Bigger Bust Fast Kathy Moore,2015-01-02 In the end we conclude that Beautiful firm tonic breasts depend mainly on a good hormonal balance From an esoteric point of view a woman with beautiful breasts is a clear sign that in her being the Yin and Yang energies are pretty much balanced The hormonal balance influenced by the hypothalamus a nervous area situated in the brain is varying according to the psychic state of the woman Because of this a tonic optimistic happy woman will have firmer breasts than a depressed one Physiologically the breasts are meant to help lactation but this physiological function that occurs only on a limited interval is surpassed by the aesthetic function which is a criteria for a lifetime Feeling that you really look great means also that your breasts look great as they play an important part in expressing your femininity Treating your breasts with special attention is the same with defending your capital of beauty and health required for a good morale As the fashion is always changing presenting once small breasts and then big breasts the beauty of the breasts does not truly lie in their volume The same is valid for their shape Some people prefer the apple shape others prefer the pear shape Their beauty lies rather in the way a woman values her breasts You may be one of the 80 percent women who consider that they have ugly breasts This is as wrong as it can be Each breast has a beauty of its own and it always moves the person looking at it
