Janette Habashi

State Of Failure Yasser Arafat Mahmoud Abbas And The Unmaking Of The Palestinian State

State of Failure Jonathan Schanzer, 2013-10-29 The biggest obstacle to Palestinian statehood may not be Israel In September 2011 president Mahmoud Abbas stood before the United Nations General Assembly and dramatically announced his intention to achieve recognition of Palestinian statehood The United States roundly opposed the move then but two years later Washington revived dreams for Palestinian statehood through bilateral diplomacy with Israel But are the Palestinians prepared for the next step In State of Failure Middle East expert Jonathan Schanzer argues that the reasons behind Palestine s inertia are far more complex than we realize Despite broad international support Palestinian independence is stalling because of internal mismanagement not necessarily because of Israeli intransigence Drawing on exclusive sources the author shows how the PLO under Yasser Arafat was ill prepared for the task of statebuilding Arafat s successor Mahmoud Abbas used President George W Bush s support to catapult himself into the presidency But the aging leader now four years past the end of his elected term has not only failed to implement much needed reforms but huge sums of international aid continue to be squandered and the Palestinian people stand to lose everything as a result Supporters of Palestine and Israel alike will find Schanzer s narrative compelling at this critical juncture in Middle Eastern politics

State of Failure Jonathan Schanzer, 2013

Hamas vs. Fatah Jonathan Schanzer, 2008-11-11 In June 2007 civil war broke out in the Gaza Strip between two rival Palestinian factions Hamas and Fatah Western peace efforts in the region always focused on reconciling two opposing fronts Israel and Palestine Now this careful exploration of Middle East history over the last two decades reveals that the Palestinians have long been a house divided What began as a political rivalry between Fatah s Yasir Arafat and Hamas leader Sheikh Ahmed Yassin during the first intifada of 1987 evolved into a full blown battle on the streets of Gaza between the forces of Arafat s successor Mahmoud Abbas and Ismael Haniyeh one of Yassin s early prot g s Today the battle continues between these two diametrically opposing forces over the role of Palestinian nationalism and Islamism in the West Bank and Gaza In this thought provoking book Jonathan Schanzer questions the notion of Palestinian political unity explaining how internal rivalries and violence have ultimately stymied American efforts to promote Middle East peace and even the Palestinian quest for a homeland

Arafat and Abbas Menachem Klein, 2019-11 This landmark volume presents vivid and intimate portraits of Palestinian Presidents Yasser Arafat and Mahmoud Abbas revealing the impact these different personalities have had on the struggle for national self determination Arafat and Abbas lived in Palestine as young children Uprooted by the 1948 war they returned in 1994 to serve as the first and second presidents of the Palestinian Authority the establishment of which has been the Palestine Liberation Organization s greatest step towards self determination for the Palestinian nation Both Arafat and Abbas were shaped by earlier careers in the PLO and each adopted their own controversial leadership methods and decision making styles Drawing on primary sources in Arabic Hebrew and English Klein gives special attention to the lesser known Abbas his beliefs and his disagreements with Israeli and American counterparts The book uncovers new details about Abbas peace talks and US foreign policy towards Palestine and analyses the political evolution of Hamas and Abbas succession struggle Klein also highlights the tension between the ageing leader and his society Arafat and Abbas offers a comprehensive and balanced account of the Palestinian Authority s achievements and failures over its twenty five years of existence What emerges is a Palestinian nationalism that refuses to disappear

The Last Palestinian Grant Rumley, Amir Tibon, 2017 The first book in English to profile the man who has led the Palestinian movement for the last twelve years

The Forgotten Palestinians Ilan Pappé, 2011-06-28 For more than 60 years hundreds of thousands of Palestinians have lived as Israeli citizens within the borders of the nation formed at the end of the 1948 conflict Occupying a precarious middle ground between the Jewish citizens of Israel and the dispossessed Palestinians of the West Bank and the Gaza Strip the Israeli Palestinians have developed an exceedingly complex relationship with the land they call home however in the innumerable discussions of the Israel Palestine problem their experiences are often overlooked and forgotten In this book historian Ilan Pappé examines how Israeli Palestinians have fared under Jewish rule and what their lives tell us about both Israel's attitude toward minorities and Palestinians attitudes toward the Jewish state Drawing upon significant archival and interview material Pappé analyzes the Israeli state's policy towards its Palestinian citizens finding discrimination in matters of housing education and civil rights Rigorously researched yet highly readable The Forgotten Palestinians brings a new and much needed perspective to the Israel Palestine debate

