A Practical Guide to U. S. Taxation of International Transactions Jun 13 2024 Discusses two fundamental principles of US taxation of international transactions, i.e. tax jurisdiction and the source of income rules. Explains how the US taxes the foreign activities of domestic corporations, US citizens and other US persons. Includes chapters on the foreign tax credit, the deemed paid foreign tax credit, transfer pricing, controlled foreign corporations, foreign sales corporations and income tax treaties. Describes how the US taxes the US activities of foreign corporations, non-resident alien individuals, and other foreign persons.

Principles of International Taxation Mar 06 2021 This title provides a clear introduction to international taxation and presents its material in a global context, explaining policy, legal issues and planning points central to taxation issues, primarily from the viewpoint of a multinational group of companies. It uses examples and diagrams throughout to aid the reader's understanding and offers more in-depth material on many important areas of the subject. As well as practitioners who are less familiar with international taxation principles, this title is also used as a core text by many undergraduate and post graduate students studying business degrees. It is also widely used by those studying for the CIOT Advanced Diploma in International Taxation. Business is increasingly carried on a global scale and as such an understanding of how international taxation works is very useful for in house finance teams as well as their advisers. The 9th edition is again fully updated to cover important regulatory and legislative developments, including those in light of the ongoing OECD BEPS project implementation. Other key developments include: Progress towards a global minimum corporate tax rate to curb base erosion and tax competition (Pillar 2), eg OECD implementation framework and UK draft legislation New crypto asset reporting framework released by OECD. Ongoing impact of Covid-19 on international taxation Progress in relation to tackling tax evasion now that country by country reporting is bedding in. Further developments in European direct taxation including the debt-equity bias reduction allowance (DEBRA) and new Directive to prevent the misuse of shell entities. The updating is done by Lynne Oats, Professor of Taxation and Accounting, University of Exeter Business School, and formerly Deputy Director of the Tax Administration Research. She has managed this project since its inception.

Taxing Ourselves, fourth edition Jan 16 2022 The fourth edition of a popular guide to the key issues in tax reform, discussing the current system and alternative proposals clearly and without a political agenda. As Albert Einstein may or may not have said, "The hardest thing in the world to understand is the income tax." Indeed, to follow the debate over tax reform, the interested citizen is forced to choose between misleading sound bites and academic treatises. Taxing Ourselves bridges the gap between the two by discussing the key issues clearly and without a political agenda: Should the federal income tax be replaced with a flat tax or sales tax? Should it be left in place and reformed? Can tax cuts stimulate the economy, or will higher deficits undermine any economic benefit? Authors and tax policy experts Joel Slemrod and Jon Bakija lay out in accessible language what is known and not known about how taxes affect the economy, offer guidelines for evaluating tax systems, and provide enough information to assess both the current income tax system and the leading proposals to reform or replace it (including the flat tax and the consumption tax). The fourth edition of this popular guide has been extensively revised to incorporate the latest information, covering such recent developments as the Bush administration's tax cuts (which expire in 2011) and the alternatives proposed by the President's Advisory Panel on Federal Tax Reform. Slemrod and

Bakija provide us with the knowledge and the tools—including an invaluable voter's guide to the tax policy debate—to make our own informed choices about how we should tax ourselves.

Federal Income Taxation Nov 13 2021 Every single element of this longstanding leading text - from content selection to sequence to organization -has been enhanced for greater effectiveness & easier understanding. The strengths that have earned the casebook enduring popularity: Problems that are interspersed between notes & questions. A perfectly balanced presentation that heightens accessibility while it remains challenging. The current authors, who are among the most noted scholars of their generation, continue to uphold & extend the tradition of excellence established by original author Boris Bittker. A unique introduction that provides insightful historical background & some economic analysis. Integrated theory & policy when appropriate. An extensive Teacher's Manual supports the text & gives practical suggestions rooted in years of classroom experience. Exciting changes in the Twelfth Edition: new co-author Daniel Shaviro shares his expertise in tax law & policy new & additional problems, in response to user feedback new introductory text supplies additional explanations updated text on the 1997 Tax Act substantially trimmed notes concentrating on the essentials cases which have been exhaustively reviewed include preserved teaching cases considered to be the best, & less distinguished cases either cut, reduced, or summarized a new discussion of "flat tax" & an expanded section on tax compliance materials on Drescher that now stand alone & can be used when professors prefer a rewritten section on original issue discount, now clearer & easier to follow an impressive author web site, www.law.nyu.edu/bankmanj/

