The Illness Lesson Jun 06 2023 A NEW YORK TIMES EDITORS' CHOICE • From the author of the award-winning debut story collection *We Show What We Have Learned*, an "atoundingly original" (The New York Times Book Review) work of historical fiction with shocking and eerie connections to our own time. At their newly founded school, Samuel Hood and his daughter, Caroline, promise a groundbreaking education for young women. But Caroline has grave misgivings. After all, her own unconventional education has left her unmarried and isolated, unsuited to the narrow roles afforded women in nineteenth-century New England. When a mysterious flock of red birds descends on the town, Caroline alone seems to find them unsettling. But it's not long before the assembled students begin to manifest bizarre symptoms: rashes, seizures, headaches, verbal tics, night wanderings. One by one, they sicken. Fearing ruin for the school, Samuel overrules Caroline's pleas to inform the girls' parents and turns instead to a noted physician, a man whose sinister ministrations—based on a shocking historic treatment—horrify Caroline. As the men around her continue to dictate, disastrously, all terms of the girls' experience, Caroline's own body

begins to betray her. To save herself and her young charges, she will have to defy every rule that has governed her life, her mind, her body, and her world.

The Birthmark Sep 28 2022 The Birthmark deals with the husband's deeply negative obsession of his wife's outer appearances and what does that entail for these two young couples. The birthmark represents various things throughout the story. Two of the main representations are imperfection and mortality. American novelist and short story writer Nathaniel Hawthorne's (1804-1864) writing centers on New England, many works featuring moral allegories with a Puritan inspiration. Hawthorne has also written a few poems which many people are not aware of. His works are considered to be part of the Romantic movement and, more specifically, Dark romanticism. His themes often centre on the inherent evil and sin of humanity, and his works often have moral messages and deep psychological complexity.

[Effective Teaching and Successful Learning](#) Apr 16 2024 The overall aim of this reader-friendly book is to enable current and prospective teachers as well as other education professionals to improve practice, leading to more successful learning for all students. Drawing on her extensive experience as both a high school teacher and a university professor, Inez De Florio provides an evidence-informed and value-based approach to teaching and learning that takes the personality and the accountability of teaching professionals into account. Students' needs and interests are the primary focus of an evidence-informed teaching model, MET (Model of Effective Teaching), which is described and exemplified in detail. In order to allow for informed decisions and suitable applications of the steps of the MET, the book provides, furthermore, a succinct and comprehensible introduction to the main features and types of educational research, especially newer findings of evidence-based education such as presented in John Hattie's research.

Gratefully Dead Mar 23 2022 One more deadly romantic comedy. Meet Mitzi, Molly, and Marla—three sisters, southern-fried born-and-bred, and the ghosts who love them. Marla Newberry has no interest in dating someone local. She much prefers midnight runs to a biker bar in Shreveport. Cooter Haines, drummer for a Grateful Dead tribute band

called Skull Bone, owns the biker bar called The Deadhead. He also happens to be the only guy who can curl her toes like a sprung guitar string. And while she enjoys surrendering to his toe-curling on occasion, she's not interested in bringing the long-haired drummer home to daddy. Until the night Cooter tells him he loves her, and then he comes up missing. That Saturday night, a rival drummer makes a deal with the devil (aka the Skull Bone's manager) and steals the drummer job away from Cooter. Cooter angrily speeds off on his bike and doesn't return. Marla smells a rat. Later, she wakes up to find a ghostly Cooter sitting at the foot of her bed. Dead isn't so great, he tells her, and those rumors about Southern Rock bands jamming in Heaven? He's seen no evidence. Plus, he's pretty sure someone jacked up something on his Harley making him roll the bike. He needs her help to find out who wanted him dead. But is Cooter really dead, or was Marla only dreaming? And days later, where is he? Can she and her sisters solve this final mystery of the men in their lives, and the ghosts(?) who love them?

Lesson Plans Jun 18 2024 In Lesson Plans, Judson G. Everitt takes readers into the everyday worlds of teacher training, and reveals the complexities and dilemmas teacher candidates confront as they learn how to perform a job that many people assume anybody can do. Using rich qualitative data, Everitt analyzes how people make sense of their prospective jobs as teachers, and how their introduction to this profession is shaped by the institutionalized rules and practices of higher education, K-12 education, and gender. Trained to constantly adapt to various contingencies that routinely arise in schools and classrooms, teacher candidates learn that they must continually try to reconcile the competing expectations of their jobs to meet students' needs in an era of accountability. Lesson Plans reveals how institutions shape the ways we produce teachers, and how new teachers make sense of the multiple and complicated demands they face in their efforts to educate students. *Primary Object Lessons for a Graduated Course of Development* May 05 2023

