Student's Guide to the Presidency Aug 16 2022 An indispensable reference for young researchers, specifically designed for the classroom. Specifically written to engage high school students, Student's Guide to the Presidency presents a comprehensive overview of the history and ongoing evolution of the American executive branch. This single-volume resource does not require any prior knowledge of the presidency and covers topics that meet national high school curriculum standards. The third installment of the Student's Guide to the U.S Government series is also appropriate for introductory American government college classes. Teachers and students alike will want to use this resource in preparation for exams and research papers. The text features three main sections that present a uniquely integrated approach to studying the U.S. presidency. Part One consists of three informative essays addressing compelling topics on the presidency: The Executive Branch: Behind the Scenes Since 1789 Power Trip? How Presidents Have Increased the Power of the Office Is the U.S. President the Most Powerful Leader in the World? Part Two is an alphabetical section of key words and concepts spanning Adams, John, to Wilson, Woodrow. The definitions are supplemented by sidebars with biographies of decision makers, spotlights on momentous events and key issues, legal milestones and scandals regarding the presidency, and point/counterpoint coverage of controversial issues. Recent entries include the 2008 election of Barack Obama. Part Three complements the first two sections with a generous selection of influential primary source material, including inaugural addresses, constitutional amendments involving the election of the president and presidential succession, and political cartoons A crisp layout unites the text with illuminating photos, maps, charts, tables, timelines, and humorous political cartoons to provide a clear picture of the presidency.

**History Buff's Guide to the Presidents** May 13 2022 Did you know that Warren G. Harding played poker in the White House at least once a week? Or that Richard Nixon was a Quaker? The History Buff's Guide to the Presidents takes a peek behind the scenes, revealing everything you ever wanted to know about the families, personal habits, and social lives of the most powerful job in the world. Author Thomas R. Flagel's unique perspective on the presidents makes this an essential book for the merely curious and hardcore history buffs alike. From George Washington to Barack Obama, Flagel's top ten lists compile the most religious presidents, the biggest scandals, and more to present a comprehensive history of the American presidents. Do You Think You Know The Presidents? Top Ten Presidential Pastimes Top Ten Most Controversial Elections Top Ten Assassinations and Attempts Top Ten Debt Presidencies Top Ten Most Influential First Ladies"

A Practical Guide to Becoming a Community College President Oct 18 2022 This practical resource helps aspiring leaders demystify the challenges associated with becoming a community college president. Building on existing scholarship and research related to historical origins of the community college, this book explores the role and function of the presidency, discusses existing demographics and the importance of meeting the needs of a diverse student population, and unpacks the required competencies and leadership challenges related to becoming a community college president. Including real voices from award-winning and current presidents as well as a step-by-step approach to attaining the position, this is an important resource that speaks to the needs of today and tomorrow's community college leaders.

*Guide to the Presidency* Jun 06 2024 The Guide to the Presidency is an extensive study of the most important office of the U.S. political system. Its two volumes describe the history, workings and people involved in this office from Washington to Clinton. The thirty-seven chapters of the Guide, arranged into seven distinct subject areas (ranging from the origins of the office to the powers of the presidency to selection and removal) cover every aspect of the presidency. Initially dealing with the constitutional evolution of the presidency and its development, the book goes on to expand on the history of the office, how the presidency operates alongside the numerous departments and agents of the federal bureaucracy, and how the selection procedure works in ordinary and special circumstances. Of special interest to the reader will be the illustrated biographies of every president from Washington to the present day, and the detailed overview of the vice-presidents and first ladies of each particular office. Also included are two special appendices, one of which gathers together important addresses and speeches from the Declaration of Independence to Clinton's Inaugural Address, and another which provides results from elections and polls and statistics from each office.