Federal Income Taxation of Business Organizations Aug 11 2021

Principles of International Taxation Apr 30 2023 The book provides a clear introduction to international taxation and presents its material in a global context, explaining policy, legal issues and planning points central to taxation issues, primarily from the viewpoint of a multinational group of companies. It uses examples and diagrams throughout to aid the reader's understanding and offers more in-depth material on many important areas of the subject. Traditionally published every 2 years in both print and digital formats, this content is a core requirement for student reading lists at both undergraduate and post graduate level. Fully updated to cover all new tax legislation and developments in light of the OECD BEPS project implementation, key areas to be included in this new edition are: - changes proposed by BEPS 2.0 in relation to taxation and the digital economy, including Pillar Two and the proposed new UN Model Article 12B; - further progress on the implantation of OECD Base Erosion and Profit Shifting implementation, including: -- an update on the implementation of BEPS recommendations including artificial avoidance of permanent establishment status and prevention of treaty abuse; -- the implementation of transfer pricing documentation and country-by-country reporting; -- multilateral instrument implementation; - the impact of Covid-19 on international taxation; - further developments in European direct taxation including the transparency package, directives on anti-tax avoidance and the common corporate tax base and state aid cases (Apple in particular) and updates to the Directive on Administrative Cooperation, and the new communication on Business Taxation for the 21st Century. - Proposals in relation to the taxation of digital business, in particular the OECD's unified approach and the UN modifications to the Model Double Taxation Convention. - Proposals for a global minimum corporate tax rate to curb base erosion and tax competition.

Parts have been translated into Chinese, Japanese, Spanish, and Vietnamese.

State and Local Taxation Jul 02 2023 "The 10th edition of the casebook takes account of the key developments in the law of state and local taxation over the past several years. It continues to reflect the fundamental restructuring and "facelift" of the materials that we undertook in the 9th edition in which we reorganized the materials to focus first on the constitutional underpinnings of state and local taxes (jurisdictional limitations, interstate and foreign commerce limitations, and uniformity and equality limitations) before exploring, in the second part of the book, the major state and local taxes (personal and corporate income taxes, sales taxes, and property taxes)". -- PREFACE.

What the IRS Doesn't Want You to Know Sep 04 2023 With tax laws constantly changing and existing regulations hidden in volumes of tax code, nothing related to taxes is easy to figure out. Businesses and individuals in every income bracket need expert advice that cuts through the IRS bureaucracy and shows them how to work within the system. In *What the IRS Doesn't Want You to Know: A CPA Reveals the Tricks of the Trade*, tax expert Martin S. Kaplan reveals critical strategies that the best CPAs use for their clients to file shrewd, legal, money-saving returns. Filled with in-depth insights and practical advice, this book will help you answer such questions as: * How can you approach the "new" IRS to maximize your tax return success? * What are the latest IRS weapons? * What are the biggest taxpayer misconceptions? * What are the most commonly overlooked credits and deductions? * How will new tax legislation affect you? * How can outdated IRS technology benefit you? * What forms should you never fill out? From deciphering the Jobs and Growth Tax Relief Reconciliation Act of 2003 to understanding the personality of the IRS, *What the IRS Doesn't Want You to Know* will help you shape your tax strategies and stay on top of your current financial situation.

