Activate Learning with Warren/Reeve/Duchac's, FINANCIAL AND MANAGERIAL ACCOUNTING, 12e, International Edition! Market-leading FINANCIAL AND MANAGERIAL ACCOUNTING, International Edition has been on the forefront of innovation and change based on the needs of today's teaching and learning environment. Warren offers students clear guidance to complete homework with an efficient presentation for today's learner. The high impact writing style and streamlined design makes important information accessible, with a focus on providing the best and most complete examples. The Complete Learning System in FINANCIAL AND MANAGERIAL ACCOUNTING, International Edition and CengageNOW is built around the way students use textbooks and online resources to learn, study and complete homework, allowing them to achieve ultimate success in this course. New to this edition, the authors created innovative, unique content that is focused on unique student and instructor needs before and after lecture - and the type of activities best-suited to each point in learning. New content like the author-written Activation Exercises, helps students come to class more prepared, and enables them to more easily connect the dots, enhance their depth of knowledge and have better tools for remediation and review. The end goal of Warren/Reeve/Duchac's text and technology learning system is to Activate Learning & create more empowered & prepared students--ready to take on the rest of their educational and career goals. Rated the most satisfying textbook by students in independent research, Spiceland/Sepe/Nelson's Intermediate Accounting, 6th Edition, has the quality, flexibility, and attention to detail students need to master a challenging subject. It's your Vehicle to Success in the Intermediate Accounting course and beyond! Spiceland/Sepe/Nelson provides a decision maker's perspective to emphasize the professional judgment and critical thinking skills required of accountants today. Reviewers, instructors, and student users of Spiceland have enthusiastically embraced the relaxed, conversational writing style that engages students in an enjoyable and effective learning experience. In addition, accounting's preeminent textbook website provides students a wide variety of electronic learning resources, including iPod content. Study Guide, Instructor's Manual, Solutions Manual, Testbank, and Website content are all created by authors, ensuring seamless compatibility throughout the Spiceland learning package. The end-of-chapter material is also written by the author team and tested in their own classes before being included in Intermediate Accounting. Few areas see the kind of rapid change that accounting does, and the Spiceland team is committed to

staying current. The sixth edition fully integrates all the latest FASB Standards, and the authors are committed to keeping you updated with all relevant content changes throughout the edition. Presents complex materials in a clear and understandable manner. Incorporating the latest accounting standards and presenting the most up-to-date accounting theory from the top academic journals in accounting and finance throughout the world. This successful textbook is highly regarded, especially in programs that want a solid, comprehensive text for students who sit for the CPA exam. The book is loosely organized into five sections which allow for flexibility in sequencing the topics. Many of the topics are illustrated by examples using a continuous case involving a fictitious company called Peerless Products Corporation and its subsidiary, Special Foods, Inc. This text is a contemporary introduction to accounting and accounting systems. It covers the essence of both financial and managerial accounting in a non-procedural, non-debit and credit manner. For Principle of Accounting Courses (Sole Proprietorship). The trusted choice for "I Get It!" moments! With its tried-and-true framework and respected author team, Horngren/Harrison/Oliver's Accounting-when combined with MyAccountingLab-is the trusted choice for instructors and students of Principles of Accounting. The ninth edition preserves the classic, solid foundation of the previous editions, while also including a modern and fresh teaching approach that helps students understand the complexities of accounting, giving them more "I Get It!" moments. Accounting and Finance: An Introduction, now in its 9th Edition, contains all the information you need to start your business career. With its use of practical techniques and real-world examples, this best-selling text teaches you the basics of understanding and using financial information. The full text downloaded to your computer With eBooks you can: search for key concepts, words and phrases make highlights and notes as you study share your notes with friends eBooks are downloaded to your computer and accessible either offline through the Bookshelf (available as a free download), available online and also via the iPad and Android apps. Upon purchase, you'll gain instant access to this eBook. Time limit The eBooks products do not have an expiry date. You will continue to access your digital ebook products whilst you have your Bookshelf installed. The success of every business in the hospitality industry depends on maximizing revenues and minimizing costs. Hospitality Management Accounting, Ninth Edition continues its time-tested presentation of fundamental concepts and analytical techniques that are essential to taking control of real-world accounting systems, evaluating current and past operations, and effectively managing finances toward increased profits. This accessible Ninth Edition offers hands-on coverage of computer applications and practical decision-making skills to successfully prepare readers for the increasingly complex and competitive hospitality industry. Extraordinary and up-to-date problems have been added to this edition with other new features including text learning aids to help students understand accounting and streamlined text discussions for more effective understanding of core topics. An essential guide to aid in the understanding of financial accounting The Study Guide to accompany Financial Accounting, 9th Edition offers an understanding of the unique Framework of Success created and refined by the authors based on years of teaching and course design experience. The Team for Success is