*Impeachment* Jul 27 2023 "With insight, wisdom, affection, and concern, Sunstein has written the story of impeachment every citizen needs to know. This is a remarkable, essential book." —Doris Kearns Goodwin No one is above

the law, not even the president. Impeachment is the most potent tool the founders gave us to ensure it, and yet few of us even know how it works. As Benjamin Franklin famously put it, Americans have a republic, if we can keep it. Preserving the Constitution and the democratic system it supports is the public's responsibility. One route the Constitution provides for discharging that duty--a route rarely traveled--is impeachment. Expanding beyond violations of the law, impeachment was meant to defend against any action that would undermine the foundations of our republic. Harvard Law professor Cass R. Sunstein provides a succinct citizen's guide to this essential tool of self-government. Taking us deeper than mere partisan politics, he illuminates the constitutional design behind impeachment and emphasizes the people's role in holding presidents accountable. In spite of the loud national debate over whether or not the House is right to impeach Trump, impeachment itself remains widely misunderstood. Sunstein identifies and corrects a number of common misconceptions, and describes how impeachment helps is an essential piece of our constitutional order, and a crucial part of the framers' decision to install an empowered executive in a nation deeply fearful of kings. With an eye toward the past and the future, *Impeachment: A Citizen's Guide* considers a host of actual and imaginable arguments for a president's removal, explaining why some cases are easy and others hard, why some arguments for impeachment have been judicious and others not. And with an afterword and appendix on the current impeachment, it puts the national debate in its proper historical context. In direct and approachable terms, it is a guide through the treacherous waters of the impeachment process so that Americans of all political convictions may use their ultimate civic authority wisely.

**Guide to the Presidency SET** Feb 02 2024 Guide to the Presidency is the leading reference source on the persons who have occupied the White House and on the institution of the presidency itself. Readers turn to this guide for its vast array of factual information about the institution and the presidents, as well as for its analytical chapters that explain the structure and operations of the office and the president's relationship to co-equal branches of government, Congress and the Supreme Court. This new edition is updated to include: A new chapter on presidential power Coverage of the expansion of presidential power under President George W. Bush

**#WriteIn16** Jun 01 2021 In these last weeks leading up to the 2016 U.S. presidential election, millions of disaffected Americans still feel like they are being forced to choose between the lesser of two evils. They must cast their votes as a way to save America by blocking one candidate, rather than propelling America forward by supporting a candidate who really aligns with their values. In search of better options, these frustrated throngs are lighting up social media with the hashtag #WriteIn16. This book answers their call. "#WriteIn16 A Field Guide to the 100 Most Presidential Americans" speaks to every American who secretly wishes -- or openly agitates -- to vote for someone other than the two major-party candidates this November 8th. Co-authored by an east coast digital media strategist and a west coast business school professor, this book informs and stimulates conversation about the American qualities that make a person worthy to hold the most powerful and important position in the world. Using the G.R.E.A.T.(c) framework, this book rates the 100 American leaders who exemplify the five traits of being presidential: Global Vision, Reach, Ethics, Accomplishment, and Talent. Selected from a wide range of fields and backgrounds, the views of these would-be presidents range across the political gamut, from progressive Democrats and conservative Republicans to Greens and Independent 3rd- party candidates. From moderates and apolitical pragmatists to idealists, they all possess extraordinary qualities. We believe that voters in 2016 should feel empowered, not disenfranchised. In most states, Americans can write in a vote for someone we truly deem worthy to be president, regardless of who is on the ballot. This book will show you how and get you talking about whose name to choose.

**A perfect guide for a studious young lawyer ... being presidents for conveyances, and other businesse of the like kinde: collected ... out of the ... labours of ... the Lord Coke, the Lord Hobart, etc. ... Also, divers copihold entries in Courts-Barons, etc** Jul 03 2021

*The Limits of Presidential Power* Dec 08 2021 This one-of-a-kind guide provides a crash course in the laws governing the President of the United States. In an engaging and accessible style, two law professors explain the principles that inform everything from President Washington's disagreements with Congress to President Trump's struggles with the courts, and more. Timely and to the point, this guide provides the essential information every informed civic participant needs to know about the laws that govern the president-and what those laws mean for those who want to make their voices heard.

The Presidency, Congress, and the Supreme Court Feb 07 2022

**The Complete Idiot's Guide to the American Presidents** Mar 11 2022 Details the career path, presidential policies, key events, trivial facts, and historical impact of each president from George Washington to Bill Clinton.

