Homesteading Jul 08 2023 For readers who want to shrink their carbon footprint, save money, and eat homegrown food whenever possible, this large, fully-illustrated guide--and companion to the bestseller "Back to Basics"--provides the basics of living a good, clean life. **A Woman's Guide to Saving Her Own Life** Mar 04 2023 "Two silent stalkers -- heart diseases and stroke -- kill two of every five women, largely due to our speed-obsessed, stressed, unhealthy lifestyles. With [the five steps detailed in the book], you can evade these silent killers."--Page 4 of cover

Mind Your Own Business Feb 15 2024 "The maverick's way of conducting business forswears the leader as commanding general; it rejects the practice of top-down, authoritative command. Rather, it proposes the leader as catalyst, conscience, and inspirer . . . The true leader sees his job as setting an environment in which new ideas can emerge that neither he nor any other individual anticipated. That leap of imagination, that moment of genuine creativity, can only be inspired by a leader who encourages exploration and shows a willingness to consider a totally new approach." --from Mind Your Own Business The corporate misdeeds of self-serving executives during the high-octane economy of the 1990s have forced many people to rethink the qualities that make a strong leader. For sixty years, Sidney Harman, the chairman and CEO of the world's premier manufacturer of high-end audio equipment, has stood apart from the crowd, building his business the old-fashioned way, by satisfying customers and, in doing so, making a healthy profit. His refreshingly employee-

centric, bottoms-up approach to business is the secret of Harman International's continuing success. In Mind Your Own Business, Harman shares his visionary ideas about leadership, providing a welcome contrast to the bad behavior of business leaders recently dominating the news. Harman focuses on creating a culture of personal responsibility throughout his company. He likens his top management team to a jazz quartet that listens to and improvises with one another to create harmony. He stresses the need to do more for workers at every level because employees are the company's most valuable asset. At Harman International, he has established in-house classrooms to teach English, basic math, health, and music, and encourages his employees to pursue their potential. Now a hale and healthy eighty-five, Harman thinks that "an idea a day" is more important than the proverbial apple and that the key to a long life is a restless curiosity. In the bestselling tradition of Max DePree's Leadership Is an Art, Mind Your Own Business is a frank, no-nonsense guide for those who want to bring strength, vitality, and values to their businesses--and to their lives.

On My Own Aug 17 2021 At some point over the course of the average American woman's life, she will find herself alone, whether she is divorced, widowed, single, or in a loveless, isolating relationship. And when that time comes, it is likely that she will be at a loss as to how to handle it. As a society, we have an unspoken but omnipresent belief that a woman alone is an outcast, inherently flawed in some way. In this invigorating, supportive book, psychotherapist Florence Falk aims to take the fear, doubt, confusion, and helplessness out of being a woman alone. Falk invites all women to find their own paths toward an authentic selfhood, to discover the pleasures and riches of solitude, and to reconnect with others through a newfound sense of self-confidence. Like so many women before her, Florence Falk found herself divorced, alone, and unsure of herself. Soon she realized that by embracing her solitude for what it was—a potentially enriching and life-altering experience—she could turn what once would have felt like "loneliness" into a far more positive and empowered "aleness." Falk notes that each of us has two opposing drives: one causes us to yearn to make close connections with others, and the other pulls us back into ourselves, into the need for selfhood and certainty that can only be shaped through solitude. In order to be whole, she says, we must heed both of those impulses. But in our modern culture, the former is stressed while the latter is neglected, even vilified. *On My Own* boldly shifts that paradigm. With inspiring, intimate stories of women from all backgrounds, Falk illuminates the essential role that being alone plays in women's lives. Whether she is in a stable relationship or on her own, every woman must learn to be by herself; for if she can be fully free, unfettered

by society's stigmas about being alone, life and all its possibilities will open up for her. And as Falk demonstrates, once a woman has discovered the richness of solitude, she is not likely to give it up so easily.

