With this revision, Bishop Malcolm Coby offers the organizational or jurisdictional leader the opportunity to protect the assets of the organization with guidelines for sexual misconduct or harassment. This revision gives particular attention to the expanded roles of the Auxiliaries in Ministry or A.I.M. This volume describes and maps congregations of Christian confessions and denominations, as well as groups with Jewish, Buddhist, Muslim, Hindu, and various other spiritual faiths, in different European countries. Consisting of three parts, it presents concrete sociological studies addressing how established and not established, old and new congregations of various faiths create a new kind of religious diversity at the country level; how religious congregations are challenged and thrive in large cities; and how religious congregations change in the 21st century. The book enlightens by its descriptive analysis and the theoretical questions it raises concerning the religious transformations happening all over Europe. It addresses issues of religious diversity in the cities of Europe by presenting large studies conducted in cities such as Barcelona in Spain, and Aarhus in Denmark. By means of large-scale censuses taken in areas such as North Rhine-Westphalia in Germany and in countries like Switzerland and Italy, the book shows how the historically established churches restructure their congregations and activities. It clarifies for the new gatherers where and how a new diversity of religious congregations is in the process of being established. Finally, the book

covers two important topical issues: pluralisation and secularisation. It provides new data on religious diversity, painting a new picture of secularisation: the impact and structural consequences of the long-term decrease of membership in the established churches. Historians have noted the connections between the Wesleyan Methodist movement that began in the

eighteenth century, the emergence of African American Methodist traditions and an interdenominational Holiness movement in the nineteenth century, and the birth of Pentecostalism in the twentieth century. This volume, written by historians, theologians, and pastors, builds on that earlier work. The contributors present a diverse array of key figures--denominational leaders and mavericks, institutional loyalists and come--outers, clergy and laity--who embodied these movements. The authors show that in spite of their differing historical and cultural contexts, these movements constitute a distinct theological family whose confident and expectant faith in the transforming power of God has significant implications for the renewal of the contemporary church and its faithfulness to God's mission in the world today. My first experience with the Lord was at the age of eleven at Bartlett Chapel Church. Because I did not understand about growing in the Lord, Satan stole what had been out in me. I wasted precious time serving Satan and destroying my body with alcohol and cigarettes. But, I thank God for his Grace, and Mercy which gave me another chance. Ever since that day, in Noon-day prayer, at Mt. Olivet Church of God in Christ in Dayton, Ohio, when God forgave me of my sins and filled me with the Holy Ghost, I've been trying to redeem the time. I endeavor to use every opportunity to let men, women, boys and girls know that: "God is Love, Jesus is Savior, The Holy Ghost is Keeper." The critical work of the Church has been dramatically reshaped by the vision that God gave Bishop Charles Edward Blake, Sr. He has redefined what we do as a church and encouraged every pastor to rethink how we, the Church, and the communities we serve, can live more abundantly. **BE INSPIRED BY RUTH INNER STRENGTH. The Church of God in Christ (COGIC), the first major denomination to spring from the fires of the Azusa Street revival, profoundly affected the history of the black church. Its tremendous influence can be traced to the dynamic spiritual life of its founder, Charles Harrison Mason. The son of a slave and a leader in the holiness movement of his day, Mason traveled to Azusa Street in 1907 where he received the baptism of the Holy Spirit. Returning home, he discovered that visions, spontaneous healing and deliverance followed him. A new power accompanied his preaching, and he experienced freedom from former limitations. Mason's vibrant spiritual life enabled him to lead a fledgling movement

