Last Call at the Nightshade Lounge Jan 16 2023 This “snarky, diverse” urban fantasy featuring a kick-ass heroine and 14 cocktail recipes will be “an absolute blast” for fans of Buffy the Vampire Slayer and Scott Pilgrim vs. The World (Nerdist). Booze is magic, demons are real—and millennial Bailey Chen joins a band of monster-fighting Chicago bartenders instead of finding a “real” post-college job. Bailey Chen is fresh out of college with all the usual new-adult demons: no cash, no job offers, and an awkward relationship with Zane, the old friend she kinda-sorta hooked up with during high school. But when Zane introduces Bailey to his monster-fighting bartender friends, her demons become a lot more literal. It turns out that evil creatures stalk the city streets after hours, and they can be hunted only with the help of magically mixed cocktails: vodka grants super-strength, whiskey offers the power of telekinesis, and rum lets its drinker fire blasts of elemental energy. But will all these powers be enough for Bailey to halt a mysterious rash of gruesome deaths? And what will she do when the safety of a “real world” job beckons? This sharp and funny urban fantasy is perfect for fans of Buffy the Vampire Slayer, Scott Pilgrim Vs. The World, and grown-up readers of Harry Potter. Includes 14 recipes from a book of ancient cocktail lore.

The Art of Being Normal Sep 11 2022 An inspiring and timely debut novel from Lisa Williamson, *The Art of Being Normal* is about two transgender friends who figure out how to navigate teen life with help from each other. David Piper has always been an outsider. His parents think he's gay. The school bully thinks he's a freak. Only his two best friends know the real truth: David wants to be a girl. On the first day at his new school Leo Denton has one goal: to be invisible. Attracting the attention of the most beautiful girl in his class is definitely not part of that plan. When Leo stands up for David in a fight, an unlikely friendship forms. But things are about to get messy. Because at Eden Park School secrets have a funny habit of not staying secret for long, and soon everyone knows that Leo used to be a girl. As David prepares to come out to his family and transition into life as a girl and Leo wrestles with figuring out how to deal with people who try to define him through his history, they find in each other the friendship and support they need to navigate life as transgender teens as well as the courage to decide for themselves what normal really means.

A Burglar's Guide to the City Jul 10 2022 The city seen from a unique point of view: those who want to break in and loot its treasures At the heart of Geoff Manaugh's *A Burglar's Guide to the City* is an unexpected and thrilling insight: the city as seen through the eyes of robbers. From experts on both sides of the law, readers learn to understand the city as

an arena of possible tunnels and picked locks—and architecture itself as an obstacle to be outwitted and second-guessed. Never again will readers enter a bank without imagining the vault geometry, or visit a museum without plotting ways to bring their favorite painting home with them. From how to pick locks (and the tools required) to how to case a bank on the edge of town, readers will learn to spot the vulnerabilities, blind spots, and unseen openings that surround us all the time. This simultaneously allows us to view the city—from specific buildings and individual rooms to whole neighborhoods—through the privileged eyes of FBI investigating agents and security consultants, people dedicated both to solving and to preempting these attempts at devious entry. Full of absurd and marvelous stories of heists and capers, and offering a kind of criminal X-ray of the built environment, *A Burglar's Guide to the City* includes its own twist: the realization, hidden in its final chapter, that all along the book has been laying out the relevant details for plotting the perfect robbery, an ambitious and real proposal for robbing a bank in New York City.

So Long, and Thanks for All the Fish May 20 2023 Now celebrating the 42nd anniversary of *The Hitchhiker's Guide to the Galaxy*, soon to be a Hulu original series! “A madcap adventure . . . Adams's writing teeters on the fringe of inspired lunacy.”—United Press International Back on Earth with nothing more to show for his long, strange trip through time and space than a ratty towel and a plastic shopping bag, Arthur Dent is ready to believe that the past eight years were all just a figment of his stressed-out imagination. But a gift-wrapped fishbowl with a cryptic inscription, the mysterious disappearance of Earth's dolphins, and the discovery of his battered copy of *The Hitchhiker's Guide to the Galaxy* all conspire to give Arthur the sneaking suspicion that something otherworldly is indeed going on. God only knows what it all means. Fortunately, He left behind a Final Message of explanation. But since it's light-years away from Earth, on a star surrounded by souvenir booths, finding out what it is will mean hitching a ride to the far reaches of space aboard a UFO with a giant robot. What else is new? “The most ridiculously exaggerated situation comedy known to created beings . . . Adams is irresistible.”—The Boston Globe