Income Taxation Oct 05 2023

Federal Estate and Gift Taxation Mar 30 2023 This book is a leader in the field, and as the new

publisher we can assure loyal adopters that the basic structure, style and approach of the book remains essentially unchanged from previous editions. The Ninth Edition continues to provide an engaging and insightful introduction to the federal estate, gift and generation-skipping transfer taxes, placing leading cases in historical context and exploring their practical significance and policy implications. The Ninth Edition reflects statutory changes in rates, exemptions, and other matters included in the Economic Growth and Tax Relief Reconciliation Act of 2001, such as the introduction of a new federal deduction for state death taxes to replace the traditional credit mechanism. The new edition also addresses the possibility of temporary or permanent repeal of the estate and GST taxes beginning in 2010, and the attendant uncertainty for planners and policy makers in the meantime.

International Taxation in an Integrated World Aug 23 2022 In this book the authors provide a new treatment of international taxation, one that focuses on the interactions between fiscal policies of sovereign nations and the magnitude and directions of international capital and goods flow in an integrated world economy.

Fundamentals of Partnership Taxation Jun 01 2023 The ninth edition teaches the fundamentals of a highly complex subject through clear and lively explanatory text, skillfully drafted problems, and a selective mix of original source materials. Highlights include: Coverage of all significant developments since the last edition, including proposed regulations interpreting the ♦ 706 varying interest rule and defining "interest in a limited partnership" for purposes of the ♦ 469 passive loss limitations A fresh perspective on choice of entity, including employment tax considerations New author's text discussing series LLCs and partnership debt-for-equity exchanges Revised text on special allocations under ♦ 704(b) An update on the partnership "carried interest" controversy Pruning of dated materials and more tightly edited cases, notes and problems

Federal Corporate Taxation Sep 23 2022 The Fourth Edition of Abrams & Doernberg's Federal Corporate Taxation includes: * New debt/equity limitations ("non-qualified preferred stock") in corporate formations & reorganizations * Anti-abuse redemption provisions covering stock options & sales between related corporations * The anti-Morris Trust changes to tax-free spin-offs * Liberalization of Subchapter S shareholder restrictions & changes to timing of Subchapter S distributions ###1-56662-799-0

Practical Guide to Partnerships and LLCs Dec 07 2023 Practical Guide to Partnerships and LLCs (9th Edition), by Robert Ricketts and Larry Tunnell, discusses the complex issues involving partnership taxation with utmost clarity. It uses hundreds of illustrative examples, practice observations, helpful charts and insightful explanations to make even the most difficult concepts understandable. The book reflects the authors' penchant for communicating the pertinent facts in very direct language and creating a context for understanding the multifaceted issues and applying them to practice.

Fundamentals of Income Taxation Jul 22 2022 Rev. ed. of: Fundamentals of income taxation / [edited by] James F. Ivers III, Thomas M. Brinker, Jr. 9th ed. c2010.

Principles of Corporate Taxation Apr 06 2021 The book is not organized according to the chronological life of a corporation. Instead, the book begins by examining the tax treatment of a withdrawal of property from an existing corporation. The reason for choosing that organization is that the concepts embodied in such topics as dividends, earnings and profits, and stock redemptions are the fundamental building blocks on which the more complex provisions of corporate taxation rest. The authors explain the technical operation of the various Code provisions and provide numerous examples illustrating how they are applied and how several provisions must be read in concert with each other.

Principles of Canadian Income Tax Law Aug 03 2023

Black Letter Outline on Corporate Taxation Mar 10 2024 This comprehensive and clearly written text is designed to help students recognize and understand the basic principles and issues covered in law school courses in corporate taxation at both the J.D. and LL.M. levels. It explains all the fundamental concepts and transactions affecting C and S corporations and their shareholders, and

includes numerous illustrative examples, self-test questions with answers, and sample exam questions. The Ninth Edition incorporates all relevant provisions of the 2017 legislation known as the Tax Cuts and Jobs Act.

