#1 NEW YORK TIMES BESTSELLER • An instant classic and eerily prescient cultural phenomenon, from “the patron saint of feminist dystopian fiction” (New York Times). Now an award-winning Hulu series starring Elizabeth Moss. Includes an introduction by Margaret Atwood. In Margaret Atwood’s dystopian future, environmental disasters and declining birthrates have led to a Second American Civil War. The result is the rise of the Republic of Gilead, a totalitarian regime that enforces rigid social roles and enslaves the few remaining fertile women. Offred is one of these, a Handmaid bound to produce children for one of Gilead’s commanders. Deprived of her husband, her child, her freedom, and even her own name, Offred clings to her memories and her will to survive. At once a scathing satire, an ominous warning, and a tour de force of narrative suspense, *The Handmaid’s Tale* is a modern classic. Look for *The Testaments*, the sequel to *The Handmaid’s Tale* Anthony Giddens has been in the forefront of developments in social theory for the past decade. In *The Constitution of Society* he outlines the distinctive position he has evolved during that period and offers a full statement of a major new perspective in social thought, a synthesis and elaboration of ideas touched on in previous works but described here for the first time in an integrated and comprehensive form. A particular feature is Giddens's concern to connect abstract problems of theory to an interpretation of the nature of empirical method in the social sciences. In presenting his own ideas, Giddens mounts a critical attack on some of the more orthodox sociological views. *The Constitution of Society* is an invaluable reference book for all those concerned with the basic issues in contemporary social theory. A classic work of American literature that has not stopped changing minds and lives since it burst onto the literary scene, *The Things They Carried* is a ground-breaking

meditation on war, memory, imagination, and the redemptive power of storytelling. *The Things They Carried* depicts the men of Alpha Company: Jimmy Cross, Henry Dobbins, Rat Kiley, Mitchell Sanders, Norman Bowker, Kiowa, and the character Tim O’Brien, who has survived his tour in Vietnam to become a father and writer at the age of forty-three. Taught everywhere—from high school classrooms to graduate seminars in creative writing—it has become required reading for any American and continues to challenge readers in their perceptions of fact and fiction, war and peace, courage and fear and longing. *The Things They Carried* won France's prestigious Prix du Meilleur Livre Etranger and the Chicago Tribune Heartland Prize; it was also a finalist for the Pulitzer Prize and the National Book Critics Circle Award. The original CliffsNotes study guides offer expert commentary on major themes, plots, characters, literary devices, and historical background. The latest generation of titles in this series also features glossaries and visual elements that complement the classic, familiar format. CliffsNotes on 1984 introduces you to the modern world as imagined by George Orwell, a place where humans have no control over their own lives, where nearly every positive feeling is squelched, and where people live in misery, fear, and repression. Orwell's vision of the future may be grim, but your understanding of his novel can be bright thanks to detailed summaries and commentaries for every chapter. Other features that help you study include Character analyses of major players A character map that graphically illustrates the relationships among the characters Critical essays A review section that tests your knowledge A Resource Center full of books, articles, films, and Internet sites Classic literature or modern modern-day treasure — you'll understand it all with expert information and insight from CliffsNotes study guides. A Study Guide for George Orwell's "1984," excerpted from Gale's acclaimed *Novels for Students*. This concise study guide includes plot summary; character analysis; author biography; study questions; historical context; suggestions for further reading; and much more. For any literature project, trust *Novels for Students* for all of your research needs. The original CliffsNotes study guides offer a look into key elements and ideas within classic works of literature. The latest generation of titles in this series also features glossaries and visual elements that complement the familiar format. The expert commentaries and critical analyses in this study guide will help you decipher the Doublethink and Newspeak of what is possibly the most complicated socio-political novel ever written. Character studies of protagonist Winston Smith, his ally and love interest Julia, his nemesis O'Brien, and Big Brother himself give you insight into what it might be like to live in such an oppressed society, and the CliffsNotes Review and Resource Center will provide you with valuable tools for getting the most out of Orwell's classic novel. Other features that help you