Harry Potter: A Pop-Up Guide to Hogwarts Apr 26 2021 A 3-D masterpiece celebrating Harry Potter's Hogwarts School of Witchcraft and Wizardry from New York Times best-selling pop-up engineer Matthew Reinhart. *Harry Potter: A Pop-Up Guide to Hogwarts* is an exhilarating, interactive guide to the iconic school of witchcraft and wizardry. This book features spectacular pop-up re-creations of key locations inside and outside Hogwarts castle, and it opens flat to form a pop-up map of the castle and its grounds—including the Quidditch pitch, the Forbidden Forest, and beyond. In addition to large pops on each spread, numerous mini-pops bring to life beloved elements from the Harry Potter films, such as the Marauder's Map and the Flying Ford Anglia. Each pop includes insightful text about Hogwarts as seen in the films, making for a must-have collectible for fans of the wizarding world. NOTE: Before unfolding the Hogwarts map, unhook the two manila tabs on each spread by gently pushing them out from underneath. There are eight tabs in total to release.

The Zoologist's Guide to the Galaxy Feb 02 2022 DISCOVER HOW LIFE REALLY WORKS - ON EARTH AND IN SPACE 'A wonderfully insightful sidelong look at Earthly biology' Richard Dawkins 'Crawls with curious facts' Sunday Times _____ We are unprepared for the greatest discovery of modern science. Scientists are confident that there is alien life across the universe yet we have not moved beyond our perception of 'aliens' as Hollywood stereotypes. The time has come to abandon our fixation on alien monsters and place our expectations on solid scientific footing. Using his own expert understanding of life on Earth and Darwin's theory of evolution - which applies throughout the universe - Cambridge zoologist Dr Arik Kershenbaum explains what alien life must be like. This is the story of how life really works, on Earth and in space. _____ 'An entertaining, eye-opening and, above all, a hopeful view of what - or who - might be out there in the cosmos' Philip Ball, author of *Nature's Patterns* 'A fascinating insight into the deepest of questions: what might an alien actually look like' Lewis Dartnell, author of *Origins* 'If you don't want to be surprised by

Atlas Obscura Dec 03 2021 It's time to get off the beaten path. Inspiring equal parts wonder and wanderlust, *Atlas Obscura* celebrates over 700 of the strangest and most curious places in the world. Talk about a bucket list: here are natural wonders—the dazzling glowworm caves in New Zealand, or a baobab tree in South Africa that's so large it has a pub inside where 15 people can drink comfortably. Architectural marvels, including the M.C. Escher-like stepwells in India. Mind-boggling events, like the Baby Jumping Festival in Spain, where men dressed as devils literally vault over rows of squirming infants. Not to mention the Great Stalacpipe Organ in Virginia, Turkmenistan's 40-year hole of fire called the Gates of Hell, a graveyard for decommissioned ships on the coast of Bangladesh, eccentric bone museums in Italy, or a weather-forecasting invention that was powered by leeches, still on display in Devon, England. Created by Joshua Foer, Dylan Thuras and Ella Morton, *ATLAS OBSCURA* revels in the weird, the unexpected, the overlooked, the hidden and the mysterious. Every page expands our sense of how strange and marvelous the world really is. And with its compelling descriptions, hundreds of photographs, surprising charts, maps for every region of the world, it is a book to enter anywhere, and will be as appealing to the armchair traveler as the die-hard adventurer. Anyone can be a tourist. *ATLAS OBSCURA* is for the explorer.

A Beginner's Guide to the Universe Mar 06 2022 Mike Dooley, the beloved creator of *Notes from the Universe*, distills a career's worth of inspiration into elegant, brief lessons for making our way through the world—conceived as a guidebook for his young daughter to read when she grows up, yet relevant to everyone who's living a life on earth. Mike returns with his most impactful book yet: a volume of almost 500 insights drawn from his 20+ years as a New Thought leader, organized between endearing letters that recall poignant moments of fatherhood. Through books, courses, and live events, Mike has engaged students with his trademark humor, wisdom, and sheer joy in living. He speaks of understanding our innate spirituality and personal responsibility as the means to unlocking our power over the illusions of time and space. *A Beginner's Guide to the Universe* is filled with gem-like bits of wisdom imparting his most essential, heartfelt advice about living deliberately and creating consciously—comparable to such treasures as *Life's Little Instruction Book*, *The Prophet*, and *The Things You Can See Only When You Slow Down*. Cleverly guiding the reader through a range of topics—including family and relationships, power and responsibility, adversity and rebounding, even the nature of heaven, angels, and God—Mike succeeds in making a happy life in this universe seem easily within our reach. The short passages of text placed artfully on each page, in a book that's a pleasure to hold in the hand, make this an ideal gift for a parent, a parent-to-be, a child, a new grad, a dear friend, or anyone who needs a dose of Dooley, whether they know it or not.

