Since the publication of its first edition in 2005, *Advocacy Practice for Social Justice* has served as a clear, comprehensive, and practical resource for social work courses in advocacy, community practice, and macro practice. Now in its fourth edition, this text provides extensive information on the value base for advocacy; an examination of why people get involved in advocacy; and step-by-step instructions for social workers and others who want to impact laws, regulations, and policies at any level. Bearing in mind the National Association of Social Workers' Code of Ethics' requirements to advocate on behalf of vulnerable populations, readers learn that advocacy is a problem-solving technique similar to that used in social work practice of all types. The book moves through the stages of advocacy: getting involved; understanding the issue; planning; advocating through education, persuasion, and negotiation; presenting information effectively; monitoring and evaluating results; and integrating advocacy into a social worker's everyday practice. The fourth edition's inclusion of new topics and solid foundation in social work values make it a must-read as social work students and practitioners work diligently to maintain the profession's focus on successful advocacy for social justice. Praise for *Improving Healthcare Through Advocacy* A Guide for the Health and Helping Professions "Bruce Jansson's thoughtful and innovative book will appeal to students in social work, nursing, and public health as well as those working in the health field of practice. The case examples are extraordinary, and Jansson provides the ideas, context, and theoretical base for readers to acquire the skills of advocacy in healthcare. This is by far the best advocacy book I have seen." —Gary Rosenberg, PhD Director, Division of Social Work and Behavioral Science Mount Sinai School of Medicine "Improving Healthcare Through Advocacy is a terrific description of opportunities for advocacy intervention and provides the skill sets necessary for effective advocacy. A needed book." —Laura Weil, LCSW Director, Health Advocacy Program Sarah Lawrence College "Improving Healthcare Through Advocacy is an invaluable resource for practitioners working in the healthcare field as well as for students. It very thoroughly covers healthcare advocacy issues, contains real-world case examples, and provides a clear, step-by-step framework for practicing advocacy." —Kimberly Campbell, ACSW, LCSW Lecturer, Department of Social Work Ball State University An important resource for all who strive for the best in healthcare treatment for their patients, themselves, and the nation Bestselling author and award-winning researcher Bruce S. Jansson uses an intervention framework to illustrate how everyone in the healthcare system can advocate effectively, not just for better healthcare delivery to individual clients but for the necessary policy change that will deliver long-term solutions to our nation's healthcare crisis as well. *Improving Healthcare Through Advocacy* provides professionals with: Tools to move from traditional services to case advocacy and policy advocacy tasks Over 100 case studies from the perspective of patients, healthcare providers, and others who relate the experiences they have encountered in the healthcare system and share the wisdom they have learned Practical tips on how to provide effective advocacy and bring about positive and long-term change in this complex environment School librarians are prepared to be leaders and can use their strengths to advocate for policy that benefits school libraries. This book will teach you how to engage elected officials to effect change that extends to your library. Education and information policy has a direct impact on school libraries and is shaped by decisions at the local, state, and federal levels. School librarians are positioned uniquely to leverage their inside knowledge of effective school library programs to make a difference in education through civic engagement; however, a thorough understanding of both the explicit and "hidden" rules of government is necessary to be an effective advocate. This compact book serves as a guide to advocating for effective programs, filling a gap in the practitioner literature regarding the policies that affect school library programs. Drawing on research-based best practices and the author's experience as the chairman of the ALA Legislation Committee and in political advocacy, this book explains the political process through concrete examples of both success and failure and analyzes these examples to show how librarians can move education policy in a positive direction. Now in its sixth edition, *BECOMING AN EFFECTIVE POLICY ADVOCATE* continues to embrace the policy-practice framework that made it a success while including completely updated coverage of important recent developments in the field. This groundbreaking text goes beyond the traditional foundational approach to policy and helps students develop the skills they need to become advocates for social change. Students are taught the ins and outs of conducting policy-practice so that they will be prepared to implement policy reform during their own careers. Coverage has been updated to include topics such as the