The Government Contracts Reference Book Ralph C. Nash, 1998 *American Government and Politics in the Information Age*, 2011 Our text is a comprehensive introduction to the vital subject of American government and politics Governments decide who gets what when how See Harold D Lasswell *Politics Who Gets What When How* New York McGraw Hill 1936 they make policies and pass laws that are binding on all a society s members they decide about taxation and spending benefits and costs even life and death Governments possess power the ability to gain compliance and to get people under their jurisdiction to obey them and they may exercise their power by using the police and military to enforce their decisions However power need not involve the exercise of force or compulsion people often obey because they think it is in their interest to do so they have no reason to disobey or they fear punishment Above all people obey their government because it has authority its power is seen by people as rightfully held as legitimate People can grant their government legitimacy because they have been socialized to do so because there are processes such as elections that enable them to choose and change their rulers and because they believe that their governing institutions operate justly Politics is the process by which leaders are selected and policy decisions are made and executed It involves people and groups both inside and outside of government engaged in deliberation and debate disagreement and conflict cooperation and consensus and power struggles In covering American government and politics our text introduces the intricacies of the Constitution the complexities of federalism the meanings of civil liberties and the conflicts over civil rights explains how people are socialized to politics acquire and express opinions and participate in political life describes interest groups political parties and elections the intermediaries that link people to government and politics details the branches of government and how they operate and shows how policies are made and affect people s lives This textbook has been used in classes at Metropolitan College of New York University of Central Oklahoma Bucks County Community College University of South Carolina Beaufort Delaware County Community College Collin College Spring Creek Austin Community College Northridge Randolph College Columbia Gorge Community College Central Christian College Thomas More College Orange Coast College San Bernardino Valley College Southwestern College Chula Vista De Anza College Shasta College Jacksonville University Northeastern University University of Baltimore Southern New Hampshire University Seattle Central Community College Edmonds Community College Minneapolis Community and Technical College Brazosport College Sul Ross State University Odessa College California State University Monterey Bay University of Texas Arlington Chabot College Portland Community College Cascade Athens High School Dalat International School Paradise Education Center St Teresa s Academy South Broward High School Academy of the Sacred Heart St Ignatius College Preparatory Henrico County Public Schools Blue Ridge High School Newell High School Southern New Hampshire University American University in Bulgaria Miami Springs Senior High School Seattle Central Community College Milaca High School Rock Canyon High School Media Arts Collaborative Charter School Susan E Wagner High School
