Ike's Bluff Evan Thomas, 2012-09-25 Evan Thomas's startling account of how the underrated Dwight Eisenhower saved the world from nuclear holocaust Upon assuming the presidency in 1953 Dwight Eisenhower set about to make good on his campaign promise to end the Korean War Yet while Eisenhower was quickly viewed by many as a doddering lightweight behind the bland smile and simple speech was a master tactician To end the hostilities Eisenhower would take a colossal risk by bluffing that he might use nuclear weapons against the Communist Chinese while at the same time restraining his generals and advisors who favored the strikes Ike's gamble was of such magnitude that there could be but two outcomes thousands of lives saved or millions of lives lost A tense vivid and revisionist account of a president who was then and still is today underestimated Ike's Bluff is history at its most provocative and thrilling

Writing Your Story's Theme K. M. Weiland, 2020-10-12 Theme Is What Your Story Is Really About Theme the mysterious cousin of plot and character Too often viewed as abstract rather than actionable theme is frequently misunderstood and left to chance Some writers even insist theme should not be purposefully implemented This is unfortunate because in many ways theme is story Theme is the heart the meaning the point Nothing that important should be overlooked Powerful themes are never incidental They emerge from the conjunction of strong plots and resonant character arcs This means you can learn to plan and implement theme In

doing so you will deepen your ability to write not only stories that entertain but also stories that stay with readers long after the end Writing Your Story s Theme will teach you How to create theme from plot and character Why every supporting character and subplot should enhance the theme How to prevent theme from seeming preachy or on the nose What to consider in identifying the best theme for any given story And much more Conscious mastery of theme will elevate every story you write and allow you to craft fiction of depth and meaning Take Control of Your Story Via a Powerful Implementation of Theme The Fires of Vengeance Evan Winter,2020-11-10 In this relentlessly gripping brilliant epic fantasy James Islington an ousted queen must join forces with a young warrior in order to reclaim her throne and save her people Tau and his Queen desperate to delay the impending attack on the capital by the indigenous people of Xidda craft a dangerous plan If Tau succeeds the Queen will have the time she needs to assemble her forces and launch an all out assault on her own capital city where her sister is being propped up as the true Queen of the Omehi If the city can be taken if Tsiora can reclaim her throne and if she can reunite her people then the Omehi have a chance to survive the onslaught This gritty series set in a South African inspired fantasy world is an intense reading experience and the second book is just as phenomenal as the first BuzzFeed News The Fires of Vengeance is epic fantasy at its finest Winter Is Coming The Books of The Burning Series The Rage of Dragons The Fires of Vengeance The Lord of Demons Mr. Marshall's Method Jessa York,2019-11-06 Evan Holly is no ordinary student She s wise mature confident And completely off limits I know the rules know the drill Yet I can t stop thinking about her About wanting to know her Touch her Taste her And when I do It changes everything Ruins it all Holly Evan Marshall is more than my teacher He s everything Smart witty insightful And incredibly sexy The more I see him The more he touches me The more I want But I know the boundaries And they re blurring by the second FREE FREEBIE PERMA FREE Free free ebook free novel permafrees romantic comedy rom com romcom romantic comedy novels romance ebook romance series student teacher student teacher professor student professor *Blacklisted by History* M. Stanton Evans,2007-11-06 Accused of creating a bogus Red Scare and smearing countless innocent victims in a five year reign of terror Senator Joseph McCarthy is universally remembered as a demagogue a bully and a liar History has judged him such a loathsome figure that even today a half century after his death his name remains synonymous with witch hunts But that conventional image is all wrong as veteran journalist and author M Stanton Evans reveals in this groundbreaking book The long awaited Blacklisted by History based on six years of intensive research dismantles the myths surrounding Joe McCarthy and his campaign to unmask Communists Soviet agents and flagrant loyalty risks working within the U S government Evans s revelations completely overturn our understanding of McCarthy McCarthyism and the Cold War Drawing on primary sources including never before published government records and FBI files as well as recent research gleaned from Soviet archives and intercepted transmissions between Moscow spymasters and their agents in the United States Evans presents irrefutable evidence of a relentless Communist drive to penetrate our government influence its policies and steal its secrets Most

