**Blood Red Snow** Jan 21 2023 Günter Koschorrek wrote his illicit diary on any scraps of paper he could lay his hands on, storing them with his mother on infrequent trips home on leave. The diary went missing, and it was not until he was reunited with his daughter in America some forty years later that it came to light and became Blood Red Snow. The author's excitement at the first encounter with the enemy in the Russian Steppe is obvious. Later, the horror and confusion of fighting in the streets of Stalingrad are brought to life by his descriptions of the others in his unit — their differing manners and techniques for dealing with the squalor and death. He is also posted to Romania and Italy, assignments he remembers fondly compared to his time on the Eastern Front. This book stands as a memorial to the huge numbers on both sides who did not survive and is, some six decades later, the fulfilment of a responsibility the author feels to honour the memory of those who perished.

**Blood Red Sunset** May 01 2021 "Every so often a book comes along that captures a place and time so well it overturns the platitudes and excuses, and punctures the rationalizations and the blaming. For many years from the mid-1960s through the mid-1970s China was convulsed in a nationwide struggle for the soul of the country, known as the Cultural Revolution. For years after, the blame for the terrible destruction lay with Chairman Mao and the Gang of Four." "The cost in lives lost and ruined is still untold, but China has returned to something like normal. In the past several years, the West has begun to come to terms with the stark reality of the Cultural Revolution through books like Nien Cheng's *Life and Death in Shanghai* and films like *Farewell, My Concubine*. But for the Chinese, the process began with the pseudonymous publication of Ma Bo's extraordinary novel, *Blood Red Sunset*." "A potent, unbridled memoir of the Cultural Revolution, *Blood Red Sunset* is one of China's biggest bestsellers in history, selling more than 400,000 copies. It is the story of a young man filled with ideological fervor who wrote a petition - in his own blood - to join the revolution in rural northern China. There he participated in the making of an ecological disaster on the Mongolian

grasslands while joining his mates in the often brutal efforts to "re-educate" herd owners and "capitalist Chinese." "Then, after casually criticizing a Chinese leader, this idealistic youth was denounced as an "active counterrevolutionary," betrayed by his friends, beaten, and imprisoned. His is a story of victimizing and victimization, a reminder of the evil we do to each other and the passionate humanity that survives against all depredations."--BOOK JACKET. **Blood Red Lines** Jun 06 2024 An engaging and reflective look at how austerity and the billionaire class paved the way for Trump's presidency, the rise of the "alt-right," and the caging of migrants children and adults in detention centers across the country. For all of the energy that the far right has demonstrated--and for all of the support that they receive from institutional conservatives in the GOP and affiliated organizations--the United States is experiencing an upsurge in left-wing social movements unlike any other in the past half-century, with roots not in the Democratic Party but Occupy Wall Street and Black Lives Matter. Drawing on his original reporting as well as archival research, O'Connor investigates how the capitalist class and the radical right mobilize racism to defend their interests, while focusing on one of the most pressing issues of our time: immigration.

**When Valleys Turned Blood Red** Jun 01 2021 When Valleys Turned Blood Red tells the story of colonial policies and their tragic impact on local communities. The Ta-pa-ni Incident of 1915 was the largest single act of Han Chinese armed resistance during the fifty years of Taiwan's colonial era. More than a thousand villagers and Japanese were killed during the fierce fighting and thousands more were later arrested and made to stand trial. Based on detailed archival research, interviews with survivors, painstaking demographic analysis, and a thorough reading of secondary scholarship in all of the relevant languages, Paul Katz examines the significance of the Ta-pa-ni Incident by

focusing on what Paul Cohen terms history's "three keys": event, experience, and myth. Katz provides a vivid description of events surrounding the uprising as well as the ways in which it has been mythologized over time. His primary emphasis, however, is on the experiences of the men and women who were caught up in the flow of history.