Strong Towns Jun 08 2022 A new way forward for sustainable quality of life in cities of all sizes *Strong Towns: A Bottom-Up Revolution to Build American Prosperity* is a book of forward-thinking ideas that breaks with modern wisdom to present a new vision of urban development in the United States. Presenting the foundational ideas of the Strong Towns movement he co-founded, Charles Marohn explains why cities of all sizes continue to struggle to meet their basic needs, and reveals the new paradigm that can solve this longstanding problem. Inside, you'll learn why inducing growth and development has been the conventional response to urban financial struggles—and why it just doesn't work. New development and high-risk investing don't generate enough wealth to support itself, and cities continue to struggle. Read this book to find out how cities large and small can focus on bottom-up investments to minimize risk and maximize their ability to strengthen the community financially and improve citizens' quality of life. Develop in-depth knowledge of the underlying logic behind the "traditional" search for never-ending urban growth Learn practical solutions for ameliorating financial struggles through low-risk investment and a grassroots focus Gain insights and tools that can stop the vicious cycle of budget shortfalls and unexpected downturns Become a part of the Strong Towns revolution by shifting the focus away from top-down growth toward rebuilding American prosperity *Strong Towns* acknowledges that there is a problem with the American approach to growth and shows community leaders a new way forward. The Strong Towns response is a revolution in

how we assemble the places we live.

A Good Girl's Guide to Murder Jul 22 2023 THE MUST-READ MULTIMILLION BESTSELLING MYSTERY SERIES • Everyone is talking about *A Good Girl's Guide to Murder*! With shades of *Serial* and *Making a Murderer* this is the story about an investigation turned obsession, full of twists and turns and with an ending you'll never expect. Everyone in Fairview knows the story. Pretty and popular high school senior Andie Bell was murdered by her boyfriend, Sal Singh, who then killed himself. It was all anyone could talk about. And five years later, Pip sees how the tragedy still haunts her town. But she can't shake the feeling that there was more to what happened that day. She knew Sal when she was a child, and he was always so kind to her. How could he possibly have been a killer? Now a senior herself, Pip decides to reexamine the closed case for her final project, at first just to cast doubt on the original investigation. But soon she discovers a trail of dark secrets that might actually prove Sal innocent . . . and the line between past and present begins to blur. Someone in Fairview doesn't want Pip digging around for answers, and now her own life might be in danger. And don't miss the sequel, *Good Girl, Bad Blood!* "The perfect nail-biting mystery."

The Hip Girl's Guide to Homemaking Jan 04 2022 With The Hip Girl's Guide to Homemaking, it's possible and even convenient to create an inviting space for living and entertaining on a budget. From unique decor ideas to growing strawberries on your fire escape, Kate Payne shares fun, low-cost (and often free!) creative solutions that will make anyone feel more accomplished in minutes. Inside this savvy motivational guide filled to the brim with small-scale creative home projects, Kate's tongue-in-cheek tone will keep you tuned in to her much-needed advice. In three easy sections, you'll learn how to create a comfortable space while being time- and budget-conscious. Section One, Home-ify Your Pad, features quick, convenient ways to make your place cozier with low-cost, special touches to help you tap into and show off your inner artist. Section Two, Impressive Acts of Domesticity, teaches how to impress others (and yourself) with the gratifying pleasures of self-sufficiency—a first-time guide to cleaning, sewing, repairing, and other previously out-of-the-question tasks. Section Three, Life After Restaurants, frees you to release the take-out menu, avoid pricey bar tabs, and entertain others in the space you've so thoughtfully and gorgeously created. User-friendly "how-to" sidebars, illustrations, and tips and tricks throughout the book offer easy-to-follow recipes and do-it-yourself craft suggestions for making your home hip, comfortable, and inviting. Keep in mind that this is not your grandmother's handbook and it's not the kind of wisdom your mom knows how to impart. Modern women need a modern approach to domestic pleasures—a guide to doing household things on our own terms, because most of this stuff isn't as hard as we've been led to believe. Don't worry, she's not asking you to host Tupperware parties or iron your underwear. But as all beginning home keepers know, a sure fire way to feel bad about ourselves is to consult Martha Stewart. So ditch that 2-inch thick handbook, dust off your pots and pans, and join Kate on this journey to incorporating creativity and self-sufficiency on the home front.

