**Spiritual Merchants** Jan 08 2022 They can be found along the side streets of many American cities: herb or candle shops catering to practitioners of Voodoo, hoodoo, Santería, and similar beliefs. Here one can purchase ritual items and raw materials for the fabrication of traditional charms, plus a variety of soaps, powders, and aromatic goods known in the trade as "spiritual products." For those seeking health or success, love or protection, these potions offer the power of the saints and the authority of the African gods. In *Spiritual Merchants*, Carolyn Morrow Long provides an inside look at the followers of African-based belief systems and the retailers and manufacturers who supply them. Traveling from New Orleans to New York, from Charleston to Los Angeles, she takes readers on a tour of these shops, examines the origins of the products, and profiles the merchants who sell them. Long describes the principles by which charms are thought to operate, how ingredients are chosen, and the uses to which they are put. She then explores the commodification of traditional charms and the evolution of the spiritual products industry--from small-scale mail order "doctors" and hoodoo drugstores to major manufacturers who market their products worldwide. She also offers an eye-opening look at how merchants who are not members of the culture entered the business through the manufacture of other goods such as toiletries, incense, and pharmaceuticals. Her narrative includes previously unpublished information on legendary Voodoo queens and hoodoo workers, as well as a case study of John the Conqueror root and its metamorphosis from spirit-embodying charm to commercial spiritual product. No other book deals in such detail with both the history and current practices of African-based belief systems in the United States and the evolution of the spiritual products industry. For students of folklore or anyone intrigued by the world of charms and candle shops, *Spiritual Merchants* examines the confluence of African and European religion in the Americas and provides a colorful introduction to a vibrant aspect of contemporary culture. The Author: Carolyn Morrow Long is a preservation specialist and conservator at the the Smithsonian Institution's National Museum of American History.

**Working Conjure** Apr 10 2022 "Working Conjure is a blessing. With the increasing commodification of African American and African Diasporic traditions, books about our practices that are simple, direct, and useful seem few and far between. Hoodoo Sen Moise manages to balance a solid delivery on the practice of Conjure with just enough theory to create a foundation to do this spiritual work—which is not, as he also reminds us, spiritual easy—and to continue the work given to us by our ancestors to heal each other and the world we share."—Mambo Chita Tann, author of Haitian Vodou Conjure, also known as Hoodoo or Rootwork, is an old and powerful system of North American folk magic. Its roots derive primarily from West and Central African spiritual traditions but it developed during the slave trade and its purpose at that time was to help ease the terrible oppression experienced by the slaves. Working Conjure explores the history, culture, principles, fundamentals, and ethics of Conjure, while simultaneously serving as a practical how-to guide for actually doing the work. Author Hoodoo Sen Moise has been a practitioner for nearly forty years. In Working Conjure, his first book, he shares the techniques and lessons that will bring Hoodoo alive to those who are new to the practice as well as useful and enlightening information for the adept. In the book he: Explores the primary materials used in Conjure Features spells, rituals, and workings for various purposes Guides readers to learn how to bring this profound school of magic to life "Conjure," writes Hoodoo Sen Moise, "is not a religion or spiritual path, per se, but rather magic/spiritual work that is done to bring about change in a situation. Whether that situation is a relationship, money, a job, revenge, healing, or cleansing, the fundamental tenet of Conjure is to do work that changes the circumstance."

*Hoodoo, Voodoo, and Conjure* May 04 2024 Hoodoo, voodoo, and conjure are part of a mysterious world of African American spirituality that has long captured the popular imagination. These magical beliefs and practices have figured in literary works by such authors as Toni Morrison, Alice Walker, and Ishmael Reed, and they have been central to numerous films, such as *The Skeleton Key*. Written for students and general readers, this book is a convenient introduction to hoodoo, voodoo, and conjure. The volume begins by defining and classifying elements of these spiritual traditions. It then provides a wide range of examples and texts, which illustrate the richness of these beliefs and practices. It also examines the scholarly response to hoodoo, voodoo, and conjure, and it explores the presence of hoodoo, voodoo, and conjure in popular culture. The volume closes with a glossary and bibliography. Students in social studies classes will use this book to learn more about African American magical beliefs, while literature students will enjoy its exploration of primary sources and literary works.

Conjure in African American Society Dec 31 2023 From black sorcerers' client-based practices in the antebellum South to the postmodern revival of hoodoo and its tandem spiritual supply stores, the supernatural has long been a key component of the African American experience. What began as a mixture of African, European, and Native American influences within slave communities finds expression today in a multimillion dollar business. In *Conjure in African American Society*, Jeffrey E. Anderson unfolds a fascinating story as he traces the origins and evolution of conjuring practices across the centuries. Though some may see the study of conjure as a perpetuation of old stereotypes that depict blacks as bound to superstition, the truth, Anderson reveals, is far more complex. Drawing on folklore, fiction and nonfiction, music, art, and interviews, he explores various portrayals of the conjurer -- backward buffoon, rebel against authority, and symbol of racial pride. He also examines the actual work performed by conjurers, including the use of pharmacologically active herbs to treat illness, psychology to ease mental ailments, fear to

bring about the death of enemies and acquittals at trials, and advice to encourage clients to succeed on their own. By critically examining the many influences that have shaped conjure over time, Anderson effectively redefines magic as a cultural power, one that has profoundly touched the arts, black Christianity, and American society overall.

From 2002 through 2013, the Lucky Mojo Curio Company offered an assortment of informational "shop flyers" to all in-store and mail-order customers, featuring basic information about African American hoodoo drawn from catherine yronwode's book "Hoodoo in Theory and Practice." Meanwhile, from 2008 through 2013, the Missionary Independent Spiritual Church annual Hoodoo Workshops, attendees who came to receive hands-on training in the practice of conjure and other forms of world folk-magic received hand-out flyers describing the spells, recipes, and methods of practice being taught. All of these three-hole-punched information sheets -- the Lucky Mojo Shop Flyers and the Hoodoo Workshop Hand-Outs -- were then collected together into a black school-report cover -- which we called The Black Folder. As the years went on, the content of The Black Folder grew and grew and grew, until there were so many pages that they could no longer easily fit into a single report cover ... and so we put together the complete set of all of the past Missionary Independent Spiritual Church Workshop flyers, plus a complete set of all of the Lucky Mojo shop flyers into a 136 page professionally printed BOOK.