The Oath and the Office Mar 23 2023 "A cleareyed, accessible, and informative primer: vital reading for all Americans." —Kirkus Reviews, starred review Can the president launch a nuclear attack without congressional approval? Is it ever a crime to criticize the president? Can states legally resist a president's executive order? In today's fraught political climate, it often seems as if we must become constitutional law scholars just to understand the news from Washington, let alone make a responsible decision at the polls. The Oath and the Office is the book we need, right now and into the future, whether we are voting for or running to become president of the United States. Constitutional

law scholar and political science professor Corey Brettschneider guides us through the Constitution and explains the powers—and limits—that it places on the presidency. From the document itself and from American history’s most famous court cases, we learn why certain powers were granted to the presidency, how the Bill of Rights limits those powers, and what “we the people” can do to influence the nation’s highest public office—including, if need be, removing the person in it. In these brief yet deeply researched chapters, we meet founding fathers such as James Madison and Alexander Hamilton, as well as key figures from historic cases such as *Brown v. Board of Education* and *Korematsu v. United States*. Brettschneider breathes new life into the articles and amendments that we once read about in high school civics class, but that have real impact on our lives today. *The Oath and the Office* offers a compact, comprehensive tour of the Constitution, and empowers all readers, voters, and future presidents with the knowledge and confidence to read and understand one of our nation’s most important founding documents.

*When I Grow Up, I Want to Be President* Feb 19 2023 *When I Grow Up, I Want To Be President* is the first book in a series about the US Federal Government. The historic election of Donald Trump in 2016 and Barack Obama in 2008 generated a great deal of interest in the Presidency of the United States especially among young people. This book answers many of their questions about the presidency and requires very little prior knowledge of government. *When I Grow Up, I Want To Be President* is written in a question and answer format and includes ACTIVITY and DID YOU KNOW boxes. The activities are engaging, up-to-date, and pedagogically appropriate. Some require straightforward responses. Other activities grow out of the text and encourage students to synthesize information found in the text with other knowledge acquired during research in order to construct a creative response. Key terms are highlighted and defined either in the text or in the glossary. There is also an annotated list of Internet resources.

*How to Get Rid of a President* Sep 28 2023 A vivid political history of the schemes, plots, maneuvers, and conspiracies that have attempted -- successfully and not -- to remove unwanted presidents To limit executive power, the founding fathers created fixed presidential terms of four years, giving voters regular opportunities to remove their leaders. Even so, Americans have often resorted to more dramatic paths to disempower the chief executive. The American presidency has seen it all, from rejecting a sitting president's renomination bid and undermining their authority in office to the more drastic methods of impeachment, and, most brutal of all, assassination. *How to Get Rid of a President* showcases the political dark arts in action: a stew of election dramas, national tragedies, and presidential departures mixed with party intrigue, personal betrayal, and backroom shenanigans. This briskly paced, darkly humorous voyage proves that while the pomp and circumstance of presidential elections might draw more attention, the way that presidents are removed teaches us much more about our political order.

*Gale Researcher Guide for: Presidential Elections in the United States* Jan 09 2022 *Gale Researcher Guide for: Presidential Elections in the United States* is selected from Gale's academic platform *Gale Researcher*. These study guides provide peer-reviewed articles that allow students early success in finding scholarly materials and to gain the confidence and vocabulary needed to pursue deeper research.

*The Ultimate Guide to the 2020 Election* Nov 18 2022 Will Donald Trump’s Southern Border Wall actually make our country safer? How much will Bernie Sanders’s and Elizabeth Warren’s Medicare for All plan really cost American taxpayers? Can Cory Booker’s and Kamala Harris’s ideas for debt-free college revive the American dream? You’ll find the answers in this book. With the 2020 US presidential election looming, the emerging contest doesn’t seem so much a battle of ideas as it does a war of two tribes bent on the other’s destruction. The Far Left and Far Right increasingly dominate and drive America’s political debate, leaving a majority of Americans feeling left out and left behind. *The Ultimate Guide to the 2020 Election* gives a voice to this majority and provides an unbiased education on the true nature of the problems America faces on several key issues, including: • Health Care • Energy & Climate Change • Infrastructure • Big Tech & Privacy • The American Dream • Immigration • The National Debt • Gun Safety Beyond these policy issues, No Labels senior advisors Ryan Clancy and Margaret White present ideas for rescuing American democracy itself. Complete with sample questions for the 2020 presidential candidates and an inclusive Unity Agenda that addresses concerns on both sides of the aisle, this nonpartisan political handbook should be required reading for all US voters.