figure out this important work include: Personal background on the author, including career highlights Introduction to and synopsis of the book In-depth character analyses Critical essays to take you into the author's personal philosophy Review section that features interactive questions and suggested essay topics and practice projects Resource Center with books, films, and Web sites that can help round out your knowledge Classic literature or modern-day treasure—you'll understand it all with expert information and insight from CliffsNotes study guides, from the brand you trust, year after! George Orwell set out ‘to make political writing into an art’, and to a wide extent this aim shaped the future of English literature – his descriptions of authoritarian regimes helped to form a new vocabulary that is fundamental to understanding totalitarianism. While 1984 and *Animal Farm* are amongst the most popular classic novels in the English language, this new series of Orwell’s essays seeks to bring a wider selection of his writing on politics and literature to a new readership. In *Why I Write*, the first in the Orwell’s Essays series, Orwell describes his journey to becoming a writer, and his movement from writing poems to short stories to the essays, fiction and non-fiction we remember him for. He also discusses what he sees as the ‘four great motives for writing’ – ‘sheer egoism’, ‘aesthetic enthusiasm’, ‘historical impulse’ and ‘political purpose’ – and considers the importance of keeping these in balance. *Why I Write* is a unique opportunity to look into Orwell’s mind, and it grants the reader an entirely different vantage point from which to consider the rest of the great writer’s oeuvre. ‘A writer who can – and must – be rediscovered with every age.’ — Irish Times George Orwell provides a vivid and unflinching portrayal of working-class life in Northern England during the 1930s. Through his own experiences and meticulous investigative reporting, Orwell exposes the harsh living conditions, poverty, and social injustices faced by coal miners and other industrial workers in the region. He documents their struggles with unemployment, poor housing, and inadequate healthcare, as well as the pervasive sense of hopelessness and despair that permeates their lives. In the second half of the *The Road to Wigan Pier* Orwell delves into the complexities of political ideology, as he grapples with the shortcomings of both socialism and capitalism in addressing the needs of the working class. GEORGE ORWELL was born in India in 1903 and passed away in London in 1950. As a journalist, critic, and author, he was a sharp commentator on his era and its political conditions and consequences. “Rich and compelling. . .Lynskey’s account of the reach of 1984 is revelatory.” --George Packer, *The Atlantic* An authoritative, wide-ranging, and incredibly timely history of 1984--its literary sources, its composition by Orwell, its deep and lasting effect on the Cold War, and its vast influence throughout world culture at every level, from high to pop. 1984 isn't just a novel; it's a key to understanding the

modern world. George Orwell's final work is a treasure chest of ideas and memes--Big Brother, the Thought Police, Doublethink, Newspeak, 2+2=5--that gain potency with every year. Particularly in 2016, when the election of Donald Trump made it a bestseller ("Ministry of Alternative Facts," anyone?). Its influence has morphed endlessly into novels (*The Handmaid's Tale*), films (*Brazil*), television shows (*V for Vendetta*), rock albums (*Diamond Dogs*), commercials (Apple), even reality TV (*Big Brother*). *The Ministry of Truth* is the first book that fully examines the epochal and cultural event that is 1984 in all its aspects: its roots in the utopian and dystopian literature that preceded it; the personal experiences in wartime Great Britain that Orwell drew on as he struggled to finish his masterpiece in his dying days; and the political and cultural phenomena that the novel ignited at once upon publication and that far from subsiding, have only grown over the decades. It explains how fiction history informs fiction and how fiction explains history. Afghanistan, 1975: Twelve-year-old Amir is desperate to win the local kite-fighting tournament and his loyal friend Hassan promises to help him. But neither of the boys can foresee what will happen to Hassan that afternoon, an event that is to shatter their lives. After the Russians invade and the family is forced to flee to America, Amir realizes that one day he must return to Afghanistan under Taliban rule to find the one thing that his new world cannot grant him: redemption. William Schnabel's *George Orwell's 1984* is a literary analysis of George Orwell's most widely read novel, *Nineteen Eighty-Four*. William Schnabel's book defines totalitarianism, discusses the composition of the novel, the sources Orwell used to write *Nineteen Eighty-Four*, Orwell's autobiographical experience, the theme of hate in the novel, the mutability of history, language in Oceania, *Big Brother* and Joseph Stalin, Emmanuel Goldstein, the proles (the lower classes), and the two lovers, Winston Smith and Julia. The book includes an introduction, a conclusion, a bibliography, and an index. *George Orwell's 1984* is intended to be a literary guide for all readers, young or old, for a deeper understanding of Orwell's most important work. No prior knowledge of *Nineteen Eighty-Four* is necessary. This is the never-before-told story of George Orwell's first wife, Eileen, a woman who shaped, supported, and even saved the life of one of the twentieth century's greatest writers. In 1934, Eileen O'Shaughnessy's futuristic poem, 'End of the Century, 1984', was published. The next year, she would meet George Orwell, then known as Eric Blair, at a party. 'Now that is the kind of girl I would like to marry!' he remarked that night. Years later, Orwell would name his greatest work, *Nineteen Eighty-Four*, in homage to the memory of Eileen, the woman who shaped his life and his art in ways that have never been acknowledged by history, until now. From the time they spent in a tiny village tending goats and chickens, through the Spanish Civil War, to the couple's narrow escape from the destruction of their London flat during a German bombing raid, and their adoption of a baby boy, Eileen is the first account of the Blairs' nine-year marriage. It is also a vivid picture of bohemianism, political engagement, and sexual freedom in the 1930s and '40s. Through impressive depth of research, illustrated throughout with photos and images from the time, this captivating and