U.S. Foreign Aid to the Palestinians Jim Zanotti, 2010 Contents 1 Intro 2 Overview and Recent Developments 3 Types of U S Bilateral Aid to the Palestinians Project Assistance Through USAID Types of Funding Programs Vetting Require and Procedures Direct Assistance to the Palestinian Authority PA U S Security Assistance to the PA 4 U S Contributions to UNRWA 5 The 900 Million U S Pledge Hamas's Role in a Unity Gov t International Pledges and the Gaza Reconstruction Effort 6 Proposed FY 2010 Appropriations 7 Factors in Determining Future Aid Effectiveness of U S Assistance in Strengthening the PA in the West Bank Economic Development and International Donor Assistance Hamas and a Unity Gov t Questions Regarding a Two State Solution Charts and tables

Gaza Conflict 2021 Jonathan Schanzer, 2021-11-10 The May 2021 conflict between Israel and the terrorist group Hamas generated headlines around the world However much of the reporting ignored the history funding political dynamics and other key components of the story Hamas initiates conflict every few years But the reporting rarely improves Social media has only further clouded the picture Hamas is rarely held responsible for its use of human shields blindly firing rockets at civilian areas in Israel or diverting aid that should benefit the people of Gaza The Islamic Republic of Iran a state sponsor of terrorism has been the primary patron of Hamas since the group's inception in the late 1980s Hamas has received additional assistance over the years from Qatar Turkey and Malaysia These countries are fomenting conflict while others such as Egypt the United Arab Emirates and Bahrain have tried to minimize it Gaza is therefore ground zero in a struggle for the future stability of the Middle East The Biden administration has important choices to make Its intent to re enter the Iran nuclear deal could have significant consequences given that sanctions relief to Iran will likely yield a financial boon for Hamas along with other Iranian proxies The Biden administration must also come to terms with The Squad a small but loud faction of the Democratic Party that seeks to undermine the US Israel relationship

The Global Offensive Paul Thomas Chamberlin, 2012-10-18 The Global Offensive shows how Palestinian liberation fighters inspired and supported by other revolutionary groups in the Third World waged a military and diplomatic campaign between 1967 and 1975 that seized the world's attention Meanwhile the United States and its allies in the region struggled to contain this revolutionary new force in the Middle East

The Costs of the Israeli-Palestinian Conflict C. Ross Anthony, Daniel Egel, Charles Ries, Mary E. Vaiana, 2015 For much of the past century the conflict between Israelis and Palestinians has been a defining feature of the Middle East Despite billions of dollars expended to support oppose or seek to resolve it the conflict has endured for decades with periodic violent eruptions of which the Israel Gaza confrontation in the summer of 2014 is only the most recent This executive summary highlights findings from a study by a team of RAND researchers that estimates the net costs and benefits over the next ten years of five alternative trajectories a two state solution coordinated unilateral withdrawal uncoordinated unilateral withdrawal nonviolent resistance and violent uprising compared with the costs and benefits of a continuing impasse that evolves in accordance with present trends The analysis focuses on economic costs related to the conflict including the economic costs of security In addition intangible costs are briefly examined and the costs of each scenario to the international community have been calculated The study s focus emerged from an extensive scoping exercise designed to identify how RAND s objective fact based approach might promote fruitful policy discussion The overarching goal is to give all parties comprehensive reliable information about available choices and their expected costs and consequences Seven key findings were identified A two state solution provides by far the best economic outcomes for both Israelis and Palestinians Israelis would gain over two times more than the Palestinians in absolute terms 123 billion versus 50 billion over ten years But the Palestinians would gain more proportionately with average per capita income increasing by approximately 36 percent over what it would have been in 2024 versus 5 percent for the average Israeli A return to violence would have profoundly negative economic consequences for both Palestinians and Israelis per capita gross domestic product would fall by 46 percent in the West Bank and Gaza and by 10 percent in Israel by 2024 In most scenarios the value of economic opportunities gained or lost by both parties is much larger than expected changes in direct costs Unilateral withdrawal by Israel from the West Bank would impose large economic costs on Israelis unless the international community shoulders a substantial portion of the costs of relocating settlers Intangible factors such as each party s security and sovereignty aspirations are critical considerations in understanding and resolving the impasse Taking advantage of the economic opportunities of a two state solution would require substantial investments from the public and private sectors of the international community and from both parties

