Soundtracks Jon Acuff, 2021-04-06 Overthinking isn't a personality trait It's the sneakiest form of fear It steals time creativity and goals It's the most expensive least productive thing companies invest in without even knowing it And it's an epidemic When New York Times bestselling author Jon Acuff changed his life by transforming his overthinking he wondered if other people might benefit from what he discovered He commissioned a research study to ask 10 000 people if they struggle with overthinking too and 99.5 percent said Yes The good news is that in Soundtracks Acuff offers a proven plan to change overthinking from a super problem into a superpower When we don't control our thoughts our thoughts control us If our days are full of broken soundtracks thoughts are our worst enemy holding us back from the things we really want But the solution to overthinking isn't to stop thinking The solution is running our brains with better soundtracks Once we learn how to choose our soundtracks thoughts become our best friend propelling us toward our goals If you want to tap into the surprising power of overthinking and give your dreams more time and creativity learn how to DJ the soundtracks that define you If you can worry you can wonder If you can doubt you can dominate If you can spin you can soar
