The leading textbook on imperfect labor markets and the institutions that affect them—now completely updated and expanded Today's labor markets are witnessing seismic changes brought on by such factors as rising self-employment, temporary employment, zero-hour contracts, and the growth of the sharing economy. This fully updated and revised third edition of *The Economics of Imperfect Labor Markets* reflects these and other critical changes in imperfect labor markets, and it has been significantly expanded to discuss topics such as workplace safety, regulations on self-employment, and disability and absence from work. This new edition also features engaging case studies that illustrate key aspects of imperfect labor markets. Authoritative and accessible, this textbook examines the many institutions that affect the behavior of workers and employers in imperfect labor markets. These include minimum wages, employment protection legislation, unemployment benefits, family policies, equal opportunity legislation, collective bargaining, early retirement programs, and education and migration policies. Written for advanced undergraduates and beginning graduate students, the book carefully defines and measures these institutions to accurately characterize their effects, and discusses how these institutions are being transformed today. Fully updated to reflect today's changing labor markets Significantly expanded to discuss a wealth of new topics, including the impact of the COVID-19 pandemic Features quantitative examples, new case studies, data sets that enable users to replicate results in the literature, technical appendixes, and end-of-chapter exercises Unique focus on institutions in imperfect labor markets Self-contained chapters cover each of the most important labor-market institutions Instructor's manual available to professors—now with new exercises and solutions Place-based Curriculum Design provides pre-service and practicing teachers both the rationale and tools to create and integrate meaningful, place-based learning experiences for students. Practical, classroom-based curricular examples illustrate how teachers can engage the local and still be accountable to the existing demands of federal, state, and district mandates. Coverage includes connecting the curriculum to students' outside-of-school lives; using local phenomena or issues to enhance students' understanding of discipline-based questions; engaging in in-depth explorations of local issues and events to create cross-disciplinary learning experiences, and creating units or sustained learning experiences aimed at engendering social and environmental renewal. An on-line resource (www.routledge.com/9781138013469) provides supplementary materials, including curricular templates, tools for reflective practice, and additional materials for instructors and students.