ARAFAT AND ABBAS KLEIN.,

Historical Dictionary of Israeli Intelligence Ephraim Kahana, 2006 For Israel more so than for any other state an effective Intelligence Community has been a matter of life and death Over the past half century or so Israel has created and refined what is broadly regarded as one of the best intelligence networks in the world It has repeatedly undone efforts by hostile Arab neighbors to defeat it in war foiled countless terrorist attacks contributed to military preparedness and armament production and helped millions of Jews to reach the Promised Land Unfortunately it has also committed some terrible mistakes and made blunders it can ill afford With all of this activity it is no wonder so much has been written about Israeli Intelligence However a handy reference work bringing the various strands together has been sorely needed yet unavailable until now The Historical Dictionary of Israeli Intelligence provides detailed information on the various agencies operations important leaders and operatives and special aspects of tradecraft through a chronology an introduction a dictionary full of cross referenced entries and a bibliography suggesting further reading

A Phoenix Rising Ron Duncan Hart, Ronald J. Duncan-Hart, 2007 This timely book examines the resurgence of the major civilizations of the Middle East India and China as they claim their historic places of power and prestige This book explores the history culture religion ethnic composition and experience with the West of each of these world regions

Political Socialization of Youth Janette Habashi,2017-01-06 This book increases the awareness of youth political agency and how it relates to adults governments communities and local and global discourse It reveals the complexity of youth s political lives as it intersects with social identifiers such as location gender and political status and interacts with neoliberal discourse embedded in media local politics education and religious idioms This book fills a gap in existing research to provide a body of literature on the political socialization and its manifestation in youth political agency The research findings aid in understanding the abilities of youth to reason reflect upon articulate and act upon their political views This research is not only pertinent to children in Palestine but can also be applied to children living everywhere as global discourse of oppression is not limited to a location age or a group

Hybrid Political Order and the Politics of Uncertainty Nora Stel,2020-06-04 Lebanon hosts the highest number of refugees per capita worldwide and is central to European policies of outsourcing migration management Hybrid Political Order and the Politics of Uncertainty is the first book to critically and comprehensively explore the parallels between the country s engagement with the recent Syrian refugee influx and the more protracted Palestinian presence Drawing on fieldwork qualitative case studies and critical policy analysis it questions the dominant idea that the haphazardness inconsistency and fragmentation of refugee governance are only the result of forced displacement or host state fragility and the related capacity problems It demonstrates that the endemic ambiguity that determines refugee governance also results from a lack of political will to create coherent and comprehensive rules of engagement to address refugee crises Building on emerging literatures in the fields of critical refugee studies hybrid governance and ignorance studies it proposes an innovative conceptual framework to capture the spatial temporal and procedural dimensions of the uncertainty that refugees face and to tease out the strategic components of the reproduction and extension of such informality liminality and exceptionalism In developing the notion of a politics of uncertainty ambiguity is explored as a component of a governmentality that enables the control exploitation and expulsion of refugees Introduction Chapter of this book is available for free in PDF format as Open Access from the individual product page at www.routledge.com It has been made available under a Creative Commons Attribution Non Commercial No Derivatives 4.0 license