shocking of all he shows that U S officials supposedly guarding against this danger not only let it happen but actively covered up the penetration All of this was precisely as Joe McCarthy contended Blacklisted by History shows for instance that the FBI knew as early as 1942 that J Robert Oppenheimer the director of the atomic bomb project had been identified by Communist leaders as a party member that high level U S officials were warned that Alger Hiss was a Soviet spy almost a decade before the Hiss case became a public scandal that a cabal of White House Justice Department and State Department officials lied about and covered up the Amerasia spy case and that the State Department had been heavily penetrated by Communists and Soviet agents before McCarthy came on the scene Evans also shows that practically everything we ve been told about McCarthy is false including conventional treatment of the famous 1950 speech at Wheeling West Virginia that launched the McCarthy era I have here in my hand the Senate hearings that casually dismissed his charges the matter of leading McCarthy suspect Owen Lattimore the Annie Lee Moss case the Army McCarthy hearings and much more In the end Senator McCarthy was censured by his colleagues and condemned by the press and historians But as Evans writes The real Joe McCarthy has vanished into the mists of fable and recycled error so that it takes the equivalent of a dragnet search to find him Blacklisted by History provides the first accurate account of what McCarthy did and more broadly what happened to America during the Cold War It is a revealing expos of the forces that distorted our national policy in that conflict and our understanding of its history since

On Bicycles Evan Friss,2019-05-07 Subways and yellow taxis may be the icons of New York transportation but it is the bicycle that has the longest claim to New York s streets two hundred years and counting Never has it taken to the streets without controversy 1819 was the year of the city s first bicycle and also its first bicycle ban Debates around the bicycle s place in city life have been so persistent not just because of its many uses recreation sport transportation business but because of changing conceptions of who cyclists are In *On Bicycles* Evan Friss traces the colorful and fraught history of cycling in New York City He uncovers the bicycle s place in the city over time showing how it has served as a mirror of the city s changing social economic infrastructural and cultural politics since it first appeared It has been central as when horse drawn carriages shared the road with bicycle lanes in the 1890s peripheral when Robert Moses s car centric vision made room for bicycles only as recreation and aggressively marginalized when Ed Koch s battle against bike messengers culminated in the short lived 1987 Midtown Bike Ban *On Bicycles* illuminates how the city as we know it today veined with over a thousand miles of bicycle lanes reflects a fitful journey powered and opposed by New York City s people and its politics

Eye Language Evan Marshall,1983 **The China Mission: George Marshall's Unfinished War, 1945-1947** Daniel Kurtz-Phelan,2018-04-10 An Economist Best Book of 2018 New York Times Book Review Editor s Pick Gripping and splendid An enormous contribution to our understanding of Marshall Washington Post At the end of World War II General George Marshall took on what he thought was a final mission this time not to win a war but to stop one In China conflict between Communists and Nationalists threatened to suck in the United States and escalate into revolution

Marshall's charge was to cross the Pacific broker a peace and prevent a Communist takeover all while staving off World War III. At first the results seemed miraculous. But as they started to come apart, Marshall was faced with a wrenching choice, one that would alter the course of the Cold War, define the US-China relationship and spark one of the darkest ever turns in American political life. The China Mission offers a gripping close-up view of the central figures of the time from Marshall, Mao and Chiang Kai-shek to Eisenhower, Truman and MacArthur as they stood face to face and struggled to make history with consequences and lessons that echo today.

Heather Larkin is a struggling single mother who lives for her son Jordan's baseball games. Mindy Kostis fills her days with social events and too many gin and tonics, unaware her husband and her son Evan are hiding secrets that might destroy all of them.