Federal Income Taxation of Trusts and Estates Jun 08 2021 To view the 2018 supplement, click [here](#). Federal Income Taxation of Trusts and Estates: Cases, Problems, and Materials examines the income taxation of estates and trusts, estate and trust beneficiaries, and trust settlors; its emphasis is on the provisions of "Subchapter J"--the relevant portion of the Internal Revenue Code (sections 641 through 692)--and its first priority is to give readers an understanding of those provisions and how they work. The book takes four distinct, but integrated, approaches. At the beginning of each section, Ascher and Danforth present assignments of carefully selected provisions of the Internal Revenue Code and Treasury Regulations. Following are one or more precedents (cases or rulings) dealing with the topic at hand, accompanied by textual material that amplifies the topic by further analysis of the primary precedents, presentation of other precedents, or discussion of subsequent developments. Finally, numerous problems, where appropriate, allow the reader to apply the material to common fact patterns. The third edition brings the book completely up to date, and includes all relevant developments since the preparation of the second edition. Among the many important additions are the decision of the United States Supreme Court in *Knight v. Commissioner*, which just this year held that investment advisory fees paid by a trustee are subject to the 2% haircut under section 67; *Mattie K. Carter Trust v. United States*, in which the United States District Court for the Northern District of Texas held that it is not merely the activities of the trustee, but also those of the trustee's employees, that count toward the material participation requirement under the passive activity rules of section 469; and full incorporation of the trust accounting income regulations recently finalized by the Treasury. The third edition includes a number of new or revised problems, and it trims some materials relating to estate planning techniques that are now obsolete.

Federal Income Taxation in Focus Jun 20 2022 Federal Income Taxation in Focus, Second Edition
Income Tax Jan 08 2024 This well respected text, now in its 9th edition, has been revised and updated to include the latest developments in taxation law. The company tax chapter comprehensively covers the taxation of companies, including the dividend imputation system and the carry-forward loss rules. The tax avoidance chapter includes recent case law. The deductions chapter incorporates recent case law on business deductions and deductions available to employees. The taxation of trusts chapter has been updated to include the most recent legislative changes in this area. The authors explain the principles of income tax law and other tax legislation. Commentary on the key tax concepts and extracts of leading cases illustrate the application of the principles. All chapters commence with a general overview of the material to be covered. The case extracts are introduced with an outline of the facts, the competing arguments and the decision of the court or tribunal. The other extracts include rulings, explanatory memorandums and government reports. The authors also use material from economics and politics to provide the context in which tax law has developed. This book is cross-referenced to other taxation books and contains internet citations for extracted cases.

Stand Up to the IRS. 9th Edition. Apr 11 2024 The information and strategies you need to deal with the IRS. The Law of Tax-Exempt Organizations, 9th Edition and Planning Guide for the Law of tax-Exempt Organizations (paper) Feb 09 2024

The Planning Guide is designed to be used in direct conjunction with *The Law of Tax-Exempt Organizations, Ninth Edition* (April 2007), which summarizes the law of tax-exempt organizations as such (its purpose is not to provide planning guidance). The Planning Guide offers professionals that are representing and advising tax-exempt organizations with a wide variety of practical planning tips and guidance and similar information that they can use in performing their services. The two books are to be used in tandem. There will be a minimum of overlap of information. Each chapter in the Planning Guide will contain appropriate cross-references to the related material in *The Law of Tax-Exempt Organizations*.

Fundamentals of Corporate Taxation Nov 06 2023 The ninth edition of this widely used casebook continues its long tradition of teaching the "fundamentals" of a highly complex subject with clear and engaging explanatory text, skillfully drafted problems, and a rich mix of original source materials to accompany the Code and regulations. Important highlights of the ninth edition include: Coverage of all significant developments since the last edition, including the impact on corporate-shareholder transactions of the now permanent higher marginal individual tax rates and the 3.8% tax on net investment income tax; final regulations on § 336(e) elections and Type F reorganizations; published rulings on internal corporate restructuring transactions; new legislation blocking tax-free spin-offs of REITs and the IRS's no-ruling policy on certain other types of cash-rich corporate divisions; and S corporation developments. Updated discussion of the options and prospects for fundamental corporate tax reform, including an overview of issues affecting U.S. multinational corporations. Reorganized discussion of the continuity of proprietary interest doctrine in tax-free reorganizations. Expanded coverage of the § 1202 exclusion for sales of small business stock and compensation issues for S corporation owner-employees. Removal of dated and historical materials and more tightly edited cases.

