Human by Design Gregg Braden, 2017 *Human by Design* invites you on a journey beyond Darwin s theory of evolution beginning with the fact that we exist as we do even more empowered and more connected with ourselves and the world than scientists have believed possible In one of the great ironies of the modern world the science that was expected to solve life s mysteries has done just the opposite New discoveries have led to more unanswered questions created deeper mysteries and brought us to the brink of forbidden territory when it comes to explaining our origin and existence These discoveries reveal the following facts Fact 1 Our origin Modern humans appeared suddenly on earth approximately 200 000 years ago with the advanced brain nervous system and capabilities that set them apart from all other known forms of life already developed rather than having developed slowly and gradually over a long periods of time Fact 2 Missing physical evidence The relationships shown on the conventional tree of human evolution are speculative connections only While they are believed to exist a 150 year search has failed to produce the physical evidence that confirms the relationships shown on the evolutionary family tree Fact 3 New DNA evidence The comparison of DNA between ancient Neanderthals previously thought to be our ancestors and early humans tells us that we did not descend from the Neanderthals Fact 4 A rare DNA fusion Advanced genome analysis reveals that the DNA that sets us apart from other primates including in our advanced brain and nervous system is the result of an ancient and precise fusion of genes occurring in a way that suggests something beyond evolution made our humanness possible Fact 5 Our extraordinary abilities We are born with the capacity to self heal to self regulate longevity to activate an enhanced immune response and to experience deep intuition sympathy empathy and ultimately compassion and to do each of these on demand In this book New York Times best selling author and 2017 Templeton Award nominee Gregg Braden crosses the traditional boundaries of science and spirituality to answer the timeless question at the core of our existence Who are we and to reveal science based techniques that awaken our uniquely human experiences of deep intuition precognition advanced states of self healing and much more Beyond any reasonable doubt *Human by Design* reveals that we re not what we ve been told and much more than we ve ever imagined

Fractal Time Braden Gregg,2010-03-01 In this compelling exploration of life Gregg Braden merges the modern discoveries of nature s patterns fractals with the ancient view of a cyclic universe The result is a powerful model of time fractal time and a realistic window into what we can expect for the mysterious year 2012 and beyond Applying fractal time to the history of the world and life he proposes that everything from the war and peace between nations to the patterns of human relationships mirror the returning cycles of our past As each cycle repeats it carries a more powerful amplified version of itself The key If you know where to look in the past you know what to expect when the same conditions return in the present and future For the first time in print the Time Code Calculator gives you the tool to do just that Through easy to understand science and step by step instructions discover for yourself How the conditions for 2012 have occurred in the past and what we can expect when they repeat The hot dates that hold the greatest threats of war and greatest opportunities for peace as well as economic cycles such as the stockmarket collapse of 2008 How Earth s location in space triggers cycles of spiritual growth for humans Your personal Time Codes for the key events of business relationships and change in your life How each cycle carries a window of opportunity a choice point that allows us to select a new outcome for the returning pattern What the 1999 ice cores from Antarctica reveal about past cycles of climate global warming Earth s protective magnetic fields and what these things mean for us today
