Prequel: Shadows (Dawson's story) The thrilling second installment in New York Times bestselling author Tahereh Mafi's Shatter Me series. It should have taken Juliette a single touch to kill Warner. But his mysterious immunity to her deadly power has left her shaken, wondering why her ultimate defense mechanism failed against the person she most needs protection from. She and Adam were able to escape Warner's clutches and join up with a group of rebels, many of whom have powers of their own. Juliette will finally be able to actively fight against The Reestablishment and try to fix her broken world. And perhaps these new allies can help her shed light on the secret behind Adam's—and Warner's—immunity to her killer skin. Juliette's world is packed with high-stakes action and tantalizing romance, perfect for fans of the Red Queen series by Victoria Aveyard and the Darkest Minds trilogy by Alexandra Bracken. Ransom Riggs, #1 New York Times bestselling author of Miss Peregrine's Home for Peculiar Children, raved: "A thrilling, high-stakes saga of self-discovery and forbidden love, the Shatter Me series is a must-read for fans of dystopian young-adult literature—or any literature!" This bestselling series from powerhouse author Tahereh Mafi showcases relentlessly thrilling action, heart stopping romance, and a war-torn world in which rebellion is the only path to freedom. Three Souls, Two Bodies and One Combustible Attraction! Kidnapped and held hostage, Alex doesn't think his day could get any worse. Of course he's wrong. Very wrong. He doesn't know what bad is until his captor Ahriman, needs a new host body and Alex's unique DNA makes him the perfect candidate. You would think that was as bad as it can get, right? Wrong. Enter Abby, a telepathic vampire whose lived most of her life as a recluse. She's shy and naïve when it comes to relationships. She's also Alex's mate, or will be if she can find him and complete their blood bond. If she doesn't?...He will die! But, she's determined to do whatever it takes to rescue him. Okay, so you're thinking things are looking bad for Alex. Spare a thought for Ahriman. Sure he's an evil fallen angel with an agenda to create a doorway to the Underworld. And yes, he enjoys dominating Alex whose body he's now cohabiting. But Alex isn't making it easy for him. Alex's special DNA makes him stronger than any regular human. Not to mention he also has a genius level IQ, is incredibly stubborn and has a very, very irritating personality. If that isn't bad enough, Alex needs to have regular sex with Abby or their shared body might die. Arhiman can handle the sex, the blood bond between Alex and

Abby, ...not so much. In fact, it's enough to make him wish he was in a coma. But that's not all. To top all that off, there's Ahriman's slightly crazy current...um, ex-girlfriend, a sociopathic vampire hell bent on revenge and a sorceress whose evil tendencies just might trump Ahriman's. With three souls, two bodies and one combustible attraction, get ready for a roller coaster ride of drama, sex and hilarious situations, but how will it end? The New York Times bestseller and basis for the Tony-winning hit musical, soon to be a major motion picture starring Cynthia Erivo and Ariana Grande With millions of copies in print around the world, Gregory Maguire's Wicked is established not only as a commentary on our time but as a novel to revisit for years to come. Wicked relishes the inspired inventions of L. Frank Baum's 1900 novel, The Wonderful Wizard of Oz, while playing sleight of hand with our collective memories of the 1939 MGM film starring Margaret Hamilton (and Judy Garland). In this fast-paced, fantastically real, and supremely entertaining novel, Maguire has populated the largely unknown world of Oz with the power of his own imagination. Years before Dorothy and her dog crash-land, another little girl makes her presence known in Oz. This girl, Elphaba, is born with emerald-green skin—no easy burden in a land as mean and poor as Oz, where superstition and magic are not strong enough to explain or overcome the natural disasters of flood and famine. Still, Elphaba is smart, and by the time she enters Shiz University, she becomes a member of a charmed circle of Oz's most promising young citizens. But Elphaba's Oz is no utopia. The Wizard's secret police are everywhere. Animals—those creatures with voices, souls, and minds—are threatened with exile. Young Elphaba, green and wild and misunderstood, is determined to protect the Animals—even if it means combating the mysterious Wizard, even if it means risking her single chance at romance. Ever wiser in guilt and sorrow, she