recent presidential elections and economic turmoil as well as examples such as post-hurricane New Orleans and homelessness in Los Angeles County. Important Notice: Media content referenced within the product description or the product text may not be available in the ebook version. Policy advocacy is an increasingly important function of many nonprofit organizations, as they seek broad social changes in their concerning issues. Their advocacy practices, however, have often been guided by their own past experiences, anecdotes from peer networks, and consultant advice. Most of their practices have largely escaped empirical and theoretical grounding that could better root their work in established theories of policy change. The first book of its kind, *Nonprofits in Policy Advocacy* bridges this gap by connecting real practices of on-the-ground policy advocates with the burgeoning academic literature in policy studies. In the process, it empirically identifies six distinct policy advocacy strategies, and their accompanying tactics, used by nonprofits. Case studies tell the stories of how advocates apply these strategies in a wide variety of issues including civil rights, criminal justice, education, energy, environment, public health, public infrastructure, and youth. This book will appeal to both practitioners and academicians, as each gains insights into the other's views of policy change and the actions that produce it. Advocacy in public policy is all about moving mountains as it relates to understanding that it's all about the stone. Ultimately, in the public policy arena, we are all lawmakers who can move mountains when we accept that we are all empowered in a democracy. Nothing is unattainable...and the key to moving the mountain is our passion and focusing on the stone. I've been an advocate/public policy professional/lobbyist my entire personal and professional life - it's been a way of life that I would encourage anyone to explore. Here's more about what I think... "Clearly lays out the advocacy approach to public policy analysis and applies it to a variety of public policy problems and arenas." - cover. Interest in policy influences on health care is high, and will remain high as long as health care costs continue to rise and health care reform remains a hot topic in the news. There are inevitable and frequent points of interface between health care public policy and the health professions; in their daily work, clinicians see the problems with the health care system but often feel powerless and unsure how to advocate for system changes. Clinicians and

Health Care Advocacy is written by clinicians for clinicians and focuses on how policy works and what individual professionals can do to affect policy. It looks at the facts and processes in an accessible way that employs case-based examples of clinician advocacy to illustrate its points. The book is nonpartisan and will stay neutral on preferences for one public policy solution versus another (single payer vs. market reform, for example). Instead, it encourages a model of clinicians as responsible for healing not only the individual patient but also the larger health care system in which they work. This is the first book-length treatment of the concepts, designs, methods, and tools needed to conduct effective advocacy and policy change evaluations. By integrating insights from different disciplines, Part I provides a conceptual foundation for navigating advocacy tactics within today's turbulent policy landscape. Part II offers recommendations for developing appropriate evaluation designs and working with unique advocacy and policy change-oriented instruments. Part III turns toward opportunities and challenges in this growing field. In addition to describing actual designs and measures, the chapters include suggestions for addressing the specific challenges of working in a policy setting, such as a long time horizon for achieving meaningful change. To illuminate and advance this area of evaluation practice, the authors draw on over 30 years of evaluation experience; collective wisdom based on a new, large-scale survey of evaluators in the field; and in-depth case studies on diverse issues—from the environment, to public health, to human rights. Ideal for evaluators, change makers, and funders, this book is the definitive guide to advocacy and policy change evaluation. As scholars become more public, what responsibility do they have to advocate for policies that will advance equity, inclusiveness, and social change? Higher education scholars often conduct research on topics about which they care deeply, but to what extent should they be advocates for reform and social change? One school of thought believes researchers should remain dispassionate and data focused; the other, that a researcher, by the very questions she asks, can help effect social change. In this book, Laura W. Perna questions how, why, and when higher education researchers should be public intellectuals and whether, armed with research, they are—and should be—a powerful force for change. *Taking It to the Streets* collects essays from nationally and internationally recognized thought leaders with diverse opinions and perspectives on these issues. With the intentional inclusion of voices on