on contemporary experiences of sex, work, aging, and war. Those who turn to poetry to become confidants for another's stories and secrets will not be disappointed."—Publishers Weekly "In her fifth book of poetry, Bass addresses everything from Saturn's rings and Newton's law of gravitation to wasps and Pablo Neruda. Her words are nostalgic, vivid, and visceral. Bass arrives at the truth of human carnality rooted in the extraordinary need and promise of the individual. Bass shows us that we are as radiant as we are ephemeral, that in transience glistens resilient history and the remarkable fluidity of connection. By the collection's end—following her musings on suicide and generosity, desire and repetition—it becomes lucidly clear that Bass is not only a poet but also a philosopher and a storyteller."—Booklist Ellen Bass brings a deft touch as she continues her ongoing interrogations of crucial moral issues of our times, while simultaneously delighting in endearing human absurdities. From the start of Like a Beggar, Bass asks her readers to relax, even though "bad things are going to happen," because the "bad" gets mined for all manner of goodness. From "Another Story": After dinner, we're drinking scotch at the kitchen table. Janet and I just watched a NOVA special and we're explaining to her mother the age and size of the universe— the hundred billion stars in the hundred billion galaxies. Dotty lives at Dominican Oaks, making her way down the long hall. How about the sun? she asks, a little farmshit in the endlessness. I gather up a cantaloupe, a lime, a cherry, and start revolving this salad around the chicken carcass. This is the best scotch I ever tasted, Dotty says, even though we gave her the Maker's Mark while we're drinking Glendronach... Ellen Bass's poetry includes Like A Beggar (Copper Canyon Press, 2014), The Human Line (Copper Canyon Press, 2007), which was named a Notable Book by the San Francisco Chronicle, and Mules of Love (BOA, 2002), which won the Lambda Literary Award. She co-edited (with Florence Howe) the groundbreaking No More Masks! An Anthology of Poems by Women (Doubleday, 1973). Her work has frequently been published in The New Yorker, American Poetry Review, The New Republic, The Sun and many other journals. She is co-author of several non-fiction books, including The Courage to Heal: A Guide for Women Survivors of Child Sexual Abuse (HarperCollins, 1988, 2008) which has sold over a million copies and been translated into twelve languages. She is part of the core faculty of the MFA writing program at Pacific University. A candid self-portrait by the \*NSYNC pop group artist describes his childhood, career experiences, Russian cosmonaut training, and more, in a revealing account that also discusses his homosexuality and initial efforts to hide his orientation in order to safeguard the band's success. Reprint. Rock Conrad was set to begin the best and final year of his high school education, but a freak accident changes everything, including Polk High's fishing dream team. Aligned to Common Core Standards and correlated to state standards. Chapter Books is an

imprint of Spotlight, a division of ABDO. Rick Bass's *Fortunate Son* is a literary tour of the Lone Star State by a native Texan of exceptional talent. The essays encompass a Texas that is both lost and found, past and present. The stories reach from Galveston Bay to the Hill Country outside Austin, and from Houston in the 1960s to today. They are bound together by a deep love and a keen eye for the land and its people and by an appreciation for what is given, a ruefulness for what is lost, and a commitment to save what can be saved. "This is a journalist's Texas scrapbook, then: a firefighting story, a musical pilgrimage, a ramble in Texas's tiniest public wilderness (one of only five in the entire state). Fishing with my father and uncle on a lake that is partly in Texas and partly in Louisiana; flying around the borders of Texas—usually defined by water, a resource that will vanish in much of the state within our lifetime; hanging out at my parents' cattle farm down near Goliad; reading the work of Texans before me."—from the Introduction

Three days of camping and fishing with best friends - what could possibly go wrong? Bobby thought a trip down the Cass River with his three best friends sounded like a great idea. They had a four-day fall break and were looking for an exciting adventure during the Halloween weekend. Just weeks earlier, their science teacher, Mr. Hill, had shown them pictures of a giant northern pike. These huge fish came up out of their deep hiding spots in the fall to feast before the long, cold winter. His pictures showed a fish with razor sharp teeth and a head that looked like a tank. The pike captured the boys' hearts, and they wanted to experience catching a "River King" too. As the trip got closer, one thought started to haunt Bobby's mind. Was he brave enough to spend two nights on a raft without any adults around? The river was wild, uncharted water for the boys. Would they be ready for the surprises and hidden challenges they'd face on it? Before putting their raft in the water to start their adventure, David's dad reminded the boys of a local ghost story. The boys had heard about the legend of Scratchy but laughed it off as just a good story designed to scare kids. Or, was it? It was a journey they would never forget. The boys thought it was just the four of them. Not long into it, they learned they weren't alone. This Halloween would be one that none of them would ever forget - if they survived to tell the tale! Winner of the 2016 Story Prize A New York Times Book Review Editors' Choice 100 Recommended Books of 2016 -- San Francisco Chronicle "A literary titan...Bass is, hands down, a master of the short form, creating in a few pages a natural world of mythic proportions." -- New York Times Book Review Long considered