Finding Your Own North Star Nov 19 2021 New York Times bestselling author and Life Designs, Inc. creator Martha Beck shares her step-by-step program that will guide you to fulfill your own potential and create a joyful life. In this book, you'll start by learning how to read the internal compasses already built into your brain and body--and why you may have spent your life ignoring their signals. As you become reacquainted with your own deepest desires, you'll identify and repair any unconscious beliefs or unhealed emotional wounds that may be blocking your progress. This will change your life, but don't worry--although every life is unique, major transformations have common elements, and Beck provides a map that will guide you through your own life changes. You'll learn how to navigate every stage, from the first flickering appearance of a new dream to the planning and implementation of your own ideal life. Based on Dr. Beck's work as a Harvard-trained sociologist, research associate at Harvard Business School, instructor at Thunderbird Business School, and especially on her experiences with her clients over the last six years, *Finding Your Own North Star* offers thoroughly tested case studies, questionnaires,

and exercises to help you articulate your core desires and act on them to build a more satisfying life. "Explorers depend on the North Star when there are no other landmarks in sight. The same relationship exists between you and your right life, the ultimate realization of your potential for happiness. I believe that a knowledge of that perfect life sits inside you just as the North Star sits in its unaltering spot." -- Martha Beck

Build Your Own Blockchain Feb 08 2021 This book provides a comprehensive introduction to blockchain and distributed ledger technology. Intended as an applied guide for hands-on practitioners, the book includes detailed examples and in-depth explanations of how to build and run a blockchain from scratch. Through its conceptual background and hands-on exercises, this book allows students, teachers and crypto enthusiasts to launch their first blockchain while assuming prior knowledge of the underlying technology. How do I build a blockchain? How do I mint a cryptocurrency? How do I write a smart contract? How do I launch an initial coin offering (ICO)? These are some of questions this book answers. Starting by outlining the beginnings and development of early cryptocurrencies, it provides the conceptual foundations required to engineer secure software that interacts with both public and private ledgers. The topics covered include consensus algorithms, mining and decentralization, and many more. "This is a one-of-a-kind book on Blockchain technology. The authors achieved the perfect balance between the breadth of topics and the depth of technical discussion. But the real gem is the set of carefully curated hands-on exercises that guide the reader through the process of building a Blockchain right from Chapter 1." Volodymyr Babich, Professor of Operations and Information Management, McDonough School of Business, Georgetown University "An excellent introduction of DLT technology for a non-technical audience. The book is replete with examples and exercises, which greatly facilitate the learning of the underlying processes of blockchain technology for all, from students to entrepreneurs." Serguei Netessine, Dhirubhai Ambani Professor of Innovation and Entrepreneurship, The Wharton School, University of Pennsylvania "Whether you want to start from scratch or deepen your blockchain knowledge about the latest developments, this book is an essential reference. Through clear explanations and practical code examples, the authors take you on a progressive journey to discover the technology foundations and build your own blockchain. From an operations perspective, you can learn the principles behind the distributed ledger technology relevant for transitioning towards blockchain-enabled supply chains. Reading this book, you'll get inspired, be able to assess the applicability of blockchain to supply chain operations, and learn from best practices recognized in real-world examples." Ralf W. Seifert, Professor of Technology and Operations Management at EPFL and Professor of Operations Management at IMD

In the *HBR Guide to Buying a Small Business*, Harvard Business School professors Richard Ruback and Royce Yudkoff help you: Determine if this path is right for you Raise capital for your acquisition Find and evaluate the right prospects Avoid the pitfalls that could derail your search Understand why a "dull" business might be the best investment Negotiate a potential deal with the seller Avoid deals that fall through at the last minute