The Skeptics' Guide to the Universe Oct 25 2023 An all-encompassing guide to skeptical thinking from podcast host and academic neurologist at Yale University School of Medicine Steven Novella and his SGU co-hosts, which Richard Wiseman calls "the perfect primer for anyone who wants to separate fact from fiction." It is intimidating to realize that we live in a world overflowing with misinformation, bias, myths, deception, and flawed knowledge. There really are no ultimate authority figures-no one has the secret, and there is no place to look up the definitive answers to our questions (not even Google). Luckily, The Skeptic's Guide to the Universe is your map through this maze of modern life. Here Dr. Steven Novella-along with Bob Novella, Cara Santa Maria, Jay Novella, and Evan Bernstein-will explain the tenets of skeptical thinking and debunk some of the biggest scientific myths, fallacies, and conspiracy theories-from anti-vaccines to homeopathy, UFO sightings to N- rays. You'll learn the difference between science and pseudoscience, essential critical thinking

skills, ways to discuss conspiracy theories with that crazy co-worker of yours, and how to combat sloppy reasoning, bad arguments, and superstitious thinking. So are you ready to join them on an epic scientific quest, one that has taken us from huddling in dark caves to setting foot on the moon? (Yes, we really did that.) DON'T PANIC! With The Skeptic's Guide to the Universe, we can do this together. "Thorough, informative, and enlightening, The Skeptic's Guide to the Universe inoculates you against the frailties and shortcomings of human cognition. If this book does not become required reading for us all, we may well see modern civilization unravel before our eyes." -- Neil deGrasse Tyson "In this age of real and fake information, your ability to reason, to think in scientifically skeptical fashion, is the most important skill you can have. Read The Skeptics' Guide Universe; get better at reasoning. And if this claim about the importance of reason is wrong, The Skeptics' Guide will help you figure that out, too." -- Bill Nye

The book is The Hitchhiker's Guide to the Galaxy and the weekend has only just begun . . . Douglas Adams's mega-selling pop-culture classic sends logic into orbit, plays havoc with physics and twists time, but most importantly it's very, very funny.

Doctor Who and the Krikkitmen Oct 01 2021 Rediscover the lost Doctor Who adventure by Douglas Adams. Intergalactic war? That's just not cricket ... or is it? The Doctor promised Romana the end of the universe, so she's less than impressed when what she gets is a cricket match. But then the award ceremony is interrupted by eleven figures in white uniforms and peaked skull helmets, wielding bat-shaped weapons that fire lethal bolts of light into the screaming crowd. The Krikkitmen are back. Millions of years ago, the people of Krikkit learned they were not alone in the universe, and promptly launched a xenophobic crusade to wipe out all other life-forms. After a long and bloody conflict, the Time Lords imprisoned Krikkit within an envelope of Slow Time, a prison that could only be opened with the Wicket Gate key, a device that resembles - to human eyes, at least - an oversized set of cricket stumps... From Earth to Gallifrey, from Bethselamin to Devalin, from Krikkit to Mareeve II to the far edge of infinity, the Doctor and Romana are tugged into a pan-galactic conga with fate as they rush to stop the Krikkitmen gaining all five pieces of the key. If they fail, the entire cosmos faces a fiery retribution that will leave nothing but ashes...

Life, the Universe and Everything Nov 13 2022 Following a number of stunning catastrophes, which have involved him being alternately blown up and insulted in ever stranger regions of the Galaxy, Arthur Dent is surprised to find himself living in a cave on prehistoric Earth. However, just as he thinks that things cannot possibly get worse, they suddenly do. An eddy in the space-time continuum lands him, Ford Prefect, and their flying sofa in the middle of the cricket ground at Lords, just two days before the world is due to be destroyed by the Vogons. Escaping the end of the world for a second time, Arthur, Ford, and their old friend Slartibartfast embark (reluctantly) on a mission to save the whole galaxy from fanatical robots. Not bad for a man in his dressing gown.

And Another Thing... Apr 30 2024 And Another Thing ... will be the sixth novel in the now improbably named Hitchhiker's Guide to the Galaxy trilogy. Eight years after the death of its creator, Douglas Adams, the author's widow, Jane Belson, has given her approval for the project to be continued by the international number one bestselling children's writer, Eoin Colfer, author of the Artemis Fowl novels. Douglas Adams himself once said, 'I suspect at some point in the future I will write a sixth Hitchhiker book. Five seems to be a wrong kind of number, six is a better kind of number.' Belson said of Eoin Colfer, 'I love his books and could not think of a better person to transport Arthur, Zaphod and Marvin to pastures new.' Colfer, a fan of Hitchhiker since his schooldays, said, 'Being given the chance to write this book is like suddenly being offered the superpower of your choice. For years I have been finishing this incredible story in my head and now I have the opportunity to do it in the real world.' Prepare to be amazed...