different sides of this discussion, the volume offers a thought-provoking and nuanced understanding of the multifaceted connections between higher education research, advocacy, and policy. Contributors: Ann E. Austin, Estela Mara Bensimon, Anthony A. Berryman, Mitchell J. Chang, Cheryl Crazy Bull, Adam Gamoran, Sara Goldrick-Rab, Shaun R. Harper, Donald E. Heller, Adrianna Kezar, Simon Marginson, James T. Minor, Jeannie Oakes, Laura W. Perna, Gary Rhoades, Daniel G. Solorzano, Christine A. Stanley, William G. Tierney This book seeks to demonstrate the role of public policy in support of equitable and inclusive development. The achievement of this overarching goal rests on an assumption that development does not happen by chance or by accident, but rather, through the deliberate application of analytical tools which public policy is able to provide. Set within an Asian context, the book emphasizes the role of public policy in reducing poverty, eliminating deprivation, promoting equity, and ensuring social justice. The book likewise aims to provide an argument for the developmental role of the state — one which has been the subject of a long-standing debate among development scholars. In addition, the book accounts for the role of civil society organizations, particularly their involvement in multi-stakeholder participation. Through different case studies, this book explains the outcome of public policy decisions as combinations of efforts among government and civil society actors, to ensure the creation of the most optimal public good. Finally, the book takes a comparative perspective, i.e., there are cases that directly or indirectly implicate the regional character of public policies that result in the creation and distribution of regional public goods. Go beyond the ordinary, with Bruce Jansson's groundbreaking look at the ins-and-outs of conducting policy-practice. *BECOMING AN EFFECTIVE POLICY ADVOCATE* gives you hands-on experience building the skills that will empower you to implement policy reform as an effective social work practitioner Jansson includes case studies and examples that illustrate how and why policy is important as well as a toolbox of strategies to help you implement policy reform over the course of your own career. And to enhance your course experience, this text features access to CengageNOW, an integrated online suite of services and resources that will help you save time, focus your study, and get the grade you want! Important Notice: Media content referenced within the product description or the product text may not be available in the ebook version. Lopeman examines the impact advocacy of intentional judicial activism by a justice of a state supreme court can have on establishing the court as a policy maker. He examines the attitudinal model and the judicial role model of decision making and concludes that, while the attitudinal model might describe the decision-making process in the U.S. Supreme Court, the judicial role model better describes decision making in state supreme courts. This judicial role model allows the activist to transform a court into a policy maker. The traditions, recent history, and biographies of recent justices of the Indiana, West Virginia, and Ohio courts are examined to establish a significant relationship between the presence of an activist advocate justice and active policy making by the courts. These courts' decisions in cases with policy making potential are contrasted with decisions in similar cases of three state supreme courts that did not have an advocate justice. Lopeman argues that the presence of an activist advocate explains a court's transformation to active policy making, and that other apparent explanations are insufficient. He emphasizes that the motives of an activist advocate are likely to determine the permanence of policy making in the court. This volume is an important resource for political scientists, legal scholars, and other researchers involved with judicial decision making, state politics, and state constitutional law. A concise overview of the policy practice information social workers need to advocate for policy changes within an organization and at local, state, and national levels Given the nature of their work, social workers must understand social problems and the ways social welfare policies are established. Written by a leading expert in social work policy, *Essentials of Social Work Policy Practice* presents specific tactics for policy practice as well as instructions on how to implement it at several different organizational and government levels. Focusing on developing skills, *Essentials of Social Work Policy Practice* is a practical resource that includes step-by-step guidelines for putting a plan into action and working efficiently within a system. Techniques are presented for handling a number of related topics including effective interpersonal communication and participation, utilizing technology and the media in policy practice, creating change within organizations, and many more. As part of the *Essentials of Social Work Practice* series, this book is an indispensable resource that offers a concise yet thorough overview of policy practice, numerous tips for best practices, and valuable advice that must be at one's