This New York Times bestselling book is filled with hundreds of fun, deceptively simple, budget-friendly ideas for sprucing up your home. With two home renovations under their (tool) belts and millions of hits per month on their blog YoungHouseLove.com, Sherry and John Petersik are home-improvement enthusiasts primed to pass on a slew of projects, tricks, and techniques to do-it-yourselfers of all levels. Packed with 243 tips and ideas—both classic and unexpected—and more than 400 photographs and illustrations, this is a book that readers will return to again and again for the creative projects and easy-to-follow instructions in the relatable voice the Petersiks are known for. Learn to trick out a thrift-store mirror, spice up plain old roller shades, "hack" your Ikea table to create three distinct looks, and so much more. The books that we choose to keep -- let alone read -- can say a lot about who we are and how we see ourselves. In My Ideal Bookshelf, dozens of leading cultural figures share the books that matter to them most; books that define their dreams and ambitions and in many cases helped them find their way in the world. Contributors include Malcolm Gladwell, Thomas Keller, Michael Chabon, Alice Waters, James Patterson, Maira Kalman, Judd Apatow, Chuck Klosterman, Miranda July, Alex Ross, Nancy Pearl, David Chang, Patti Smith, Jennifer Egan, and Dave Eggers, among many others. With colorful and endearingly hand-rendered images of book spines by Jane Mount, and first-person commentary from all the contributors, this is a perfect gift for avid readers, writers, and all who have known the influence of a great book. Tilt and shift lenses offer tremendous creative possibilities for users of digital SLR and mirrorless cameras. This practical book explains the techniques that will help you take better photos - photos that don't distort or lose focus. Assessing the benefits and pitfalls of a range of lenses, adapters, software and editing techniques, it guides you through the practicalities of working with these lenses and gives you the skills to use them to best effect. With stunning examples throughout, this book gives an overview of the different lenses available, and tips on how adapters can give tilt/shift options when using old medium-format lenses. It gives advice on how simple lens shift can change the entire look of your photos, and techniques for using lens tilt for focus control and close-up working. Stunning examples show the use of tilt and shift lenses across a range of available focal lengths, both tripod-mounted and handheld. "[An] impressive volume, with a valuable amount of information not otherwise available in one source." -- Choice Companion volume to Merritt's Modern Japanese Woodblock Prints. This volume is a reference work that is both comprehensive and rigorously chronological. Ideer til tekstiltryk med mønstre inspireret af naturen Through the images of award-winning photographer Gary Kramer and the words of Kramer and Greg Mensik, Waterfowl of the World takes readers on a visual and literary journey in search of all 167 species of ducks, geese, and swans on Earth. Among these are a few on the brink of extinction, like the Madagascar Pochard and Brazilian Merganser; and those that are struggling, such as the White-winged Duck and Baer's Pochard. In the tradition of other great ex-patriot stories like The Sun Also Rises or All the Pretty Horses, Native Moments is a coming-of-age adventure set among the lush landscape of Costa Rica. After the death of his brother, Sanch Murray leaves for a surf trip as a way to cope and sets out on a quixotic search for an alternative to the American Dream. Set in 1999 Costa Rica, Sanch and his friend Jake Higdon wander the dirt roads of Tamarindo and surrounding areas chasing waves as a way to live out the romantic fantasy lifestyle of traveling surfers. Jake Higdon, six years Sanch's senior, takes on the role of the wise leader and Sanch as his young apprentice. Sanch's adventure leads to encounters with people who share world views he had never considered and could potentially shape his own changing perceptions about life. Through sometimes humorous episodes such as trying his hand as a matador at a roadside rodeo or in his not so humorous battle with dysentery, Sanch explores life's beauty and wonder alongside the darker undercurrents of humanity. Along his journey, Sanch befriends a shamanic traveler named Rob, young revolutionaries from Venezuela, numerous expatriates from around the world trying to escape whatever it is that keeps chasing them, and a beautiful local girl named Andrea, who Sanch suspects is a prostitute but can't help falling for. The High Sierra of California is a brilliant tribute to the bold, jagged peaks that have inspired generations of naturalists, artists, and writers. Using traditional Japanese and European woodcut techniques, Killion has created stunning visual images of the Sierra that focus on the backcountry above nine thousand feet, accessible only on foot. Accompanying these riveting images are the journals of Gary Snyder, chronicling more than forty years of travels through the