key to the most devastating assassinations of the 1960s The surviving Double Eagles will stop at nothing to keep their past crimes buried and with the help of some of the most influential men in the state they seek to ensure that Dr Cage either takes the fall for them or takes his secrets to an early grave Unable to trust anyone around him not even his own mother Penn joins forces with Serenity Butler a famous young black author who has come to Natchez to write about his father s case Together Penn and Serenity battle to crack the Double Eagles and discover the secret history of the Cage family and the South itself a desperate move that risks the only thing they have left to gamble their lives Mississippi Blood is the enthralling conclusion to a breathtaking trilogy seven years in the making one that has kept readers on the edge of their seats With piercing insight narrative prowess and a masterful ability to blend history and imagination Greg Iles illuminates the brutal history of the American South in a highly atmospheric and suspenseful novel that delivers the shocking resolution his fans have eagerly awaited