fingertips to practice knowledgeably, effectively, and ethically. Each chapter features numerous callout boxes highlighting key concepts, bulleted points, case examples, and extensive illustrative material, as well as vignettes that promote critical thinking around policy practice planning. Jansson's groundbreaking *BECOMING AN EFFECTIVE POLICY ADVOCATE*, International Edition goes beyond the traditional foundational approach to policy and helps students develop the skills they need to become advocates for social change. Students are taught the ins and outs of conducting policy-practice so that they will be prepared to implement policy reform during their own careers. Coverage has been updated to include topical coverage of such events and issues as Barack Obama's presidency, the Occupy Wall Street movement, the Arab Spring, and more. As part of the Brooks/Cole Empowerment Series, the seventh edition is completely up to date and thoroughly integrates the core competencies and recommended practice behaviors outlined in the 2008 Educational Policy and Accreditation Standards (EPAS) set by the Council on Social Work Education (CSWE). A perennial issue in social work is the lack of clear evidence showing how to be a successful advocate and how to create enthusiasm among students for policy practice. Researchers are now applying theory to understand better the topics of effective social work advocacy and policy practice. The results of testing conceptual models with carefully gathered evidence are beneficial, helping us to advance our knowledge more quickly than merely collecting descriptions of case studies that remain unintegrated into a larger context. Improvements in understanding how to conduct effective advocacy emerge, helping practitioners to be more successful in their advocacy efforts. Similarly, bringing evidence and data to teaching methods improves confidence in their applicability to more than one course or institution. Readers of this book will discover how to be more effective policy practitioners as well as more engaging instructors by focusing on theories and evidence which demonstrate successful advocacy and teaching. This book was originally published as a special issue of the *Journal of Policy Practice*. *Special Needs Advocacy Resource Book: What You Can Do Now to Advocate for Your Exceptional Child's Education* is a unique handbook that teaches parents how to work with schools to achieve optimal learning situations and accommodations for their child's needs. From IEPs and 504 Plans, to IDEA and NCLB, navigating today's school system can be difficult for even the most up-to-date, education-savvy parent. Special needs advocates Rich Weinfeld and Michelle Davis provide parents and professional advocates with concise, easy-to-understand definitions and descriptions of legal terms and school regulations, along with checklists, tips, questionnaires, and other tools. Topics covered in this handy guide include gathering accurate

information about a child's education, navigating school meetings, understanding education law, and best practices in the classroom, working effectively with parents and school systems, discovering educational options beyond the standard, and much more. Parents and advocates not only will feel informed by Weinfeld and Davis' vast knowledge of the inner workings of the school system—they'll be empowered to help their kids succeed in school. Educational Resource Each new print copy includes Navigate 2 Advantage Access that unlocks a comprehensive and interactive eBook, student practice activities and assessments, a full suite of instructor resources, and learning analytics reporting tools. Policy and Politics for Nurses and Other Health Professionals, Second Edition focuses on the idea that all health care providers require a fundamental understanding of the health care system including but not limited to knowledge required to practice their discipline. The text discusses how health care professionals must also prepare themselves to engage in the economic, political and policy dimensions of health care. The Second Edition offers a nursing focus with an interdisciplinary approach intertwined to create an understanding of health care practice and policy. The text is enriched through the contributions from nurses and other health professionals including activists, politicians, and economists who comprehend the forces of healthcare in America how their impact on the everyday provider. The new edition features key updates on the current health care environment including the Affordable Care Act. Instructor Resources include: Test Bank Web Link Resources PowerPoint(TM) Slides Empower your students to become advocates for change. Macro Social Work Practice: Advocacy in Action shows students studying in macro social work practice how to enact change at the organizational, community, societal, and global levels. An emphasis is placed on engaging in macro practice using the tenets of the award-winning author team's Advocacy Policy and Practice Model (APPM) that highlight the inclusion of economic and social justice, supportive environment, human needs and rights, and political access. Beginning with a history of macro practice and continuing with contemporary issues facing social workers, this