Principles of International Taxation May 08 2021 This title provides a clear introduction to international taxation and presents its material in a global context, explaining policy, legal issues and planning points central to taxation issues, primarily from the viewpoint of a multinational group of companies. It uses examples and diagrams throughout to aid the reader's understanding and offers more in-depth material on many important areas of the subject. As well as practitioners who are less familiar with international taxation principles, this title is also used as a core text by many undergraduate and post graduate students studying business degrees. It is also widely used by those studying for the CIOT Advanced Diploma in International Taxation. Business is increasingly carried on a global scale and as such an understanding of how international taxation works is very useful for in house finance teams as well as their advisers. The 9th edition is again fully updated to cover important regulatory and legislative developments, including those in light of the ongoing OECD BEPS project implementation. Other key developments include: Progress towards a global minimum corporate tax rate to curb base erosion and tax competition (Pillar 2), eg OECD implementation framework and UK draft legislation New crypto asset reporting framework released by OECD. Ongoing impact of Covid-19 on international taxation Progress in relation to tackling tax evasion

now that country by country reporting is bedding in. Further developments in European direct taxation including the debt-equity bias reduction allowance (DEBRA) and new Directive to prevent the misuse of shell entities. The updating is done by Lynne Oats, Professor of Taxation and Accounting, University of Exeter Business School, and formerly Deputy Director of the Tax Administration Research. She has managed this project since its inception.

State and Local Taxation Jan 28 2023 The newly-reorganized Ninth Edition covers constitutional structure first (i.e., jurisdiction to tax, Commerce Clause, intergovernmental immunities, etc.) and specific taxes second (i.e., property taxes, corporate and personal income taxes, and sales taxes.) It provides more student guidance and roadmapping than previous editions.

Fundamentals of Federal Income Taxation Sep 11 2021 Adopted at over 100 schools, this casebook provides detailed information on federal income taxation, with specific assignments to the Internal Revenue Code, selected cases, and administrative rulings from the Internal Revenue Service. The revised and updated Eighteenth Edition retains the book's long standing format and much of its prior materials, but it is updated to reflect recent events including all legislative developments, especially the Protecting Americans from Tax Hikes Act of 2015 (Pub. L. 114-113). The new edition contains coverage of updated tax rates, the permanent extension of various tax provisions, final regulations on capitalization, the Ninth Circuit's opinion in *Voss v. Commissioner*, and IRS guidance on the tax rules for same-sex married couples. The Eighteenth Edition also features revised and reorganized coverage of: (1) the cost recovery system (including §§ 179 and 168(k)), (2) the cash and accrual methods of tax accounting, and (3) the tax treatment of original issue discount and the time value of money provisions.

Prentice Hall's Federal Taxation 2013 Comprehensive Feb 14 2022 The Pope/Anderson/Kramer series is unsurpassed in blending the technical content of the most recent federal taxation mandates with the highest level of readability and relevancy for students.

Partnership Taxation Oct 25 2022 This comprehensive and clearly written text is designed to help students recognize and understand the basic principles and issues covered in law school courses in partnership or pass-through entity taxation at both the J.D. and LL.M. levels. It explains all the fundamental concepts and transactions affecting partnerships, limited liability companies, and S corporations and includes numerous illustrative examples, self-test questions with answers, and sample exam questions.

Federal Income Tax Jul 10 2021 The Fourth Edition of Federal Income Tax is considerably more comprehensive than outlines or study aids, but is more concise & readily absorbed than a multiple volume treatise. The book will be of great value to a student taking a basic course in income taxation & to students taking advanced tax courses who desire an accessible explanation of a personal income tax doctrine that relates to their studies.