Understanding International Diplomacy Corneliu Bjola,Markus Kornprobst,2018-02-19 This book provides a comprehensive introduction to the study of international diplomacy covering both theory and practice This second edition has been revised and updated with new material on such key contemporary issues as Syria Ukraine migration and the South China Sea The text summarizes and discusses the major trends in the field of diplomacy providing an innovative theoretical approach to understanding diplomacy not as a collection of practices or a set of historical traditions but as a form of institutionalized communication through which authorized representatives produce manage and distribute public goods The book Traces the evolution of diplomacy from its beginnings in ancient Egypt Greece and China to our current age of global diplomacy Examines theoretical explanations about how diplomats take decisions make relations and shape the world Discusses normative approaches to how diplomacy ought to adapt itself to the twenty first century help re make states and assist the peaceful evolution of international order In sum Understanding International Diplomacy provides an up to date accessible and authoritative overview of how diplomacy works and indeed ought to work in a globalized world This textbook will be essential reading for students of international diplomacy and is highly recommended for students of crisis negotiation international organizations foreign policy and IR in general

Creating the Palestinian State Jerome M. Segal,1989-01-01 The author offers a strategy proposal for resolving the Arab Israeli conflict in the Middle East arguing that the existance of a Palestinian state would guarantee a humane and safe Israel

Self-Determination, Statehood, and the Law of Negotiation Robert P. Barnidge, Jr., 2016-01-28 From the Madrid Invitation in 1991 to the introduction of the Oslo process in 1993 to the present a negotiated settlement has remained the dominant leitmotif of peacemaking between Israel and the Palestinian people That the parties have chosen negotiations means that either side's failure to comply with its obligation to negotiate can result in an internationally wrongful act and in response countermeasures and other responses This monograph seeks to advance our understanding of the international law of negotiation and use this as a framework for assessing the Israeli Palestinian dispute with the Palestinian people's unsuccessful attempt to join the United Nations as a Member State in autumn 2011 and the successful attempt to join the same institution as a non Member Observer State in November 2012 providing a case study for this The legal consequences of these applications are not merely of historical interest they inform the present rights and obligations of Israel and the Palestinian people This work fills a significant gap in the existing international law scholarship on the Israeli Palestinian dispute which neither engages with this means of dispute settlement generally nor does so specifically within the context of the Palestinian people's engagements with international institutions Based on primary research this book explores materials that were not analyzed before It treats a highly political issue with scientific objectivity that strikes a balance between various points of view The book will be an essential reading to all those involved in peace studies international negotiations and Israeli Palestinian conflict Mutaz M Qafisheh Associate Professor of International Law Hebron University A compelling and innovative account of the legal aspects of the Palestinian Israeli conflict a must read Efraim Karsh King's College London and Bar Ilan University author of Palestine Betrayed A superbly imagined and executed study on Palestine that puts the negotiation imperative at the heart of its narrative fully interrogating the involvement of public international law at each step of the long and layered history that is vigorously brought to life in these pages A study that also promises texture nuance and depth to the legal analysis it offers and it delivers handsomely on each of these fronts Dino Kritsiotis Chair of Public International Law Head of the International Humanitarian Law Unit University of Nottingham

What Justice Demands Elan Jurno, 2018-06-12 In this book Elan Jurno explains the essential nature of the conflict and what has fueled it for so long What justice demands he shows is that we evaluate both adversaries and America's approach to the conflict according to a universal moral ideal individual liberty From that secular moral framework the book analyzes the conflict examines major Palestinian grievances and Israel's character as a nation and explains what's at stake for everyone who values human life freedom and progress What Justice Demands shows us why America should be strongly supportive of freedom and freedom seekers but in this conflict and across the Middle East it hasn't been much to our detriment

Politics and Government in Israel Gregory S. Mahler, 2016-03-03 This balanced and comprehensive text explores Israeli government and politics from both institutional and behavioral perspectives After briefly discussing Israel's history and the early development of the state Gregory Mahler then examines the social religious economic cultural and military contexts within which Israeli politics takes place He makes special note of Israel's geopolitical situation of sharing borders with and being proximate to several hostile Arab nations The book explains the operation of political institutions and behavior in Israeli domestic politics including the constitutional system and ideology parliamentary government the prime minister and the Knesset political parties and interest groups the electoral process and voting behavior and the machinery of government Mahler also considers Israel's foreign policy setting and apparatus the Palestinians and the Israeli Palestinian conflict the particularly sensitive questions of Jerusalem and the Israeli settlement movement and the Middle East peace process overall This clear and concise text provides an invaluable starting point for all readers needing a cogent introduction to Israel today