new text helps readers learn how to enact advocacy, informed by key orientations and perspectives and grounded in timely and relevant examples and causes. FREE DIGITAL TOOLS INCLUDED WITH THIS TEXT SAGE edge gives instructors and students the edge they need to succeed with an array of teaching and learning tools in one easy-to-navigate website. Confronting Power provides an academically rigorous, yet practical and comprehensive framework and concepts for planning, implementing and evaluating policy advocacy. Based on the author's experiences both as teacher and activist, the framework is general enough to be relevant for advocacy in a variety of sectors such as poverty alleviation, human rights and the environment, in different national and cultural contexts, and at levels ranging from influencing a town council to transnational institutions such as the World Bank. The book grounds the concepts via a series of case studies, which themselves illustrate a range of different advocacy campaigns in both the Global South and the United States. Designed to be both a textbook and a guide for practical action, Confronting Power should become an essential component of every teacher and social advocate's tool kit. Social Welfare Policy and Advocacy presents a multi-level framework to show students how micro, mezzo, and macro policy advocacy can be used effectively by social workers in eight policy sectors: healthcare, gerontology, safety-net, child and family, mental health, education, immigration, and criminal justice. Author Bruce S. Jansson identifies seven core problems within each sector and discusses the skills social workers need, the challenges they face, and the interventions they can use at each level of advocacy. Readers will gain knowledge of social welfare policy issues and be equipped with essential tools for engaging in policy advocacy. Every day, in every court and tribunal, advocates represent us all - Crown and defendant, landlord and tenant, rich and poor, honest and false alike. What are the duties to court and client? This book surveys the role of advocates at every stage of their work. The term "legal advocate" encompasses a growing field of advocacy that includes many social service areas, such as immigration law, environmental law, prisoner's rights, and sexual harassment law. This comprehensive guide to legal advocacy explores the opportunities available for those interested in the field, how legal advocates work, and what skills they need to succeed. Whether one is interested in becoming a victim advocate who helps a crime victim navigate the court system, or an advocate in immigration court, helping to build a case for legal asylum, legal advocacy is a rewarding career, and an invaluable service to people in need. If you think it's time for a change, then News for a Change is the book for you."--BOOK JACKET. The Model Rules of Professional Conduct provides an up-to-date resource for information on legal ethics. Federal, state and local courts in all jurisdictions look to the Rules for guidance in solving lawyer malpractice cases, disciplinary actions, disqualification issues, sanctions questions and much more. In this volume, black-letter Rules of Professional Conduct are followed by numbered Comments that explain each Rule's purpose and provide suggestions for its practical application. The Rules will help you identify proper conduct in a variety of given situations, review those instances where discretionary action is possible, and define the nature of the relationship between you and your clients, colleagues and the courts. "[I]t is becoming much more common for mental health providers to become community mental health advocates, and given the complexities and nuances associated with tasks such as getting involved with legislative issues or fund raising, a work like this serves an important and useful purpose. It is concise, yet revealing, and explains concepts in clear and practical language. Most importantly, it delivers on its promise to transform its readers into more savvy participants in the process of advocating for their mental health patients."--Doody's Medical Reviews "This book provides a valuable introduction to the discerning mental health practitioner who wants to apply their advocacy skills into their everyday work place."--ACAMH, The Association for Child and Adolescent Mental Health "Great book! Learning to be an effective advocate in multiple arenas is essential for all health professionals, particularly physicians. This text utilizes a broad definition of advocacy and provides information that can be used by multiple types of providers to learn effective strategies to educate and inform others. It is readable with fascinating case examples and practical tips that can be utilized flexibly across a range of issues, formats and audiences. It is a great addition to the libraries of anyone practicing in the health care field, regardless of specialty or years of practice." Arden D Dingle, MD Program Director, Child and Adolescent Psychiatry Emory University School of Medicine A wealth of advocacy tools for health and mental health professionals at all levels of training and practice are included in this clear and comprehensive volume. Written by medical, legal, and policy experts, it