A Legal Framework from Emerging Business Models Emily M. Weitzenboeck, 2012 The last two decades have witnessed the growth of new forms of entrepreneurial cooperation such as dynamic networks like virtual enterprises and enterprise pools These business forms are often hybrid having elements of both contract based organizations and corporate forms in particular partnership This book examines the relative utility of contract and partnership law in fostering and maintaining these emerging business models focusing on dynamic networks The book analyses how dynamic networks are organized and set up through very often collaborative contracts and how the behaviour of their member firms is regulated Good faith and fair dealing as a behavioural criterion in contractual and partnership relations is an important theme of this work The background and preconditions for the emergence and growth of such business forms is also investigated The book contains case studies of such networks from different countries in particular Germany Austria Switzerland England and Norway It examines relevant legal rules in a number of jurisdictions such as England Norway Germany Italy France and the US This detailed book will appeal to postgraduate students and academics in the fields of contract law comparative law partnership law and business commercial law Academics in other disciplines such as

economics sociology and business management will also find much to interest them in this study

Introduction to Law Henry R. Cheeseman, 2005 This complete introduction to law places emphasis on ethics and international issues showing readers how to engage in ethical analytical reasoning with every topic from legal fundamentals to areas of substantive law The features of this book encourage readers to apply critical thinking organizational and summation skills and legal research tools to solve specific legal problems KEY TOPICS The American court system criminal law and ethics contracts and E Commerce family law real and personal property agency employment and equal opportunity law intellectual property and internet law and administrative law consumer investor and environmental protection MARKET For paralegals legal assistants lawyers and all legal professionals

Privacy in Context Helen Nissenbaum, 2009-11-24 Privacy is one of the most urgent issues associated with information technology and digital media This book claims that what people really care about when they complain and protest that privacy has been violated is not the act of sharing information itself most people understand that this is crucial to social life but the inappropriate improper sharing of information Arguing that privacy concerns should not be limited solely to concern about control over personal information Helen Nissenbaum counters that information ought to be distributed and protected according to norms governing distinct social contexts whether it be workplace health care schools or among family and friends She warns that basic distinctions between public and private informing many current privacy policies in fact obscure more than they clarify In truth contemporary information systems should alarm us only when they function without regard for social norms and values and thereby weaken the fabric of social life

Law & Capitalism Curtis J. Milhaupt, Katharina Pistor, 2008-09-15 Recent high profile corporate scandals such as those involving Enron in the United States Yukos in Russia and Livedoor in Japan demonstrate challenges to legal regulation of business practices in capitalist economies Setting forth a new analytic framework for understanding these problems Law and Capitalism examines such contemporary corporate governance crises in six countries to shed light on the interaction of legal systems and economic change This provocative book debunks the simplistic view of law s instrumental function for financial market development and economic growth Using comparative case studies that address the United States China Germany Japan Korea and Russia

Curtis J Milhaupt and Katharina Pistor argue that a disparate blend of legal and nonlegal mechanisms have supported economic growth around the world Their groundbreaking findings show that law and markets evolve together in a rolling relationship and legal systems including those of the most successful economies therefore differ significantly in their organizational characteristics Innovative and insightful Law and Capitalism will change the way lawyers economists policy makers and business leaders think about legal regulation in an increasingly global market for capital and corporate governance

Dynamic Statutory Interpretation William N. Eskridge,1994 Contrary to traditional theories of statutory interpretation which ground statutes in the original legislative text or intent legal scholar William Eskridge argues that statutory interpretation changes in response to new political alignments new interpreters and new ideologies It does so first of all because it involves richer authoritative texts than does either common law or constitutional interpretation statutes are often complex and have a detailed legislative history Second Congress can and often does rewrite statutes when it disagrees with their interpretations and agencies and courts attend to current as well as historical congressional preferences when they interpret statutes Third since statutory interpretation is as much agency centered as judgecentered and since agency executives see their creativity as more legitimate than judges see theirs statutory interpretation in the modern regulatory state is particularly dynamic Eskridge also considers how different normative theories of jurisprudence liberal legal process and antiliberal inform debates about statutory interpretation He explores what theory of statutory interpretation if any is required by the rule of law or by democratic theory Finally he provides an analytical and jurisprudential history of important debates on statutory interpretation

Buelow, D.Min., J.D., 2023-11-29 CONFLICT and the division ill will and heartache it brings seems to prevail all around us Regrettably people of faith are not immune from the impact of conflict In fact too often it seems that those who profess faith in Christ experience conflict in disproportionate measure Christian families church leadership teams Christian owned businesses and even churches themselves too frequently disintegrate under the heavy burdens of unresolved conflict This book is presented as a resource for gaining a fuller understanding of conflict between Christ followers and for increasing the effectiveness of conflict resolution efforts It uniquely draws from multiple conflict resolution disciplines combining and unifying each with a fuller and more complete understanding of Biblical guidance offered on the topic And it provides the effective strategies necessary to restore peace and unity among those entwined in conflict Whether one is embroiled in a conflict or is seeking to help manage or resolve a conflict between others this book is ultimately designed to help the readers efforts to promote and restore unity and peace

between those within the community of Christ followers who are struggling in conflict and to do so in a way that honors God and the guidance provided in His Word ABOUT THE AUTHOR Dr William Bill Buelow has been guiding others to the successful resolution of conflicts for more than 30 years Uniquely qualified and experienced as a counselor therapist attorney mediator chaplain pastor and educator Bill combines the best practices of each discipline as he works with church leaderships families business leaders and others toward restoring Christian unity trust and common purpose in a manner that is consistent with and under the authority of biblical instruction Bill has earned doctoral degrees in law and ministry and a master s degree in counseling psychology and has completed advanced training in Transformative Mediation The author of multiple legal publications Bill now offers this book as a practical guide to understanding conflicts between Christ followers and to assist readers efforts to effectively promote and restore unity and peace between conflicting Christian brothers and sisters

Dynamic Business Law: Summarized Cases Lucien Dhooge,Linda Barkacs,Nancy Kubasek,Daniel Herron,M. Neil Browne,Carrie Williamson,2012-01-06 Dynamic Business Law Summarized Cases 1e is appropriate for the two term business law course Emphasis on the BUSINESS in business law Dynamic Business Law emphasizes the tie of legal issues back to the core business curriculum This will help both students and faculty Faculty need to know how this is integrated as they are constantly defending the inclusion of this course in the business curriculum And students need to understand how the concepts tie to their future business careers Emphasis on TEACHING Many professors teaching this course are attorneys first and academics second They do not have a lot of time to prepare or think about how to apply this information effectively for their business students Dynamic Business Law contains a helpful instructor s manual particularly for the many adjuncts teaching this course Emphasis on CRITICAL THINKING Neil Browne one of the co authors of this text has written a successful text on critical thinking His framework is included in Dynamic Business Law as well to help students learn how to frame and reframe a question issue Critical thinking questions are also included at the end of each case to further tie in this component