inspiring biography offers a completely new perspective on Orwell himself, and most importantly tells the life story of an exceptional woman who has been unjustly overlooked. A comprehensive study guide offering in-depth explanation, essay, and test prep for George Orwell's 1984, considered to be a classic novel. As a novel of the twentieth-century, it was among the first of many in the popular dystopian fiction genre. Moreover, 1984 focuses on the effects of an over involved government and the importance of freedom of expression. This Bright Notes Study Guide explores the context and history of George Orwell's classic work, helping students to thoroughly explore the reasons it has stood the literary test of time. Each Bright Notes Study Guide contains: - Introductions to the Author and the Work - Character Summaries - Plot Guides - Section and Chapter Overviews - Test Essay and Study Q&As The Bright Notes Study Guide series offers an in-depth tour of more than 275 classic works of literature, exploring characters, critical commentary, historical background, plots, and themes. This set of study guides encourages readers to dig deeper in their understanding by including essay questions and answers as well as topics for further research. NATIONAL BESTSELLER • A coming-of-age classic about a young girl growing up in Chicago • Acclaimed by critics, beloved by readers of all ages, taught in schools and universities alike, and translated around the world—from the winner of the 2019 PEN/Nabokov Award for Achievement in International Literature. "Cisneros draws on her rich [Latino] heritage...and seduces with precise, spare prose, creat[ing] unforgettable characters we want to lift off the page. She is not only a gifted writer, but an absolutely essential one." —The New York Times Book Review *The House on Mango Street* is one of the most cherished novels of the last fifty years. Readers from all walks of life have fallen for the voice of Esperanza Cordero, growing up in Chicago and inventing for herself who and what she will become. "In English my name means hope," she says. "In Spanish it means too many letters. It means sadness, it means waiting." Told in a series of vignettes—sometimes heartbreaking, sometimes joyous—Cisneros's masterpiece is a classic story of childhood and self-discovery and one of the greatest neighborhood novels of all time. Like Sinclair Lewis's *Main Street* or Toni Morrison's *Sula*, it makes a world through people and their voices, and it does so in language that is poetic and direct. This gorgeous coming-of-age novel is a celebration of the power of telling one's story and of being proud of where you're from. This classic novel of a perfectly engineered society is "one of the most prophetic dystopian works of the twentieth century" (*The Wall Street Journal*). Half a millennium from now, in the World State, the watchword is that every one belongs to every one else. No matter what class of human you are bred to be—from the intellectual Alphas to the Epsilons who provide the manual labor—you are a part of the efficient, well-oiled whole. You are nourished, secure, and blissfully serene thanks to the freely distributed drug called soma. And while sex is strongly encouraged, the old way of procreation is forbidden, eliminating even the pains of childbirth. But when a man and woman journey beyond these confines to where the "savages" reside, and

