Dead in the Family Charlaine Harris,2010-05-04 In the tenth novel in the 1 New York Times bestselling series the inspiration for the HBO original series True Blood Sookie Stackhouse learns that not even her psychic abilities can help her solve all the problems in Bon Temps Louisiana After enduring torture and the loss of loved ones during the brief but deadly Fae War Sookie Stackhouse is hurt and she s mad Just about the only bright spot in her life is the love she thinks she feels for vampire Eric Northman But he s under scrutiny by the new vampire king because of their relationship And as the political implications of the shifters coming out are beginning to be felt Sookie s connection to one particular Were draws her into the dangerous debate Also unknown to her though the doors to Faery have been closed there are still some fae on the human side and one of them is angry at Sookie Very very angry

The Bright Effect Autumn Doughton, Erica Cope,2015-11-16 Maybe promises are supposed to hurt a little Amelia Bright has lots of plans for the future and none of them involve falling for a guy like Sebastian Holbrook With a questionable reputation and an attitude to match he s exactly the kind of guy Amelia promised herself she d avoid But after an encounter that leaves her charged and breathless she can t stop wondering about him and the secrets he keeps hidden behind that tough exterior Sebastian knows firsthand that every single choice has a consequence and how a fragile promise can shape a life Now that his mother is gone and he s raising his little brother on his own he s all but given up on a future for himself Struggling to keep food on the table and a roof over their heads Sebastian doesn t have time for games or girls So why can t he shake thoughts of beautiful smart Amelia Bright from his mind Equally devastating and heartfelt Amelia and Sebastian s story of a rare and unexpected connection is one that will stay with you long after the last page is read Full of wit and tenderness *The Bright Effect* is an unforgettable journey of expectations regrets and discovering just how far love can carry us in the face of heartbreak

Warhogs Stuart D. Brandes,1997-01-01 The author masterfully blends intellectual economic and military history into a fascinating discussion of a great moral question for generations of Americans Can some individuals rightly profit during wartime while other sacrifice their lives to protect the nation

Dollars for Dixie Katherine Rye Jewell,2017-04-24 In *Dollars for Dixie* Katherine Rye Jewell demonstrates how conservative southern industrialists pursued a political campaign to preserve regional economic arrangements

The Life and Speeches of Charles Brantley Aycock Robert Digges Wimberly Connor, Clarence Hamilton Poe,1912

Claude A. Swanson of Virginia Henry C. Ferrell Jr.,2014-07-15 Spanning most of the years of the one party South the public career of Virginian Claude A Swanson congressman governor senator and secretary of the navy extended from the second administration of Grover Cleveland into that of Franklin Roosevelt His record writes Henry C Ferrell Jr in this definitive biography is that of a skillful legislative diplomat and an exceedingly wise executive encompassed in the personality of a professional politician As a congressman Swanson abandoned Cleveland s laissez faire doctrines to become

the leading Virginia spokesman for William Jennings Bryan and the Democratic platform of 1896 His achievements as a reform governor are equaled by few Virginia chief executives In the Senate Swanson worked to advance the programs of Woodrow Wilson In the 1920s he contributed to formulation of Democratic alternatives to Republican policies In Roosevelt s New Deal cabinet he helped the Navy obtain favorable treatment during a decade of isolation The warp and woof of local politics are well explicated by Ferrell to furnish insight into personalities and events that first produced then sustained Swanson s electoral success He examines Virginia educational moral and social reforms disfranchisement movements racial and class politics and the impact of the woman s vote And he records the growth of the Hampton Roads military industrial complex which Swanson brought about In Virginia Swanson became a dominant political figure and Ferrell s study challenges previous interpretations of Virginia politics between 1892 and 1932 that pictured a powerful reactionary Democratic Organization directed by Thomas Staples Martin and his successor Harry Flood Byrd Sr defeating would be progressive reformers A forgotten Virginia emerges here one that reveals the pervasive role of agrarians in shaping the Old Dominion s politics and priorities

The Life and Death of the Solid South Dewey W. Grantham, 2014-07-11 Southern style politics was one of those peculiar institutions that differentiated the South from other American regions This system long referred to as the Solid South embodied a distinctive regional culture and was perpetuated through an undemocratic distribution of power and a structure based on disfranchisement malapportioned legislatures and one party politics It was the mechanism that determined who would govern in the states and localities and in national politics it was the means through which the South s politicians defended their region s special interests and political autonomy The history of this remarkable institution can be traced in the gradual rise long persistence and ultimate decline of the Democratic Party dominance in the land below the Potomac and the Ohio This is the story that Dewey W Grantham tells in his fresh and authoritative account of the South s modern political experience The distillation of many years of research and reflection is both a synthesis of the extensive literature on politics in the recent South and a challenging reinterpretation of the region s political history

History of Crawford and Clark Counties, Illinois William Henry Perrin, 1883 *Firsting and Lasting* Jean M.