**Blood Red Sunset** Feb 19 2023 A searing first hand account of China's Cultural Revolution that joins the ranks of great memoirs such as *Life and Death in Shanghai*, *Wild Swans* and *A Chinese Odyssey*. First banned in its native land, this earthy, unflinching memoir has become one of the biggest bestsellers in the history of China. In 1968, a fervent young Red Guard joined the army of hotheaded adolescents who trekked to Inner Mongolia to spread the Cultural Revolution. After gaining a reputation as a brutal abuser of the local herd owners and nomads, Ma Bo casually criticized a Party Leader. Denounced as an "active counterrevolutionary" and betrayed by his friends, the idealistic youth was brutally beaten and imprisoned. Charged with passion, never doctrinaire, *Blood Red Sunset* is a startlingly vivid and personal narrative that opens a window on the psyche of totalitarian excess that no other work of history can provide. This is a tale of ideology and disillusionment, a powerful work of political and literary importance. "A deceptively straightforward story carried forward by deep currents of insight."—*The Washington Post* "A genuine, no-holds-barred, unadorned piece of writing...echoing the realities of contemporary China."—Liu Binyan, *The New York Times Book Review*

*Blood Red Turns Dollar Green* Dec 20 2022 Professional wrestling meets Empire in a trilogy that RollingStone.com called "a one-of-a-kind literary offering for die-hard wrestling fans." New York City, 1969. Danno Garland is a middling member of the National Wrestling Council, a secretive syndicate of pro-wrestling promoters. He's kept his head down for fifteen years, but now he's found a new heavyweight champion, Babu, and plans to use him to build a wrestling empire. Blocked, though, by the NWC, Danno makes a deal with Florida boss Proctor King to ensure Danno's man will be the next title holder. In exchange, the belt will go to Proctor's son, Gilbert, once he's out of prison in a couple of years. But things don't go according to plan, and now Danno is standing in a sold-out Shea Stadium on the night of biggest wrestling card of all time, and neither Babu nor Gilbert has shown up. Meanwhile, Lenny Long, Danno's driver, is walking dazedly from the overturned van that was supposed to bring them to the venue, and the only sign of Gilbert is his foot. Across the country, Proctor nervously watches the show on TV, wondering why his screw-up of a son doesn't already have the championship belt in his hands. It's taken four years of pay-offs, double dealing, and bone-breaking to arrange this match, and if all that's gone to waste, he might just have to take a business trip to New York. The "fake" world of professional wrestling is going to get very real. [Everything You Love Will Burn](#) Aug 04 2021 The dark story of the shocking resurgence of white supremacist and nationalist groups, and their path to political power Six years ago, Vegas Tenold embedded himself among the members of three of America's most ideologically extreme white nationalist groups—the KKK, the National Socialist Movement, and the Traditionalist Workers Party.

At the time, these groups were part of a disorganized counterculture that felt far from the mainstream. But since then, all that has changed. Racially-motivated violence has been on open display at rallies in Charlottesville, Berkeley, Pikesville, Phoenix, and Boston. Membership in white nationalist organizations is rising, and national politicians, including the president, are validating their perceived grievances. *Everything You Love Will Burn* offers a terrifying, sobering inside look at these newly empowered movements, from their conventions to backroom meetings with Republican operatives. Tenold introduces us to neo-Nazis in Brooklyn; a millennial Klanswoman in Tennessee; and a rising star in the movement, nicknamed the "Little Fū by the Southern Poverty Law Center, who understands political power and is organizing a grand coalition of far-right groups to bring them into the mainstream. *Everything You Love Will Burn* takes readers to the dark, paranoid underbelly of America, a world in which the white race is under threat and the enemy is everywhere.

*The Blood-red Arab Flag* Feb 27 2021 During the years 1797-1820 the Qasimi Arabs or Qawasim, inhabitants of the present day United Arab Emirates, acquired an enduring reputation as ruthless pirates. Some of their victims flew the British flag, and thus their actions were to provide the initial stimulus and justification for 150 years of British involvement in the Gulf. Recently, however, it has been doubted whether the Qawasim were in fact pirates. In a scholarly but accessible account founded on contemporary sources, illustrated with testimonies of eye-witnesses and participants, this book sets out to decide this controversial question. By making use of valuable and hitherto untapped archival material, Charles Davies strongly evokes a flavour of life in the Gulf in this turbulent and formative period in the Gulf's history. This book represents the first in-depth investigation into this controversial subject. It is based on original research and helps to explain why the Gulf is as it is today.