The Brewers Association's Guide to Starting Your Own Brewery Aug 09 2023 The Brewers Association's Guide to Starting Your Own Brewery distills the wisdom of craft brewing veteran Dick Cantwell into one text that delivers essential industry insight. American craft brewers have always exhibited a sense of community and collegiality but the success of the industry is embodied by the production of consistently high-quality beer at community-oriented breweries. This book is an indispensable resource for aspiring brewery owners to turn that vision into reality. At every level, brewing is about careful planning and execution of processes. The author shows that this is no different when starting a brewery. Cantwell walks the reader through initial planning, from site selection, size, staffing levels, your brewery concept, and dealing with delays, to business planning and raising capital. Regulatory and legal issues are discussed—not least a brewery's obligations to the inland revenue service—along with strategies essential for starting and growing your operation, such as production and sales planning and brewery expansion either on site or opening new locations. The author includes several example business plans that are explored in detail, and peppers the book with his own personal and hard-won insights on everything from guerilla marketing to applying epoxy resin flooring. Within this big picture, the author weaves in critical aspects like brand identity, marketing, quality assurance, and distribution, not to mention details like

equipment options, securing ingredients, and installing flooring and drainage that will stand up to the demands of a busy brewery. Finally, once your brewery opens its doors, the process of brewing needs to continue smoothly. You need to plan and adapt your brand portfolio, operate sustainably, dispose of wastewater correctly, and package and present your product in a way that will appeal to customers. Craft breweries pride themselves on conscientious operation, maintaining the safety of their staff and operating responsibly within their community, all the while being profitable. From concept to operation, this book gets you on the right track to succeed in one of today's most dynamic industries.

Own the World Oct 19 2021 Have you been meaning to sort your finances out but kept putting it off? Perhaps you have had a bad experience with financial advice in the past? Own The World shows you why you can and should invest your own money and highlights the significant advantages you have over most finance professionals. The knowledge needed to make a huge difference to your money is not that complicated, just very poorly distributed throughout the population. You will see how successful investment can turn hundreds into millions thanks to the power of compound interest, something Einstein described as "The Eighth wonder of the world". It has never been more important to take charge of your financial affairs. Fortunately the tools available to you have never been more powerful or inexpensive.

Own The World shows you where to go and what to do to make the very best of your personal finances...In the interests of full disclosure: Please be aware that this first edition of Own The World is aimed primarily at the UK market. The great majority of the message is relevant to you no matter where you live as there will be a way of implementing the book's ideas in your home country. We intend to publish future editions of the book with more specific advice for people based in the US, Canada, Australia and elsewhere. You will still be able to get a great deal from the current edition, however.

Locking Up Our Own Dec 21 2021 In recent years, America's criminal justice system has become the subject of an increasingly urgent debate. Critics have assailed the rise of mass incarceration, emphasizing its disproportionate impact on people of color. As James Forman, Jr., points out, however, the war on crime that began in the 1970s was supported by many African American leaders in the nation's urban centers. In **Locking Up Our Own**, he seeks to understand why. Forman shows us that the first substantial cohort of black mayors, judges, and police chiefs took office amid a surge in crime and drug addiction. Many prominent black officials, including Washington, D.C. mayor Marion Barry and federal prosecutor Eric Holder, feared that the gains of the civil rights movement were being undermined by lawlessness—and thus embraced tough-on-crime measures, including longer sentences and aggressive police tactics. In the face of skyrocketing murder rates and the proliferation of open-air drug markets, they believed they had no choice. But the policies they adopted would have devastating consequences for residents of poor black neighborhoods. A former D.C. public defender, Forman tells riveting stories of politicians, community activists, police officers, defendants, and crime victims. He writes with compassion about

individuals trapped in terrible dilemmas—from the men and women he represented in court to officials struggling to respond to a public safety emergency. Locking Up Our Own enriches our understanding of why our society became so punitive and offers important lessons to anyone concerned about the future of race and the criminal justice system in this country.

