Communication for Development and Social Change Jan Servaes, 2008 This book deals with the processes required to facilitate the sharing of knowledge and effect positive developmental change It is contextual and based on dialogue The stakeholders participation also needs to be promoted This is essential in order to understand of their perceptions perspectives values attitudes and practices so that these can be incorporated into the design and implementation of development initiatives The book for the most part follows the two way horizontal model of communication but also makes use of the

Managing by the Bhagavad Gītā Satinder Dhiman, A. D. Amar, 2018-11-27 Drawing upon the timeless wisdom of the Bhagavad Gītā a philosophical spiritual world classic this professional book highlights the spiritual and moral dimensions of management using an inside out leadership development approach It interprets the Bhagavad Gītā's teachings on the personality types and psychological makeup of managers and employees self knowledge and self mastery and the leadership concepts of vision motivation and empowerment This book covers topics such as training of the mind ethical leadership communication stress management and corporate social responsibility CSR Collectively the enclosed contributions provide managers with an enhanced outlook on management functions such as leading planning organizing and controlling in today's organizations particularly those run by knowledge workers Management research in the 20th century has mainly focused on the industrial paradigm characterized by a hierarchical structure of authority and responsibility with an individualistic focus on the personality of the manager However this traditional paradigm cannot solve many of the problems that confront leaders and managers today Recent

studies have shown that values traditionally associated with spirituality such as integrity honesty trust kindness caring fairness and humility have a demonstrable effect on managerial effectiveness and success Although traditionally interpreted as a religious spiritual text the Bhagavad G t teaches these values which can be extrapolated and applied to practical management lessons in today s corporate boardrooms Applying the text of the Bhagavad G t to the context of management this book views the manager as an enlightened sage who operates from higher stance guided by self knowledge and self mastery It demonstrates how character is the key ingredient for effective management and leadership This book is therefore applicable to all managers from first line to CEOs in their management and leadership roles in organizations

Mac 911 Christopher Breen,2002 This easy to use guide covers troubleshooting tips and tricks for Mac hardware and software written by the well known Macworld columnist and Macintosh guru Chris Breen The book contains troubleshooting tips and techniques for both Mac OS 9 and OS X and additional projects for making a Macintosh more productive sharing files making Mac OS X work more like Mac OS 9 and more

Eccentric Neighborhoods Rosario Ferré,1998-02-28 Eccentric Neighborhoods is a an attempt to lay bare the psychological conflicts that determine the relationships between mothers and daughters and the story of Puerto Rico s transformation from the beginning of the century into a spearhead of the Caribbean

Imagina 3e IAE Vista Higher Learning, Incorporated, **Puntos de Partida** Thalia Dorwick,2012 Lilus Kikus and Other Stories by Elena Poniatowska Elena Poniatowska,2005-10-31 The first English edition of the work of one of Mexico s most admired women writers

Vistas José A. Blanco,Philip Redwine Donley,2016 Online companion site Supersite vhlcentral.com Vistas Supersite includes Your instructor s assignments and messages Video and audio programs Online tests Extra practice Reference material Practice Partner mobile app Preliminary pages

Dear Dragon An Vrombaut,2005 It s Princess Florrie s birthday She is tired of all the usual entertainment jugglers jesters and acrobats and wants something a little unusual for her party Something like a dragon The rest of the palace is convinced he s too dreadful but Princess Florrie likes a challenge so she decides to write him a letter

Risk Analysis II Wessex Institute of Technology,2000 With the development of computational methods and the ability to model systems more precisely scientists and engineers can now quantify hazards simulate their effects and analyze the risk potential with greater accuracy providing for more effective risk management The papers presented at the Second International Conference on Computer Simulation in Risk Analysis and Hazard Mitigation which comprise the content of this book report on work in this area by experts from around the world They cover all aspects of risk analysis and hazard mitigation associated with both natural and anthropogenic hazards including issues related to sustainable development and the safe and efficient use of resources