one of the most gifted practitioners of the short story, Rick Bass is unsurpassed in his ability to perceive and portray the enduring truths of the human heart. Now, at last, we have the definitive collection of stories, new and old, from the writer Newsweek has called "an American classic." To read his fiction is to feel more alive -- connected, incandescently, to "the brief longshot of having been chosen for the human experience," as one of his characters puts it. These pages reveal men and women living with passion and tenderness at the outer limits of the senses, each attempting to triumph against fate. Bass provides searing insights into the complexity of family and romantic entanglements, and his lush and striking language draws us ineluctably into the lives of these engaging people and their vivid surroundings. The intricate stories collected in *For A Little While* -- brimming with magic and wonder, filled with hard-won empathy, marbled throughout with astonishing imagery -- have the power both to devastate and to uplift. Together they showcase an iconic American master at his peak. Hard bound with jacket Available again, an acclaimed collection from an American master that USA Today called "Powerful . . . lyrical, vivid, engaging." Originally published twenty-five years ago, *Platte River* is one of the early collections that established Rick Bass's reputation as a master of the short form and one of the best writers of his generation. It contains three novellas of contemporary America, each informed by the mysteries of nature and the heart. Set along borders, both physical and immaterial, all of the novellas combine a spare but radiant naturalism with an outsize aspiration to folklore or myth. In the title story, a former pro linebacker living a simple, isolated life in the Canadian woods just across the border from Montana struggles with his artist girlfriend's desire to escape. Invited by his best friend from their college football days to give a talk at the school where the friend now teaches, he flies to northern Michigan. In the class the next morning, after a night fishing party on the Platte River,

what he learns brings acceptance, and a kind of salvation. In “Mahatma Joe,” a despairing evangelist living in a valley that was once so wild the people would go naked when the Chinook winds blew, announcing winter’s end, throws his fervor into planting a garden along the river, bringing purpose to the young woman who had camped there. “Field Events,” the most comic of the stories, begins when two athlete brothers spy an enormous, muscled man swimming in the river, hauling a canoe loaded with cast iron. Their plan to train him in the discus meets with complications, when the giant and their older sister find in each other the missing part that neither could articulate. (Book). The Bass Book offers a complete illustrated history of bass guitars from Fender's first in the 1950s through the models of the next 40 years that formed the foundation for modern music. The bass guitar is undoubtedly one of the most significant instruments of this century, yet this book is the first to study its history. Features original interviews with bass makers past and present, dozens of unusual, specially commissioned color photos, and a reference section that provides a wealth of information on every major manufacturer. In this book series, follow 5 different adventures from river raft camping & fishing to trying to win the ice fishing contest money in order to save the family bait shop. These books captivate kids to want to read more and get them excited about the outdoors! Each book contains a new main character, and life learning lesson for kids to take with them as they finish their read. Lane Walker aims to help kids get back into reading and off video games and technology, while giving them content they can relate to, keeping them interested in reading. A memoir of more than three decades of fishing trips, *The Mud Daddy Chronicles* follows three journalists and friends through the seasons of their lives. Mysterious omens over the years reveal that a supernatural current, an environmental warning, courses through these annual weekend quests for fish. Three young men with dreams and goals become gray-haired guys with grit and guts. These stolen weekends pile up year after year until the years and trips blend one into the other and become decades. All soon realize that a spiritual dimension accompanies these pilgrimages for smallmouth bass. Full of fishing tips (as well as plans for a potato launcher, suggestions for lures and 20+ man-and-a-pan recipes) *The Mud Daddy Chronicles* is a glimpse into a mystical and remarkable natural world while offering a cautionary tale about the environmental threats that haunt our national waterways. The stories and recipes in this book prove, too, that nothing is better than a crisp autumn morning on a boat on the water - life-long friends nearby, libations at hand and a smallmouth bass tugging on 10-pound test. A Los Angeles Times Best Book of the Year: “Uniformly excellent” stories about our relationships with each other and with the treacherous natural world (Publishers Weekly). In the title story, a man and woman travel across an eerily frozen lake—under the ice. “The Distance” casts a skeptical eye on Thomas Jefferson through the lens of a Montana man’s visit to Monticello. “Eating” begins with an owl being sucked into a canoe and ends with a man eating a town out of house and home, and “The Cave” is a stunning story of a man and woman lost in an abandoned mine. Other stories include “The Fireman,” “Swans,” “The Prisoners,” “Presidents’ Day,” “Real Town,” and “Two Deer.” Each is remarkable in its own way, sure to please both new readers and avid fans of Rick Bass’s passionate, unmistakable voice. “Bass focuses a naturalist’s eye not only on the frozen lakes and interplay of predator and prey