bring back two outsiders, the cracks begin to show. Named as one of the 100 best English-language novels of the twentieth century by the Modern Library, *Brave New World* is one of the first truly dystopian novels. Influenced by the historic events of Huxley's era yet as relevant today as ever, it is a remarkable depiction of the conflict between progress and the human spirit. "Chilling. . . . That he gave us the dark side of genetic engineering in 1932 is amazing." —Providence Journal-Bulletin "It is a frightening experience, indeed, to discover how much of his satirical prediction of a distant future became reality in so short a time." —The New York Times Book Review 1984 George Orwell Focus Study Guide is one in a series of educational units designed to help students with an understanding and appreciation of great and still relevant literature. Teachers new to the profession and seasoned teachers will find practical tools for reading Orwell's text as well as related materials that amplify his ideas. This guide is different from others in its approach to 1984 as a work that needs to be read and understood on a number of levels. As a reading experience it is the touchstone of most dystopian literature and uses the 'anti-utopian' codes in maximally efficient ways. As a satire, its extremes are imaginative, but critical in understanding the nearly unbelievable abuses of power of which people are capable and for which history has its political progenitors and practitioners. 1984 is also about the power of language as it is related to the way we think and express ourselves. And because language is at the root of dystopia's deception, the extremes of propaganda and their effects are revealed through Orwell's text and characters in ways that deserve closer scrutiny. This guide also moves the student from a familiar acquaintance with Orwell's powerful story to a series of ways students can assess the value of 1984 in contemporary, scholarly, and critical ways. When Edward Snowden leaked the NSA memos regarding the abuse of privacy, sales of 1984 spiked, reminding us that, while Orwell claimed his book was not a prophecy, it is, as he asserted, 'a warning.' As one of 1984's more powerful motifs, the idea of revisionism informs the narrative throughout. From the redacting of war heroes from record performed by Winston in the Ministry of Truth, to making obscure and eliminating language itself, Orwell instructs us to look deeply into the well of human experience and language that invigorate self-delusion and political deception. Included in this unit are high stakes testing questions geared to retention. While critics of high stakes testing decry rote learning as an inauthentic measurement of achievement, I provide some common sense assessments that test a basic knowledge of 1984. It is expected through contemplative and research-based writing, students will more deeply explore the profound themes and consequences of Orwell's novel. The writing assessments and suggested assignments are modeled throughout. As most schools have district-based rubrics, I choose the modeling paradigm as it has more universal applications for composition and critical thinking. Writing is possibly the greatest proof of scholarship, and any achievement in scholarship should lead to an exploration of knowledge beyond this text. Hopefully the resources included in this focus guide will encourage students to consider the greater context of literature. The

"idea" of Orwell as a literary and political abstraction is permanent in our social and political culture, as the term Orwellian has taken prominence in all manner of conversation, for better or worse. ...[We] commonly use the term 'Orwellian' in one of two ways. To describe a state of affair as 'Orwellian' is to imply crushing tyranny and fear and conformism. To describe a piece of writing as 'Orwellian' is to recognize that human resistance to these terrors is unquenchable" (Hitchens 5). It is my hope that this guide help clarify these distinctions. Beyond the text, Orwell's thoughts on language, fascism, realpolitik, and his satirical theories regarding the structures of human behavior reveal a mind that is critically engaged. This unit is an attempt to pass on this engagement to the student. 1984, published in 1949, is a dystopian and satirical novel. It revolves around Winston Smith, who lives in a nation called Oceania, in a province called Airstrip One, which represents present-day England. This state is controlled by the Party, headed by a mysterious leader who is addressed as Emmanuel Goldstein, also known as the Big Brother. The Party watches every single move that Smith and other citizens make. The nation's language and history is forcefully changed for the benefit of the Party. A new language, Newspeak, is being compulsively implemented to ensure works that have anything to do with political rebellion are omitted. In Oceania, even rebellious thoughts are illegal and are said to be the worst of all crimes. The people are suppressed and any form of individuality is not tolerated, including love and sex. Smith works as a low-ranking member of the Party who alters historical records. He hates the Party and thus buys an illegal diary in which he pens down his thoughts. He meets Julia, a coworker, who seems to be romantically inclined towards him. He however doubts that she is a Party spy who will get him imprisoned for his 'thoughtcrimes'. Her love turns out to be true and they have a covert affair. Smith's hatred for the Party grows day by day and he is convinced that a powerful Party official O'Brien is actually trying to overthrow the present government with the help of a secret group named the Brotherhood. As the story goes on, readers learn the twists and turns that life in Oceania has in store for Smith. He faces terror, betrayal, freedom, and a broken spirit. 1984 is the author's haunting vision of the future. The book has been adapted into television programmes, films, radio broadcasts and plays. In 2003, the book was number 8 on BBC's survey The Big Read. It was 6th and 13th on the reader's and editor's list of Modern Library 100 Best Novels, respectively. In 2005, it was added to the 100 Best English Language Novel from 1923 to 2005 by TIME magazine. ABOUT THE AUTHOR: Eric Arthur Blair, better known by his pen name George Orwell (1903-1950), was an English author and journalist. His work is marked by keen intelligence and wit, a profound awareness of social injustice, an intense opposition to totalitarianism, a passion for clarity in language, and a belief in democratic socialism. In addition to his literary career Orwell served as a police officer with the Indian Imperial Police in Burma from 1922-1927 and fought with the Republicans in the Spanish Civil War from 1936-1937. He was severely wounded when he was shot through his throat. Orwell and his wife