High Sierra backcountry. Original publication and copyright date: 2009. From the world's #1 bestselling author comes a thrilling new standalone novel where a detective duo of sisters finds themselves in the crosshairs of a dangerous and lawless group. Attorney Rhonda Bird returns home after a long estrangement when she learns her father has died. There she makes two important discoveries: her father stopped being an accountant and had opened up a private detective agency, and she has a teenage half sister named Baby. Baby brings in a client to the detective agency, a young man who claims he was abducted. During the course of the investigation, Rhonda and Baby become entangled in a dangerous case involving a group of overprivileged young adults who break laws for fun, their psychopath ringleader, and an ex-assassin victim who decides to hunt them down for revenge. "An extraordinary work of art."—Jon Krakauer Filmmaker, photographer, and world-class mountaineer Jimmy Chin goes where few can follow to capture stunning images in death-defying situations. There and Back draws from his breathtaking portfolio of photographs, captured over twenty years during cutting-edge expeditions on all seven continents—from skiing Mount Everest, to an unsupported traverse of Tibet's Chang Tang Plateau on foot, to first ascents in Chad's Ennedi Desert and Antarctica's Queen Maud Land. Along the way, Chin shares behind-the-scenes details about how he captured such astounding images in impossible conditions, and tells the stories of the legendary adventurers and remarkable athletes he has photographed, including Alex Honnold, the star of his Academy Award-winning documentary film Free Solo; ski mountaineer Kit DesLauriers; snowboarder Travis Rice; and mountaineers Conrad Anker and Yvon Chouinard. These larger-than-life images, coupled with stories of outsized drive and passion, of impossible goals with life or death stakes, of partnerships forged through incredible hardship, are sure to inspire wonder and awe. Photographer Liam Wong's debut monograph, a cyberpunk-inspired exploration of nocturnal Tokyo. Featuring evocative and stunning color photographs of contemporary Tokyo, this book brings together the images of an exciting new photographic talent, Liam Wong. Born and raised in Edinburgh, Scotland, Wong studied computer arts in college and, by the time he was twenty-five, was living in Canada and working as a director at one of the world's leading video game companies. His job took him to Tokyo for the first time, where he discovered the ethereality of floating worlds and the lurid allure of Tokyo's nocturnal scenes. "I got lost in the beauty of Tokyo at night," he explains. A testament to the deep art of color composition, this publication brings together a refined body of images that are evocative, timeless, and completely transporting. This volume also features Wong's creative and technical processes, including identifying the right scene, capturing the essence of a moment, and methods to enhance color values—insights that are invaluable to admirers and photography students alike. Most photography books use stock photography, which means the author didn't even take them. If an author can't take his own pictures, how can he teach you? In this book, Tony Northrup (award-winning author of more than 30 how-to books and a professional portrait, wildlife, and landscape photographer) teaches the art and science of creating stunning pictures. First, beginner photographers will master: Composition Exposure Shutter speed Aperture Depth-of-field (blurring the background) ISO Natural light Flash Troubleshooting blurry, dark, and bad pictures Pet photography Wildlife photography (mammals, birds, insects, fish, and more) Sunrises and sunsets Landscapes Cityscapes Flowers Forests, waterfalls, and rivers Night photography Fireworks Raw files HDR Macro/close-up photography Advanced photographers can skip forward to learn the pro's secrets for: Posing men and women. including corrective posing (checklists provided) Portraits (candid, casual, formal, and underwater) Remotely triggering flashes Using bounce flash and flash modifiers Using studio lighting on any budget Building a temporary or permanent studio at home Shooting your first wedding High speed photography Location scouting/finding the best spots and times Planning shoots around the sun and moon Star trails (via long exposure and image stacking) Light painting Eliminating noise Focus stacking for infinite depth-of-field Underwater photography Getting close to wildlife Using electronic shutter triggers Photographing moving cars Photographing architecture and real estate In Civilization, a top curator offers an unprecedented look at contemporary photographs that track the visual threads of humankind's frenetic, collective life across the globe. We hurtle together into the future at ever-increasing speed—or so it seems to the collective psyche. Perpetually evolving, morphing, building and demolishing, rethinking, reframing and reshaping the world around and ahead—and the people within it—an emerging, planetary-wide Civilization is our grand, global, collective