Blaze Your Own Trail Apr 12 2021 A modern, feminist take on the classic choose-your-own-journey book, inspiring readers to embrace the fact that there is no singular right path—just your own! So many women enter their adult lives believing that they should know where they are going and how to get there. This can make life decisions feel intimidating and overwhelming. While some choices that lie ahead are fairly predictable, such as those surrounding career, partnership, and motherhood, the effects of these choices can lead to more complicated and unexpected turns that are seldom discussed. Rather than suggesting a rule book, Rebekah Bastian, CEO of OwnTrail and recognized thought leader, inspires you to Blaze Your Own Trail. "I have the benefit of being a living example of crooked paths, magnificent screw-ups, and shocking successes," she writes. Through storylines and supportive data that explore workplace sexism, career changes, marriage, child-rearing, existential crises, and everything in between, you will learn to embrace and feel less alone in your own nonlinear journey. Even better, you can turn back decisions and make different ones. Blaze Your Own Trail includes nineteen possible outcomes and many routes to get there. You will find that you have the strength to make it through any of them.

Roll Your Own Apr 17 2024 If you've ever dreamed of breaking loose across North America in your own bus, truck, camper, or van, here is an illustrated handbook that tells you: how to find, buy, renovate and live in your vehicle, with designs for every conceivable need and lifestyle; how to license, insure, and service your bus, truck or van; storage space and how to build it; refrigeration, sanitation, and water supply; lighting, electricity, windows; traveling with babies, small children, and pets; food, kitchens, cooking; obtaining supplies on the road; survival necessities: lists of tools, reference books, medicines; financing your trip—without being tied down to a job; traveling in Mexico and Canada; and caravanning. The obscure byways and well-travelled highways, beautiful mountains and wide open spaces of an entire continent are waiting for you. Now's the time to hit the road.—From publisher description.

Make Your Own Rules Mar 16 2024 ALA Booklist Top Ten Business Books 2011 It's hardly a secret that the corporate ladder is no longer the path to success it once was. Wayne Rogers—star of the classic TV series *M*A*S*H*—has had even more success as a businessman and entrepreneur than as an actor. Applying his own unique viewpoint to a wide range of businesses (a restaurant, a vineyard, a chain of convenience stores, the world of banking, real estate, a film distribution company, and even a famous bridal boutique), the iconoclastic star has steadfastly refused to accept limitations,

and boldly forged a path for himself beyond the stifling constraints of the corporate system. Filled with insights and engaging stories, *Make Your Own Rules* paints a fascinating portrait of how Rogers excelled precisely because he didn't have prior experience in each of these businesses...or any preconceived notions of how they should be run. Rogers reveals the keys to his success over the past four decades—lessons that are even more important today. After all, in the current economic climate, learning to be creative, challenge convention, and seize unexpected opportunities is not only liberating—it can make all the difference to success. Anyone who yearns to succeed without the burdens of corporate culture can thrive outside the establishment. Whether you are an entrepreneur, a small business owner, changing careers, or just entering the workforce, *Make Your Own Rules* delivers the inspiration and guidance you need to climb the ladder of your choice.

- Find Perfection in Imperfection
- Rule Your Plane
- and more

This book is based on Loeber's quirky personal life experiences that all started in 1970s, disco-era New York City. Justin worked as a waiter, a Wang Word Processing Operator, (remember Wang?), a substitute go-go dancer, and was discovered by pop icon Gary Numan in London. He was one step from stardom in his own right as a solo pop-recording artist—only to lose it all. Then, in a 180-degree turn—and without a college degree—went from a temp at Random House to an executive vice president at HarperCollins in a little more than a decade. In 2006, Loeber created mouth: digital + public relations, a boutique agency in NYC—repping over 550 clients to date. *Get Out of Your Own Way Guide to Life* will give you the courage to:

- Shake down your fear, which is squelching your dream
- Find the "it" that makes you "tick"
- Take a Risk, which in the end, isn't risky after all
- Put down the electronics, look up; and transfer from the passenger to the pilot of your life

So, Get out of your own way! Dream big! Do it now!