were accused of 'Rabid Trotskyism' and tried in absentia in Barcelona, along with other leaders of the POUM, in 1938. However by then they had escaped from Spain and returned to England. Between 1941 and 1943, Orwell worked on propaganda for the BBC. In 1943, he became literary editor of the Tribune, a weekly left-wing magazine. He was a prolific polemical journalist, article writer, literary critic, reviewer, poet and writer of fiction, and considered perhaps the twentieth century's best chronicler of English culture. Orwell is best known for the dystopian novel Nineteen Eighty-Four (published in 1949) and the satirical novella Animal Farm (1945)-they have together sold more copies than any two books by any other twentieth-century author. His 1938 book Homage to Catalonia, an account of his experiences as a volunteer on the Republican side during the Spanish Civil War, together with numerous essays on politics, literature, language, and culture, are widely acclaimed. In 2008, The Times ranked him second on a list of 'The 50 greatest British writers since 1945'. Analysis of 1984: Understanding Orwell's Dystopia is a literary analysis of George Orwell's widely read novel, Nineteen Eighty-Four. William Schnabel's study defines totalitarianism, discusses the composition of the novel, the sources Orwell used to write Nineteen Eighty-Four, Orwell's autobiographical experience, the theme of hate, the mutability of history, language in Oceania, Big Brother and Joseph Stalin, Emmanuel Goldstein and Trotsky, the proles, and the two lovers, Winston Smith and Julia. The book includes an introduction, a conclusion, a bibliography, and an index. William Schnabel's book is intended to be a literary guide for all readers, young or old, for a deeper understanding of Orwell's most important work. Among the seminal texts of the 20th century, Nineteen Eighty-Four is a rare work that grows more haunting as its futuristic purgatory becomes more real. Published in 1949, the book offers political satirist George Orwell's nightmare vision of a totalitarian, bureaucratic world and one poor stiff's attempt to find individuality. The brilliance of the novel is Orwell's prescience of modern life--the ubiquity of television, the distortion of the language--and his ability to construct such a thorough version of hell. Required reading for students since it was published, it ranks among the most terrifying novels ever written. --Amazon.com. A PBS Great American Read Top 100 Pick With extraordinary relevance and renewed popularity, George Orwell's 1984 takes on new life in this edition. "Orwell saw, to his credit, that the act of falsifying reality is only secondarily a way of changing perceptions. It is, above all, a way of asserting power."—The New Yorker In 1984, London is a grim city in the totalitarian state of Oceania where Big Brother is always watching you and the Thought Police can practically read your mind. Winston Smith is a man in grave danger for the simple reason that his memory still functions. Drawn into a forbidden love affair, Winston finds the courage to join a secret revolutionary organization called The Brotherhood, dedicated to the destruction of the Party. Together with his beloved Julia, he hazards his life in a deadly match against the powers that be. Lionel Trilling said of Orwell's masterpiece, "1984 is a profound, terrifying, and wholly fascinating book. It is a fantasy of the political future, and like any such fantasy, serves its author as a

magnifying device for an examination of the present." Though the year 1984 now exists in the past, Orwell's novel remains an urgent call for the individual willing to speak truth to power. Stop What You're Doing and Write! Yes, You; Write! Most writing guides imply--or outright state--that there's a fixed, specific formula or list of rules you must follow to achieve writing and publishing success. And all of them are phonies. Well, not completely. There are real, applicable techniques and strategies in any writing reference to help you. But the idea that there's only one way of writing? Nuts! With unconventional approaches to the craft, fresh angles on novel writing and selling, a healthy dose of humor, and no promise of refunds, Writing Without Rules is for those writers who have tried and tried again--and are ready to success on their own terms. In these pages, accomplished author Jeff Somers will show you: • The key to a successful writing career is doing the actual writing, no matter the circumstances. • Fantastic ideas are available everywhere--you just need to know how to tap into sources through a variety of approaches. • Important craft aspects that you should focus on, such as characters and dialogue, while spending less time on others, like setting. • Effective ways to get published--whether it's traditional or self-publishing--and how to supplement your income. Whether you're a plotter, a pantsner, or somewhere in-between, Writing Without Rules is for those writers who are looking for a fresh take on tackling the challenge of writing and selling a novel, and building a career. As Somers will show you, it's less about being perfect in everything, and more about having the confidence to complete everything. A special 25th anniversary edition of the extraordinary international bestseller, including a new Foreword by Paulo Coelho. Combining magic, mysticism, wisdom and wonder into an inspiring tale of self-discovery, The Alchemist has become a modern classic, selling millions of copies around the world and transforming the lives of countless readers across generations. Paulo Coelho's masterpiece tells the mystical story of Santiago, an Andalusian shepherd boy who yearns to travel in search of a worldly treasure. His quest will lead him to riches far different—and far more satisfying—than he ever imagined. Santiago's journey teaches us about the essential wisdom of listening to our hearts, of recognizing opportunity and learning to read the omens strewn along life's path, and, most importantly, to follow our dreams. Although the year 1984 is hurtling back into the distant past, Orwell's novel Nineteen Eighty-Four continues to have a huge readership and to help shape the world of 2084. Sales of Orwell's terrifying tale have recently spiked because of current worries about alternate facts, post-truth, and fake news. 1984 and Philosophy brings together brand new, up-to-the-minute thinking by philosophers about Nineteen Eighty-Four as it relates to today's culture, politics, and everyday life. Some of the thinking amounts to thoughtcrime, but we managed to sneak it past the agents of the Ministry of Truth, so this is a book to be read quickly before the words on the page mysteriously transform into something different. Who's controlling our lives and are they getting even more levers to control us? Is truth objective or just made up? What did Orwell get right—and did he get some things wrong? Are social media