from its infancy to a powerful, prophetic community over the next fifty years. Beginning in the rural South in the decades following the Reconstruction Era, the denomination gradually moved into urban areas during the 1900's. No matter where its ministers, however, the COGIC Church holds in tension the dynamics of holiness, spiritual encounter and prophetic Christian social consciousness. Facing the challenges of our generation, the COGIC Church desires to maintain the legacy of its founder as it prepares for another century of work and witness. "Our younger generations need to know the rich legacy bequeathed to them by the pioneers of the Church of God in Christ." Presiding Bishop Chandler D. Owens "Every pastor in our denomination and beyond should have a worn and well read copy of this book." Bishop Charles E. Blake, Sr. "This valuable book should be in the hands of every member of the Church of God in Christ." Bishop C. L. Anderson "God gave Bishop C. H. Mason an anointing to preach powerfully, to heal the sick, and to sing out in spontaneous worship. May we covet the same anointing that transformed thousands in his day." Bishop J. Neaul Haynes "We are the descendants of a mighty move of God that began at Azusa Street. This book will help us to pass on an equally dynamic spiritual life to our successors, taking the Church of God in Christ into the next century." Bishop P. A. Brooks "Church leaders would do well to emulate the dynamic spiritual life of our founder; Bishop C. H. Mason." Bishop O. T. Jones, Jr. "Bishop Clemmons reminds us that our denomination was forged in the fires of a pentecostal revival that continues to impact our society today." Bishop Gilbert E. Patterson "Our roots establish our legacy and provide the springboard for the future. This documentation is a must for this generation and the generations to come." Mother Emma F. Crouch, Supervisor, Women's Department, Church of God in Christ, President, International Women's Convention "This is must reading for every seminary student preparing to minister in the Church of God in Christ. This will be extremely valuable to students of church history regardless of denomination." Dr. H. Vinson Synan, Ph.D., Dean of the School of Divinity, Regent University "Finally, a documentary written by a black historian/theologian and a lifelong member of the Church of God in Christ. Bishop Clemmons' perspective is insightful, informative, and refreshing." Dr. William C. Turner, Ph.D., Professor of Theology, Duke Divinity School, Duke University "Allow Bishop C. H. Jim Crow refers to a set of laws in many states, predominantly in the South, after the end of Reconstruction in 1877 that severely restricted the rights and privileges of African Americans. As a caste system of enormous social and economic magnitude, the institutionalization of Jim Crow was the most significant element in African American life until the 1960s Civil Rights Movement led to its dismantling. Racial segregation, as well as responses to it and resistance against it, dominated the African American consciousness and continued to oppress African Americans and other minorities, while engendering some of the most important African American contributions to society. This major encyclopedia is the first devoted to the Jim Crow era. The era is encapsulated through more than 275 essay entries on such areas as law, media, business, politics, employment, religion, education, people, events, culture, the arts, protest, the military, class, housing, sports, and violence as well as through accompanying key primary documents excerpted as side bars. This set will serve as an invaluable, definitive resource for student research and general knowledge. The authoritative entries are written by a host of historians with expertise in the Jim Crow era. The quality content comes in an easy-to-access format. Readers can quickly find topics of interest, with alphabetical and topical lists of entries in the frontmatter, along with cross-references to related entries per entry. Further reading is provided per entry. Dynamic sidebars throughout give added insight into the topics. A chronology, selected bibliography, and photos round out the coverage. There are many general references that offer explanations and advice on what Adjutants should do, and how to be an Adjutant; in fact the magnum opus of our craft is found in a book called *God's Armorbearer*,¹ by Elder Terry Nance. In historic times knights were military operatives who were appointed to the service of monarchs and other high-ranking nobles. In our time the Adjutancy serves the highest-ranking leadership of the Church. Over the course of these pages, we have attempted to convey an image of the Adjutancy that reinforces this idea of Christian kighthood. *Adjutant's Guide to Etiquette 2* is designed as training text to assist those who are called to serve Bishops, Overseers, Senior Pastors and leaders. Read and take notes. This book will help jump start your ministry of service to your leader and the Body of Christ. May God use this book and your service to be as an Aaron and Hur to your leader, pushing them to their next dimension of accomplishment in their God given assignment. Terry desires to teach people how

to identify with a lost, a dying world and then show them how they are the key to changing it.