endeavor. Never before in human history have so many people been so interconnected, and so interdependent. With close to 500 images, many previously unpublished, this landmark publication takes stock of the material and spiritual cultures that make up "civilization." Ranging from the ordinary to the extraordinary, from our great collective achievements to our ruinous collective failings, Civilization: The Way We Live Now explores the complexity of contemporary civilization through the rich, nuanced language of photography. Featuring images by some 140 photographers—from Reiner Riedler's families at leisure parks, Raimond Wouda's high schools, Wang Qingsong's Work, Work, Work and Cindy Sherman's Society Portraits, to Lauren Greenfield's displays of ostentatious wealth, Edward Burtynsky's oil fields, Pablo Lopez Luz's views on a sprawling contemporary megapolis, Thomas Struth's images of high technology, Xing Danwen's electronic wastelands and Taryn Simon's Contraband, Civilization draws together the threads of humankind's ever-changing, frenetic, collective life across the globe. Visually epic, Civilization contains eight thematic chapters, each featuring powerful imagery and accompanied by provocative essays, quotes, and concise statements by the artists themselves. Get the "Novogratz" look In this book, design duo Robert and Cortney Novogratz (stars of HGTV's Home by Novogratz) give us an inside look at twenty of their favorite projects to show us how to achieve their signature "vintage modern" style. See how they effortlessly mix contemporary furniture with thrift-store finds, and learn all sorts of tricks for creating a stylish home no matter what the obstacles: seven children, small spaces, or a tiny budget. From toddler-friendly bedroom for triplets to a beach retreat for two twenty-somethings, from a New Jersey basement to a Palm Beach cabana, Home by Novogratz proves that good design is just a book away. When Friedman moved to New York City, he missed the dogs that had surrounded him growing up. He began photographing dogs on the street, and posting them on his blog, The Dogist. Whether because of the look in a dog's eyes, its innate beauty, or even the clothes its owner has dressed it in, every portrait in this book tells a story and explores the dog's distinct character and spirit. If you license or publish images, this guide is as indispensable as your camera. It provides specific information on the legal rights of photographers, illustrators, artists, covering intellectual property, copyright, and business concerns in an easy-to-read, accessible manner. The Copyright Zone, Second Edition covers: what is and isn't copyrightable, copyright registration, fair use, model releases, contracts and invoices, pricing and negotiation, and much more. Presented in a fun and easy to digest style, Jack Reznicki and Ed Greenberg, LLC help explain the need-to-know facts of the confusing world of legal jargon and technicalities through real world case studies, personal asides, and the clear writing style that has made their blog Thecopyrightzone.com and monthly column by the same name in Photoshop User magazine two industry favorites. The second edition of this well-reviewed text has almost doubled in size to ensure that every legal issue you need to know about as a photographer or artist is covered and enjoyable to learn! Let two experts guide you through the process with easy step-by-step instructions, resulting in a professional-looking top-quality book #1 NEW YORK TIMES BESTSELLER More than ONE MILLION copies sold A TODAY Show Read with Jenna Book Club Pick A New York Times Notable Book, and Chosen by Oprah Daily, Time, NPR, The Washington Post, Bill Gates and Barack Obama as a Best Book of the Year "Wise and wildly entertaining . . . permeated with light, wit, youth." —The New York Times Book Review "A classic that we will read for years to come." —Jenna Bush Hager, Read with Jenna book club "Fantastic. Set in 1954, Towles uses the story of two brothers to show that our personal journeys are never as linear or predictable as we might hope." —Bill Gates "A real joyride . . . elegantly constructed and compulsively readable." —NPR The bestselling author of *A Gentleman in Moscow* and *Rules of Civility* and master of absorbing, sophisticated fiction returns with a stylish and propulsive novel set in 1950s America In June, 1954, eighteen-year-old Emmett Watson is driven home to Nebraska by the warden of the juvenile work farm where he has just served fifteen months for involuntary manslaughter. His mother long gone, his father recently deceased, and the family farm foreclosed upon by the bank, Emmett's intention is to pick up his eight-year-old brother, Billy, and head to California where they can start their lives anew. But when the warden drives away, Emmett discovers that two friends from the work farm have hidden themselves in the trunk of the warden's car. Together, they have hatched an altogether different plan for Emmett's future, one that will take them all on a fateful journey in the opposite direction—to the City of New York. Spanning just ten days and told from multiple