opportunities for liberation or instruments of oppression? How can we fight back against totalitarian control? Can Big Brother compel us to love him? How does the language we use affect the way we think? Do we really need the unifying power of hate? Why did Orwell make Nineteen Eighty-Four so desperately hopeless? Can science be protected from poisonous ideology? Can we really believe two contradictory things at once? Who surveils the surveilers? The fundamental mathematical tools needed to understand machine learning include linear algebra, analytic geometry, matrix decompositions, vector calculus, optimization, probability and statistics. These topics are traditionally taught in disparate courses, making it hard for data science or computer science students, or professionals, to efficiently learn the mathematics. This self-contained textbook bridges the gap between mathematical and machine learning texts, introducing the mathematical concepts with a minimum of prerequisites. It uses these concepts to derive four central machine learning methods: linear regression, principal component analysis, Gaussian mixture models and support vector machines. For students and others with a mathematical background, these derivations provide a starting point to machine learning texts. For those learning the mathematics for the first time, the methods help build intuition and practical experience with applying mathematical concepts. Every chapter includes worked examples and exercises to test understanding. Programming tutorials are offered on the book's web site. Penguin Readers is an ELT graded reader series. Please note that the eBook edition does NOT include access to the audio edition and digital book. Written for learners of English as a foreign language, each title includes carefully adapted text, new illustrations and language learning exercises. Titles include popular classics, exciting contemporary fiction, and thought-provoking non-fiction, introducing language learners to bestselling authors and compelling content. The eight levels of Penguin Readers follow the Common European Framework of Reference for language learning (CEFR). Exercises at the back of each Reader help language learners to practise grammar, vocabulary, and key exam skills. Before, during and after-reading questions test readers' story comprehension and develop vocabulary. Nineteen Eighty-Four, a Level 7 Reader, is B2 in the CEFR framework. The longer text is made up of sentences with up to four clauses, introducing future perfect simple, mixed conditionals, past perfect continuous, mixed conditionals, more complex passive forms and modals for deduction in the past. Winston Smith rewrites history for the Ministry of Truth. Big Brother and the Thought Police watch everyone for signs of thoughtcrime. But Winston can remember life before the Party, and he questions the world he lives in. He starts to take risks, and then he falls in love with Julia, in a world where love is against the rules. Visit the Penguin Readers website Register to access online resources including tests, worksheets and answer keys. Exclusively with the print edition, readers can unlock a digital book and audio edition (not available with the eBook). Teaching guides and lesson plans designed to make classic literature engaging and relevant to today's students! This comprehensive book of lesson plans, projects,