often found in his work but also on the ebb and flow of human emotions and relationships . . . Thought-provoking and entertaining, these stories move along quickly but continue to resonate long after the reader is done; several have been anthologized in award collections.” —Library Journal “Beautiful in their magical imagery, dramatic in their situations, and exquisitely poignant in their insights, these stories of awe and loss are quite astonishing in their mythic use of place and the elements of earth, air, fire, and water.” —Booklist “Bass puts his talent as a nature writer to terrific use.” —The New York Times Book Review “Bass’s language glistens with the beauty of the landscapes he evokes.” —San Francisco Chronicle Book Review Acclaimed author Rick Bass decided to thank all of his writing heroes in person, one meal at a time, in this "rich smorgasbord of a memoir . . . a soul-nourishing, road-burning act of tribute" (New York Times Book Review). "Exuberant . . . A classic . . . This is a rich bounty of a book." --Publishers Weekly (starred review) "A master."--Boston Globe "One of the

very best writers we have."--San Francisco Chronicle "Both mythic and intimate . . . A virtuoso."--O: The Oprah Magazine "The beauty of his sentences recalls the stylistic finesse of Cormac McCarthy and Willa Cather."--Chicago Tribune From his bid to become Eudora Welty's lawn boy to the time George Plimpton offered to punch him in the nose, lineage has always been important to Rick Bass. Now at a turning point--in his midfifties, with his long marriage dissolved and his grown daughters out of the house--Bass strikes out on a journey of thanksgiving. His aim: to make a memorable meal for each of his mentors, to express his gratitude for the way they have shaped not only his writing but his life. The result, an odyssey to some of America's most iconic writers, is also a record of self-transformation as Bass seeks to recapture the fire that drove him as a young man. Along the way we join in escapades involving smuggled contraband, an exploding grill, a trail of blood through Heathrow airport, an episode of dog-watching with Amy Hempel in Central Park, and a near run-in with plague-ridden prairie dogs on the way to see Lorrie Moore, as well as heartwarming and bittersweet final meals with the late Peter Matthiessen, John Berger, and Denis Johnson. Poignant, funny, and wistful, *The Traveling Feast* is a guide to living well and an unforgettable adventure that nourishes and renews the spirit. *Jungle and Drum & Bass* was like nothing else the world had experienced before - simultaneously black and white, urban and suburban, old skool attitude and new school innovation. A socio-cultural melting pot of early 90s broken Britain seizing the wheel and taking control of the machine. Originally published in 1997, *State of Bass* explores the scene's roots through its social, cultural and musical antecedents and on to its emergence via the debate that surrounded the apparent split between jungle and drum & bass. Drawing on interviews with some of the key figures in the early years, *State of Bass* explores the sonic shifts and splinters of new variants, styles and subgenres as it charts the journey from the early days to its position as a global phenomenon. *State of Bass* extends the original text to include the award of the Mercury Prize to Reprazent for the *New Forms* album and brings new perspectives to the story of the UK's most important subterranean urban energy. How many striped bass of 60 pounds or more have you heard about? How about 70 pounds? Read the passion, dedication and plain luck to be at the right place and time. You cant plan on catching one of these giants but you can read why planning was important. Fishermen wrote these stories, about their feelings, the problems, the what if , the biggest one lost, 200 pounds of bass and.. You will wish you were there! These are precious stories because you cant find many of these fishermen and women. Some have passed on, many have moved, others are just lost in the big cities or elsewhere. With so few big bass anglers found and so few big bass caught, it is truly a rare event to have the true stories from the fishermen who caught these giants. These are the best striper anglers from boat, surf or jetty; it was their livelihood. All of them and all others in 60+ pound class are listed in the book. Some of them have disclosed the secrets they used to catch their record striped bass. It took decades of experience to find these gems. Use them yourself. T.C. Associates, Box 351, West Point, PA. 19486 email: tchecko@msn.com In 1932, a farmer named George Washington Perry decided it was too rainy to plow and went fishing. That day, George landed the largest largemouth ever recorded—twenty-two pounds four ounces. The fish has inspired and frustrated hundreds of anglers for decades. They've dedicated their lives to the pursuit of "Sowbelly"—a nearly mythical fish, whose swinelike girth holds the key to their dreams. From an L.A. cop who came within ounces of besting the record to an Alabaman who has lost his marriage and his daughter to this pursuit, Burke takes readers along for the ride in this legendary race. Bass fishing tournaments are an American phenomenon, and they are big business. This book is a brilliantly written account of a season in the tournament cycle and of the colorful people who follow this high-pressure circuit. This is the story of a wonderful life lived by a wonderful man, a legend, a friend, a man that was as true to his music as he was to his family. There will never be another in the same capacity as the one and only Willie Kent. When you open this book to start your journey, hold on to your hat. It might get a little bumpy, but you just might learn something as you take this blues cruise with WILLIE KENT. A personal and wide-ranging history of America's unofficial national gamefish.