Good Inside Apr 06 2022 "This book is for any parent who has ever struggled under the substantial weight of caregiving—which is to say, all of us. Good Inside is not only a wise and practical guide to raising resilient, emotionally healthy kids, it's also a supportive resource for overwhelmed parents who need more compassion and less stress. Dr. Becky is the smart, thoughtful, in-the-trenches parenting expert we've been waiting for!"—Eve Rodsky, New York Times bestselling author of *Fair Play* and *Find Your Unicorn Space* Dr. Becky Kennedy, wildly popular parenting expert and creator of @drbeckyatgoodinside, shares her groundbreaking approach to raising kids and offers practical strategies for parenting in a way that feels good. Over the past several years, Dr. Becky Kennedy—known to her followers as "Dr. Becky"—has been sparking a parenting revolution. Millions of parents, tired of following advice that either doesn't work or simply doesn't feel good, have embraced Dr. Becky's empowering and effective approach, a model that prioritizes connecting with our kids over correcting them. Parents have long been sold a model of childrearing that simply doesn't work. From reward charts to time outs, many popular parenting approaches are based on shaping behavior, not raising humans. These techniques don't build the skills kids need for life, or account for their complex emotional needs. Add to that parents' complicated relationships with their own upbringings, and it's easy to see why so many caretakers feel lost, burned out, and worried they're failing their kids. In *Good Inside*, Dr. Becky shares her parenting philosophy, complete with actionable strategies, that will help parents move from uncertainty and self-blame to confidence and sturdy leadership. Offering perspective-shifting parenting principles and troubleshooting for specific scenarios—including sibling rivalry, separation anxiety, tantrums, and more—*Good Inside* is a comprehensive resource for a generation of parents looking for a new way to raise their kids while still setting them up for a lifetime of self-regulation, confidence, and resilience.

Philosophy and The Hitchhiker's Guide to the Galaxy Mar 30 2024

The Hitchhiker's Guide to the Galaxy provides an excellent way of looking at some intriguing issues in philosophy, from vegetarianism and Artificial Intelligence to God, space and time. This is an entertaining yet thought provoking volume for students, philosophers and fans of *The Hitchhiker's* series.

The Hitchhiker's Guide to the Galaxy Aug 30 2021 Thirty years of celebrating the comic genius of Douglas Adams... On 12 October 1979 the most remarkable book ever to come out of the great publishing corporations of Ursa Minor (and Earth) was made available to humanity - *The Hitchhiker's Guide to the Galaxy*. It's an ordinary Thursday lunchtime for Arthur Dent until his house gets demolished. The Earth follows shortly afterwards to make way for a new hyperspace bypass and his best friend has just announced that he's an alien. At this moment, they're hurtling through space with nothing but their towels and an innocuous-looking book inscribed with the big, friendly words: DON'T PANIC. The weekend has only just begun... Volume one in the trilogy of five

A Guide to the End of the World Sep 23 2023 Life on earth will come to an end. It's just a matter of when. *A Guide to the End of the World* focuses on the many potential catastrophes facing our planet and our species in the future, and looks at both the probability of these events happening and our chances of survival. Coverage extends from discussion of the likely consequences of the current global warming to the inevitable destruction of the earth in the far future, when it is enveloped by our giant, bloated sun. In between, other 'end of the world scenarios' will be examined, including the New Ice Age, asteroid and comet impact, supervolcanoes, and mega-tsunami.

The Tree Climber's Guide May 27 2021 'After I finished this book I alarmed my family by going into the garden and climbing the apple tree.' - Damian Whitworth, *The Times*

The Hitchhiker's Guide to Python Dec 15 2022 *The Hitchhiker's Guide to Python* takes the journeyman Pythonista to true expertise. More than any other language, Python was created with the philosophy of simplicity and parsimony. Now 25 years old, Python has become the primary or secondary language (after SQL) for many business users. With popularity comes diversity—and possibly dilution. This guide, collaboratively written by over a hundred members of the Python community, describes best practices currently used by package and application developers. Unlike other books for this audience, *The Hitchhiker's Guide* is light on reusable code and heavier on design philosophy, directing the reader to excellent sources that already exist.
