**Success Manifesto** Nick Nanton,Jw Dicks,Brian Tracy,2016-08-11 Action is the foundational key to all success Pablo Picasso What does it take to succeed How can I succeed These are the questions that have been asked over the years One method of learning more is to review the Success Manifesto of those who have attained success in their fields As we know a manifesto is a public declaration of intentions motives or views In this book the CelebrityExperts R herein share their experiences in their various fields Like most readers these authors began their missions at ground zero As they progressed to success they harnessed or developed many traits that they share These traits typically include a vision or chosen goal perseverance a knowledge of and passion for the subject a willingness to take calculated risks a plan and the courage to take action Regardless of the goals the authors have chosen by using their ideas to mentor you you can profit from their experiences both positive and negative thereby avoiding a loss of time and resources as you move closer to your own goal s So are you ready If you are then go into action and start the process Just think one day you could write your own Success Manifesto It had long since come to my attention that people of

accomplishment rarely sat back and let things happen to them They went out and happened to things Leonardo da Vinci