discussion questions, reproducible worksheets, and more provides teachers with everything they need to engage middle- and high-school students in the study of George Orwell's 1984. Each SparkTeach Guide includes: * Dozens of lessons and contextual "Real Life Lens" discussion prompts * "Big Idea Question" prompts, activities, and projects that explore the work's key themes * Poetics lesson plans * Film comparative lesson plans * Exercises in studying the play's use of metaphor, simile, personification, and motifs * Lesson plans for differentiated instruction * Reproducible worksheets and lesson assessments that build reading, vocabulary, and comprehension skills * Answer keys * Student rubrics There are also tips for class planning and management, ideas for personalizing content, Common Core references, and more, making this the perfect resource to engage students in literature study that's meaningful, exciting, and above all, FUN. Written 75 years ago, 1984 was George Orwell's chilling prophecy about the future. And while 1984 has come and gone, his dystopian vision of a government that will do anything to control the narrative is timelier than ever... This 75th Anniversary Edition includes: • A New Introduction by Dolen Perkins-Valdez, author of Take My Hand, winner of the 2023 NAACP Image Award for Outstanding Literary Work—Fiction • A New Afterword by Sandra Newman, author of Julia: A Retelling of George Orwell's 1984 "The Party told you to reject the evidence of your eyes and ears. It was their final, most essential command." Winston Smith toes the Party line, rewriting history to satisfy the demands of the Ministry of Truth. With each lie he writes, Winston grows to hate the Party that seeks power for its own sake and persecutes those who dare to commit thoughtcrimes. But as he starts to think for himself, Winston can't escape the fact that Big Brother is always watching... A startling and haunting novel, 1984 creates an imaginary world that is completely convincing from start to finish. No one can deny the novel's hold on the imaginations of whole generations, or the power of its admonitions—a power that seems to grow, not lessen, with the passage of time. • Nominated as one of America's best-loved novels by PBS's The Great American Read • The Cambridge Companion to Nineteen Eighty-Four is aimed at undergraduates, postgraduates, and academics. Situating the novel in multiple frameworks, including contextual considerations and literary histories, the book asks new questions about the novel's significance in an age in which authoritarianism finds itself freshly empowered. The idea that a young person can become adept in the art of life by passing through definite stages, until at last he becomes a master, lives at the core of the apprenticeship novel. Recognized among German critics as the «Bildungsroman», this type of novel has yet to be adequately defined on a grand scale for the English reader despite nearly two centuries of its development. In an attempt to describe the apprenticeship novel as a modifiable type in Western literature, Mr. Shaffner combines a theoretical stance with analyses of three concrete examples drawn from over a hundred potential candidates. Experiential learning is a powerful and proven approach to teaching and learning that is based on one incontrovertible reality: people learn best through experience.

Now, in this extensively updated book, David A. Kolb offers a systematic and up-to-date statement of the theory of experiential learning and its modern applications to education, work, and adult development. Experiential Learning, Second Edition builds on the intellectual origins of experiential learning as defined by figures such as John Dewey, Kurt Lewin, Jean Piaget, and L.S. Vygotsky, while also reflecting three full decades of research and practice since the classic first edition. Kolb models the underlying structures of the learning process based on the latest insights in psychology, philosophy, and physiology. Building on his comprehensive structural model, he offers an exceptionally useful typology of individual learning styles and corresponding structures of knowledge in different academic disciplines and careers. Kolb also applies experiential learning to higher education and lifelong learning, especially with regard to adult education. This edition reviews recent applications and uses of experiential learning, updates Kolb's framework to address the current organizational and educational landscape, and features current examples of experiential learning both in the field and in the classroom. It will be an indispensable resource for everyone who wants to promote more effective learning: in higher education, training, organizational development, lifelong learning environments, and online. This is a dystopian social science fiction novel and morality tale. The novel is set in the year 1984, a fictional future in which most of the world has been destroyed by unending war, constant government monitoring, historical revisionism, and propaganda. The totalitarian superstate Oceania, ruled by the Party and known as Airstrip One, now includes Great Britain as a province. The Party uses the Thought Police to repress individuality and critical thought. Big Brother, the tyrannical ruler of Oceania, enjoys a strong personality cult that was created by the party's overzealous brainwashing methods. Winston Smith, the main character, is a hard-working and skilled member of the Ministry of Truth's Outer Party who secretly despises the Party and harbors rebellious fantasies. REA's MAXnotes for George Orwell's 1984 MAXnotes offer a fresh look at masterpieces of literature, presented in a lively and interesting fashion. Written by literary experts who currently teach the subject, MAXnotes will enhance your understanding and enjoyment of the work. MAXnotes are designed to stimulate independent thought about the literary work by raising various issues and thought-provoking ideas and questions. MAXnotes cover the essentials of what one should know about each work, including an overall summary, character lists, an explanation and discussion of the plot, the work's historical context, illustrations to convey the mood of the work, and a biography of the author. Each chapter is individually summarized and analyzed, and has study questions and answers. Down and Out in Paris and London by George Orwell: Step into the world of social observation and personal experience with George Orwell's "Down and Out in Paris and London." This autobiographical work recounts Orwell's firsthand experiences of poverty and hardship in the two cities. His exploration of the lives of the working class and the struggles of the marginalized provides a poignant and insightful narrative. Why This Book? "Down and Out in

