*Sounds* Alvin S. Yusin, 2012-03 International terrorism and the development of weapons of mass destruction have given war an unlimited capability that can cause total destruction of all living things as well as the world in which we reside Although human beings realize that this catastrophic outcome is possible they continue to engage in wars What forces drive them to do so *Sounds* A Pathway to World Peace attempts to answer that question by examining the survival and socializing forces that govern human interactions identifying the behaviors these forces initiate and reviewing the circumstances that strengthen the influence of one force over the other This information is used to develop The Behavior Set Theory This theory is used to explain why wars exist and to provide approaches combatants can take to stop the Arab Israeli conflict the war in Iraq international terrorism and conditions existing in the United States where many public policies strengthen survival forces rather than socializing ones About the Author Alvin S Yusin taught neurodevelopmental pediatrics at the Keck School of Medicine and directed the child development division at Los Angeles County Hospital until his retirement when he pursued his interest in world affairs He has incorporated his understanding of child and adult development and behavior as well as ideas developed by observations he has made over the years into his book Publisher's website <http://www.sbpra.com> AlvinSYusi