fills a void in the literature by addressing multiple topics in advocacy in the health field as a whole. The text addresses the legislative process, provides step-by-step approaches for using the media, and discusses when to seek an attorney, when to litigate, working with family and community, and funding strategies. It also covers such seldom-addressed topics as leveraging research findings for advocacy purposes. Two outstanding features of the text are a discussion of the rationale for advocacy and a call for readers to examine their own motivations for this work, and a chapter by health educators who provide guidance about advances in learning theory that will help readers assimilate the material. The volume will serve as both a resource for advocacy coursework and as a guide for the independent practitioner of advocacy. Key Features: Provides a wealth of advocacy tools for health professionals at all levels of training and practice Written in a clear, straightforward manner for easy access Includes a unique metacognitive theory that will help readers to thoroughly integrate the information and provides tools for self-analysis Highlights main teaching points with summaries, case studies, and reflection questions Policy and Politics for Nurses and Other Health Professionals, Third Edition focuses on the idea that all healthcare providers require a fundamental understanding of the healthcare system including but not limited to knowledge required to practice their discipline. "Nonprofit lobbying is exciting, rewarding, honorable work. Lobbying is a proven way to advance issues, support good ideas, respond to crises, avert disasters, and ensure that an organization's work is adequately supported. Through lobbying, specific laws and regulations that will further an organization's mission can be identified and pressed for adoption. Public policies can be shaped and sustained to reflect an organization's values and priorities. The Nonprofit Board Member's Guide to Lobbying and Advocacy shows board members how to use their power and privilege to move their organization's work forward."--Provided by publisher. Social Welfare Policy and Advocacy: Advancing Social Justice through 8 Policy Sectors provides the first framework that links micro, mezzo, and macro policy advocacy, demonstrating how each type can be used to promote social justice in health, gerontology, safety net, child welfare, education, immigrants/global, mental health, and criminal justice sectors. Author Bruce S. Jansson identifies seven core problems within each sector as well as the skills social workers need, the challenges they face, and the interventions they can use at each level of advocacy. Integrated vignettes, video clips, and robust resources underscore the text's hands-on, advocacy approach. Relevant to many Educational Policy and Accreditation Standards (EPAS) including policy practice, the book is designed for policy foundation courses. The SAGE Guide to Social Work Careers presents first-hand stories from practitioners to help inform, inspire, and guide students to become advocates for social justice issues. With a unique focus on advocacy and social justice, author Melissa Bird covers fundamentals of the social work profession—from coalition building to advocacy engagement and stakeholder outreach—across a range of practice areas, such as

mental health, substance abuse, and criminal justice. Students in BSW and MSW programs will gain practical knowledge that will prepare them to successfully navigate their way to a rewarding career. Collecting several key documents and policy statements, this supplement to the ninth edition of the Intellectual Freedom Manual traces a history of ALA's commitment to fighting censorship. An introductory essay by Judith Krug and Candace Morgan, updated by OIF Director Barbara Jones, sketches out an overview of ALA policy on intellectual freedom. An important resource, this volume includes documents which discuss such foundational issues as The Library Bill of Rights Protecting the freedom to read ALA's Code of Ethics How to respond to challenges and concerns about library resources Minors and internet activity Meeting rooms, bulletin boards, and exhibits Copyright Privacy, including the retention of library usage records Your "How-To" Guide to State and Local Lobbying This guide is your complete road map to shaping public policy at the state and local level. It gives detailed, step-by-step instructions for developing an effective plan and putting it into action. With this handbook, you will discover how lobbying can help fulfill your mission; learn how to initiate, support, or defeat bills; develop effective lobbying skills; gather and mobilize support for your positions; learn how to use the media effectively; influence gov't administrators to back your policy positions; comply with state and federal regulations; and set up systems in your nonprofit to support lobbying. Adaptable to Your Unique Needs This flexible book can be tailored to fit your situation. You have four different planning strategies to choose from—short-term, long-term, proactive, or reactive. Want to move quickly? Use the "planning shortcuts." Plus, a special "rapid response guide" helps you with emergencies. Straightforward and Action