A comprehensive study guide offering in-depth explanation, essay, and test prep for the New Testament, including analysis of the Gospel, the history, correspondence, and apocalyptic literature. These traditionally accepted seven authors are recognized for bringing the life of Jesus to Christians. As a body of work of the first century, the New Testament brings Christianity from a small group of followers to a large church with an established theology that tackles faith, works, harmony, and diversity. Its influence has impacted every aspect of the human experience; shaping the moral compass of the human race. Moreover, it has supplied inspiration for the world's greatest musicians, writers, artists, and poets. This Bright Notes Study Guide includes notes and commentary on each book of the New Testament, helping students to thoroughly explore the reasons they have stood the literary test of time. Each Bright Notes Study Guide contains: - Introductions to the Author and the Work - Character Summaries - Plot Guides - Section and Chapter Overviews - Test Essay and Study Q&As The Bright Notes Study Guide series offers an in-depth tour of more than 275 classic works of literature, exploring characters, critical commentary, historical background, plots, and themes. This set of study guides encourages readers to dig deeper in their understanding by including essay questions and answers as well as topics for further research. This volume offers a compact introduction to one of the most daunting texts in the New Testament. The Letter to the Hebrews has inspired many readers with its encomium to faith, troubled others with its hard sayings on the impossibility of a second repentance, and perplexed still others with its exegetical assumptions and operations drawn from a cultural matrix that is largely alien to modern sensibilities. Long thought to be Paul, the anonymous author of Hebrews exhibits points of continuity with the apostle and other New Testament writers in the letter's (or sermon's) vision of life in the light of the crucified Messiah, but one also finds distinctive perspectives in such areas as Christology, eschatology, and atonement. Gray and Peeler survey the salient historical, social, and rhetorical factors to be considered in the interpretation of this document, as well as its theological, liturgical, and cultural legacy. They invite readers to enter the world of one of the boldest Christian thinkers of the first century. A guide to learning how to communicate with people who have diametrically opposed opinions from you, how to empathize with them, and how to (possibly) change their minds. America is more polarized than ever. Whether the issue is Donald Trump, healthcare, abortion, gun control, breastfeeding, or even DC vs Marvel, it feels like you can't voice an opinion without ruffling someone's feathers. In today's digital age, it's easier than ever to build walls around yourself. You fill up your Twitter feed with voices that are angry about the same issues and believe as you believe. Before long, you're isolated in your own personalized echo chamber. And if you ever encounter someone outside of your bubble, you don't understand how the arguments that resonate so well with your peers can't get through to anyone else. In a time when every conversation quickly becomes a battlefield, it's up to us to learn how to talk to each other again. In *Talking Across the Divide*, social justice activist Justin Lee explains how to break through the five key barriers that make people resist differing opinions. With a combination of psychological research, pop-culture references, and anecdotes from Justin's many years of experience mediating contentious conversations, this book will help you understand people on the other side of the argument and give you the tools you need to change their minds--even if they've fallen for "fake news."

"Seeks to focus people in the direction of dismantling our nation's huge and egregious prison industrial systems, the old but new Jim Crow. In it, Daniel Hunter describes key organizing principles and offers an array of examples that describe concrete ways that individuals, organizations, and coalitions are achieving significant successes, which cultivate the soil for more and more significant campaigns in this crucial struggle"--

Much of the history of women, in religion as in other fields, is lost because it was overlooked or considered unimportant. It is therefore surprising that so many fragments of women's stories survive in the New Testament texts composed by men. Why did they include so many references to women and why are women, as a group, treated so positively by the male New Testament writers? *Women in the New Testament* shows how the stories of women are an integral part of the Gospel and its meaning for us. It also relays how we can respond to the challenge these women represent, whether we are men trying to understand or women trying to find our voices within the tradition of faith found in the New Testament. Chapter one discusses three women of

expectant faith. Chapters two and three deal with women who are changed by Jesus. Chapter four focuses on New Testament women of influence. Chapters five and six show how women disciples spread and gave shape to the gospel message. Chapters are "Women of Expectant Faith," "Women Changed by Jesus," "More Women Changed by Jesus," "Women of Prominence," "Women and Discipleship," and "More Women and Discipleship." Mary Ann Getty-Sullivan, PhD, teaches at St. Vincent College and St. Vincent Seminary, Latrobe, Pennsylvania. She is the author of First and Second Corinthians from the Colledgeville Bible Commentary series, author of the God Speaks to Us series of children's books, and editor of the Zacchaeus Studies: New Testament series published by The Liturgical Press. Purchase it today to receive access to: TSI practice questions TSI detailed answer explanations Test-taking strategies New York Times bestselling author John Eldredge offers readers a breathtaking look into God's promise for a new heaven and a new earth. This revolutionary book about our future is based on the simple idea that, according to the Bible, heaven is not our eternal home--the New Earth is. As Jesus says in the gospel of Matthew, the next chapter of our story begins with "the renewal of all things," by which he means the earth we love in all its beauty, our own selves, and the things that make for a rich life: music, art, food, laughter and all that we

hold dear. Everything shall be renewed "when the world is made new." More than anything else, how you envision your future shapes your current experience. If you knew that God was going to restore your life and everything you love any day; if you believed a great and glorious goodness was coming to you--not in a vague heaven but right here on this earth--you would have a hope to see you through anything, an anchor for your soul, "an unbreakable spiritual lifeline, reaching past all appearances right to the very presence of God" (Hebrews 6:19). Most Christians (most people for that matter) fail to look forward to their future because their view of heaven is vague, religious, and frankly boring. Hope begins when we understand that for the believer nothing is lost. Heaven is not a life in the clouds; it is not endless harp-strumming or worship-singing. Rather, the life we long for, the paradise Adam and Eve knew, is precisely the life that is coming to us. And that life is coming soon.
