Shifting the focus from human interiority toward the agency of cultural objects, social arrangements and aesthetic matter, *How to Do Things with Affects* examines the affective operations and transmissions triggered by various aesthetic forms, media events and cultural practices. Could it be that our world is just a construction ? a manufactured illusion? A few years ago, this existential discussion was limited to the academic world and science fiction. But things are changing. Bank of America recently issued a report to all of their customers in which they stated that the probability that we live in an artificial reality is between 20% and 50%. Tesla and founder, Elon Musk, believes that the chance that we do not live in a computer simulation is one in a billion. *The Merge* visually explores the question: Is it possible that our physical reality does not exist as we believe it to, but instead life is a computer simulation? *The Merge* is the second book of Sara Brincher Galbiati, Peter Helles Eriksen and Tobias Selnaes Markussen ? three documentary based artists living and working in Copenhagen, Denmark. *Throughout their projects Sara, Peter & Tobias share and collaborate on every aspect of the process ? from research, interviewing, and taking the actual pictures, to editing the final photos and designing the book.* "Tired of humanity's wicked ways, Zeus, the King of the Gods, has decided that our time is up! He sends Priapus, the God of virility and good harvest, down to Earth to do us in. His mission: to turn every man on Earth gay, thereby removing our means of reproduction, one man at a time. It'll probably work, right? Now available for the first time in English from Bruno Gmünder: the work of Mentaiko Itto one of the most exciting young voices in gay manga today. This edition collections the first three conquests of PRIAPUS, as well as the bonus stories GACHINKO BATTLE, 1/4, and 1000 METERS DEEP, with a new afterword by the author"--page 4 of cover. Two ditch dwelling degenerates and a dog are the protagonists of this dark comedy from acclaimed filmmaker and animator Amy Lockhart. Body horror, celebrity obsession, and wealth disparity collide in this satirical romp about an aspiring plastic surgeon to the stars who is forced to live in a shapeshifting, maggot-infested pizza box. Glenn Vilppu's famous *Vilppu Drawing Manual*, a book that takes you through drawing the human figure step-by-step, from gesture to construction, anatomy and light, teaching you to analyse and understand what you are seeing rather than copying. This gives you skills to bring your drawings to life whether done from the model or imagination. Another new great talent! Sharon possesses a most unusual power: she can focus the power of her orgasm to zap her enemies into zombies no matter how far they may be! Her jealous ex is on a rampage, holding her secretary hostage. Sharon must 'come' to the rescue! Shion is the cutest and sexiest girl in the school, but she literally never has anything to say. This doesn't stop Mamoru from asking her out, and he is elated to discover that she is actually a repressed nymphomaniac. But the fun is short-lived once his tall, slim, and stacked, but scary classmate Yuki begins stalking him for herself Shifts in societal development resulting from economic and technological advancements have had an impact upon the development of human sexuality and behaviour, and with the expansion of developments such as the Internet and associated technologies, it is likely that further societal shifts will ensue. This book recognises the importance of new digital spaces for discourses surrounding sexuality, examining issues such as

pornography; sex education and health; LGBTQ sexualities; polysexuality or polyamory; abstinence; sexual abuse and violence; erotic online literature; sex therapy; teledildonics; sex and gaming; online dating; celebrity porn; young people and sexual media; and sexting and sextainment, all of which are prominently affected by the use of digital media. With case studies drawn from the US, the UK and Europe, *Sex in the Digital Age* engages in discussion about the changing acceptance of sex in the 21st century and part played in that by digital media, and considers the future of sex and sexuality in an increasingly digital age. It will therefore appear to scholars across the social sciences with interests in gender and sexuality, new technologies and media and cultural studies.

The funny-sad clown series for a funny-sad clown world continues with a mother-daughter road trip illustrated by ZOE THOROGOOD (*The Impending Blindness of Billie Scott*). This provocative study of gender and sexuality in contemporary Japan

investigates elements of Japanese popular culture including erotic comic books, stories of mother-son incest, lunchboxes—or obentos—that mothers ritualistically prepare for schoolchildren, and children's cartoons. Based on five years of fieldwork in a middle-class Tokyo neighborhood, this theoretically informed, accessible ethnographic study provides a provocative analysis of how sexuality, dominance, and desire are reproduced and enacted in late-capitalistic Japan. The second book in the world-famous *Lymond Chronicles*, which bring to life sixteenth-century history through the eyes of one man: Francis Crawford of Lymond. Menaced by England and riven by internal discord, Scotland in 1548 clung to a single hope of survival as a nation - an alliance with France to be sealed by the betrothal of the five-year-old Mary, Queen of Scots, to the Dauphin. But once in France, Mary suffers a series of ominous 'accidents'. The one man Mary's mother, the Dowager Queen, feels she can trust to proctor her daughter, now seven, is Francis Crawford. Celine is a horny young woman who's looking for a real man... and finds one, a Master who turns her into a full time slave. He binds her, torments her, and uses her... and she discovers that she loves it. He sends her to a special "beauty salon" for a kinky makeover. Then he rents her out to swinging couples and sends her to a sex shop to trade her services for kinky toys. Finally, he sells her to a depraved couple (whose twisted tastes we'll probably see in her next adventure). These are sexy comix from Europe, explicitly rendered, leaving nothing to the imagination. Visual novels (VNs), a ludic video game genre that pairs textual fiction stories with anime-like images and varying degrees of interactivity, have increased in popularity among Western audiences in recent years. Despite originating in Japan, these stories have made their way into global culture as a genre accessible for both play and creation with wide-ranging

themes from horror and loneliness to sexuality. The History and Allure of Interactive Visual Novels begins with a comprehensive overview of the visual novel genre and the cultural evolution that led to its rise, then explains the tropes and appeal of subgenres like bishojo (cute girl games), detective games, horror, and eroge (erotic games). Finally, the book explores the future of the genre in both user-generated games and games from other genres that liberally borrow both narrative and ludological themes from visual novels. Whether you're a long-standing fan of the genre or a newcomer looking for a fresh experience, The History and Allure of Interactive Visual Novels will provide an accessible and critically engaging overview of a genre that is rich in storytelling yet often overlooked.
