**Sworn in Secret** Sanford Holst,2012-04 This remarkable exploration of intriguing people and events in Freemasonry sheds new light on how this brotherhood's practices, symbols, and rituals took shape. An extraordinary wealth of documents is found in this pursuit, including parchment manuscripts dating to the 1300s. The roots of Freemasonry are traced to the building of Solomon's Temple, the rise of Christianity, and the Crusades in Europe. Masonry's controversial relationship with the Knights Templar and the Vatican also takes on new and significant meaning. The emergence of this secretive society in Britain had a strong influence on George Washington, Benjamin Franklin, and other Masons who helped create a new country in America. All these struggles are seen through the experiences of people who lived through these events, often told in their own words and drawn from remarkable collections of records dating from those times. They reveal Freemasonry to be well grounded in recognizable events and show how its members influenced the world around them. Those influences are still felt in our lives today. Forty-five illustrations help bring to life this memorable journey of discovery. Publisher description

**The Templars** Dan Jones,2018-09-18 An instant New York Times bestseller from the author of *Crusaders* that finally tells the real story of the Knights Templar. Seldom does one find serious scholarship so easy to read. The Times Book of the Year. A faltering war in the middle east. A band of elite warriors determined to fight to the death to protect Christianity's holiest sites. A global financial network unaccountable to any government. A sinister plot founded on a web of lies. In 1119, a small band of knights seeking a purpose in the violent aftermath of the First Crusade set up a new religious order in Jerusalem, which was now in Christian hands. These were the first Knights Templar, elite warriors who swore vows of poverty and chastity and promised to protect Christian pilgrims to the Holy Land. Over the next 200 years, the Templars would become the most powerful network of the medieval world, spearheading the Crusades, pioneering new forms of finance and warfare, and deciding the fate of kings. Then, on October 13, 1307, hundreds of brothers were arrested, imprisoned, and tortured, and the order was disbanded among lurid accusations of sexual misconduct and heresy. But were they heretics or victims of a ruthlessly repressive state? Dan Jones goes back to the sources to bring their dramatic tale, so relevant to our own times, to life in a book that is at once authoritative and compulsively readable.

*The Real History Behind the Templars* Sharan Newman,2007-09-04 The medieval historian who revealed *The Real History Behind the Da Vinci Code* uncloaks the Templars. In the year 1119, these noblemen found their calling as protectors of the faithful on a dangerous pilgrimage to newly conquered Jerusalem. Now, historian Sharan Newman elucidates the mysteries and misconceptions of the Templars from their true first founding and role in the Crusades to more modern intrigues, including: Were they devout knights or secret heretics? Did they leave behind a fantastic treasure hidden to this day? How did they come to be associated with the Holy Grail? Did they come to America before the time of Columbus? Does the order still exist?

**The Big Secret** John Stephen,2020-10-31 At the height of their power the Knights Templar were the military elite and spearhead of the Catholic Church in the Middle Ages They were distinguished knights whether as warriors or as monks and were totally dedicated to fighting and dying for their beliefs The Knights Templar were an embodiment of the Christian Crusade against Islam the Templars were not only soldiers on the front line but they also created a distinctive network of support and support that included all European nations and this network gained huge benefits by working in the field of agriculture shipping and banking and this What made that group the most powerful financial institution in Europe in fact the Knights of the Solomon Temple became the first multinational organization in the world And only two centuries after the founding of the Knights Templar group the leaders of its organizations were burned alive and its wealth was plundered Whether the Knights Templar were heretical devil worshipers or innocent victims of a greedy king their sudden fall was a shock to the peoples of Europe and for the next several centuries myths would arise about the remnants of the group of death Which allied with the Ismaili Assassin community and rebuilt the economy of the whole of Europe Buried treasures secret societies the Shroud of Turin or even the Holy Grail that found their way into the customs of the Knights Templar Could one of these myths be true And if so who kept their secrets over the past 600 years

**The Rise & Fall of the Knights Templar** Gordon Napier,2011-10-24 A highly readable look at the lifespan of the famous Knights Templar who were warrior monks and the first disciplined regulated and uniformed standing army since antiquity throughout Europe and the Holy Lands an economic force to be reckoned with and perhaps an institution guarding dark secrets The origins of the concept of Holy War are explored from Biblical times through the rise of Islam and the Christian movement which inspired untold thousands to set out to recapture Jerusalem as warriors and as pilgrims This book explains how nine knights led by Hugues de Payens came from France to guard pilgrims in the Holy Land how they gained the site of the Temple of Solomon and what they did there including a reevaluation of the historical evidence Other topics discussed include how an unprecedented religious Order grew and pledged to bloodshed in defense of pilgrims the territory conquered by the Crusaders and the role and agenda of Saint Bernard of Clairvaux and other powerful backers The Order's contribution to the ongoing Crusades is explained as well as their military tactics and organization and the fortresses and bases they established Discussion of the fate of the Order after the failure of the Crusades includes a detailed examination of the charges of occult rituals involving idol worship spitting on the Cross and obscene kisses through to the burning of the last Grand Master Jacques de Molay in 1314