Principles of Flight Jul 27 2022 After narrowly surviving a plane crash, Bill Hatcher wakes up to discover his life of carefree abandon shattered. As a Peace Corps volunteer in Tanzania in the 1990s, he had risen above his own racial prejudices and religious jingoism, and yet had remained emotionally aloft, afraid to commit to the full transformation that was calling to him. In spite of misgivings, he returns to Africa. In Kenya, he flies bush planes, guides wilderness courses, and falls in love with a young Kikuyu woman. All seems well until Bill is attacked and beaten by thugs and then injured when he's chased by an elephant. Still unable to deal with reality, he escapes to Alaska, where he flies still higher and loves even more recklessly. Ultimately, the principles of flight force him to make a choice: to fly away again or finally return to Earth as an advocate for social, animal, and environmental justice. Set before, during, and after 9/11 and the wars that followed, and filled with spectacular scenes of flights over the African savanna and Alaskan glaciers, *Principles of Flight* is a memoir of grand adventure as well as a psychosocial inquiry into the hyper-masculinism that has dominated the world.

The Empower Program, K-2 Feb 14 2024 Let's face it—teaching can be stressful. In this generation of Common Core Standards and high-stakes testing, educators are often left without the time to plan positive behavioral supports or the sanity to cultivate compassionate relationships with their students. Even though they understand the critical relationship between behavior and instruction, they're often left with the same hair-pulling question: How can I empower—rather than overpower—my students, while still keeping a controlled classroom so that I can teach and students can learn? The "Empower Program" delivers user-friendly strategies that are realistic for educators to implement and practical for their students to use. Included are: Classroom Scenarios "When this happens..." Research and Relevancy "Why did that happen..." Concrete Strategies "What can I do?" Ready-to-go Resources "How can I do this tomorrow?" This book is not going to antagonize teachers with theoretical concepts in ideal contexts; it is instead going to respect teachers and their classroom frustrations and provide them with practical steps that make buzzwords like "behavior management"...well...manageable.

Pull Me Up Dec 12 2023 A generational memoir of the American suburbs, *Pull Me Up* is a deeply affecting book. With prose that to Frank McCourt "flashes with poetry," New York Times columnist Dan Barry tells the story of an unforgettable American family. He writes so crisply that we not only feel his emotions but also recall our own: the joy of Little League, the thrill of small-town reporting, the pain of losing a parent, and the fear of facing a life-threatening illness. Barry's writing

has its own stalwart beauty, a single melody teased out of the American symphony. Here is the voice of an authentic American writer.

The Wisdom of Your Child's Face Jan 01 2023 People joke that your children don't come with a user's manual, but they're wrong. It's written in their faces and all you have to do is learn to read them. The secrets of your children's inner nature and personal potential are eloquently inscribed in the curve of their cheeks, the shape of their eyes, the contour of their brows, and the unique language of their original design. Chinese face reading is based on ancient Taoist principles that teach that each child is born with a soul's intent, a blueprint that is theirs and theirs alone, and this inner architecture is reflected in their outer design. When you can read your children's faces, you can discover their true nature. You can understand what their special gifts are, see where their personal challenges will be, and how to guide them through these issues. You'll be able to recognize what they need from you in order to feel safe and loved, and you'll be empowered as a parent to raise them with less stress, more joy, and the confidence that you're helping them fulfill their special purpose in the world!

Heidi's Guide to Four Letter Words Apr 11 2021 Cowritten by USA Today best-selling author Tara Sivec and award-winning narrator Andi Arndt, a hysterically funny, heartfelt romance about starting over and taking chances. Nothing good ever comes from drinking a box of wine alone. So when I decided to entertain my drunken self by setting up some hand-me-down podcasting equipment and reading the steamy parts from romance novels, I never thought anyone would actually listen. The fact that I admitted my huge crush on my sexy next door neighbor made the whole thing even more mortifying. But sometimes life surprises you, and that's how my podcast, Heidi's Discount Erotica, was born. Now I, Heidi Larsen, a sweet former kindergarten teacher in Waconia, Minnesota, lead a scandalous double life reading erotic novels to the listening world. And with each episode, I find myself embracing my new alter ego more and more. Now I'm starting to feel more comfortable in my own skin and do things I never would have dreamed of - like kissing my neighbor. Look out, Waconia, because Heidi's on the loose! She's in your ears, in your hearts, and down your pants...wait, that didn't sound as good as it did in my head. Well, you get the picture, don'tcha know!

