The State of Israel vs. the Jews Sylvain Cypel,2024-08-06 A PopMatters Best Book of the Year A perceptive study of how Israel s actions which run counter to the traditional historical values of Judaism are putting Jewish people worldwide in an increasingly untenable position now with a new introduction More than a decade ago the historian Tony Judt considered whether the behavior of Israel was becoming not only bad for Israel itself but also on a wider scale bad for the Jews Under the leadership of Benjamin Netanyahu this issue has grown ever more urgent In The State of Israel vs the Jews veteran journalist Sylvain Cypel addresses it in depth exploring Israel s rightward shift on the international scene and with regard to the diaspora Cypel reviews the little known details of the military occupation of Palestinian territory the mindset of ethnic superiority that reigns throughout an Israeli colonial camp that is largely in the majority and the adoption of new laws the most serious of which establishes two tier citizenship between Jews and non Jews He shows how Israel has aligned itself with authoritarian regimes and adopted the practices of a security state including the use of technologies such as the software that enabled the tracking and ultimately the assassination of Saudi Arabian journalist Jamal Khashoggi Lastly The State of Israel vs the Jews examines the impact of Israel s evolution in recent years on the two main communities of the Jewish diaspora in France and the United States considering how and why public figures in each differ in their approaches