Oriented In addition to a clear framework for planning your policy work, author Marcia Avner shares with you the nitty gritty of effective lobbying based on her more than 30 years of experience. You'll find concrete information on building relationships with public officials; what you need to know to make your case; how to testify at a committee hearing; how to find out how it works in your area; mistakes to avoid; and much more! Current economic and social forces are creating a society with less equality, justice and opportunity for all but the privileged few. Social workers are called upon by their code of ethics to counteract these trends and actively work to achieve social justice. Hoefer's empirically-based, step-by-step approach demonstrates how to integrate advocacy for social justice into everyday social work practice. The book shows through anecdotes, case studies, examples, and the author's own personal experiences, exactly how advocacy can be conducted with successful outcomes. Each chapter builds upon the previous to provide a concise yet detailed blueprint for conducting successful advocacy. The previous two editions of this book have been used and admired by professors and students alike. Students value its clarity and praise the book for opening their eyes to what they often believed was "the scary and bad" world of politics and policy. After reading the book, they are motivated to become advocates for social justice because they understand how to do so. If you want to empower your students to effect changes in laws, regulations, and other types of policy at all levels, you will find this text the perfect resource to do so. An examination of successful environmental advocacy strategies in East Asia that shows how advocacy can be effective under difficult conditions. The countries of East Asia-- China, Japan, South Korea, and Taiwan-- are home to some of the most active and effective environmental advocates in the world. And the governments of these countries have adopted a range of innovative policies to fight pollution and climate change: Japan leads the world in emissions standards, China has become the world's largest producer of photovoltaic panels, and Taiwan and Korea have undertaken major green initiatives. In this book, Mary Alice Haddad examines the advocacy strategies that persuaded citizens, governments, and businesses of these countries to change their behavior. Jansson's BECOMING AN EFFECTIVE POLICY ADVOCATE teaches you the ins and outs of conducting policy-practice in order to prepare you to implement policy reform during your own career. The seventh edition's coverage includes discussion of such events and issues as Barack Obama's presidency, the Occupy Wall Street movement, the Arab Spring, and more. By going beyond the traditional foundational approach to policy, this groundbreaking text helps you develop the skills you need to become an advocate for social change. Available with InfoTrac Student Collections <http://goengage.com/infotrac>. Important Notice: Media content referenced within the product description or the product text may not be available in the ebook version. The term "legal advocate" encompasses a growing field of advocacy that includes many social service areas, such as immigration law, environmental law, prisoner's rights, and sexual harassment law. This comprehensive guide to legal advocacy explores the opportunities available for those interested in the field, how legal advocates work, and what skills they need to succeed. Whether one is interested in becoming a victim advocate who helps a crime victim navigate the court system, or an advocate in immigration court, helping to build a case for legal asylum, legal advocacy is a rewarding career, and an invaluable service to people in need. Jansson's BECOMING AN EFFECTIVE POLICY ADVOCATE teaches you the ins and outs of conducting policy-practice in order to prepare you to implement policy reform during your own career. The seventh edition's coverage includes discussion of such events and issues as Barack Obama's presidency, the Occupy Wall Street movement, the Arab Spring, and more. By going beyond the traditional foundational approach to policy, this groundbreaking text helps you develop the skills you need to become an advocate for social change. Jansson's BECOMING AN EFFECTIVE POLICY ADVOCATE goes beyond the traditional foundational approach to policy and helps students develop the skills they need to become advocates for social change. Students are taught the ins and outs of conducting policy practice and policy advocacy so that they can engage in policy advocacy at micro, mezzo, and macro levels during their own careers. The book presents a unique framework built around eight tasks and four skills needed by social workers in their policy advocacy. Policy Advocacy Challenges allow students to apply concepts to actual examples. Examples are included from the Barack Obama presidency and the 2016 presidential primaries and elections, with particular emphasis on policies related to inequality. Part of the Brooks/Cole Empowerment Series, the eighth edition is completely up to date and integrates the core competencies and recommended practices in the CSWE's 2016 Educational Policy and Accreditation Standards (EPAS).