Jan 13 2024 Do soul mates really exist? Is there really another person out there who was born just for you? And are they the only one who can answer your heart's call? Bridget Monahan is an elementary school teacher, and she's about to find out that perhaps soul mates do exist. Her heart is on the mend from many failed relationships, she's a skeptic when it comes to finding love, and the last thing she wants is to be set up on another blind date. But her best friend Autumn is convinced she's found Bridget's soul mate. After many unsuccessful attempts to introduce Bridget to Mr. Right, she persuades her one last time to meet the charming Tristan Hathaway. Bridget's first impression of Tristan is that he reminds her of an angel with a British accent that makes her knees weak. When they begin their passionate romance, Tristan is able to break her defenses that were guarding her heart for so long, and as Bridget allows herself to fall deeper in love with him, she starts to believe that they are soul mates. But she also learns that although his beauty is near perfection, he is not without flaws and there's more to him than she ever imagined. Not to mention, he can seduce her unlike any man she's ever

known and take her mind, body, and soul to a place of sheer ecstasy. Bridget unexpectedly becomes the student in this magical love affair and her biggest lesson may be that true love and eternity are bound.

Seriously Dead Feb 19 2022 Another deadly romantic comedy—three sisters, a smattering of ghost, a touch of romance, a boatload of mystery, and a stitch of southern humor. Molly Campbell had everything—a gorgeous Louisiana mansion, a rich husband, and a lucrative career. Had—not has—because her redneck husband dies in a seven-car pileup on the way to a monster truck pull, setting off a chain of events that leaves her penniless and moving into her deceased Gran's home in Carrington, Louisiana. To say lifestyle change is a bitch is an understatement. She misses Don (and admittedly, his money) but doesn't miss his belittling manner. When he comes to her in ghostly spirit and apologizes for every nasty thing he's ever done (too little, too late), and that he lied to her about the bank account (too little, too gone), and tells her she needs to pay off his casino debt to keep the family safe (too overwhelming, too damn much!), and suggests that the truck accident might not have been an accident after all (too creepy, too murdered?), she gives him the cold shoulder. Molly has no desire to listen to her deceased husband's honeymoon phase sweet-talk and probable lies in death. She'd had enough of that while he was living. But Don insists he was murdered, and when things start happening—eerie phone calls, threatening messages, and bullets whizzing past her on Gran's porch—Molly concedes. With her sisters in tow, and aided by a charming, tattooed private investigator, Molly seeks to uncover the truth. The suspense and hilarity that ensues might make you laugh out loud—seriously. Dead serious.

Next Lesson Mar 03 2023 SHORTLISTED FOR THE POLARI FIRST BOOK PRIZE Next Lesson is a new play by Chris Woodley, about the challenges of growing up gay. In 1988, 14-year-old Michael comes out as gay. Later he returns to the same school as a teacher. In the background: the notorious Section 28 of Thatcher's Local Government Act, which prohibited schools from "promoting homosexuality" and divided teachers and parents. The narrative of the play spans from 1988 to 2003. Ideal for drama students, colleges, amateur theatre groups, local theatres. Publishing to coincide with LGBTQ History Month, February 2019. Reviews 'How has being queer in the classroom changed over the past thirty years? This informative play is your revision guide. Next Lesson is one school play that you won't want to miss.' ***** 'A Masterpiece' - Gay Times 'Section 28 was one of the most hateful pieces of legislation brought in by Margaret Thatcher in the 1980s. Next Lesson by Chris Woodley looks at the knock-on effects of this legislation in the same school between 1988 and 2006. It's funny, moving and heartwarming stuff. This excellent play is a great reminder of how fear and oppression can cause untold damage amongst vulnerable teenagers and that with love, honesty and unity we can overcome the curveballs life throws at us.' ***** 'Incredible' - attitude 'Definitely worth going back to school for.' **** - DIVA 'The first thing to say about Chris Woodley's play Next Lesson is that it is very good. An A+, 10 out of 10, top marks, gold star and any other educational phrase that can be applied to 75 minutes of how relationships work: mother to son, teacher to pupil, friend to friend and lover to lover.' **** 'A+' -Boyz 'What Woodley has achieved in his debut play is remarkable... Next Lesson is informative without being didactic, telling a very personal story as well as having clarity of the world at large, all the while wearing its heart on its sleeve.' **** 'Remarkable' -Female Arts 'Brought in by the Thatcher regime, Section 28 of the 1988 Local Government Act forbade local authorities from promoting homosexual relationships as equal to heterosexual ones. This hated piece of legislation created confusion and caution in schools, undoubtedly prevented teachers from addressing homophobic bullying, denying lesbian and gay pupils appropriate sex and social education. Chris Woodley's excellent play charts the education system through those years, creating lesbian, gay and bi characters from both sides of the classroom and staff room.' ***** 'Highly entertaining' -British Theatre 'This short production touches on a number of key issues that affected

countless people within the LGBT+ community (and their loved ones), not just in the wake of Section 28 but throughout history. 'Next Lesson' is an educational piece devoted to the examination of this vital part in legal discrimination's history, and will be eye-opening to many who perhaps did not know about this law and its damaging legacy.' ****
