Best-selling resources to support you with the Renewed Maths Framework with interactive activities on CD-ROM for your interactive whiteboard. \* Provides you with all

the planning and lesson ideas to teach the Renewed Maths Framework. \* Ongoing assessment ideas and activities to keep your children on track and monitor progression. \* Extend and support more and less confident pupils with ideas for further work. \* Supports maths teaching and learning with a set of unique interactive whiteboard tools including interactive number grids, graphing tools and clocks. \* The CD-ROM allows seamless differentiation between core, support and extension worksheets. Templates are also provided so you can customise to your own requirements! This title introduces 'Maths Frameworking', the resource that allows teachers to deliver the NNS Framework with confidence. With its complete differentiation across all three years of KS3, 'Maths Frameworking' offers a comprehensive and engaging route to Framework success. Framework Maths is a brand new course designed to match the pitch, pace and progression of the Framework for Teaching Mathematics at KS3. It will help you raise achievement by focusing on the ideals of raising expectations, strengthening progression, encouraging engagement, and transforming teaching and learning. This Teacher's Book has been written to help teach students working on the Support objectives outlined for year 7, and especially those students using Framework Maths 7S. The book offers all you need to implement effective lessons whatever your expertise: \* Objectives and useful resources

identified at the start so that you can plan ahead \* Practical support for the three-part lesson, including mental starters \* Exercise commentary so you can differentiate effectively even within ability groups \* Common misconceptions highlighted so you can help students overcome difficulties \* Lots of ideas for engaging activities and investigations \* Referenceto materials on CD-ROM such as ICT activities, OHT's and homework Framework Maths comprises a Student's Book and a Teachers' Book for each year of KS3, at three tiers of ability: Support, Core and Extension. There is also a CD-ROM for each year, containing assessment and further resources. The Year 7 Workbook provides the ideal support for students working at levels 2-3, making the step from Key Stage 2 to Key Stage 3 easy. The workbook consolidates topics covered in Year 7 Pupil Book 1 and has hundreds of practice questions to build confidence and understanding. The write-in format makes it accessible and engaging. Introducing Maths Frameworking the scheme that delivers the Framework. This series for Key Stage 3 mathematics has been written to exactly match the Framework for teaching mathematics. Comprising parallel resources for each year and covering all ability levels, it takes a consistent but fully differentiated approach. Basics is a suite of photocopiable teacher's packs containing a bank of worksheets that provide access to the Framework for Teaching Mathematics at KS3. It is linked to the Access

tier of Framework Maths and contains parallel content so it can be used alongside this tier in the classroom, thus promoting inclusion. The material is clear and visual in nature, presented in an age-appropriate style, and allows space for students to write their responses. Basics also includes a free CD-ROM that uniquely allows teachers to create, save and print out customised workbooks for particular students, thus recognising their individual needs. The software allows you to search for material by either Framework maths unit or by Framework strand and objective, thereby allowing for the use of this resource outside of Framework Maths. The author, Brenda Byrom, has over 30 years teaching and authoring experience in SEN. This one colour, disposable Workbook is aimed at middle ability pupils in Year 9 and provides an ideal homework book so that core pupil books don't need to be taken home. Ideal for use with New National Framework Mathematics or alongside any other course throughout the year. This new series for Key Stage 3 mathematics has been written to match the Framework for teaching mathematics. Comprising parallel resources for each year and covering all ability levels, allowing a consistent but fully differentiated approach. This Homework Answer Book provides answers to the Homework for all three tiers in Year 9, which are firmly based on the Framework objectives. It also provides answers to the Key Stage 3 Test questions included in the Year 9 Homework Books for all three tiers. Aimed at

effectively delivering the 2008 framework, the Pupil Books are packed with functional maths questions and spreads and ensure progression by providing differentiated material for each level. Year 8 Pupil Book 1 is fully levelled with built-in progression helping students to move easily from level 4 to level 5 and beyond. Best-selling resources to support you with the Renewed Maths Framework with interactive activities on CD-ROM for your interactive whiteboard. \* Provides you with all the planning and lesson ideas to teach the Renewed Maths Framework. \* Ongoing assessment ideas and activities to keep your children on track and monitor progression. \* Extend and support more and less confident pupils with ideas for further work. \* Supports maths teaching and learning with a set of unique interactive whiteboard tools including interactive number grids, graphing tools and clocks. \* The CD-ROM allows seamless differentiation between core, support and extension worksheets. Templates are also provided so you can customise to your own requirements! Maths Frameworking is a dynamic scheme written to support the Framework for Teaching Mathematics: Years 7, 8 & 9. It offers complete differentiation across Key Stage 3 with a range of features to support teachers and pupils.
