Biography Award\* \*Shortlisted for the Jhalak Prize\* \*Shortlisted for the  
Rathbones Folio Prize 2018\* \*A Sunday Times Book of the Year\* Xiaolu Guo  
meets her parents for the first time when she is almost seven. They are  
strangers to her. When she is born in 1973, her parents hand her over to a  
childless peasant couple in the mountains. Aged two, and suffering from  
malnutrition on a diet of yam leaves, they leave Xiaolu with her illiterate  
grandparents in a fishing village on the East China Sea. Once Upon a Time in the  
East takes Xiaolu from a run-down shack to film school in a rapidly changing  
Beijing, navigating the everyday peculiarity of modern China: censorship,  
underground art, Western boyfriends. In 2002 she leaves Beijing on a  
scholarship to study in Britain. Now, after a decade in Europe, her tale of East to  
West resonates with the insight that can only come from someone who is both  
an outsider and at home. 'This generation's Wild Swans' Daily Telegraph

the bestselling former National Ambassador of Books for Young People. A

strong choice for summer reading—an engaging and powerful autobiographical exploration of growing up a so-called "bad boy" in Harlem in the 1940s. As a boy, Myers was quick-tempered and physically strong, always ready for a fight. He also read voraciously—he would check out books from the library and carry them home, hidden in brown paper bags in order to avoid other boys' teasing. He aspired to be a writer (and he eventually succeeded). But as his hope for a successful future diminished, the values he had been taught at home, in school, and in his community seemed worthless, and he turned to the streets and to his books for comfort. Don't miss this memoir by New York Times bestselling author Walter Dean Myers, one of the most important voices of our time.

Endorsed by USA Diving, Springboard and Platform Diving breaks down the phases of each dive while providing expert instruction to improve performance. Everyone knows that you are supposed to "follow your dream." But where is the road map to help you discover what that dream is? You have just found it. In Springboard, award-winning author and teacher G. Richard Shell helps you find your future. His advice: Take an honest look inside and then answer two questions: What, for me, is success? How will I achieve it? You will begin by assessing your current beliefs about success, including the hidden influences of family, media, and culture. These are where the pressures to live "someone else's life" come from. Once you gain perspective on these outside forces, you will be ready to look inside at your unique combination of passions and capabilities. The goal: to focus more on what gives meaning and excitement to your life and less on what you are "supposed" to want. Drawing on his decades of research, Shell offers personalized assessments to help you probe your past, imagine your future, and measure your strengths. He then combines these with the latest scientific insights on everything from self-confidence and happiness to relationships and careers. Throughout, he shares inspiring examples of people who found what they were meant to do by embracing their own true measure of success. Eric Adler: one of Shell's former students who walked away from a conventional

business career to help launch a revolutionary new concept in public education that has placed hundreds of inner-city high school students in top colleges. Kurt Timken: a Harvard-educated son of a Fortune 500 CEO who found his true calling as a hard-charging police officer fighting drug lords in southern California. Cynthia Stafford: an office worker who became one of her community's leading promoters of theater and the arts. Get ready for the journey of a lifetime—one that will help you reevaluate your future and envision success on your own terms. Students and executives say that Richard Shell's courses have changed their lives. Let this book change yours. The First Edition Of This Book Was Published 25 Years After Independence. A clear and compelling account of the brutal battle of Kohima that swung the balance of the

Burma Campaign in World War Two. An ideal book for readers of Max Hastings, Anthony Beevor and Jonathan Dimbleby. 'Sieges have been longer but few have been more intense and in none have the defenders deserved greater honour than the garrison of Kohima.' Field Marshal the Viscount Slim 'The valiant defence of Kohima against enormous odds was a fine episode.' Winston Churchill For a fortnight in April 1944 Lieutenant-General Sato threw nearly the whole force of his division towards the Kohima Ridge. Against them stood a tiny force of one thousand five hundred British and Indian troops. How were these Allied forces able to hold back the attack from over ten thousand Japanese soldiers? And what happened over the course of these long and bloody weeks? C. E. Lucas Phillip's book uncovers not only the personal experiences of the men who fought in this battle but also the political, geographical and military position of the Burma campaign, leading up to and following the siege. 'A beau geste story of staggering courage and fortitude - of a scratch force facing and defeating a whole Japanese division in a battle for a narrow strip of mountainous ground barely a mile long. When the Siege of Kohima was raised the gaunt and ragged garrison of 1,500 had suffered 600 casualties... a vivid, thrilling account of a battle that was truly a springboard to victory.' Yorkshire Post 'C. E. Lucas Phillips has a thrilling story to tell, and no one could fail to respond to it.' Punch 'A lucid, exciting account, blow-by-blow, agony by agony; illuminated by shining courage.' Irish Times

