A. Jance’s New York Times bestselling suspense series, set in the beautiful desert country of the American Southwest. For a homeschooled Beth, college is her first taste of both freedom and unfettered access to the internet, and Jenny is concerned that she’s too naïve and rebellious for her own good. Her worries are well-founded because one day Beth vanishes, prompting Jenny to alert campus authorities, local police, and her mom, Sheriff Joanna Brady—who calls in a favor. [Heads of Families at the First Census of the United States Taken in the Year 1790](#) Mar 08 2021 No other official record or group of records is as historically significant as the 1790 census of the United States. The original 1790 enumerations covered the present states of Connecticut, Delaware, Georgia, Kentucky, Maine, Maryland, Massachusetts, New Hampshire, New Jersey, New York, North Carolina, Pennsylvania, Rhode Island, South Carolina, Tennessee, Vermont, and Virginia. Unfortunately, not all the schedules have survived, the returns for the states of Delaware, Georgia, Kentucky, New Jersey, Tennessee, and Virginia having been lost or destroyed, possibly when the British burned the Capitol at Washington during the War of 1812, though there seems to be no proof for this. For Virginia, taxpayer lists made in the years 1782-1785 have been reconstructed as replacements for the original returns. In response to repeated requests from genealogists, historians, and patriotic societies, the surviving census records were published by the Bureau of the Census in 1907 and 1908. The twelve states whose records were then extant are each covered by a single volume. The twelve published volumes contain the names of the heads of about 400,000 families, with information concerning their place of residence, the size of their families, and the approximate ages of the male family members. The families, averaging six people each, comprised about 2,400,000 individuals, or approximately 75% of the total population of the United States at the time.

Outlaw Mountain Dec 09 2023 Alice Rogers, an elderly widow, is dead, found murdered in the Arizona desert. It's easy enough to pin the killing on the teens caught driving her car across the Mexican border, but Sheriff Brady isn't about to let it go at that. Alice was something of a free spirit, with a penchant for Scotch, the glitter of Las Vegas, and a romance with a man twenty years her junior. Her hot-tempered daughter Susan suspects Mom's boyfriend—her former handyman who moved in instead of moving on when he finished his handy work. Now Susan's furious at her brother Cleve, the do-nothing mayor of Tombstone, blaming him for not protecting their inheritance by breaking up their mother's winter romance. Yet all is not as it appears to be, and Joanna is forced to put her personal life on hold to dig deeper into Alice's death, the lives of her greedy offspring, and the identity of her mysterious gentleman friend. And as the investigation gets sidetracked by ugly local land disputes, it takes some troublesome twists and turns, until Sheriff Brady finds herself wading through a murky morass of graft and corruption that may have given someone reason to kill—and kill again.