**The Templars** Geordie Torr,2020-04-03 Shrouded in myth and conspiracy the history of the Knights Templar is little understood Geordie Torr pulls fact from fiction revealing the astonishing tale of this military religious order that dominated the politics of the medieval Middle East Initially created to protect Christian pilgrims to the Holy Land in the wake of the First Crusade the Templars soon became an institution of incredible power possessing wealth and influence throughout the courts of Europe Yet just two centuries later they dramatically fell as its members were accused of heresy and burned at the stake Set against the dramatic backdrop of the wars between Christians and Muslims this illustrated book brings to life the legacy of this secretive order and the characters who defined the era

*Secret Societies of America's Elite* Steven Sora,2003-02-24 An expose of the dark and critical role secret societies play within the ruling families in America and their influence on American democracy current events and world history Reveals the enormous influence secret societies still have on contemporary American life Shows how the secret Masonic cells that smuggled in the democratic ideals inspiring the American Revolution also enabled the future elite of the new society to build huge fortunes Elite and secret societies have always been a major force in the history of Western civilization The alliances formed in secret societies such as the Knights Templar the Knights of Christ and the Freemasons transcended patriotism and religious beliefs and had a powerful influence on the establishment of the United States of America While these secret associations of merchants smugglers occultists gamblers spies and slavers succeeded in freeing the United States from foreign domination the dark side is that the elite used their secret connections to further their own wealth and power These secret cells did not hesitate to sponsor the assassination of a president and even attempted to break up the union on several occasions when it was deemed expedient From the Sons of Liberty and the Essex Junto to the Ku Klux Klan secret societies have played critical roles in building the fortunes of America s elite Now Steven Sora reveals in alarming detail how secretive societies continue to wield power even today as organizations such as Yale s Skull Bones unite America s modern ruling families as strongly as Masonic Lodges once connected the Astors Livingstons and Roosevelts Their immense power and wealth allow this elite to control America to an even greater degree than the Templars once dominated Europe

**The New Knighthood** Malcolm Barber,2012-03-26 The Order of the Temple was founded in 1119 with the limited aim of protecting pilgrims around Jerusalem It developed into one of the most powerful corporations in the medieval world which lasted for nearly two centuries until its suppression in 1312 Despite the loss of its central archive in the sixteenth century the Order left many records of its existence as the spearhead of crusading activity in Palestine and Syria as the administrator of a great network of preceptories and lands in the Latin west and as a banker and ship owner Because of the dramatic nature of its abolition it has retained its grip on the imagination and consequently there has developed an entirely fictional after history in which its secret presence has been evoked to explain mysteries which range from masonic conspiracy to the survival of the Turin Shroud This book offers a concise and up to date introduction to the reality and the myth of this extraordinary institution

**Knights Templar** Graeme Davis,2013-10-20 Born in the dark days of the great crusades the warrior monks of the Knights Templar vowed to defend pilgrims traveling to the Holy Land Yet strangely there are few historical records of the Templars ever fulfilling this task Instead their history is one of bloodshed and conquest wealth and power dark secrets and conspiracies Today the story of the Knights Templar is intimately linked with the story of the Holy Grail But what exactly is this ancient artifact and how has it been used to manipulate history for the last one thousand years This book based on the notes of the recently deceased historian Dr Emile Fouchet attempts to unlock the secrets of the Knights Templar It begins with an examination of their historical origins their growth in the early middle ages and their supposed destruction under the charges of heresy From there it uses the clues left by the Templars themselves to reconstruct their secret journeys as they moved the Holy Grail from Europe to the New World and back It also charts the secret three way war that is still being fought between the Templars the Freemasons and the Catholic Church Finally the book reveals the greatest of all Templar conspiracies the attempt to found a new world order under the auspices of the European Union

**The Lost Treasure of the Knights Templar** Steven Sora, 1999-02-01 A compelling argument that connects the lost treasure of the Knights Templar to the mysterious money pit on Oak Island Nova Scotia that has baffled treasure hunters for two centuries Fascinating occult detective work linking the Cathars the Scottish Masons and Renne le Chateau to the elusive treasure pit on Oak Island Draws on new evidence recently unearthed in Italy France and Scotland to provide a compelling solution to one of the world s most enduring mysteries When the Order of Knights Templar was ruthlessly dissolved in 1307 by King Philip the Fair of France it possessed immense wealth and political power yet none of the treasure the Templars amassed has ever been found Their treasure is rumored to contain artifacts of spiritual significance retrieved by the order during the Crusades including the genealogies of David and Jesus and documents that trace these bloodlines into the royal bloodlines of Merovingian France Placing a Scottish presence in the New World a century before Columbus Steven Sora paints a credible scenario that the Sinclair clan of Scotland transported the wealth of the Templars entrusted to them as the Masonic heirs of the order to a remote island off the shores of present day Nova Scotia The mysterious money pit there is commonly believed to have been built before 1497 and has guarded its secret contents tenaciously despite two centuries of determined efforts to unearth it All of these efforts one even financed by American president Franklin Delano Roosevelt have failed thanks to an elaborate system of booby traps false beaches hidden drains and other hazards of remarkable ingenuity and technological complexity
