**Fifty-Six** Martin Fletcher, 2015-04-16 SHORTLISTED FOR THE WILLIAM HILL SPORTS BOOK OF THE YEAR AWARD  
Read his book and weep The Times Incredibly moving and brilliantly understated lays bare the culture of institutionalised neglect that all English football goers in the 80s came to expect which by the end of the decade would claim more than 150 lives Mirror On May 11 1985 fifty six people died in a devastating fire at Bradford City's old Valley Parade ground It was truly horrific a startling story and wholly avoidable but it had only the briefest of inquiries and it seemed its lessons were not learned Twelve year old Martin Fletcher was at Valley Parade that day celebrating Bradford's promotion to the second flight with his dad brother uncle and grandfather Martin was the only one of them to survive the fire the biggest loss suffered by a single family in any British football disaster In later years Martin devoted himself to extensively investigating how the disaster was caused its culture of institutional neglect and the government's general indifference towards football fans safety at the time This book tells the gripping extraordinary in depth story of a boy's unthinkable loss following a spring afternoon at a football match of how fifty six people could die at a game and of the truths he unearthed as an adult This is the story thirty years on of the disaster football has never properly acknowledged

**Luxury Arts of the Renaissance** Marina Belozerskaya, 2005-10-01 Today we associate the Renaissance with painting sculpture and architecture the major arts Yet contemporaries often held the minor arts gem studded goldwork richly embellished armor splendid tapestries and embroideries music and ephemeral multi media spectacles in much higher esteem Isabella d'Este Marchesa of Mantua was typical of the Italian nobility she bequeathed to her children precious stone vases mounted in gold engraved gems ivories and antique bronzes and marbles her favorite ladies in waiting by contrast received mere paintings Renaissance patrons and observers extolled finely wrought luxury artifacts for their exquisite craftsmanship and the symbolic capital of their components paintings and sculptures in modest materials although discussed by some literati were of lesser consequence This book endeavors to return to the mainstream material long marginalized as a result of historical and ideological biases of the intervening centuries The author analyzes how luxury arts went from being lofty markers of ascendancy and discernment in the Renaissance to being dismissed as decorative or minor arts extravagant trinkets of the rich unworthy of the status of Art Then by re-examining the objects themselves and their uses in their day she shows how sumptuous creations constructed the world and taste of Renaissance women and men

*Divine Scapegoats* Andrei A. Orlov, 2015-02-10 Explores the

paradoxical symmetry between the divine and demonic in early Jewish mystical texts Divine Scapegoats is a wide ranging exploration of the parallels between the heavenly and the demonic in early Jewish apocalyptic accounts In these materials antagonists often mirror features of angelic figures and even those of the Deity himself an inverse correspondence that implies a belief that the demonic realm is maintained by imitating divine reality Andrei A Orlov examines the sacerdotal messianic and creational aspects of this mimetic imagery focusing primarily on two texts from the Slavonic pseudepigrapha 2 Enoch and the Apocalypse of Abraham These two works are part of a very special cluster of Jewish apocalyptic texts that exhibit features not only of the apocalyptic worldview but also of the symbolic universe of early Jewish mysticism The Yom Kippur ritual in the Apocalypse of Abraham the divine light and darkness of 2 Enoch and the similarity of mimetic motifs to later developments in the Zohar are of particular importance in Orlov s consideration

**When Scotland Was Jewish**  
Elizabeth Caldwell Hirschman, Donald N. Yates, 2015-05-07 The popular image of Scotland is dominated by widely recognized elements of Celtic culture But a significant non Celtic influence on Scotland s history has been largely ignored for centuries This book argues that much of Scotland s history and culture from 1100 forward is Jewish The authors provide evidence that many of the national heroes villains rulers nobles traders merchants bishops guild members burgesses and ministers of Scotland were of Jewish descent their ancestors originating in France and Spain Much of the traditional historical account of Scotland it is proposed rests on fundamental interpretive errors perpetuated in order to affirm Scotland s identity as a Celtic Christian society A more accurate and profound understanding of Scottish history has thus been buried The authors wide ranging research includes examination of census records archaeological artifacts castle carvings cemetery inscriptions religious seals coinage burgess and guild member rolls noble genealogies family crests portraiture and geographic place names

