**The Alchemy of Loss** Abigail Carter, 2009-02-24 Like *A Year of Magical Thinking*, this powerful and touching book is both an inspirational read and a comfort to those who are looking for help in overcoming loss. The phone rang. It was my husband Arron telling me that he was at Windows of the World in the World Trade Center. There's been a bomb, he said. I had been preparing my six-year-old daughter for her second day of first grade, balancing my two-year-old son on my hip, and I was distracted. OK, I managed to say back. It was 8:49 a.m. on September 11, 2001. He never came home. Abigail Carter is smart, funny, perceptive, and bereft. In the eyes of most, herself included, she had it all: a full life with a loving, successful husband and two beautiful children. But in a horrifying instant, watched by the world, it was gone, and her life and her children's were changed irreparably. How does one learn to live again after tragedy? *The Alchemy of Loss* is Abby's moving story of answering that unimaginable question. Veering away from the trite and pat grief books which offer one size fits all solutions to this most deeply personal and unique experience, she realizes that each person must forge her own path through grief and that there are no right answers. Abby's journey took her six years, in which she turned everything she knew about herself upside down in order to learn to live again. She charts this journey in the year's most remarkable memoir. *The Alchemy of Loss* is her gift to us all, reminding us that life throws up roadblocks we can't anticipate and that we cannot live well if we live with regrets.

[Divorce Is the Worst](#) Anastasia Higginbotham, 2019-09-03 Kids are told it's for the best and one day it may be. But right now, divorce is the worst. Frank but funny, Anastasia Higginbotham conveys the challenge of staying whole when your entire world and the people in it split apart. Exceptional in its child-centered portrayal, *Divorce Is the Worst* is an invaluable tool for families, therapeutic professionals, and divorce mediators struggling to address this common and complex experience.