can find herself grateful when the world declares her a witch. And she can even make herself glad for that young girl from Kansas. Recognized as an iconoclastic tour de force on its initial publication, the novel has inspired the blockbuster musical of the same name—one of the longest-running plays in Broadway history. Popular, indeed. But while the novel's distant cousins hail from the traditions of magical realism, mythopoeic fantasy, and sprawling nineteenth-century sagas of moral urgency, Maguire's Wicked is as unique as its green-skinned witch. Welcome, welcome to Finale, the third and final book in Stephanie Garber's #1 New York Times bestselling Caraval series! A love worth fighting for. A dream worth dying for. An ending worth waiting for. It's been two months since the Fates were freed from a deck of cards, two months since Legend claimed the throne for his own, and two months since Tella discovered the boy she fell in love with doesn't really exist. With lives, empires, and hearts hanging in the balance, Tella must decide if she's going to trust Legend or a former enemy. After uncovering a secret that upends her life, Scarlett will need to do the impossible. And Legend has a choice to make that will forever change and define him. Caraval is over, but perhaps the greatest game of all has begun. There are no spectators this time: only those who will win, and those who will lose everything. Welcome, welcome to Finale. All games must come to an end... Master storyteller Alice Hoffman brings us the conclusion of the Practical Magic series in a spellbinding and enchanting final Owens novel brimming with lyric beauty and vivid characters. The Owens family has been cursed in matters of love for over three-hundred years but all of that is about to change. The novel begins in a library, the best place for a story to be conjured, when beloved aunt Jet Owens hears the deathwatch beetle and knows she has only seven days to live. Jet is not the only one in danger—the curse is already at work. A frantic attempt to save a young man's life spurs three generations of the Owens women, and one long-lost brother, to use their unusual gifts to break the curse as they travel from Paris to London to the English countryside where their ancestor Maria Owens first practiced the Unnamed Art. The younger generation discovers secrets that have been hidden from them in matters of both magic and love by Sally, their fiercely protective mother. As Kylie Owens uncovers the truth about who she is and what her own dark powers are, her aunt Franny comes to understand that she is ready to sacrifice everything for her family, and Sally Owens realizes that she is willing to give up everything for love. The Book of Magic is a breathtaking conclusion that celebrates mothers and daughters, sisters and

brothers, and anyone who has ever been in love. Tick tock. One day before the wedding of her dreams, Penny is in a city that is no longer her home. Alone. Heartbroken. Lost. Could the past few years really mean so little to a man that became her world? To a man she'd do anything to protect? There is no future without him. There is no her without him. With only 24 hours until the wedding, is there enough time to repair the damage? Tick tock. And even if Penny and James do come back to each other, Isabella is still out there plotting. The world is still against them. Darkness still lurks in the shadows of James' past. A student and her professor were never meant to be forever. They thought it was an everlasting love, but it was doomed from the very start. Tick tock. Temptation led to addiction, which exploded into an eruption of chaos. And when the pieces settled, only one thing became clear...devotion. One great love. A love worth fighting for. Because the only thing that lasts forever is love. New York Times, USA Today, and Publishers Weekly bestseller! Clashing empires, forbidden romance, and a long-forgotten queen destined to save her people—Tahereh Mafi's first in an epic, romantic trilogy inspired by Persian mythology. To all the world, Alizeh is a disposable servant, not the long-lost heir to an ancient Jinn kingdom forced to hide in plain sight. The crown prince, Kamran, has heard the prophecies foretelling the death of his king. But he could never have imagined that the servant girl with the strange eyes, the girl he can't put out of his mind, would one day soon uproot his kingdom—and the world. Perfect for fans of Leigh Bardugo, Tomi Adeyemi, and Sabaa Tahir, this is the explosive first book in a new fantasy trilogy from the New York Times bestselling and National Book Award-nominated author Tahereh Mafi.