The Greatest Mirror Andrei A. Orlov, 2017-09-19 The idea of a heavenly double an angelic twin of an earthbound human can be found in Christian Manichaeic Islamic and Kabbalistic traditions Scholars have long traced the lineage of these ideas to Greco Roman and Iranian sources In The Greatest Mirror Andrei A Orlov shows that heavenly twin imagery drew in large part from early Jewish writings The Jewish pseudepigrapha books from the Second Temple period that were attributed to biblical figures but excluded from the Hebrew Bible contain accounts of heavenly twins in the form of spirits images faces children mirrors and angels of the Presence Orlov provides a comprehensive analysis of these traditions in their full historical and interpretive complexity He focuses on heavenly alter egos of Enoch Moses Jacob Joseph and Aseneth in often neglected books including Animal Apocalypse Book of the Watchers 2 Enoch Ladder of Jacob and Joseph and Aseneth some of which are preserved solely in the Slavonic language

*Hospitable Planet* Stephen A. Jurovics,2016-03-10 Loving the world God created      Speculative Everything Anthony Dunne,Fiona Raby,2013-12-06 How to use design as a tool to create not only things but ideas to speculate about possible futures Today designers often focus on making technology easy to use sexy and consumable In *Speculative Everything* Anthony Dunne and Fiona Raby propose a kind of design that is used as a tool to create not only things but ideas For them design is a means of speculating about how things could be to imagine possible futures This is not the usual sort of predicting or forecasting spotting trends and extrapolating these kinds of predictions have been proven wrong again and again Instead Dunne and Raby pose what if questions that are intended to open debate and discussion about the kind of future people want and do not want *Speculative Everything* offers a tour through an emerging cultural landscape of design ideas ideals and approaches Dunne and Raby cite examples from their own design and teaching and from other projects from fine art design architecture cinema and photography They also draw on futurology political theory the philosophy of technology and literary fiction They show us for example ideas for a solar kitchen restaurant a flypaper robotic clock a menstruation machine a cloud seeding truck a phantom limb sensation recorder and devices for food foraging that use the tools of synthetic biology Dunne and Raby contend that if we speculate more about everything reality will become more malleable The ideas freed by speculative design increase the odds of achieving desirable futures      *The Doolittle Family in America* William Frederick Doolittle,Louise Smylie Brown,Malissa R. Waldman's *Love and Treasure* weaves a tale around the fascinating true history of the Hungarian Gold Train in the Second World War. In 1945 on the outskirts of Salzburg victorious American soldiers capture a train filled with unspeakable riches: piles of fine gold watches, mountains of fur coats, crates filled with wedding rings, silver picture frames, family heirlooms, and Shabbat candlesticks passed down through generations. Jack Wiseman, a tough, smart New York Jew, is the lieutenant charged with guarding this treasure, a responsibility that grows more complicated when he meets Ilona, a fierce, beautiful Hungarian who has lost everything in the ravages of the Holocaust. Seventy years later, amid the shadowy world of art dealers who profit off the sins of previous generations, Jack gives a necklace to his granddaughter, Natalie Stein, and charges her with searching for an unknown woman, a woman whose portrait and fate come to haunt Natalie, a woman whose secret may help Natalie to understand the guilt her grandfather will take to his grave and to find a way out of the mess she has made of her own life. A story of brilliantly drawn characters: a suave and shady art historian, a delusive and infatuated Freudian, a family of singing circus dwarfs, fallen into the clutches of Josef Mengele, and desperate lovers facing choices that will tear them apart. *Love and Treasure* is Ayelet Waldman's finest novel to date, a sad, funny, richly detailed work that poses hard questions about the value of precious things in a time when life itself has no value and about the slenderest of chains that can bind us to the griefs and passions of the past. This eBook edition includes a Reading Group Guide.

**The Baldwin genealogy from 1500 to 1881**

C.C. Baldwin, 1991      *Breaking News* Martin Fletcher, 2008-03-04 Foreign correspondent Martin Fletcher recounts the experiences he has had while covering events in some of the world's most dangerous locations and explains how he has managed to stay alive and sane in the face of such violence and hatred.

*Silver Linings* Martin Fletcher, 2013-10-24 Northern Ireland has made headlines around the world for three decades. The province has become synonymous with conflict, terrorism, and tortuous efforts to forge peace. But what is life there really like? In this enchanting and highly original book, Martin Fletcher presents a portrait of Northern Ireland, utterly at odds with its dire international image. He paints a compelling picture of a place caught in a time warp since the 1960s, a land of mountains, lakes, and rivers where customs, traditions, and old world charm survive of an incredibly resourceful province that has given the world not just bombs and bullets, but the Titanic, the tyre, and the tractor, a dozen American presidents, two prime ministers of New Zealand, and a Hindu god. He meets an intelligent, fun-loving, God-fearing people who may do terrible things to each other but who could not be more welcoming to outsiders. He describes a land of awful beauty, a battleground of good and evil, a province populated by saints and sinners that has yet to be rendered bland by the forces of modernity.
