Every year, teams of hundreds of competitors scramble over four days to complete roughly 350 challenges. The tasks range from moments of silliness to 1,000-mile road trips, and they call on participants to fully embrace the absurd. For students it is a rite of passage, and for the surrounding community it is a chance to glimpse the lighter side of a notoriously serious university. We Made Uranium! shares the stories behind Scav, told by participants and judges from the hunt’s more than thirty-year history. The twenty-three essays range from the shockingly successful (a genuine, if minuscule, nuclear reaction created in a dorm room) to the endearing failures (it’s hard to build a carwash for a train), and all the chicken hypnotisms and permanent tattoos in between. Taken together, they show how a scavenger hunt once meant for blowing off steam before finals has grown into one

of the most outrageous annual traditions at any university. The tales told here are absurd, uplifting, hilarious, and thought-provoking—and they are all one hundred percent true. The Greatest Treasure Hunt in History: The Story of the Monuments Men (Scholastic Focus) Nov 27 2023 Robert M. Edsel brings the story of his #1 NYT bestseller for adults *The Monuments Men* to young readers for the first time in this dynamic, narrative nonfiction project packed with photos. Robert M. Edsel, #1 New York Times bestselling author of *The Monuments Men*, brings this story to young readers for the first time in a sweeping, dynamic adventure detailing history's greatest treasure hunt. As the most destructive war in history ravaged Europe, many of the world's most cherished cultural objects were in harm's way. *The Greatest Treasure Hunt in History* recounts the astonishing true story of 11 men and one woman who risked their lives amidst the bloodshed of World War II to preserve churches, libraries, monuments, and

works of art that for centuries defined the heritage of Western civilization. As the war raged, these American and British volunteers -- museum curators, art scholars and educators, architects, archivists, and artists, known as the Monuments Men -- found themselves in a desperate race against time to locate and save the many priceless treasures and works of art stolen by Adolf Hitler and the Nazis.

The Secret Jun 22 2023 The tale begins over three-hundred years ago, when the Fair People—the goblins, fairies, dragons, and other fabled and fantastic creatures of a dozen lands—fled the Old World for the New, seeking haven from the ways of Man. With them came their precious jewels: diamonds, rubies, emeralds, pearls... But then the Fair People vanished, taking with them their twelve fabulous treasures. And they remained hidden until now... Across North America, these twelve treasures, over ten-thousand dollars in precious jewels, are buried. The key to finding each can be found within the twelve full color paintings and verses of *The Secret*. Yet *The Secret* is much more than that. At long last, you can learn not only the whereabouts of the Fair People's treasure, but also the modern forms and hiding places of their descendants: the Toll Trolls, Maitre D'eamons, Elf Alphas, Tupperwerewolves, Freudian Sylphs, Culture Vultures, West Ghosts and other delightful creatures in the world around us. *The Secret* is a field guide to them all. Many "armchair treasure hunt" books have been published over the years, most notably *Masquerade* (1979) by British artist Kit Williams. *Masquerade* promised a jewel-encrusted golden hare to the first person to unravel the riddle that Williams cleverly hid in his art. In 1982,

while everyone in Britain was still madly digging up hedgerows and pastures in search of the golden hare, *The Secret: A Treasure Hunt* was published in America. The previous year, author and publisher Byron Preiss had traveled to 12 locations in the continental U.S. (and possibly Canada) to secretly bury a dozen ceramic casques. Each casque contained a small key that could be redeemed for one of 12 jewels Preiss kept in a safe deposit box in New York. The key to finding the casques was to match one of 12 paintings to one of 12 poetic verses, solve the resulting riddle, and start digging. Since 1982, only two of the 12 casques have been recovered. The first was located in Grant Park, Chicago, in 1984 by a group of students. The second was unearthed in 2004 in Cleveland by two members of the Quest4Treasure forum. Preiss was killed in an auto accident in the summer of 2005, but the hunt for his casques continues.