focused on helping millennial students get the most out of their accounting courses in the digital age, and on helping instructors deliver the most effective courses whether face-to-face, hybrid, or online with model course plans designed for easy and effective implementation. The Study Guide provides students with a clear and comprehensive introduction to financial accounting that begins with the building blocks of the accounting cycle. The text of the subject matter has been presented in a student-friendly, simple and intelligible manner. In addition, the book contains a liberal sprinkling of charts and diagrams, so as to make the subject easily understandable and highlight its finer points. The emphasis of *Managerial Accounting, 9th edition* is on teaching students to use accounting information to best manage an organization. In a practice Hilton pioneered in the first edition, each chapter is written around a realistic business or focus company that guides the reader through the topics of that chapter. Known for balanced examples of Service, Retail, Nonprofit and Manufacturing companies, Hilton offers a clear, engaging writing style that has been praised by instructors and students alike. As in previous editions, there is significant coverage of contemporary topics such as activity-based costing, target costing, the value chain, customer profitability analysis, and throughput costing while also including traditional topics such as job-order costing, budgeting and performance evaluation. Explores computer-intensive probability and statistics for ecosystem management decision making Simulation is an accessible way to explain probability and stochastic model behavior to beginners. This book introduces probability and statistics to future and practicing ecosystem managers by providing a comprehensive treatment of these two areas. The author presents a self-contained introduction for individuals involved in monitoring, assessing, and managing ecosystems and features intuitive, simulation-based explanations of probabilistic and statistical concepts. Mathematical programming details are provided for estimating ecosystem model parameters with Minimum Distance, a robust and computer-intensive method. The majority of examples illustrate how probability and statistics can be applied to ecosystem management challenges. There are over 50 exercises - making this book suitable for a lecture course in a natural resource and/or wildlife management department, or as the main text in a program of self-study. Key features: Reviews different approaches to wildlife and ecosystem management and inference. Uses simulation as an accessible way to explain probability and stochastic model behavior to beginners. Covers material from basic probability through to hierarchical Bayesian models and spatial/ spatio-temporal statistical inference. Provides detailed instructions for using R, along with complete R programs to recreate the output of the many examples presented. Provides an introduction to Geographic Information Systems (GIS) along with examples from Quantum GIS, a free GIS software package. A companion website featuring all R code and data used throughout the book. Solutions to all exercises are presented along with an online intelligent tutoring system that supports readers who are using the book for self-study. *Weygandt's Managerial Accounting, Third Canadian Edition* retains the same features that made it popular in the previous editions: it gives students all the necessary techniques and concepts of managerial accounting in a focused, concise framework with an excellent pedagogy that's been praised by instructors. It

does this by focusing on the tools students need to succeed, whether as accountants or in other career paths. Incorporating the unique Decision Toolkit learning system, and developed around a framework of decision-making, Weygandt Managerial is the perfect fit for any one-semester undergraduate managerial accounting course. However, the authors understand that many students in this course are not accounting majors and will need to understand how managerial accounting is used as a management tool. Therefore, Weygandt Managerial focuses on building decision-making skills, understanding how to use accounting information to make quality business decisions, and developing tools that can be used by future managers. Developed for an Australian and New Zealand audience, Management Accounting 9e explains the contemporary role of management accounting. It takes a broad perspective in viewing management accounting as the efficient and effective use of resources, demonstrating how it creates and enhances value for customers and shareholders, as well as the wider aspects of business. The text has been developed using cases based on real Australian and international businesses, and includes numerous 'Real Life' illustrations of current management accounting practices. In keeping with the need to be industry focused, the new edition includes coverage of key contemporary topics including data analytics, big data and business ethics. Highlights include: Coverage of contemporary topics including data analytics, big data and business ethics; Real Life cases that reflect the growing global nature of business and Australia's role in our region; End of Chapter exercises and problems including algorithmic questions; and comprehensive Instructor Resource Manual. With a comprehensive and accessible introduction to the subject, Financial Accounting for Decision Makers focuses on the ways in which financial statements and information can be used to improve the quality of decision making. The practical emphasis throughout the book ensures the material is always relevant, whilst the authors' style of introducing topics gradually and explaining technical terminology in a clear, friendly style caters for all students, whether on specialist accounting or non-specialist business degrees.
