one of the most original thinkers writing today [Decadent Genealogies](#) Barbara Spackman,2018-03-15 Barbara Spackman here examines the ways in which decadent writers adopted the language of physiological illness and alteration as a figure for psychic otherness By means of an ideological and rhetorical analysis of scientific as well as literary texts she shows how the rhetoric of sickness provided the male decadent writer with an alibi for the occupation and appropriation of the female body

[The Coming of the Horseclans](#) Robert Adams,2020-07 [Dark Ecology](#) Timothy Morton,2016-04-12 Timothy Morton argues that ecological awareness in the present Anthropocene era takes the form of a strange loop or Möbius strip twisted to have only one side Deckard travels this oedipal path in Blade Runner 1982 when he learns that he might be the enemy he has been ordered to pursue Ecological awareness takes this shape because ecological phenomena have a loop form that is also fundamental to the structure of how things are The logistics of agricultural society resulted in global warming and hardwired dangerous ideas about life forms into the human mind Dark ecology puts us in an uncanny position of radical self knowledge illuminating our place in the biosphere and our belonging to a species in a sense that is far less obvious than we like to think Morton explores the logical foundations of the ecological crisis which is suffused with the melancholy and negativity of coexistence yet evolving as we explore its loop form into something playful anarchic and comedic His work is a skilled fusion of humanities and scientific scholarship incorporating the theories and findings of philosophy anthropology literature ecology biology and physics Morton hopes to reestablish our ties to nonhuman beings and to help us rediscover the playfulness and joy that can brighten the dark strange loop we traverse