O'Brien, 2010-05-10 Across nineteenth century New England antiquarians and community leaders wrote hundreds of local histories about the founding and growth of their cities and towns Ranging from pamphlets to multivolume treatments these narratives shared a preoccupation with establishing the region as the cradle of an Anglo Saxon nation and the center of a modern American culture They also insisted often in mournful tones that New England s original inhabitants the Indians had become extinct even though many Indians still lived in the very towns being chronicled In *Firsting and Lasting* Jean M O'Brien argues that local histories became a primary means by which European Americans asserted their own modernity while denying it to Indian peoples Erasing and then memorializing Indian peoples also served a more pragmatic colonial goal refuting Indian claims to land and rights Drawing on more than six hundred local histories from Massachusetts Connecticut

and Rhode Island written between 1820 and 1880 as well as censuses monuments and accounts of historical pageants and commemorations O'Brien explores how these narratives inculcated the myth of Indian extinction a myth that has stubbornly remained in the American consciousness In order to convince themselves that the Indians had vanished despite their continued presence O'Brien finds that local historians and their readers embraced notions of racial purity rooted in the century's scientific racism and saw living Indians as mixed and therefore no longer truly Indian Adaptation to modern life on the part of Indian peoples was used as further evidence of their demise Indians did not and have not accepted this effacement and O'Brien details how Indians have resisted their erasure through narratives of their own These debates and the rich and surprising history uncovered in O'Brien's work continue to have a profound influence on discourses about race and indigenous rights

Dare You to Hate Me B. Celeste, 2023-04 From the fan favorite author of *Underneath the Sycamore Tree* comes the first in a raw real romance series following the lives of the Lindon U football players and the complicated girls who change their lives forever When Ivy asked her best friend to run away with her at sixteen she knew he'd say no He had football an amazing family and a happy home to go back to every day So the night Ivy snuck out of his bedroom window after hugging him goodbye she accepted she'd probably never see him again Then they both wound up at Lindon University four years later Ivy is barely picking up the pieces of her life when the boy whose initials she used to doodle hearts around approaches her at work Aiden Griffith Lindon U's star tight end Still as attractive Still as dedicated With rumors of him being drafted to the NFL coming to fruition Ivy knows it's only a matter of time before they have to say goodbye again But he can't seem to let her go no matter what she says and she doesn't think she wants him to

Breaking Nova Jessica Sorensen, 2013-09-03 From the #1 New York Times bestselling author of the Ella and Micha series comes a powerful story of love healing and impossible choices BREAKING NOVA Nova Reed used to have dreams of becoming a famous drummer of marrying her true love But all of that was taken away in an instant Now she's getting by as best she can though sometimes that means doing things the old Nova would never do Things that are slowly eating away at her spirit Every day blends into the next until she meets Quinton Carter His intense honey brown eyes instantly draw her in and he looks just about as broken as she feels inside Quinton once got a second chance at life but he doesn't want it The tattoos on his arm are a constant reminder of what he's done what he's lost He's sworn to never allow happiness into his life but then beautiful sweet Nova makes him smile He knows he's too damaged to get close to her yet she's the only one who can make him feel alive again Quinton will have to decide does he deserve to start over Or should he pay for his past forever

the diversity in American poetry Bourbon Fred Minnick,2016-10 Fred Minnick traces bourbon s entire history beginning with the New World settlers and following righ up through today s booming resurgence *Needing to Fall* Ryan Michele,2019-09-02 Have you ever sunk inside yourself to a place of darkness so deep you couldn t see the light Had no hope Felt completely alone in a world filled with so many people I have I ve lived it breathed it Why Because life hated me It disliked me from the moment of conception despised me when I was born loathed me when I bounced from each foster home and kicked me in the gut when I watched the one thing that meant everything to me leave For years I drifted unable to find my footing never knowing what the word stable meant Then a single moment in time rocked me to my core changing me and making that solid ground I so desperately craved crumble at my feet causing me to fall farther than I d ever imagined The darkness of the swirling tornado that is depression captured me pulling me down to its depths drowning me suffocating me owning me A depth so deep I didn t think I d survive and didn t care if I did I only wanted peace I wanted the pain to disappear I wanted to be free Needing to fall into the cyclone of darkness was the only way I could find the light Freud on Madison Avenue Lawrence R. Samuel,2011-06-06 What do consumers really want In the mid twentieth century many marketing executives sought to answer this question by looking to the theories of Sigmund Freud and his followers By the 1950s Freudian psychology had become the adman s most powerful new tool promising to plumb the depths of shoppers subconscious minds to access the irrational desires beneath their buying decisions That the unconscious was the key to consumer behavior was a new idea in the field of advertising and its impact was felt beyond the commercial realm Centered on the fascinating lives of the brilliant men and women who brought psychoanalytic theories and practices from Europe to Madison Avenue and ultimately to Main Street Freud on Madison Avenue tells the story of how midcentury advertisers changed American culture Paul Lazarsfeld Herta Herzog James Vicary Alfred Politz Pierre Martineau and the father of motivation research Viennese trained psychologist Ernest Dichter adapted techniques from sociology anthropology and psychology to help their clients market consumer goods Many of these researchers had fled the Nazis in the 1930s and their decidedly Continental and intellectual perspectives on secret desires and inner urges sent shockwaves through WASP dominated postwar American culture and commerce Though popular these qualitative research and persuasion tactics were not without critics in their time Some of the tools the motivation researchers introduced such as the focus group are still in use with consumer insights and account planning direct descendants of Freudian psychological techniques Looking back author Lawrence R Samuel implicates Dichter s positive spin on the pleasure principle in the hedonism of the Baby Boomer generation and he connects the acceptance of psychoanalysis in marketing culture to the rise of therapeutic culture in the United States **This Sky** Autumn Doughton,2014-08-09 Gemma Sayers has spent the last six days rotting in a hotel room wallowing in a noxious combination of gin junk food and self pity She s no stranger to disappointment but nothing could have prepared her for the chaos that unfolded when her celebrity boyfriend publicly humiliated her Now the fairytale is officially

over and Gemma is determined to put the past behind her and strike out to find a new dream Just a few teeny tiny details to work out she s currently broke homeless and unemployed Landon Young has his own worries Surfer by day and bartender by night he doesn t have the interest or the time to be anyone s happily ever after Weighed down by the memory of what happened two years ago Landon can barely keep his head above water This Sky is the thoughtful and often funny story about broken trust an unexpected love and the hopes we keep sewn in the linings of our pockets