A New York Times Bestseller " I ' ll be forever changed by Dr. Eger ' s story...The Choice is a reminder of what courage looks like in the worst of times and that we all have the ability to pay attention to what we ' ve lost, or to pay attention to what we still have. " —Oprah " Dr. Eger ' s life reveals our capacity to transcend even the greatest of horrors and to use that suffering for the benefit of others. She has found true freedom and forgiveness and shows us how we can as well. " —Desmond Tutu, Nobel Peace Prize Laureate " Dr. Edith Eva Eger is my kind of

hero. She survived unspeakable horrors and brutality; but rather than let her painful past destroy her, she chose to transform it into a powerful gift—one she uses to help others heal. ” —Jeannette Walls, New York Times bestselling author of *The Glass Castle* Winner of the National Jewish Book Award and Christopher Award At the age of sixteen, Edith Eger was sent to Auschwitz. Hours after her parents were killed, Nazi officer Dr. Josef Mengele, forced Edie to dance for his amusement and her survival. Edie was pulled from a pile of corpses when the American troops liberated the camps in 1945. Edie spent decades struggling with flashbacks and survivor ’ s guilt, determined to stay silent and hide from the past. Thirty-five years after the war ended, she returned to Auschwitz and was finally able to fully heal and forgive the one person she ’ d been unable to forgive—herself. Edie weaves her remarkable personal journey with the moving stories of those she has helped heal. She explores how we can be imprisoned in our own minds and shows us how to find the key to freedom. *The Choice* is a life-changing book that will provide hope and comfort to generations of readers. Inducted into the International Swimming Hall of Fame in 1988, Ron O'Brien coached two-time Olympic gold medalist Greg Louganis and many others during his extensive reign as the U.S. Olympic team's head diving coach. Now, in the latest edition of Springboard &

Platform Diving, the best-known diving coach in the United States shares new information and training plans never before published. Along with a wealth of technical instruction, Springboard & Platform Diving gives you the fundamentals of the sport. O'Brien shows you how to plan for the training year and adapt the six-week peaking-for-competition program he used for training champion athletes. From solid fundamentals to fine-tuned movements that add aesthetic appeal for judges, O'Brien describes each type of dive in detail. He augments his instruction with numerous sequential illustrations that highlight the best and most current technical elements of each dive. A special boardwork checklist will help coaches and divers pinpoint deficient skills. Springboard & Platform Diving provides readers inside information once exclusively reserved for the world's best. This book is a one-of-a-kind blueprint for diving success, written by the best coach in the sport. 12-year-old Paul who is visually impaired starts to play soccer for his school, and begins to remember the incident that lost him his sight. “ McGonigal is a clear, methodical writer, and her ideas are well argued. Assertions are backed by countless psychological studies. ” —The Boston Globe “ Powerful and provocative . . . McGonigal makes a persuasive case that games have a lot to teach us about how to make our lives, and the world, better. ” —San Jose Mercury News “ Jane McGonigal's insights have the elegant, compact, deadly simplicity of plutonium, and the same explosive force. ” —Cory Doctorow, author of Little Brother A visionary game designer reveals how we can harness the power of games to boost global happiness. With 174 million gamers in the United States alone, we now live in a world where every generation will be a gamer generation. But why, Jane McGonigal asks, should games be used for escapist entertainment alone? In this groundbreaking book, she shows how we can leverage the power of games to fix what is wrong with the real world—from social problems like depression and obesity to global issues like poverty and climate change—and introduces us to cutting-edge games that are already changing the business, education, and nonprofit worlds. Written for gamers and non-gamers alike, Reality Is Broken shows that the future will belong to those who can understand, design, and play games. Jane McGonigal is also the author of SuperBetter: A Revolutionary Approach to Getting Stronger, Happier, Braver and More Resilient. "Robert Scholes has written an enviable book on the uses and abuses of literary theory in the teaching of literature. One of [his] most forceful points...is that 'literary theory' is not something a teacher may either 'use' or not use, for teaching itself is an unavoidably theoretical activity."--Gerald Graff, Novel "Scholes' emphasis in Textual Power is indicated by the book's subtitle. After a provocative analysis of disciplinary values and departmental tendencies...[he] proposes that 'we must stop "teaching literature"

and start studying texts'...His book is essential for college libraries."--R.C. Gebhardt, Choice "There is no issue more current, more relevant to the present scene, than the problem of pedagogy and its relation to contemporary theory. Textual Power is an important, provocative, and above all useful contribution to this discussion."--Gregory L. Ulmer Robert Scholes, author of Structuralism in Literature and Semiotics and Interpretation among other books, is Alumni-Alumnae University Professor of English and Comparative Literature at Brown University. A top secret Pentagon wargame has been hacked, and only Net Force has the expertise to track down the culprit. But, when the investigation becomes too big for even Net Force to handle, they must work in cooperation with Cybernation, who have opposed Net Force in the past.