Paris and London" offers a gritty and compassionate portrayal of poverty and social inequality, drawing from George Orwell's own experiences. Orwell's keen observations and his exploration of societal disparities make this work a compelling read for those interested in social justice and firsthand accounts of challenging life circumstances. Estimation of the Time Since Death remains the foremost authoritative book on scientifically calculating the estimated time of death postmortem. Building on the success of previous editions which covered the early postmortem period, this new edition also covers the later postmortem period including putrefactive changes, entomology, and postmortem r

Welcome to the best Study Guide for 1984 with this special Deluxe Edition, featuring over 100 pages of guided activities, diagrams, visual organizers, note-taking exercises, and essential questions! With sections aimed at citing evidence from the text, this study guide for 1984 is up to date with Next Generation, 21st Century, and Common Core skill requirements. This study guide for 1984 can be used as BOTH a study guide for readers/students AND an instructional guide for teachers. It is the perfect companion to introducing literature in any classroom! Master the material and ace any assignment with this innovative study guide series. This book is perfect for both students and teachers, as it produces true mastery of content knowledge and book details. Other study guides for 1984 simply give basic details of the novel, meaning that students read over material without digesting or learning it. Other study guides take complex themes, concepts, and information and just regurgitate it to readers. But, this Study Guide for 1984 is different. Using the original text as a guide, you will learn to cite evidence from the text in order to complete and reflect on your reading. Readers will selfgenerate additional notes within the structure provided by this Study Guide. Designed by a veteran educator, this study guide for 1984 GUIDES the learner to discovering the answers for themselves, creating a fully

detailed study guide in the user's own words. Filled with guided reading activities, students are able to fill this guidebook with their own information. If you read it, write it, and reflect on it, you will learn it! Teachers: Besides being a great lesson plan or activity resource, you can also purchase a set of these books (or one book and make copies) for your entire class. It makes the perfect guided reading activity for 1984 and will teach students how to internalize the reading, note taking, and learning process that advanced readers naturally perform. These make the perfect workbook to keep your class engaged and learning! Drawing on recent "event history" analytical methods from biostatistics, engineering, and sociology, this clear and comprehensive monograph explains how longitudinal data can be used to study the causes of deaths, crimes, wars, and many other human events. Allison shows why ordinary multiple regression is not suited to analyze event history data, and demonstrates how innovative regression - like methods can overcome this problem. He then discusses the particular new methods that social scientists should find useful. Originally published in 1984, Reading the Romance challenges popular (and often demeaning) myths about why romantic fiction, one of publishing's most lucrative categories, captivates millions of women readers. Among those who have disparaged romance reading are feminists, literary critics, and theorists of mass culture. They claim that romances enforce the woman reader's dependence on men and acceptance of the repressive ideology purveyed by popular culture. Radway questions such claims, arguing that critical attention "must shift from the text itself, taken in isolation, to the complex social event of reading." She examines that event, from the complicated business of publishing and distribution to the individual reader's engagement with the text. Radway's provocative approach combines reader-response criticism with anthropology and feminist psychology. Asking readers themselves to explore their reading motives, habits, and rewards, she conducted interviews in a

midwestern town with forty-two romance readers whom she met through Dorothy Evans, a chain bookstore employee who has earned a reputation as an expert on romantic fiction. Evans defends her customers' choice of entertainment; reading romances, she tells Radway, is no more harmful than watching sports on television. "We read books so we won't cry" is the poignant explanation one woman offers for her reading habit. Indeed, Radway found that while the women she studied devote themselves to nurturing their families, these wives and mothers receive insufficient devotion or nurturance in return. In romances the women find not only escape from the demanding and often tiresome routines of their lives but also a hero who supplies the tenderness and admiring attention that they have learned not to expect. The heroines admired by Radway's group defy the expected stereotypes; they are strong, independent, and intelligent. That such characters often find themselves to be victims of male aggression and almost always resign themselves to accepting conventional roles in life has less to do, Radway argues, with the women readers' fantasies and choices than with their need to deal with a fear of masculine dominance. These romance readers resent not only the limited choices in their own lives but the patronizing attitude that men especially express toward their reading tastes. In fact, women read romances both to protest and to escape temporarily the narrowly defined role prescribed for them by a patriarchal culture. Paradoxically, the books that they read make conventional roles for women seem desirable. It is this complex relationship between culture, text, and woman reader that Radway urges feminists to address. Romance readers, she argues, should be encouraged to deliver their protests in the arena of actual social relations rather than to act them out in the solitude of the imagination. In a new introduction, Janice Radway places the book within the context of current scholarship and offers both an explanation and critique of the study's limitations.
