The Free Flag of Cuba Orville Vernon Burton, Georganne B. Burton, 2002-10-01 The wife of South Carolina secessionist governor Francis W Pickens and known as the Queen of the Confederacy Lucy Holcombe Pickens 1832 1899 was during her lifetime one of the most famous women in the South Rumor was that in her youth she published a novel under a pseudonym Recently discovered as *The Free Flag of Cuba* or *The Martyrdom of Lopez A Tale of the Liberating Expedition of 1851* her 1854 book is a romanticized account of the 1851 filibustering expedition to Cuba by Narciso Lopez With this new edition Orville Vernon Burton and Georganne B Burton resurrect Holcombe's lost work and prove it to be a window on many pressing nineteenth century issues A not so subtle plea for U S support for Cuban independence from Spain Holcombe's novel vindicates Lopez and his men who were officially regarded as mercenaries and declares them to be martyred heroes The tale clearly reflects the values southern aristocratic women expected in men even if preserving those values meant death and defeat a harbinger of ardent support for the Confederacy by women like Lucy With an illuminating introduction detailing the life of Lucy Petway Holcombe Pickens and the historical context of her novel this new edition of *The Free Flag of Cuba* is a welcome glimpse into the mind and value system of the southern belle who would become a southern icon

The Fifth Freedom Anthony S. Chen,2009-05-26 Where did affirmative action in employment come from The conventional wisdom is that it was instituted during the Johnson and Nixon years through the backroom machinations of federal bureaucrats and judges The Fifth Freedom presents a new perspective tracing the roots of the policy to partisan conflicts over fair employment practices FEP legislation from the 1940s to the 1970s Drawing on untapped sources Anthony Chen chronicles the ironic forgotten role played by American conservatives in the development of affirmative action Decades before affirmative action began making headlines millions of Americans across the country debated whether government could and should regulate job discrimination On one side was an interfaith and interracial bloc of liberals who demanded FEP legislation that would establish a centralized system for enforcing equal treatment in the labor market On the other side was a bloc of business friendly small government conservatives who felt that it was unwise to legislate tolerance and who made common cause with the conservative wing of the Republican party Conservatives ultimately prevailed but their obstruction of FEP legislation unintentionally facilitated the rise of affirmative action a policy their ideological heirs would find even more abhorrent Broadly interdisciplinary The Fifth Freedom sheds new light on the role of parties elites and institutions in the policymaking process the impact of racial politics on electoral realignment the history of civil rights the decline of New Deal liberalism and the rise of the New Right Some images inside the book are unavailable due to digital copyright restrictions