points of view, Towles's third novel will satisfy fans of his multi-layered literary styling while providing them an array of new and richly imagined settings, characters, and themes. "Once again, I was wowed by Towles's writing—especially because *The Lincoln Highway* is so different from *A Gentleman in Moscow* in terms of setting, plot, and themes. Towles is not a one-trick pony. Like all the best storytellers, he has range. He takes inspiration from famous hero's journeys, including *The Iliad*, *The Odyssey*, *Hamlet*, *Huckleberry Finn*, and *Of Mice and Men*. He seems to be saying that our personal journeys are never as linear or predictable as an interstate highway. But, he suggests, when something (or someone) tries to steer us off course, it is possible to take the wheel." — Bill Gates *This Large Print Coloring Book: Easy Patterns for Adults* contains simple yet beautiful designs to color. Ideal for seniors, beginners, or anyone who is looking for less intricate relaxing pages to color. Contains a variety of designs including flowers, butterflies, mandalas, gardens, animals, houses, and nature scenes. New York Times Bestseller Gray Malin is the artist of the moment for the Hollywood and fashion elite. His awe-inspiring aerial photographs of beaches around the world are shot from doorless helicopters, creating playful and stunning celebrations of light, shape, and perspective, as well as summer bliss. Combining the spirit of travel, adventure, luxury, and artistry, Malin built his eponymous lifestyle brand from a deep passion for photography and interior design. His work forges the synergy between wanderlust and adventure, creating the ultimate visual escape. *Beaches* features more than twenty cities across six continents: Australia: Sydney; North America: Santa Monica, Miami, San Francisco, Kaua'i, Chicago, The Hamptons, and Cancun; South America: Rio de Janeiro; Europe: Capri, Rimini, Forte dei Marmi, Viareggio, Amalfi Coast, Barcelona, Lisbon and Saint-Tropez; Africa: Cape Town; Asia: Dubai Loaded with full-color illustrations and examples, this book reveals everything you need to know to prepare digital images for print output and achieve stunning results every time. The authors, veteran graphic designers and digital prepress experts, will guide you step-by-step through the best techniques. Includes a glossary of terms and information on digital imaging products. Whether you are a student, aspiring photographic or video artist, or a photographer changing careers, *The Business of Fine Art Photography* is your guide to starting and growing your own practice. NEW YORK TIMES BESTSELLER • *World War II* brings together six remarkable young flight nurses, who face the challenges of war and its many heartbreaks and victories as unsung heroes, in this inspiring novel from #1 New York Times bestselling author Danielle Steel. Audrey Parker's life changes forever when Pearl Harbor is attacked on December 7, 1941. Her brother, a talented young Navy pilot, had been stationed there, poised to fulfill their late father's distinguished legacy. Fresh out of nursing school with a passion and a born gift for helping others, both Audrey and her friend Lizzie suddenly find their nation on the brink of war. Driven to do whatever they can to serve, they enlist in the Army and embark on a new adventure as flight nurses. Risking their lives on perilous missions, they join the elite Medical Air Evacuation Transport Squadron and fly into enemy territory almost daily to rescue wounded soldiers from the battlefield. Audrey and Lizzie make enormous sacrifices to save lives alongside an extraordinary group of nurses: Alex, who longs to make a difference in the world; Louise, a bright mind who faced racial prejudice growing up in the South; Pru, a selfless leader with a heart of gold; and Emma, whose confidence and grit push her to put everything on the line for her patients. Even knowing they will not achieve any rank and will receive little pay for their efforts, the "Flying Angels" will give their all in the fight for freedom. They serve as bravely and tirelessly as the men they rescue on the front lines, in daring airlifts, and are eternally bound by their loyalty to one another. Danielle Steel presents a sweeping, stunning tribute to these incredibly courageous women, inspiring symbols of bravery and valor. At the same time, printing technology has moved forward at an equally fast pace bringing us new inkjet systems capable of printing in high precision at a very fine resolution, providing an amazing tonality range and longtime stability of inks. Moreover, these systems are now affordable to the serious photographer. In the hands of knowledgeable and experienced photographers, these new inkjet printers can help create prints comparable to the highest quality darkroom prints on photographic paper. This book provides the necessary foundation for fine art printing: The understanding of color management, profiling, paper and inks. It demonstrates how to set up the printing workflow as it guides the reader step-by-step through this process from an image file to an outstanding fine art print.
